

CITROËN C1

THE CITROËN RANGE

Here at Citroën we have come a long way since we created the world's first all-steel bodied car. Today we are recognised for our innovative technology and original designs. Our world-leading, fuel-efficient engines respect the environment and our outstanding safety features guarantee one of the safest driving environments available. We are fully committed to delivering outstanding customer service to back up the fantastic Citroën Model Range.

We're proud to be part of such an iconic brand and we look forward to helping you choose a car that means you too can enjoy the driving experience offered by Citroën's Créative Technologie.

Handwritten signature of Stéphane Le Guevel.

Stéphane Le Guevel
Director General
Citroën UK

1924

Citroën creates the B10 and the world's first all-steel bodied car is born.

1949

Twenty five years later, the iconic 2CV is launched and stays in production for over 5 decades!

A HISTORY...

1989

The prestigious, XM makes its debut, showcasing Citroën's advanced Hydractive computer controlled selflevelling suspension.

2008

The C4 WRC proves to be an all-conquering World Rally Champion. Citroën takes the Manufacturers' Title in 2008, 2009 and 2010.

2010

The innovations keep coming – quietly – with Citroën Survolt concept. A thrilling, clean, whisper quiet electric car.

2013

Never content to rest on our laurels, the innovative Citroën C3 Hybrid Air is unveiled at the Geneva Motor Show.

...OF INNOVATION

YOU & YOUR C1

Here and now, Citroën C1 is the advanced, stylish city car that's big on personality and ready for everything. It takes its inspiration from you.

CITROËN C1

SETTING YOU FREE

Few things in life are more personal than style and Citroën C1 knows how to bring style to life. It's not just about curves, proportion and balance either, but about choice and freedom of expression. Once you've felt the fresh air on your face from within the open top Airscape version, you'll know what we mean.

VERY YOU. INSIDE AND OUT.

Style is more than skin deep with Citroën C1, so it can put a smile on your face whether you're glancing at it parked on the street, or cruising comfortably, miles from home. There's a strong sense of character, which starts with those smart two-part headlights and flows back to the rear square 3D effect lights. Inside you'll always feel welcome and inspired, because the ambience is bright, airy and colourful. Everyone loves the idea of style with substance. Here it is for real.

Naturally, a personal take on style has to fit right into your life, reflecting your taste and needs. The brilliant new Airscape with its large electronic sliding fabric roof invites the outside in at the touch of a button. For maximum head-turning potential there's an irresistible choice of contrasting shades too, for body and roof.

The interior of your car is a home from home, so make sure it says plenty about you. Citroën C1 invites you to make a statement, with Colour Packs that bring a personal flourish to the 7 inch touchscreen housing, air vent trims and gear lever surround. Door panels also shine with your chosen body colour.

REFLECTING
JOY

YOU

Naturally your car should reflect your personality, but now that reflection can be so much more three dimensional and alive. Citroën C1 embraces your individual technology. All you have to do is reach out and touch...

YOU SHAPED TECHNOLOGY.

Citroën C1 fits effortlessly into your life because it shares your priorities. The key is a bright 7 inch touchscreen positioned in the middle of the dash. Here, all the essentials are grouped together in one intuitive, clearly designed place.

You live on the move and Citroën C1 technology makes each journey enjoyable, hassle-free and safe. It's easy to access general vehicle settings, the trip computer, DAB radio and Bluetooth® handsfree. Reversing is effortless, thanks to some versions being equipped with a reversing camera enabling you to see what's behind via the 7 inch touchscreen.

Even getting in with armfuls of shopping and belongings can be a breeze, because Citroën C1 is on your side with the keyless entry feature, where fitted.

ON YOUR SIDE

Your car is a companion. At heart it should be dedicated to looking after you, your passengers – and your budget. Citroën C1 is a cheeky celebration of efficient engineering and reassuringly protective too. It's on side in every sense.

YOU CAN RELAX.

It feels great to drive, safe in the knowledge that you're not wasting resources. Citroën C1 knows that it's not big or clever to use too much fuel and produce high emissions. It's also very strong and packed with safety features, despite being light on its feet. In fact weight is one of its secret weapons, because thanks to the latest Citroën engineering it only weighs 855kg, with minimal running costs to match.

Nipping around town or cruising on an open road, you'll soon feel the benefits of Citroën C1's naturally frugal character. Go for the VTi 68 manual engine and you can get 68.9mpg combined, while emitting just 95g CO₂ per km. Special low rolling resistance tyres smooth the way to big savings too.

To get the most from your journey you need to feel safe and ready for the unexpected, and that's where the thought of six airbags, an Electronic Stability Control plus plenty more protective technology will help. Relax and enjoy driving – let us worry about the rest.

MOVING YOU

How your car moves you makes all the difference. Citroën C1 has the agility and compactness to make you laugh out loud, nipping around the stresses and strains of any drive. It's got all the moves.

YOU GET AGILITY, PLUS SCALE.

Being compact, light and agile means that you can change direction in the blink of an eye and make use of gaps that are closed to other cars. Just ask Citroën C1. It's only 3.46m long with a turning circle radius of 4.8m so tight city streets and winding country roads suddenly look a whole lot more fun than before. But compact never means cramped. Load an epic shop into the boot and you'll discover that it's really roomy and the back seats fold flat too, for up to 780 litres of inner space!

[3.46M]

Agility sets you free and makes driving a tactile pleasure, whether you're pulling off an inch-perfect urban manoeuvre or cruising a much-loved lane. Minimal size and weight certainly help, but so do precise, light electric power steering and ultra-comfy suspension.

You can go where you please with real poise, knowing that Citroën C1's technology and natural assets are keeping you perfectly in control – whatever the road decides to do. The Hill Start Assist function even holds the brakes on for a short time as you pull away on an incline, for a totally unruffled take-off.

780L BOOT
VOLUME

A close-up photograph of a person's eye with vibrant red hair. The eye is light blue with a yellowish-green ring around the pupil. The hair is a rich, fiery red. A horizontal red bar is positioned across the middle of the image, containing the text "IT STARTS WITH YOU" in white, uppercase, sans-serif font. The background features abstract light blue and white shapes.

IT STARTS WITH YOU

The Citroën C1 range spoils you for choice. Three distinct individual models reveal their different characters through design, technology, colour and all sorts of unique details. You'll know the version that reflects you best the moment you see it...

TOUCH. REBOOT THE CITY.

Citroën C1 Touch makes the city a different and more inspiring place. Whether you're selecting tunes, dodging through side streets or grabbing the space that others just can't squeeze into, here is where a new urban journey begins, in some style.

c1

FEEL. TRUST YOUR INSTINCTS.

Sensory pleasure goes to the next level with Citroën C1 Feel, whether you're fine-tuning the interior temperature or controlling your connectivity with fingertip ease. Choose the Citroën C1 Airscape version for an entirely new feeling.

YOUR TRUE COLOURS.

Choosing your perfect colour combinations is not really a thought process. Like most important things it's really about how you feel. Instantly. Citroën C1 is happy to help this emotive process by offering eight beautiful body colours, three contrasting roof colours or three contrasting fabric roof colours. It's very much a case of 'open your eyes and follow your heart'...

To help you drive away your new car without delay, we offer Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

MOTOR INSURANCE

Citroën Insurance has been designed specifically for our vehicles. You don't just get repairs you get Citroën expertise, service, quality and parts. So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Alternatively, visit www.citroen.co.uk for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AZ. Registered in England & Wales No. 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK (company registration number: 01024322) having its registered office at Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA.

Care for your new Citroën C1 and it will look after you – like every Citroën it's part of legendary engineering heritage with reliability built in.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes.

Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles.

For further information, please contact your Citroën Dealer.

GLOSSARY

› PETROL ENGINES

Part of Citroën's range of state-of-the-art engines, VTi powertrains are friction optimised and benefit from an inlet camshaft variable valve timing system that constantly measures the pressure on the accelerator and precisely regulates the quantity of air entering the cylinders. VTi engines boast advanced variable inlet valve lift and exhaust camshaft variable valve timing systems. This guarantees outstanding efficiency and allows for immediate response with plenty of low range torque available.

› ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. Citroën C1's ABS system is further enhanced with EBA and EBD.

› ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

› EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

› ELECTRONIC STABILITY CONTROL (ESC)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

› ON-BOARD TRIP COMPUTER

Citroën C1's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

› FRONT SEAT BELT PRE-TENSIONERS

In the event of a crash, a pre-tensioner will tighten the seat belt almost instantaneously. This reduces the load on the occupant in a violent crash. Like airbags, pre-tensioners are triggered by sensors in the car's body, and use explosively expanding gas to drive a piston that retracts the belt. Seat belt pre-tensioners also lower the risk of "submarining", which is when a passenger slides forward under a loosely worn seat belt.

› ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën C1, Isofix is installed on the outer rear seats.
