

Volvo V60 Accessory packs – Pack and Load

Mat, Load, Textile, Reversible

A reversible and foldable protective mat of high quality. The mat is practical and waterproof with fabric on one side and plastic on the other. When the rear seat is folded, the mat is easily folded out to protect the rear seat backrests during transportation.

Bumper Cover

Bumper cover, with design pattern, which is easily installed on top of the rear bumper. A practical and attractive accessory to avoid paint scratches when loading and unloading in the load compartment

Protective Grille Steel

A practical protective grille that prevents loads or pets from being thrown forward into the passenger compartment in the event of heavy braking or a collision.

A safe and stable function with comfortable handling. Prepared mounting points in the car make for easy installation. The grille is equipped with two gas cartridges that hold the grille in both raised and lowered positions.
