Drive your Ambition

THE COMPACT SUV FROM THE SUV EXPERTS.

"for a brand to be able to call itself an SUV specialist in this day and age is rather fortunate. Take a look at the Mitsubishi ASX and its stablemates, and it's hard to disagree with the Japanese company, especially given that it built its first four-wheel drive car way back in 1937." [What Car?](#)

YOUR EVERYDAY SUV

Individual, innovative and versatile, the Mitsubishi ASX combines the neat dimensions and nimble drive of a great hatchback, with the rugged appeal, elevated view and extra capability of an accomplished SUV. Try it for size: it's sure to make daily life so much better all round.

LIVE LIFE TO THE FULL

This is a real SUV, offering real four-wheel drive, so it will take you to the ends of the earth, through foul weather as well as fair. And its versatile and capacious boot space, with wide opening tailgate and level floor, will swallow your most cumbersome kit whole.

YOUR GETAWAY CAR

Driven by a 150ps, 2-litre petrol engine, the ASX is engineered with comfort in mind. From its super-sorted chassis, whose forgiving nature soaks up lumps and bumps with ease, to the heated seats and panoramic roof*, it makes every journey a joy. And, with luxury-car accoutrements like smartphone links and satellite navigation* as standard, you'll never be lost on the way.

*Exceed model

YOUR CONNECTION WITH THE ROAD

Ergonomically designed and generous with equipment, the driver centric cockpit provides an intuitive layout and plenty of adjustment for optimum reach. Chunky, well-positioned knobs and steering wheel mounted fingertip controls transmit commands without cause to interrupt your focus on the road. And the instinctual touchscreen infotainment system will maintain connection with the outside world.

COMFORT ZONE

Mitsubishi is expert in maximising the use of space. Sharp styling and short overhangs mean that the ASX shoehorns a generous wheelbase into a compact footprint, allowing loads of elbow and leg-room. Its tall profile provides ample headroom for the gangliest occupants, and a wide bench gives room for three in the back. Seats are supportive and properly comfortable on even the longest journeys, with a raised hip point making it easy to hop in and out.

ACEING THE FUNDAMENTALS

Day in, day out reliability is a fundamental requirement of any good car, and Mitsubishi's reputation for reliability speaks for itself. You can rely on the Eclipse Cross to keep you safe every day too, with a host of active features to help you stay out of trouble and Mitsubishi's proprietary RISE (Reinforced Impact Safety Evolution) system which integrates and interconnects the structural elements, providing a dramatic advance in multidirectional impact safety performance by dispersing energy loads and controlling distortion in the unfortunate event of a crash.

"I love it! And if its reliability is as good as my previous three Mitsubishis, I will be more than satisfied." Michael, Minehead

SMALL DETAILS, BIG IMPACT

It's the little things that make a good car great to live with. Little things like headlights that sense the dusk and stay on for a pre-programmable duration to light your way home; wipers that appear to think for themselves; a reversing camera for effortless parking and large door mirrors that automatically retract when you lock up. Details like easy-flip rear seats and a low, flat cargo floor optimise the cargo space; niceties like 18in alloy wheels, fog lights, privacy glass and chrome exterior detailing enhance its good looks.

Every ASX enables you to link your worlds using Apple CarPlay™ or Android Auto™, accessing maps, phone and digital assistance via a voice activated Bluetooth hands-free link and a large, 8 inch touch-screen display monitor. Connect your favourite video via a USB port; play it through the six-speaker sound system and infotainment is elevated to pure entertainment.
