SEVEN REASONS TO LOVE
THE NEW ZAFIRA TOURER
44-45

SPECIFICATION
46-47

PERFECT FOR LIFE'S EVERYDAY.

New Zafira Tourer looks and feels better than ever. It's even better at looking after you too.

But not everything's changed. It's still got the same super-flexible rear seats. Same can-do versatility. And the same easy drive – even with the family on board, the dog in the back and a bike on its built-in rack.

Entertainment and controls are smarter. A sleek new dashboard layout is home to a snazzy touchscreen infotainment and personal connectivity assistant, making New Zafira Tourer not just more fun, but more helpful and safer.

The New Zafira Tourer makes room for all the stuff that matters. And, with its bright and luxurious interior, it does it in true style, carrying you high on life's journeys.

Sounds like the perfect excuse to get out more.

This brochure covers the New Zafira Tourer Design, Energy, SRI, SE, Tech Line and Elite models only. Please note that some of the models we show include options and accessories available at extra cost, and that not all of the features we describe are available on every model. So for all current model or equipment details visit: www.vauxhall.co.uk

A REAL CROWD PLEASER.

1

Every New Zafira Tourer comes packed with thoughtful ideas and smart technology to make life better.

Standard (though far from standard) on every New Zafira Tourer, a state-of-the-art R4.0 or Navi 950 IntelliLink infotainment system and Vauxhall OnStar are ready to keep everyone entertained, informed and in touch on the go. On the safety side, bright ideas like the LED adaptive forward lighting and driver assistance systems like the front camera system help you keep everyone safer on the road.

And when it comes to seating, New Zafira Tourer has it sorted with its benchmark Flex7[®] technology. This endlessly flexible seating system means it's simple to find the ideal set-up whoever's on board or whatever you're up to.

So, with entertainment, connectivity, safety and comfort all sorted, as well as the airy brightness of a roomy interior, you can be sure everyone's happy.

2

- 1. Stay connected.** Get maps, apps and music on the go when you connect to our clever R4.0 IntelliLink infotainment system. It's compatible with Apple CarPlay and Android Auto, so you can project app functions from your smartphone to the IntelliLink's colour touchscreen display. Meanwhile, at the tap of a button, Vauxhall OnStar puts you in touch with a trained human advisor, giving you access to a host of innovations, as well as a very handy 4G Wi-Fi hotspot (read more about R4.0 IntelliLink and Vauxhall OnStar on pages 17 and 22).
- 2. Get comfortable.** From seven seats to one, pick the seating set up that suits you with our innovative Flex7[®] seating system. Quick release and fold flat seats adjust in dozens of combinations to suit any situation in seconds (read more about flexible seating on page 9).
- 3. Bright ideas.** Full LED Adaptive Forward Lighting (AFL) lighting is another clever technology that automatically adapts the car's headlights to show you exactly where you're going, whatever the conditions (find out more about LED AFL on page 13).

3

STEP INSIDE, MAKE YOURSELF AT HOME.

There's plenty to love inside the New Zafira Tourer. Its panoramic sunroof and windscreen¹ give it a bright and airy feel, with plenty of relaxing space and creature comforts inside to make everyone feel at ease.

Front seats with AGR² certified ergonomics provide loads of adjustable settings to find your perfect seating position, including an adjustable front cushion, seat tilt and power lumbar adjustment.

Ready to hand on SE, Tech Line and Elite models, the FlexRail[®] centre console system gives you an armrest fit for royalty. In fact, it's more than just an armrest – it's a modular, multi-level storage system with adjustable storage to hold drinks and space to store your smartphone, loose change and tickets. There's even a hidden compartment large enough for a handbag, tablet or a slim laptop.

Once you're comfy and organised inside the New Zafira Tourer you'll find it quiet, calm and accommodating as ever. You'll also notice higher quality materials, sophisticated colour choices and calm ambient lighting too, which all go together to make the New Zafira Tourer look and feel a very nice place to be.

- 1. Enjoy the view.** You'll love the extra light, space and views given by the panoramic windscreen and sunroof which stretches right over the front seats and into the back, creating a natural, airy ambience inside the car.
- 2. Ergonomically certified AGR front seats.** Give your back the VIP treatment on long trips with extendable thigh support and adjustable lumbar area that support you in all the right places and help you relax.
- 3. The king of armrests.** FlexRail[®] centre console storage and armrest. The centre console turns the space between the front seats into a flexible storage compartment – and the integrated armrest makes for a relaxing drive.

1

2

3

ROOM TO LIVE.

Size matters, which is why we designed New Zafira Tourer with the demands of family life firmly in mind, be it picking up the kids, a weekend adventure in the wilds, or transporting tricky loads.

Which is why you'll find our clever Flex7[®] seating technology on board the New Zafira Tourer. It's the result of over two decades of perfecting flexible seating in our cars, making it easy to adapt the seating for all sorts of different situations.

Flex7[®] is essentially a very simple system. Each individual seat in the second and third rows can fold perfectly flat or tip up using quick release straps. This simple idea lets you achieve lots of different seating and space combinations, from five-seater to seven-seater and much more.

Lounge Seating

Flex7[®]

- 1. Third-row seating.** All models come with a third row of seats to make the New Zafira Tourer a full-on people carrier for seven people. Both outside second-row seats slide forward and tilt up – so it's easy to get in and out of the back.
- 2. Turn three seats into two.** Lounge Seating is a great way of really spoiling second-row passengers – or keeping squabbling siblings apart! The centre seat of the second row flips down to make an armrest, then the two outside seats slide back and away from the doors, giving you even more elbow and legroom with the minimum of fuss.
- 3. Flat-folding seats.** Loads come in all shapes and sizes, and so does the luggage area in the New Zafira Tourer. Each individual rear passenger seat folds totally flat so you can carry passengers and bulky loads at the same time.
- 4. Extra-large load space.** Switch from limousine-like comfort to all-purpose carrying ability in a matter of seconds – so you can transport that furniture, DIY kit or leisure equipment with ease.

READY FOR LOADS OF FUN.

Looking for the perfect partner for sports, adventure and play? Well, look no further. New Zafira Tourer carries it off in style.

Inside, the load-carrying potential is exceptional, with lots of storage features and space for all your kit. Outside, the optional FlexFix® carrier, which is cleverly integrated into the rear bumper, makes light work of carrying a couple of bikes.

What's great about it is that you can both secure and carry your bikes with safety and ease – it simply slides out of the rear bumper when you need it and slides invisibly back in when you're back home – nice, neat and no fuss – ideal for those spur-of-the-moment cycling trips.

For bigger loads and longer adventures, you can hook up a trailer using the tow bar, which depending on the model you choose, is good for up to 1,650 kilos.

- 1. Big boot.** Fold all the rear seats down and you've got a cavernous 1,860 litres of storage space. In its five-seat configuration, there's still 710 litres for luggage behind the second-row seats. And even in its seven-seat set up, you've still got up to 152 litres of space and 34 handy storage compartments.
- 2. FlexFix® bike carrier.** Hidden in the bumper when not in use, this clever extra folds out into a sturdy rack for two full-sized bikes.
- 3. Towing Pack.** At some point even the biggest boots fill up, which is when our optional tow bar comes in handy – a trailer stability programme also comes as part of the package which is good for towing up to 1,650 kilos.

Astra Tourer Elite

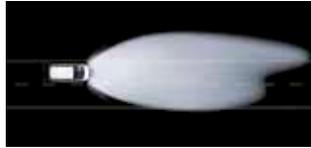

SMART LIGHTS.

Vauxhall takes safety seriously. Which is why we developed the intelligent LED light technology that's now a proud standard for the New Zafira Tourer. Optional at extra cost as part of the Premium Forward Lighting Pack, full LED Adaptive Forward Lighting (AFL) gives you greater visibility and safety at night by adapting the LED lighting patterns automatically to steering angle and speed, and according to your driving situation. Overall, the LED AFL system lights the road 30% brighter than halogen bulbs.

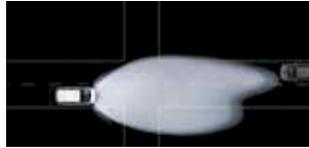

As well as the LED AFL system¹, New Zafira Tourer gets LED daytime running lights, a high beam assist system, the latest generation Electronic Stability Programme (ESP-plus) and a braking system with active safety functions, including cornering brake control, straight line stability control, rollover mitigation and an emergency brake assist system.

- **Urban light.** At speeds under 35mph, a wider spread of light shows more of the roadside to help show up pedestrians or other potential hazards

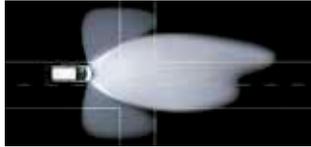

- **Country light.** At speeds above 34mph, a longer, broader, dazzle-free, low-beam light helps highlight roadside hazards

- **Tourist mode.** When travelling on the continent, oncoming traffic will never be dazzled as the AFL headlights automatically angle themselves slightly downwards

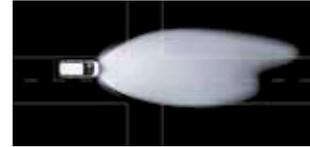

- **High beam assist.** Automatically dips your headlights when the AFL system detects other vehicles approaching
- **Motorway light.** Motorway light. Powerful down-the-road illumination on top of the LED low beam. Full-on lighting for maximum visibility (not illustrated)

- **Static cornering light.** At speeds up to 25mph, when you indicate and turn the steering wheel past a certain angle, extra AFL LED cornering lights come on to show what's around the corner

- **Dynamic curve light.** Between 25 to 45mph, and above a certain steering angle, extra AFL LED cornering lights give you a better view around high speed curves

- **Energy saving mode.** Switches off the cornering lights to save energy when Start/Stop mode is on

- **Parking light.** In reverse gear, this switches on the front cornering light on both sides of the car so it makes it easier for you to get in and out of parking spots

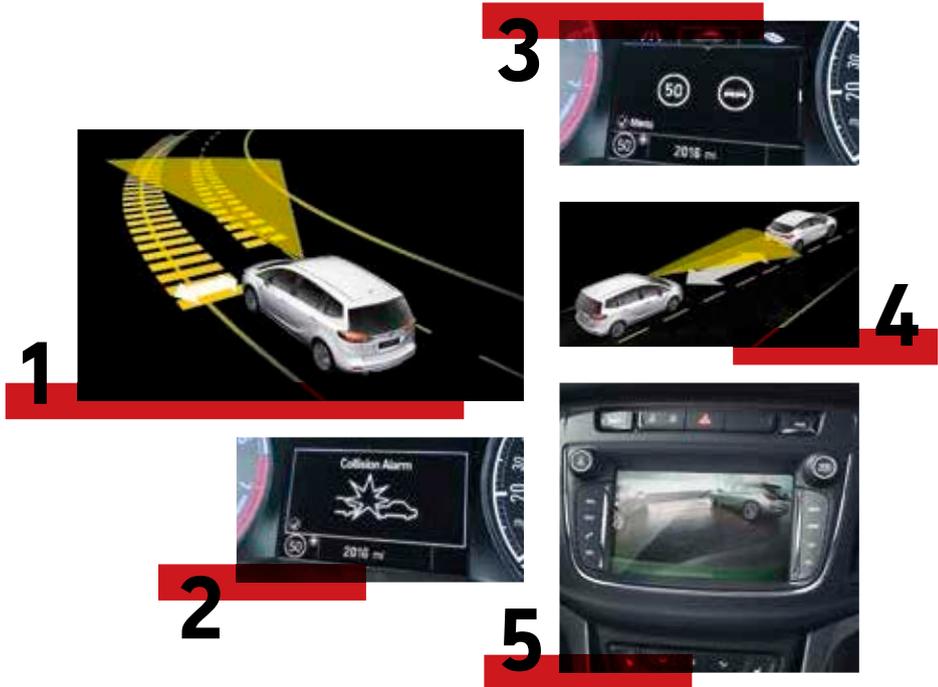

AN EYE ON SAFETY.

Choose your New Zafira Tourer with the optional innovative front camera system¹ or driver assistance pack² to help you stay vigilant and keep your passengers safe on the road.

These radar-based safety systems continuously monitor other traffic, analyse your driving behaviour and automatically read upcoming road signs. Based upon this information, the system displays reminders and warnings on the instrument facia, helping to keep you safe and legal at all times.

These innovative systems have six main active functions while you are driving while the rear view camera option helps you reverse safely.

- 1. Lane departure warning.** If you start moving out of your lane without signalling, the system sounds the alarm so you can get back on track. **Side blind spot alert** (not pictured), available as part of the driver assistance pack, also safeguards against potentially hazardous lane changes, so that if car moves into your blind spot, it displays a warning icon in the side mirror. **Following distance indicator.** Constantly indicates the number of seconds you are behind the vehicle in front, helping you maintain a safe distance (not pictured).
- 2. Forward collision alert.** Also available as part of the driver assistance pack. If you approach other vehicles too quickly from behind, an audible alarm is triggered and warning icons are displayed. If you don't react to the warnings, it automatically primes the brakes and will even apply them in an emergency.

- 3. Traffic sign assist.** Detects and displays speed limits and other traffic signs that you might otherwise miss, and can even recognise electronic and temporary signage and alert you.
- 4. Adaptive cruise control.** Also available as part of the driver assistance pack, this system autonomously maintains the distance you set to the car in front, helping to prevent bumper-to-tail collisions. The system works closely with the forward collision alert to prevent you approaching other cars too fast.
- 5. The rear view camera.** This system allows you to see behind the New Zafira Tourer using the 7-inch IntelliLink display (which comes as standard), so you can reverse safely without straining to look over your shoulder.

A TOUCH MORE CONNECTED.

One thing we can guarantee is that you'll never be bored on board the New Zafira Tourer. Because every New Zafira Tourer comes kitted out with an IntelliLink infotainment system as standard, with Bluetooth® and USB connectivity for Android® or Apple iOS device, as well as digital radio. Once connected to your device, the R4.0 IntelliLink lets you project your smartphone¹ or tablet apps¹ and functions to the 7-inch colour touchscreen display – perfect for safely making hands free calls, checking information and streaming music while you drive.

And with OnStar² onboard you'll also have a powerful 4G Wi-Fi Hotspot³ at all times, so you can make full use of your digital devices, anytime and anywhere.

2

1. The Navi 950 IntelliLink.

If navigation is your priority, choose the Navi 950 IntelliLink with sat nav, which gives you full European map coverage with bird's eye view, traffic updates and destination entry through voice recognition. For added safety, the Navi 950 IntelliLink can read out your incoming text messages and lets you call back or send replies, all with your hands free and your eyes on the road. Standard on Energy and Tech Line models.

2. The R4.0 IntelliLink¹. This intuitive infotainment system is a true multitasker. It's compatible with CarPlay and Android Auto, so you can project smartphone features such as Maps and apps like Spotify on the 7-inch touchscreen display. The system's also fully customisable, so you can place links to your favourites on the home screen. The R4.0 IntelliLink gives you hands-free phoning, Bluetooth® streaming, access to driver assistance systems and charging through its USB ports – plus you can control it from the steering wheel, by touchscreen or even voice recognition. Standard on Design, SRI, SE and Elite models.

android auto

¹ Compatibility and certain functionalities may differ depending on type of device and version of operating system.

² For details of Vauxhall OnStar, please see pages 18 to 21. Check www.vauxhall.co.uk/onstar for terms and conditions, details of availability, coverage and charges.

³ Wi-Fi Hotspot service requires account with nominated network operator. 4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The subscription packages could be different from the services included in the free trial package.

VAUXHALL OnStar[®]

YOUR PERSONAL ON BOARD ASSISTANT.

Vauxhall OnStar¹ gives you an incomparable feeling of safety,
24/7, 365 days a year.

Best of all it's free of charge for the first 12 months on all
New Zafira Tourer models. Even for your 4G Wi-Fi Hotspot²
you will get a free data trial period³.

Driving will never be the same.

WHAT ONSTAR CAN DO FOR YOU.

Automatic Crash Response.

In the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor, who will be immediately connected to your car. The advisor will assess the situation and if needed notify the emergency services and provide them with your exact GPS location¹.

4G Wi-Fi Hotspot².

Your car is online! The extra-powerful OnStar roof antenna gives you a stable and quick Internet connection and creates a Wi-Fi Hotspot² for up to seven devices¹.

Smartphone App.

At the touch of a button, remotely lock/unlock your doors, check your oil life or sound the horn and flash the lights¹.

Stolen Vehicle Assistance.

If someone steals your car, call our OnStar advisors and give them the reference number the police gave you. The advisor will then provide the police with the location and prevent your car from being restarted so it can be recovered¹.

Vehicle Diagnostics.

Whenever you want you can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you wish, OnStar can also send you a monthly e-mail with this key data.

Destination Download.

Searching for an alternative route, a restaurant, a petrol station or anywhere else you might need? Just press the Service Button! Our advisors will provide you with the address. They can automatically download the location to your Vauxhall's navigation system^{1,4}.

YOUR PRIVACY. YOUR CALL.

You are in control of what OnStar can and cannot do!

- Once you've registered and activated OnStar, you can access every OnStar Service available on Zafira Tourer models. To ensure security, several services will ask for your PIN.
- Press and hold the Privacy Button for approximately five seconds to mask your car's location at any time. If you change your mind, press the Privacy Button again for approximately five seconds to reveal your location. Only in emergencies⁵ can OnStar override this.
- OnStar Europe Ltd t/a Vauxhall OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (i.e. Adam Opel AG and General Motors UK Limited), your selected/preferred retailers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

¹The OnStar Services require activation and are subject to mobile network coverage and availability. Wi-Fi Hotspot service requires account with nominated network operator.

²4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The OnStar subscription packages could be different from the services included in the free trial package.

Check www.vauxhall.co.uk/onstar for terms and conditions, details of availability, coverage and charges. ³ For details please check www.vauxhall.co.uk/onstar ⁴ An embedded Vauxhall navigation unit and map data are requirements for this service. ⁵ In events such as a crash or if your vehicle is stolen.

HOW CAN I GET ONSTAR?

Vauxhall OnStar is standard on all New Zafira Tourer models.

To get it:

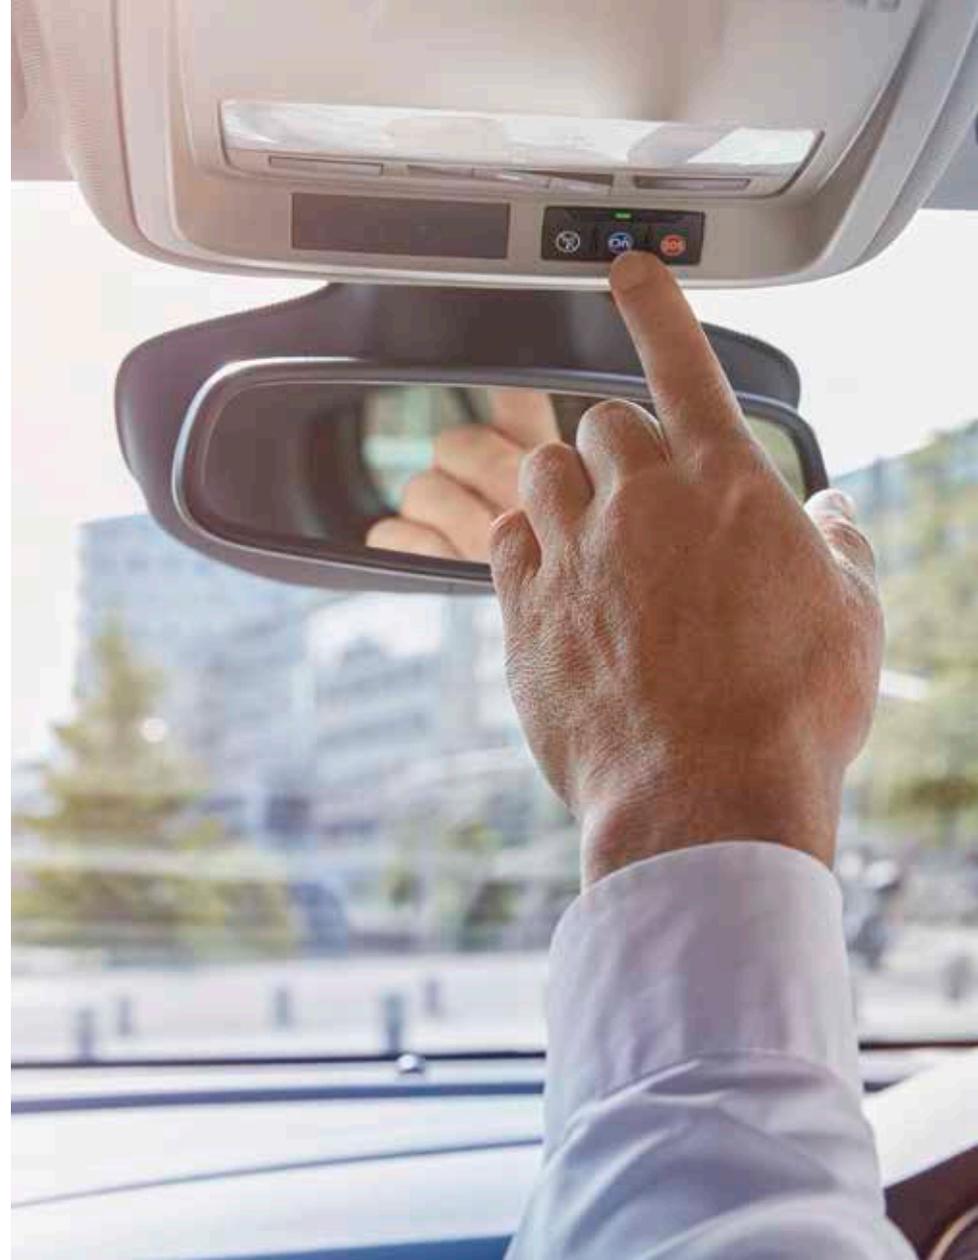

1. Request OnStar when you order your new Vauxhall Zafira Tourer.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

You can purchase 4G Wi-Fi Hotspot¹ data packages separately from the nominated network provider by following the instructions on www.vauxhall.co.uk/onstar
Charges apply after the free trial period.

To find out more, visit www.vauxhall.co.uk/onstar

¹4G is subject to mobile network coverage and availability.

HOW MY VAUXHALL SERVICES DO MORE FOR YOU.

My Vauxhall is your one-stop shop to manage everything to do with your Vauxhall – from your Vauxhall OnStar account to organising your vehicle's next service to rewards and exclusive offers. Everything is targeted to you and the Vauxhall you drive.

- Manage your Vauxhall – take care of your Vauxhall online, book a service
- Access your Vauxhall OnStar services – get diagnostics reports, manage your subscription and more
- Exclusive offers – stay up to date on special offers, latest news and current events
- Retailer locator – find your nearest Vauxhall retailer

If you already are a Vauxhall OnStar customer, you can access all the My Vauxhall services. Otherwise, you can register for My Vauxhall by following these easy steps:

1. When you order your car, your retailer will go through a simple pre-registration with you.
2. We will send you an e-mail invitation so you can activate your account.
3. Complete your registration.
4. My Vauxhall is ready to go!

To easily access My Vauxhall from your smartphone, just download the app from the Google Play Store or from Apple App Store.

LOVE LIFE ONLINE, ON THE GO.

There are all sorts of reasons to love the New Zafira Tourer.

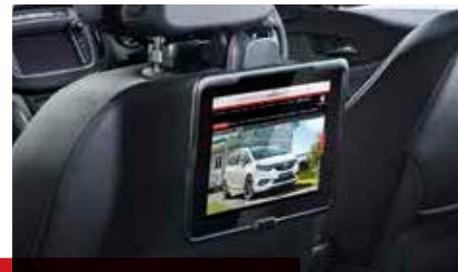

But, for families, we've got a hunch this reason is going to be a biggy – it's got a 4G Wi-Fi¹ hotspot.

Courtesy of the Vauxhall OnStar system, passengers with smartphones, tablets and laptops can enjoy the benefits of 4G Wi-Fi¹ on the go. So as soon as you turn on the New Zafira Tourer ignition, your car's online, connected to 4G Wi-Fi¹ for up to seven devices through its powerful roof antenna which ensures a fast, stable connection.

Perfect for long trips (probably short trips too, let's face it!), it's ideal for keeping your family and friends entertained on the go.

You can also keep your devices charged through the USB ports or the 12-volt power outlet.

- 1. Choose your connection.** You've got a 4G Wi-Fi Hotspot¹, Bluetooth[®] and USB. Connect up to seven devices to the Wi-Fi, pair up to four Bluetooth[®] compatible devices², or project a smartphone or tablet to the R4.0 IntelliLink display through Apple CarPlay or Android² (see page 17).
- 2. Back-seat entertainment.** Make the most of your Wi-Fi Hotspot and stream a video as you go. Choose an optional FlexConnect accessory to hold your tablet at the right height so you can sit back, relax and watch hands-free. To read, rotate your tablet for the portrait format. For more FlexConnect accessories, turn to page 43.

¹ Wi-Fi Hotspot service requires an account with a nominated network operator. 4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The subscription packages could be different from the services included in the free trial package. Check www.vauxhall.co.uk/onstar for terms and conditions, details of availability, coverage and charges. For details of Vauxhall OnStar, please see pages 18 to 21.

² Compatibility and certain functionalities may differ depending on type of device and version of operating system. When the engine is off, Wi-Fi will automatically shut down after 10 minutes.

Zafira Tourer Elite

ENJOY THE RIDE.

The New Zafira Tourer doesn't look like a run-of-the-mill people carrier – and you'll be pleased to hear it doesn't drive like one either.

In fact, you'll find its ride is smooth, composed and incredibly responsive – thanks to the engineering genius of its Watt's link rear suspension system¹, matched with a long wheelbase and wide track that gives it superb stability in all conditions.

Then there's the optional FlexRide Adaptive Stability Technology² which further enhances your experience by adjusting the ride settings to suit your own personal driving style. FlexRide lets you switch between a leisurely or a sporty ride, depending on the conditions (or your mood!).

With the agile response and handling of a mid-sized car, New Zafira Tourer is equally capable whether about town or on the motorway. And, throughout its superb choice of powerful, petrol and diesel engines, fuel economy and emission control are excellent. The 1.6CDTi (134PS) diesel model achieves up to 62.8mpg³ (combined) while, thanks to BlueInjection⁴ technology, CO₂ emissions are kept as low as 119g/km³. Impressive for a car of this size wouldn't you agree?

1

1. Super-smooth automatic option.

The New Zafira Tourer's refined six-speed automatic transmission proves you can have dynamic performance with a relaxed driving style without excessive engine capacity. What's more, every automatic comes with hill start assist to make setting off a breeze

2. Switch your ride.

FlexRide technology lets you change the driving dynamics of the New Zafira Tourer to suit your situation. At the touch of a button, you can switch between Sport, Standard and Tour. In combination with Watt's Link rear suspension, the Sport mode automatically adjusts the dampers and other settings to give you even more grip, while the Tour mode makes long journeys super smooth.

2

¹ Put simply, the Watt's link rear axle design gives the New Zafira Tourer greater lateral control, improving the car's performance on turns, corners and uneven surfaces. ² Optional on SE, Tech Line and Elite models only. ³ Provisional figure.

⁴ Please note: Vehicles with BlueInjection technology will need regular AdBlue[®] top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.vauxhall.co.uk/blueinjection.

Cosmic Grey two-coat metallic paint is optional at extra cost.

DESIGN.

Perfectly equipped and a dream to drive, Design is the ideal start for just about every family, with premium features like Vauxhall OnStar, the R4.0 IntelliLink system and cruise control as standard, as well as plenty of tempting options to tweak your Design.

Exterior features include:

- Vauxhall OnStar
- R4.0 IntelliLink system 1
- 17-inch 10-spoke alloy wheels
- LED daytime running lights
- Bluetooth® and USB connectivity
- Smartphone projection 2
- Cruise control with speed limiter 3
- Black roof rails
- Digital radio
- Multi-function trip computer
- Air conditioning
- ISOFIX child seat restraint system for outer second-row seats
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Remote control central locking
- Front and rear parking distance sensors
- Electronic Stability Programme (ESP) and Anti-lock Braking System (ABS)
- Six airbags
- Tyre pressure monitoring system
- Height-adjustable front and rear seat head restraints
- Door-to-door illumination

Interior features include:

- Comfort front seats
- Front centre armrest
- Central storage facility with two cup holders
- Ambient lighting in roof
- Steering column adjustable for reach and rake
- Steering wheel mounted audio controls
- Luggage compartment cover

LOOKS YOU CAN FEEL.

Beautifully tailored seat upholstery is a big part of the New Zafira Tourer's premium look and feel.

Some of these stylish trims are also available with ergonomically designed front seats, made to promote healthier backs with individual controls so you can extend the seat cushion to support your thighs and adjust the lumbar area to the contours of your back.

Truly a great looking set of trims that will make you feel even better.

**AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany.*

COLOURS*

A car as premium as the New Zafira Tourer deserves the perfect finish. So we created a beautiful array of solid and brilliant colours or metallic and pearlescent finishes to achieve the perfect look.

**Please refer to the latest New Zafira Tourer Price and Specification Guide available from www.vauxhall.co.uk for details of colour availability by model and price. Due to the limitations of the printing process, the colours reproduced may vary slightly from the actual paint colour and trim material. As a result, they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of paint samples.*

Royal Blue – solid

Cosmic Grey – two-coat metallic

Satin Steel Grey – two-coat metallic

Macadamia – two-coat pearlescent

Summit White – brilliant

Dark Caramel – two-coat metallic

Sovereign Silver – two-coat metallic

Dark Sea Blue – two-coat pearlescent

Lava Red – brilliant

Mineral Black – two-coat metallic

Flip Chip Silver – two-coat metallic

Emerald Green – two-coat pearlescent

WHEELS.

A beautifully made dress or suit demands the right shoes. And we know how important shoes are for first impressions. So it's only fitting that we provide a range of alloy styles and sizes to suit the proportions of your New Zafira Tourer.

- 1. 17-inch 10-spoke alloy wheels** with 225/50 R 17 tyres (Design, Energy, SRi*, SE and Tech Line).
- 2. 18-inch 5-spoke alloy wheels** with 235/45 R 18 tyres (SRi).
- 3. 18-inch 10-spoke alloy wheels** with 235/45 R 18 tyres (Elite. Optional at extra cost on SE and Tech Line).
- 4. 19-inch multi-spoke alloy wheels** with 235/40 R 19 tyres (optional at extra cost on SE and Tech Line).
- 5. 19-inch 5-spoke bi-colour alloy wheels** with 235/40 R 19 tyres (optional at extra cost on SRi and Elite).

**ecoFLEX models only.*

EXTRA MAKES LIFE BETTER.

With its spacious, flexible, all-you-can-store interior, there isn't much the New Zafira Tourer can't handle.

But who doesn't need some little extras to tailor their car? Whether you're starting a family or planning a road trip, there's a genuine accessory made for the New Zafira Tourer.

Here's a selection of our most popular accessories.

To explore the full range (including the FlexOrganiser® system), visit www.vauxhall.co.uk/accessories.

- 1. Vauxhall-branded roof box¹.** Sturdy and streamlined, this stylish roof box is perfect for the type of gear that gets everyone up off the sofa and out into the fresh air.
- 2. Privacy shades.** High-grade shades give your passengers rock-star privacy and help block sunlight to keep the car cool. Tailored to the exact size of the New Zafira Tourer's rear windows, they'll stay securely in place with the windows up or down.
- 3. FlexConnect folding table.** Stable, secure and foldable, the FlexConnect table has a handy cup holder and plenty of space for things like a book, tablet or a snack.
- 4. Reversible hard cargo tray.** A sturdy tray to help keep your boot clean and tidy. One side is coated with a hard, anti-slip surface, the other with carpet for a softer look and feel. A raised edge helps contain liquids if there's any spillage.

1

- 5. FlexOrganiser® divider.** An adjustable organiser that hinges on the optional FlexRails® system, mounted on each side of the boot. The FlexOrganiser® divider helps keep loads and objects in place while keeping them separate from other luggage.
- 6. Dog guard.** This safe, robust and easy-to-install accessory makes sure your beloved pets and passengers travel safely together, and also helps keep the seats clean too.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

* = Correct at time of publication. ** = Please note: Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.vauxhall.co.uk/blueinjection. In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable). † = All data for 1.6CDTi (134PS) models is provisional.

If you wish to view more comprehensive specifications and technical data this is available online. To download/request a Price and Specification guide or Brochure, please visit www.vauxhall.co.uk/brochure

WEIGHTS AND TOWING DATA kg

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
1.4i Turbo (140PS)	2310	1300 (750)
1.4i Turbo (140PS) automatic	2340	1550 (750)
1.6CDTi (134PS) Start/Stop ecoFLEX	tba	tba
2.0CDTi (170PS) Start/Stop	2455	1650 (750)
2.0CDTi (170PS) automatic	2470	1650 (750)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 100kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

TYRE RATINGS

Tyre size	Fuel efficiency	Wet grip	External noise	
	group	performance	Measured (dB)	Group
225/50 R 17	B-E	B-C	68-71	
235/45 R 18	E	B	71	
235/40 R 19	E	B	71	

Tyre rating according to EU Regulation 1222/2009

Fuel tank capacity

- 58 litres (12.8 gallons)

SMARTER DRIVING TIPS

- **Drive at an appropriate speed:** Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- **Reduce your revs:** Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- **Idling is wasting fuel:** If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- **Remove unnecessary items from the car:** Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****
