MOTABILITY INTRODUCTION

Whether you're looking for something small and easy to park, sporty and fun to drive, or spacious enough for everyday life, the Nissan range lets you own your style with a choice of models to suit your needs. This brochure is here to help you find the right car and the right Motability deal for you, through the Nissan Motability Scheme.

HERE'S HOW TO USE THE BROCHURE:

1. BROWSE THE MODELS: Start by exploring the Nissan range to find a car that suits your style, needs, and lifestyle.

2. PICK YOUR TRANSMISSION: Choose the option that works best for you - manual, automatic or 100% electric.

3. CHECK THE PRICING TABLE: Find the model and transmission you're interested in, then follow the row to the right. You'll be able to see:

- If an Advance Payment is required
- How much of your DLA, PIP, AFIP, WPMS, CDP, or ADP allowance the vehicle will use each month

4. CONTACT YOUR LOCAL NISSAN DEALERSHIP: Once you've chosen a vehicle that fits your lifestyle and budget, reach out to your nearest Nissan Motability Specialist. They'll answer any questions, arrange a test drive, and guide you through placing your order—making the whole process simple and stress-free.

We understand that everyone's needs are different. That's why we offer a wide choice of reliable, well-equipped vehicles through the Motability programme.

Whatever your lifestyle or budget, Nissan Motability helps you find a car that fits your style, hassle-free, with full support every step of the way.

MOTABILITY INTRODUCTION

WHAT'S INCLUDED IN YOUR LEASE?:

INSURANCE:

Insurance is **provided by Direct Line as part of the Motability Scheme**. It also **includes tyre and windscreen replacement**, giving you extra peace of mind.

You **can add up to three named drivers** to your insurance policy, and you can change them at any time if your needs change.

SERVICING & MAINTENANCE: **Comprehensive servicing and routine maintenance are included**, in line with Nissan's recommended schedules. Any necessary repairs due to everyday use are also covered. Your local Nissan **dealer will get in touch when your service or MOT is due**, so there's nothing for you to worry about.

BREAKDOWN COVER: **RAC breakdown cover is included**, giving you peace of mind wherever you go and **24/7 support for the full length of your lease**.

ELECTRIC VEHICLE CHARGING: If you choose an electric vehicle, you'll **receive a free home chargepoint with standard installation** included. If a home charger isn't suitable, you'll instead have access to the BP pulse network of public chargepoints.

OTHER CONSIDERATIONS:

FUEL: You will need to pay for fuel separately.

GOOD CONDITION PAYMENT: If you return your car in good condition at the end of your lease, you may be eligible for a good condition payment from Motability Operations. You could receive £250 for a three-year lease or £350 for a five-year lease.

ADAPTIONS: A vehicle adaptation is a modification or addition to a vehicle that enhances accessibility, safety, or usability for individuals with specific needs. Speak to your local Nissan dealer to discuss what adaptation options may be available for you.

NISSAN JUKE PETROL

OWN
YOUR
STYLE

The Nissan Juke Petrol is a stylish and practical compact crossover, designed and built in the UK and available with **either a manual or automatic transmission to suit your driving**. It offers plenty of space and headroom for everyday comfort, along with **cruise control**¹ to help make longer journeys more relaxing. Parking and maneuvering are made easier **thanks to the 360-degree camera**², while wireless connectivity helps keep you seamlessly connected on the move. The **large 12.3" infotainment screen** puts everything at your fingertips, **with Apple CarPlay® or Google Android Auto™**³ allowing you to access navigation, music and apps, helping make every drive more enjoyable.

KEY FEATURES AVAILABLE FROM ACENTA PREMIUM GRADE:

- 17" Sakura Wheels
- NissanConnect 12.3" Touchscreen Entertainment System
- Wireless Apple CarPlay® + Google Android Auto®
- 7" full colour TFT screen combimeter
- Rear View Camera
- Lane Departure Warning with Intelligent Lane Intervention¹
- Intelligent Emergency Braking with Pedestrian & Cyclist Recognition¹
- Cruise Control & Speed Limiter¹

Images and descriptions are for guidance purposes. ¹It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms ²Features available depending on version, as standard or only as option (at an extra charge). ³Apple CarPlay® is a registered trademark of Apple Inc. Google, Google Play, Android Auto, Google Maps and other marks are trademarks of Google LLC. Over the air updates are free for 5 years from the warranty start date. NissanConnect with Apple CarPlay® and Android Auto® should only be used when it is safe to do so in accordance with the Highway Code. T/A = Total Allowance

While all reasonable efforts have been made to ensure the accuracy of the information provided, due to Nissan's policy of continuous product improvement all particulars are subject to constant revision and Nissan reserves the right to change, modify or withdraw the offers without any notice at any time. Accordingly, you should contact your local Nissan dealer for the most current information. All information correct at time of broadcast

NISSAN ARIYA

CHARGE AHEAD

Keep the energy high and the expectations higher. Explore **up to 251 miles* on a single charge**. It's possible to charge your Nissan ARIYA with a variety of different methods. Whilst you're on the go, there is a **wide network of public charging stations** that offer Type 2 AC charging, or you can utilise the Nissan ARIYA 130kW DC CCS Charging Rate to **charge your battery from 20% to 80% in just 30 minutes****.

22kW CHARGER OPTION

The 22kW AC Charger, additional cost option on the Nissan ARIYA 63kWh versions and standard on 87kWh versions, unlocks faster AC charging via its type 2 socket versus the standard 7.4kW AC charger found on the 63kWh Advance. This faster charger can cut the time of a full charge from circa 11hrs to 4hrs - almost three times quicker. However, to enable this faster charging rate, a 22kW charger requires a 3-phase energy supply.

For public charging, 22kW-capable AC charging stations are growing at a rapid rate and are becoming more widespread. Buying the 22kW cost option onboard AC charger would unlock this faster charging potential in the public charging network.

For domestic use however, very few residential properties have 3-phase supply. To get 22kW charging at a home residence, significant investment would be required in installation. If a property does not have this 3-phase supply, then regardless of whether an ARIYA is fitted with the 22kW onboard charger cost option, it will only charge at a maximum of 7.4kW rate.

MOTABILITY OPERATIONS OFFER A FREE CHARGING SOLUTION FOR ELECTRIC VEHICLE DRIVERS

When placing your application with your dealer, say yes to being contacted by a charger supplier. You'll then be **contacted by the supplier directly who will arrange the provision of a charging solution**. For more information on the Motability Operations offer of a charging solution (Terms & Conditions may apply), please [Click here](#).

*WLTP figures shown are for comparability purposes. Actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. **Information is indicative of the ARIYA 63kWh Advance. Indicated rapid charging time requires use of a CCS rapid charger (Up to 130kW) and may vary depending on factors including charging conditions, battery, and ambient temperature at point of use and if the battery safeguarding technology is activated. Visit nissan.co.uk to find out more.

NISSAN ARIYA

CHARGE ON THE GO

PUBLIC CHARGING STATIONS

There's an ever growing network of public charging stations where you can top up your Nissan ARIYA on the go. They are along major roads, in petrol stations and in several "public buildings". Just plot your itinerary on the map and choose the most convenient one for the journey.

CHARGE AHEAD

As of January 2025, There are over 115,000 charging connectors across the UK, including over 28,000 rapid chargers delivering over 50kW, accounting for approximately 24% of all UK charging devices.

*Information sourced from zap-map.com, .

ELECTRIFY YOUR DRIVE

e-PEDAL STEP

Utilise the one pedal driving experience with Nissan's e-PEDAL Step*. Standard on all grades, e-PEDAL Step allows you to accelerate and brake, simply with accelerator. Once you try it, you won't want to go back!

NISSAN INTELLIGENT MOBILITY

As the halo for the NIM platform, the ARIYA comes equipped with a suite of safety features designed to work to try to keep you as safe as can be. From the Intelligent Around View Monitor to Intelligent Blind Spot Intervention, you can see how the car can help to ease your journeys.*

*It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. E-PEDAL Step may require driver intervention in aggressive braking scenarios. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms.

ALL-NEW NISSAN MICRA

The all-new Nissan MICRA is back as a **100% electric vehicle**, reimagined for modern driving with a focus on comfort, convenience and style. With a driving **range of up to 257 miles¹**, it's well suited to everyday journeys, while rapid charging can take the **battery from 15% to 80% in around 30 minutes²**. The MICRA offers a practical **326-litre luggage capacity** with five doors and five seats. Inside, a wellness-inspired interior creates a calm, relaxing space, enhanced by **48 ambient lighting colour modes that allow you to choose the setting that suits your mood**. **Google³ built-in technology brings an in-car route planner powered by Google Maps³, along with Google Assistant voice control³ and access to Google Play³**, helping you stay connected and confident on every journey.

KEY FEATURES AVAILABLE FROM ADVANCE GRADE:

- **Rear View Camera**
- **Heat Pump**
- **Dual 10.1" screens with Google³ built-in**
- **Wireless Apple CarPlay and Android Auto******
- **Multi-link rear suspensions**
- **Automatic Air Conditioning with scheduling function**

Images and descriptions are for guidance purposes. ¹ Up to 257 miles range refers to the All-New Nissan MICRA 52kWh based on a full charge. WLTP figures shown are for comparability purposes. Only compare electric range figures with other cars tested to the same technical procedures. Actual real world driving results may vary depending on factors including the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load. ² Figures quoted are for a All-New Nissan MICRA 52 kWh with a 100 kW DC fast charger. Charging time may vary depending on charging conditions, including charger type and condition, on-site power usage, battery temperature as well as ambient temperature at point of use, battery age and state of charge, and if battery safeguarding technology is activated. ³ Apple CarPlay® is a registered trademark of Apple Inc. Google, Google Play, Android Auto, Google Maps and other marks are trademarks of Google LLC. Over the air updates are free for 5 years from the warranty start date. NissanConnect with Apple CarPlay® and Android Auto® should only be used when it is safe to do so in accordance with the Highway Code. For compatible devices, visit <https://www.nissan.co.uk/ownership/nissan-infotainment-system/android-auto-apple-carplay.html>

FURTHER INFORMATION

The Nissan Motability Programme developed in association with the registered charity Motability helps you move through life with more confidence.

Terms & Conditions:

Nissan reserves the right to amend or withdraw offers at any time without prior notice, including in the case of any events or circumstances beyond Nissan's reasonable control.

1. Advance Payment offer valid for Motability applications from 1st January 2026 to 31st March 2026 at participating dealers and subject to vehicle availability.
2. Advance Payment varies according to model grade. For more information on full range Advance Payment, please refer to the Nissan Motability Price List (Prices effective from 1st January 2026 to 31st March 2026).
3. Motability vehicles available at a variable weekly cost for the duration of your 3-year lease agreement. Where your weekly cost is less than your Motability total allowance, the difference will be paid directly to you by the Department for Work and Pensions (DWP) or Veterans UK depending on which allowance you receive.
4. Motability customers agree to pay all or part of the Motability Allowance (DLA, PIP, AFIP, WPMS, CDP or ADP (Scotland)) depending upon the vehicle chosen for the duration of the 3-year lease agreement.

For further information and details on the full range, please email your local Nissan Motability Accredited Dealer.

Images and descriptions shown are for guidance purposes. In some instances, photos are of non-UK specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.
