MOT Test

To make life easier and to ensure the safety of your vehicle All-in includes 2 MOT Tests.*

The MOT is an annual test of the vehicle's safety, roadworthiness and exhaust emissions. It is a legal requirement for which you receive a certificate once passed that you need to keep safe.

During the MOT, important parts of your vehicle will be checked to make sure they meet the legal standards. If it doesn't pass, the required repairs will be highlighted to you but are not covered by the MOT itself.

For customers in Northern Ireland, 2 MOT pre-checks are also included, as well as drop-off and collection to and from the local government MOT test centre.

Top tips to keep everything in order:

- ✓ If the timings work for your SEAT, it is possible to carry out your service and MOT at the same time.
- ✓ Be aware of your date of registration so that you can book your MOT on time.

*MOT Tests applicable for UK and NI.

Warranty

To help avoid unexpected repair costs, and to prevent you from worrying about what might happen in the months ahead, All-in from SEAT includes a 2-year warranty for mechanical and electrical components at no additional cost†.

This warranty policy covers the costs* of repairing or replacing the covered components that have suffered a sudden electrical or mechanical failure during the period of cover.

The warranty is valid in the United Kingdom and for up to 60 days per year in Continental Europe.

The key exclusions are:

- All bodywork, paintwork, body component, glass and seals
- Certain worn and perishable items
- Failure caused by deterioration of a covered part commensurate with its age and mileage
- If the fault causing the part failure existed before the Warranty came into effect, the Warranty will not pay for that repair
- Losses or damage due in any way to any type of accident, misuse or any act or omission which is wilful, unlawful or negligent

Cover provided by SEAT UK and administered by SEAT Financial Services

†2 year warranty funded by SEAT UK. *Limited to parts and labour (inclusive of VAT) up to the market value for the covered vehicle at the time of the claim (inclusive of VAT) and all policy inclusions only apply to the covered vehicle. ^Participating SEAT Retailers only. Please note that a courtesy vehicle needs to be booked in advance and cannot be guaranteed.

- Vehicles modified in any way from the original manufacturer's specification
- The car must not be used for hire or reward, commercial use, professional instruction, competition or offroad use, motor rally, speed or duration tests or any practice for these events

Your warranty policy does not cover anything required as part of the service and MOT Test.

Always make sure your service record is kept up to date, this can help to prevent any discrepancies later. If you fail to have the covered vehicle serviced correctly in accordance with the manufacturer's specifications during the period of cover, or you are unable to produce proof of such servicing if we request it, then this may invalidate your cover or we may not pay all or any part of a claim you make.

Please ensure you read the terms and conditions relating to your Warranty cover, which you can find [here](#). This will give you information about your warranty policy, including all exclusions and inclusions, as well as how to make a claim.

Top tip for your warranty:

If your vehicle is being repaired as part of a Warranty claim, your SEAT Retailer might be able to offer a courtesy car^ wherever possible, if you book in advance.
