

NEW

RENAULT ARKANA E-TECH FULL HYBRID

145 HP

14th August 2023

hybrid by nature

Designed to turn heads, new Renault Arkana E-Tech full hybrid reinvents the sports SUV. With a streamlined silhouette, raised ground clearance and restyled grille, it successfully combines a dynamic shape with a spacious interior enhanced by a large boot.

Discover the iconic Sport-Chic version, esprit Alpine, and enjoy responsive driving with the E-Tech full hybrid 145hp engine.

equipment and engines

sportiness embodied

With a completely restyled grille that incorporates the new Renault emblem, the front end adds to the vehicle's design. At the rear, the black twin exhaust and wide spoiler emphasise its dynamic character. In the esprit Alpine and techno version, the emblematic F1® blade oozes sportiness.

UK spec may vary

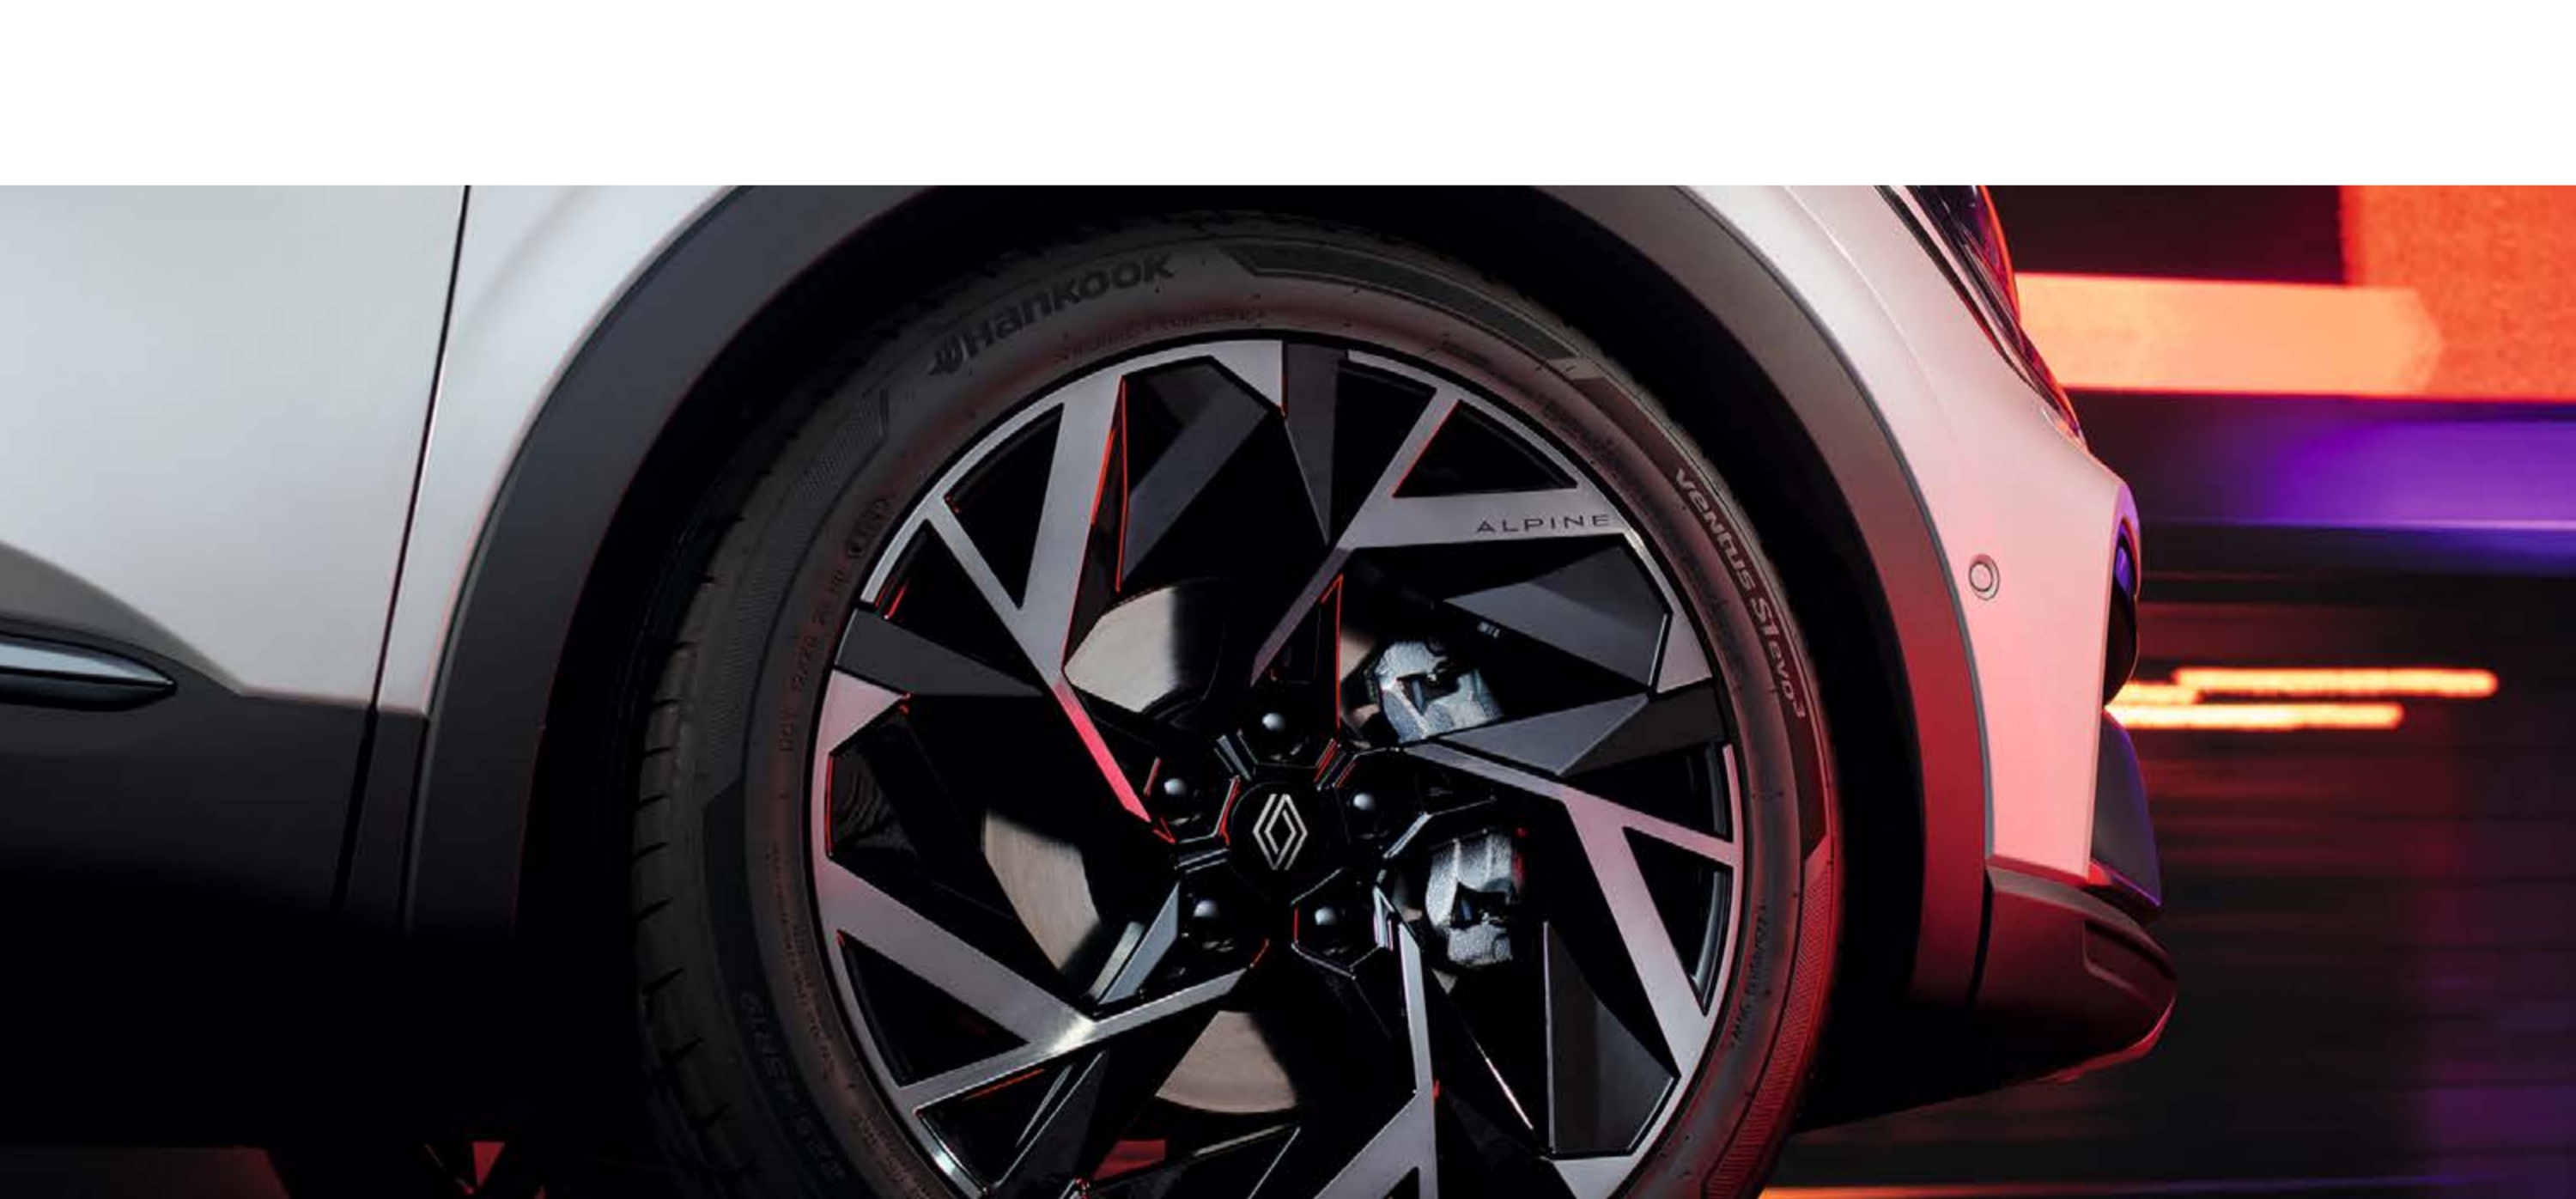

The new glossy black chrome-finish grille with unstructured diamonds creates a unique personality.

The rear end does not go unnoticed with its translucent smoky lights, new dark chrome Renault emblem and black Arkana marking.

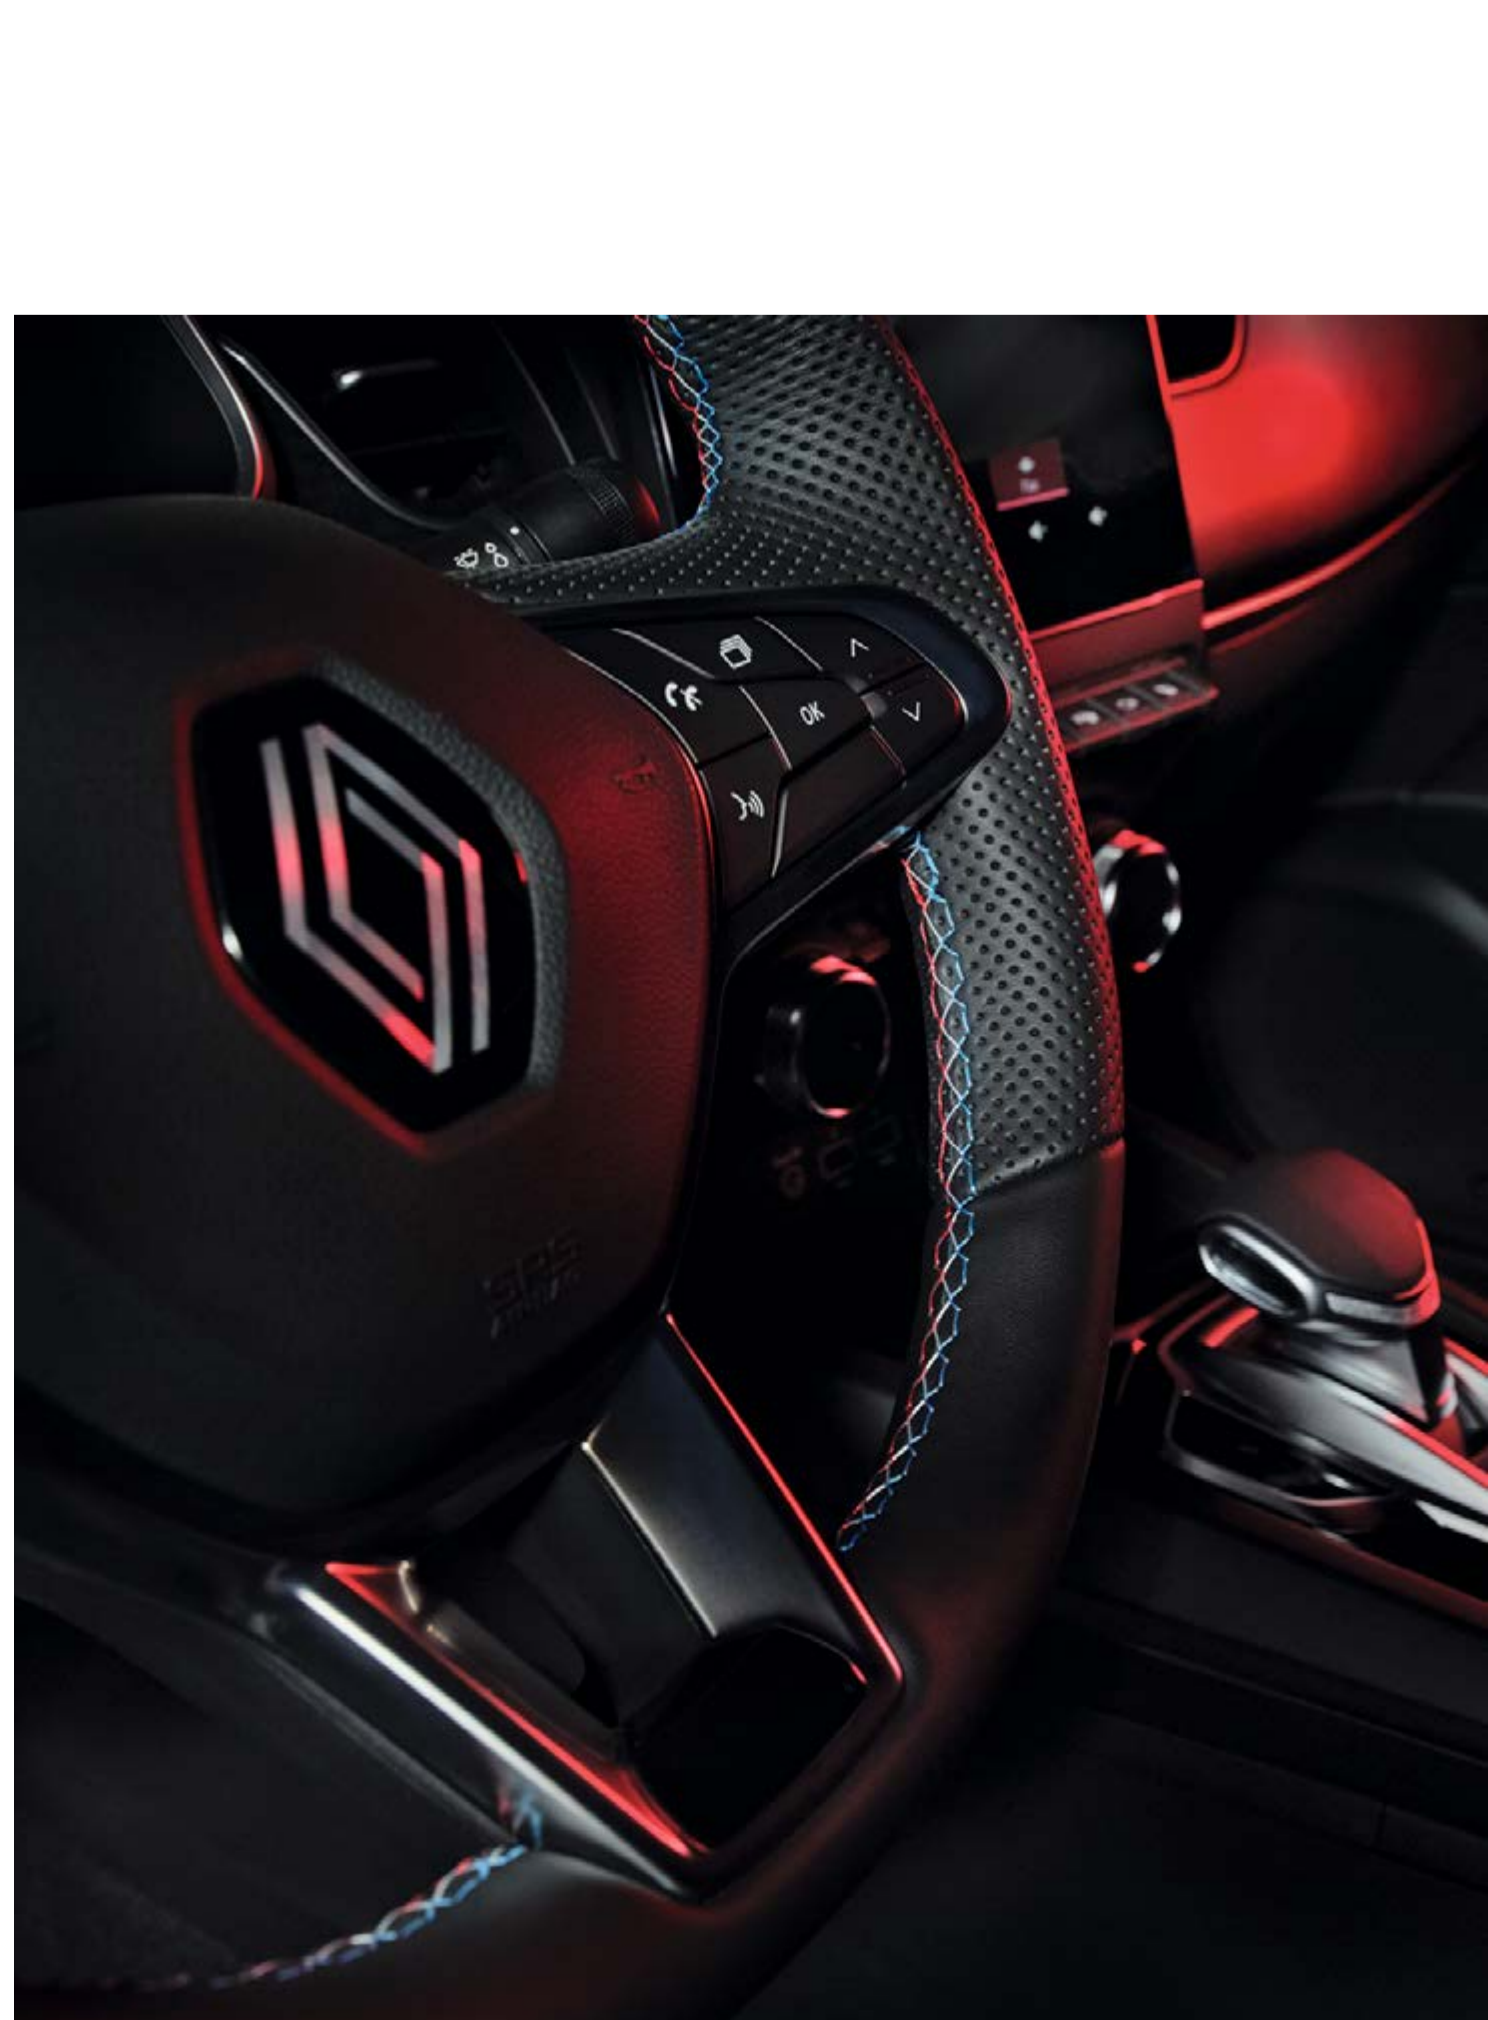

esprit Alpine badge on the front wings and robust look with its new 19" wheels.*

The interior has an elegant and sporty atmosphere thanks to upholstery enhanced with blue top-stitching. The steering wheel comprises red, white and blue stitching. The Alpine logo - a sign of exclusiveness - embellishes the front seats.

intuitive connectivity

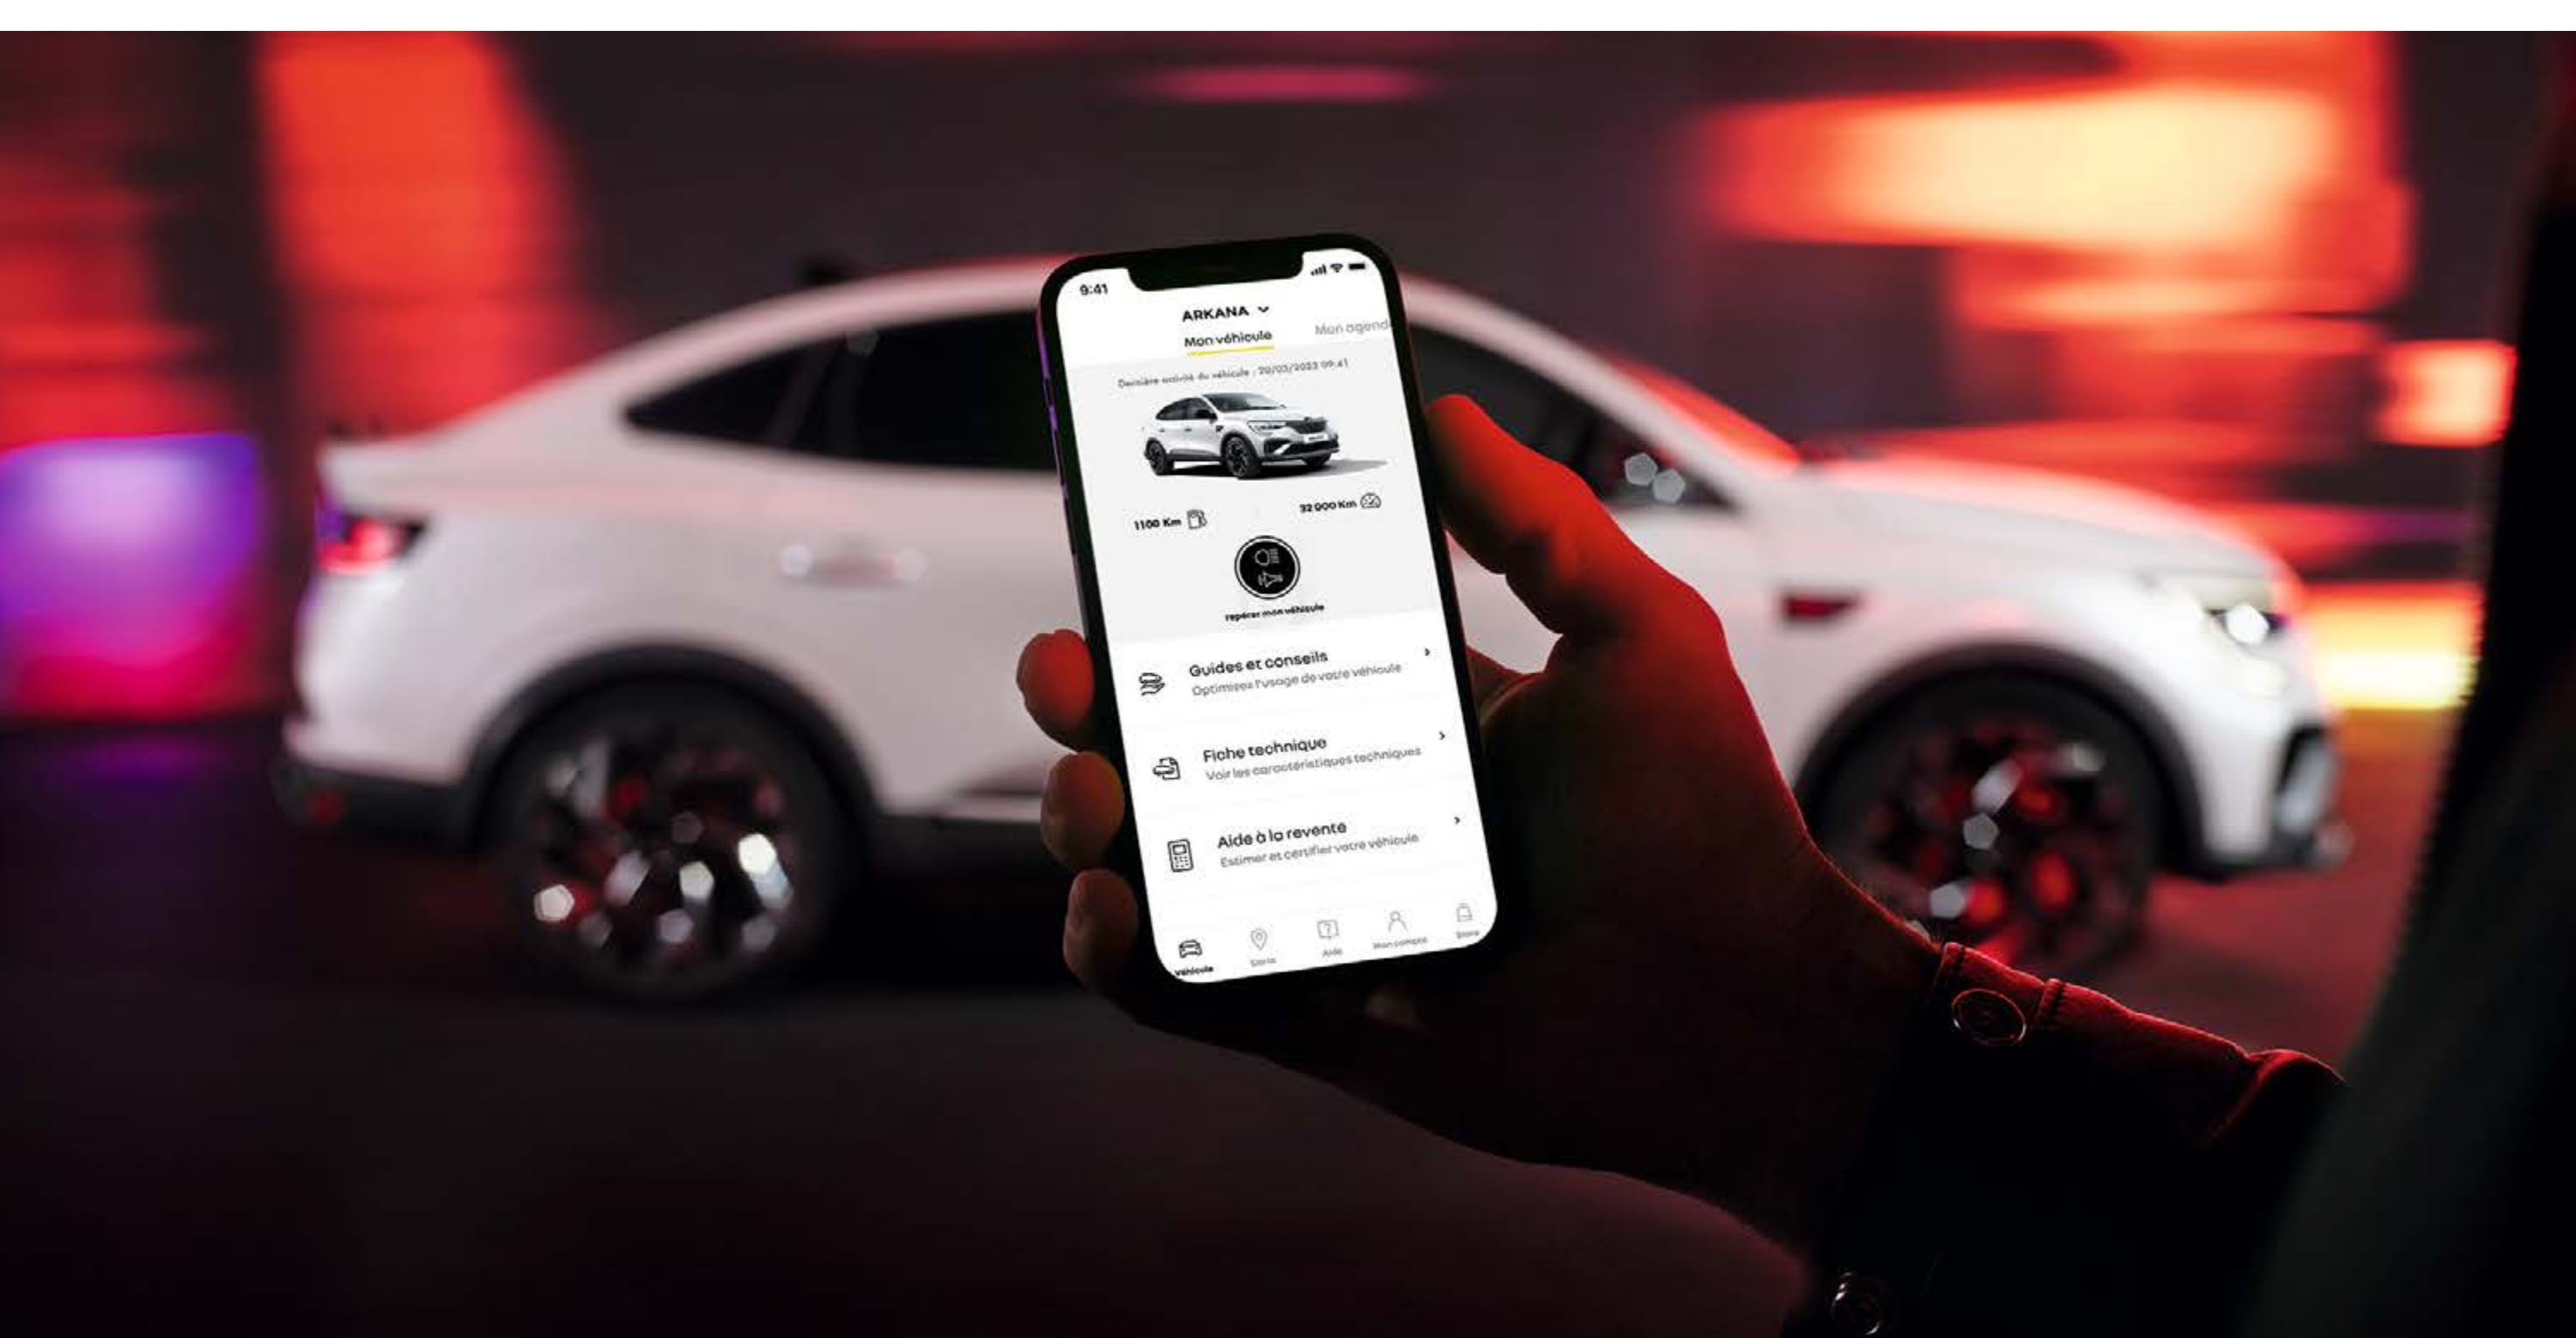

The easy link multimedia system and its 9.3" central touch screen* facilitate access to navigation, widgets and your customised profile. Keep essential driving information in your direct view by displaying it on the 10" configurable digital instrument panel.*

Access your applications, playlists, contacts and favourites directly on the central screen thanks to smartphone mirroring. The wireless charger always ensures an optimal level of independence.*

With the My Renault application, manage your vehicle remotely and easily through your smartphone: connected services, location of the vehicle, service history, service reminders and garage appointment bookings.

generous interior space

The sportiness of the lines complements the generous interior and large boot of up to 480 litres.

The carefully designed rear space comprises three seats and 21 cm of knee room.

In the low position, the height-adjustable floor maximises the loading capacity of 1,263 litres; in the high position, it facilitates the loading of heavy objects. A configuration that also gives you a completely flat surface, once the 1/3-2/3 rear bench seatbacks are folded down.

06. advanced driver-assistance systems

up to 18 advanced driver-assistance systems

As part of the human first program, new Renault Arkana E-Tech full hybrid offers up to 18 advanced driver-assistance systems.

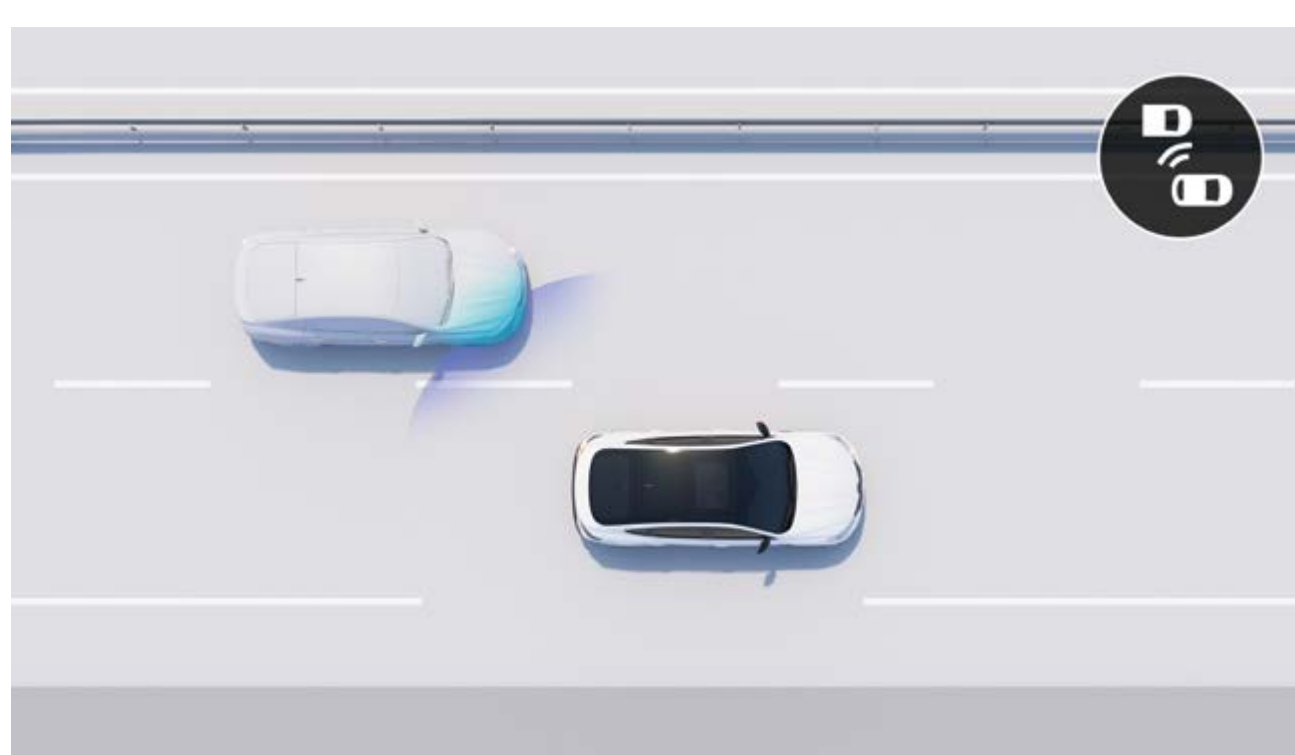

active driver assist
The adaptive cruise control regulates your speed by taking the road environment into account, maintains safe distances and ensures you remain in lane. When traffic slows down, the vehicle stops and restarts automatically.

rear view camera
Provides a rear view on the screen when you engage the reverse gear. Superimposed outlines make your manoeuvres easier and safer.

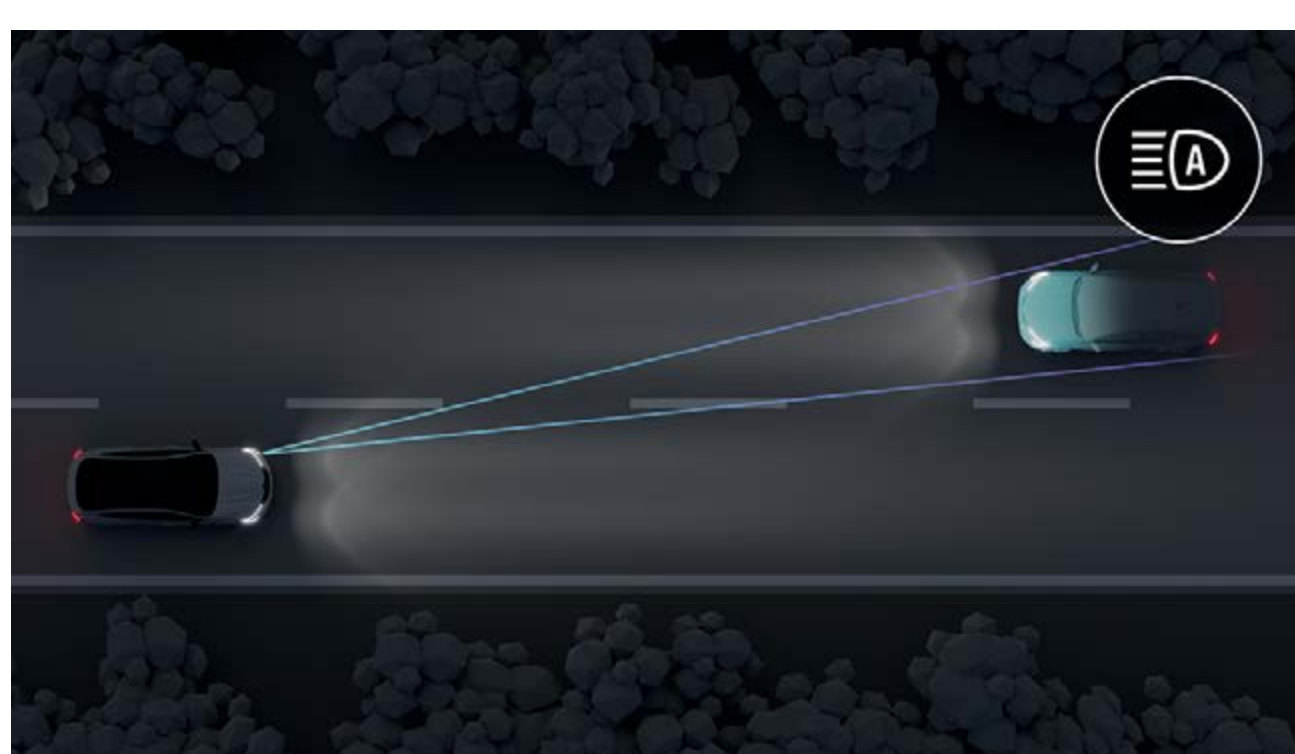

road sign recognition and speeding alert
It keeps you informed via the instrument panel of the speed limits along your route thanks to a camera.

blind spot warning
Active from 10 mph, the system uses the rear side sensors to detect the presence of a vehicle in a non-visible rear side area (blind spot) and warn the driver by switching on a warning light in the door mirror on the side where the vehicle is not visible.

rear cross parking alert when reversing
Exit your parking spot more comfortably. Renault Arkana, equipped with sensors, signals the arrival of a vehicle that you may not have seen.

automatic main-beam/dipped headlight activation
Thanks to a camera located on your windscreen that analyses light flows, the system automatically switches between main beam and dipped headlights.

driver-assistance systems

- active driver assist: adaptive cruise control + lane centring
- hill start assist
- speed limiter
- road sign recognition
- road sign recognition and speeding alert
- cruise control

park assist systems

- rear parking sensors
- front parking sensors
- rear cross parking alert when reversing
- rear view camera

safety assistance

- safe following distance warning (information on the driver's screen)
- lane departure warning
- lane keeping assist
- blind spot warning
- automatic main-beam/dipped headlight activation
- automatic emergency braking (pedestrian/cyclist)
- automatic headlights and windscreen wiper with rain sensors across the range
