### **COMPETITIVE AND INTUITIVE TECHNOLOGY.**

The latest evolution of the available Chevrolet Infotainment System is available in the 2019 Impala. It features an all-new intuitive interface with the latest, easy-to-use technologies. It's highly customizable, so you can personalize the system with features like phone projection through Apple CarPlay™ and the ability to pair up to 10 devices. Staying connected is also easier, courtesy of Bluetooth® wireless technology, that makes actions like making calls or playing music a pleasure. And keeping the fun going is a Wireless Charging Pad, ensuring your compatible devices stay powered up.

### **RAISING THE BAR OF SAFETY.**

Safety was a top priority when designing the Impala. Which is why it features some of the most innovative and ingenious advances in safety technology, namely the standard StabiliTrak®. The Advanced Safety Package features additional available technologies like Side Blind Zone Alert and Forward Collision Alert. In the event of a collision, the Chevrolet Impala's innovative safety features go to work, helping to protect with 10 standard air bags.
