

FIND NEW ROADS™

CAMARO 2021

CHEVROLET 

Left to right: Camaro ZL1 Coupe in Summit White, Camaro 2SS Coupe in Riverside Blue Metallic, and Camaro Coupe in Red Hot. Vehicles shown with available features.

CELEBRATED BY PEOPLE WHO KNOW.

Always known for pure driving exhilaration and beautiful design, Camaro has never been more focused. The critics have taken note. “Camaros are among the most sophisticated driver’s cars in the world,” says *Car and Driver* in its 10 Best issue for 2018, the third straight year Camaro has made the list. That’s the kind of company we intend to keep.

FIND NEW ROADS™

Left to right: Camaro Z1L Coupe in Summit White, Camaro 3LT Coupe in Red Hot, Camaro 2SS Coupe in Riverside Blue Metallic, Camaro 3LT Convertible in Satin Steel Gray Metallic and Camaro 3LT Coupe in Garnet Red Tintcoat (extra-cost color). Vehicles shown with available features.

SOME DECISIONS IN LIFE ARE HARDER THAN OTHERS.

EVERY CHOICE IS A GREAT ONE.

Engineers have always given every Camaro a unique driving personality. Now each Camaro model has a unique look, including distinct fascias as well as chiseled taillamps. No matter which model you select, your view of performance cars will never be the same.

Certain colors and features are subject to market availability.

SS

ACCELERATE YOUR GAME.

Certain colors and features are subject to market availability

Camaro 3LT Coupe in Garnet Red Tintcoat (extra-cost color) with standard RS Package and other available features.

CAMARO LT.

Consider the possibilities. LT offers you a wide range of choices such as 20-inch wheels, heated and cooled leather-appointed seats, and even an available 3.6L V6 engine. If you want a navigation system, upgrade to 3LT, which also includes the 3.6L V6 engine.

EYE-CATCHING DESIGN.

LT has its own design language with a toned, sculpted look that accentuates its contoured hood, front LED headlamps and rounded LED taillamps. You can also order a dual-mode performance exhaust system with twin outlets on each side.

RS PACKAGE ADDS AUTHORITY.

Give your Camaro even more presence with the available RS Package. It includes 20-inch 5-split-spoke Gray-painted wheels, dark-lens LED taillamps, an RS specific grille, a decklid-mounted spoiler and Black bowtie emblems.

Certain colors and features are subject to market availability

CONVERTIBLE

THE FORECAST CALLS FOR BLUE SKIES AND INCREASING EUPHORIA.

DROP THE TOP.

Some might say the ultimate sports car experience requires an open roof and a rush of fresh air. Camaro Convertible is available with LT and SS. For those days when you can't have the top down, the Convertible offers the same beautiful top-up profile as the Coupe.

FULLY AUTOMATIC OPERATION

With the push of a single button, a fully automatic soft top disappears beneath the hard tonneau cover — even at speeds up to 50 kmh. You can also remotely lower the top while parked by using the key fob.

Camaro 3LT Convertible in Satin Steel Gray Metallic with standard RS Package and other available features.

Certain colors and features are subject to market availability.

SS

MAKE NO MISTAKE.

The Super Sport name evokes memories of 1967, the first year for Camaro. Above the new front fascia you'll find today's new dome-shaped hood with air extractor, which houses a 455-horsepower 6.2L V8 engine. It propels you from 0 to 100 km/h in 4.0 seconds¹ with the 10-speed automatic transmission, and can also save fuel by shutting down unneeded cylinders with available Active Fuel Management.

ALWAYS IN THE RIGHT GEAR.

The available 10-speed paddle-shift automatic transmission helps maintain optimum RPM levels for maximum responsiveness on the road. Custom launch control keeps the rear tires spinning at the correct speed and allows you to adjust both your launch RPM and wheel slippage through the Driver Information Center. A line lock feature lets you lock the front wheels to enable the rear wheels to spin, warming the tires for maximum grip on the drag strip.

BREMBO BRAKES.

The high-performance 4-piston all-disc Brembo® brake system is capable of bringing Camaro SS Coupe from 100 km/h to a complete stop in 35m.

**THE EPICENTER OF CAMARO
STILL MAKES THE EARTH SHAKE.**

LIMITED-SLIP DIFFERENTIAL

EXTRA-CAPACITY COOLING SYSTEM AND
REAR DIFFERENTIAL COOLER

¹ Based on initial vehicle movement. Coupe models with available 10-speed automatic transmission.

Camaro 2SS Coupe in Riverside Blue Metallic
with available features.

Camaro 2SS Coupe in Riverside Blue Metallic with available features.

ENHANCED COOLING.

Keeping 455 horsepower on track is an enhanced, extra-capacity engine cooling system. Even the standard limited-slip differential gets a special cooler to maintain optimum operating temperature on the track.

MAGNETIC RIDE CONTROL.

Available Magnetic Ride Control™ stiffens the suspension for high-performance driving while helping to maintain a smooth ride.

DUAL-MODE EXHAUST.

This available performance exhaust system lets you define the note of the 6.2L LT1 V8 engine with each of its four driving modes –Tour, Sport, Track and Snow/Ice.

1. BREATHE DEEP.

Camaro SS is distinguished by a bold new face dominated by a blacked-out grille, an elevated bowtie and shaped LED headlamps with a light bar, turn signals and daytime running lamps.

2. CHEVROLET FLOWTIE.

Helping SS inhale even more air is a Chevrolet emblem with the center removed, allowing air to pass through it. During early testing, the flowtie helped drop engine coolant and oil temperatures by several degrees.

3. SS-EXCLUSIVE HOOD.

A beautiful yet functional air extractor is the centerpiece of the SS dome-shaped hood. The air extractor releases excess air from inside the hood for better cooling and aerodynamics.

ZL1

650 HORSEPOWER.

ZL1 is the reigning king of Camaro performance, thanks to its supercharged V8 engine, making it the most powerful production Camaro ever built. It also boasts a whopping 881 Nm of torque. Its foundation is the LT4 engine that helps enable a top speed of 319 km/h and a 0-to-100 km/h time of 3.5 seconds!¹

MANAGING THE POWER.

The robust ZL1 powertrain is controlled by standard equipment that includes Magnetic Ride Control dampers, an electronically controlled limited-slip differential, Brembo® brakes with 6-piston front calipers, and aerodynamic additions such as a platform wing and front and side splitters.

PUTTING THE POWER DOWN.

For more precise acceleration runs, custom launch control keeps the rear tires spinning at the optimum speed and allows you to adjust both launch RPM and wheel slippage through a brake pressure bar graph on the Driver Information Center.

SHOCKS THAT READ THE

ROAD. Magnetic Ride Control reads the road and changes damping in just 10-15 milliseconds in shocks filled with a magnetorheological fluid containing minute iron particles.

An available Performance Traction Management system helps achieve faster transitions on the track.

“The ZL1 is a supercar that looks like a Camaro.”

THE POWER TO BLUR FANTASY AND REALITY.

Camaro ZL1 Coupe in Black

1

2

3

4

1. SHAPED FOR SPEED.

Every surface of the ZL1 is designed for maximum downforce without compromising speed. Aerodynamic enhancements like a carbon-fiber hood air extractor, an air dam, and a wing-style rear spoiler help reduce lift and increase downforce to keep ZL1 glued to the track.

2. INTEGRATED SUPERCHARGER.

The LT4 supercharger is integrated into the intake manifold and fuel rail system for incredibly precise operation.

3. RECORD YOUR BEST LAPS.

The available Performance Data Recorder logs videos of your drives, along with real-time performance data, onto an SD memory card so you can analyze your driving technique.

4. RECARO® PERFORMANCE SEATS.

These bolstered front seats are ideal for high-g track driving and feature Jet Black leather appointments, red accents and sueded microfiber inserts.

The Performance Data Recorder feature in your car is to capture your performance data for your analysis. Any display or social posting of these recordings are subject to your local rules and regulations, including but not limited to Privacy Laws.

INTERIOR DESIGN

Camaro 3LT Interior in Jet Black with available Ceramic White Interior Accent Trim Package and other available features.

PRECISE COMFORT IN EVERY DETAIL. Everything comes together seamlessly to provide a better connection with the road. The Camaro cockpit includes a flat-bottom steering wheel and perfectly placed gear shifter and dead pedal as well as aggressively bolstered seats. Premium materials surround you,

including available heated and ventilated leather-trimmed seating surfaces. Console air vent trim rings offer simple, space-efficient dials for temperature control. There's also a convenient bank of heat and air conditioning controls located just above the shifter.

RECARO® PERFORMANCE SEATS. If you seek a more deeply contoured sport seat, available RECARO performance seats offer sueded microfiber inserts as well as Jet Black leather appointments and red accents.

TECHNOLOGY

EXPAND YOUR CONNECTIVITY.

Camaro keeps you connected to your world, with the latest generation of Chevrolet Infotainment System.¹ This features an available 8-inch diagonal high-definition color touchscreen on select models. The system provides Bluetooth^{®2} capability for two users as well as the ability to create multiple user profiles.

Apple CarPlay[®] and Android Auto[™] COMPATIBILITY

With Apple CarPlay^{®3} and Android Auto^{™4}, you can simple and smartly connect with some of your most used smartphone features, right on your touchscreen display.

BOSE PREMIUM SOUND.

A Bose[®] premium 9-speaker system for Coupe (7-speaker system for Convertible) is standard on 3LT, 2SS and ZL1, and is available on 1LT.

¹ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone and USB connectivity for some devices. ² Visit chevroletarabia.com for vehicle and smartphone compatibility. ³ Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone, and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks of Apple Inc., registered in the U.S. and other countries. ⁴ Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android[™] 5.0 or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.

Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

1. CONFIGURABLE DRIVER INFORMATION CENTER. An available 8-inch diagonal configurable gauge cluster allows you to monitor information such as lap time, g-force cornering, fuel usage/range, tire pressure and operating temperature.

2. COLOR HEAD-UP DISPLAY.

Standard on 2SS and ZL1 models and available on 3LT, the Head-Up Display projects vehicle speed, RPM, fuel level and other information onto the windshield so you can keep your eyes on the road.

3. INTERIOR SPECTRUM LIGHTING.

Standard on 2SS and ZL1 and available on 3LT, this system provides a band of light that courses around the radio, door trim and cup holders, transitioning between 24 selectable colors.

4. A PANORAMIC VIEW – BEHIND YOU.

Standard on 2SS and ZL1 models¹ is a Rear Camera Mirror that provides an unobstructed view of the area behind your Camaro. When turned on, the mirror provides the driver a wider view without the obstruction of head restraints, C-pillars and rear-seat passengers or cargo.

1

2

3

4

¹ Not available on models with Performance Data Recorder. ² Read the Owner's Manual for important feature information.
³ Not available with Performance Data Recorder or on Convertible models.

WE'RE SERIOUS ABOUT SAFETY.

AVAILABLE CAMARO SAFETY FEATURES.

Standard on 2SS and ZL1 and available on 3LT, Forward Collision Alert², Rear Cross Traffic Alert^{2,3}, Lane Change Alert with Side Blind Zone Alert² and Rear Park Assist² are all designed to alert the driver to a potential crash.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.

Camaro 2SS Coupe in Riverside Blue Metallic with available features.

TRANSMISSIONS

AVAILABLE 10-SPEED PADDLE-SHIFT AUTOMATIC TRANSMISSION ON SS.

Camaro SS now offers a 10-speed paddle-shift automatic transmission that's similar to the version available on ZL1. It delivers nearly instantaneous shifts while featuring a wide band of ratios for optimum power in any gear.

CUSTOM LAUNCH CONTROL.

This technology, included with the available 10-speed automatic, allows you to adjust both the launch RPM and rear wheel slippage through the Driver Information Center (with a new brake pressure bar graphic to assist in operation). Line lock lets you lock the front wheels to enable the rear wheels to spin, warming the tires for maximum grip at the drag strip.

STANDARD 6-SPEED MANUAL TRANSMISSION ON 2SS AND ZL1.

This gearbox features Active Rev Matching¹, which anticipates downshifts with throttle blips for smooth, precise shifting. The shift knob is wrapped with dimpled leather or sueded microfiber on the ZL1 for an ideal grip.

SHIFT GEARS ON YOUR TERMS.

¹ Requires V8 engine.

CHASSIS/POWERTRAIN

MULTILINK FRONT SUSPENSION.

Featuring aluminum components and MacPherson struts, this suspension is engineered for precision at every turn.

BREMBO® 4-WHEEL DISC BRAKES.

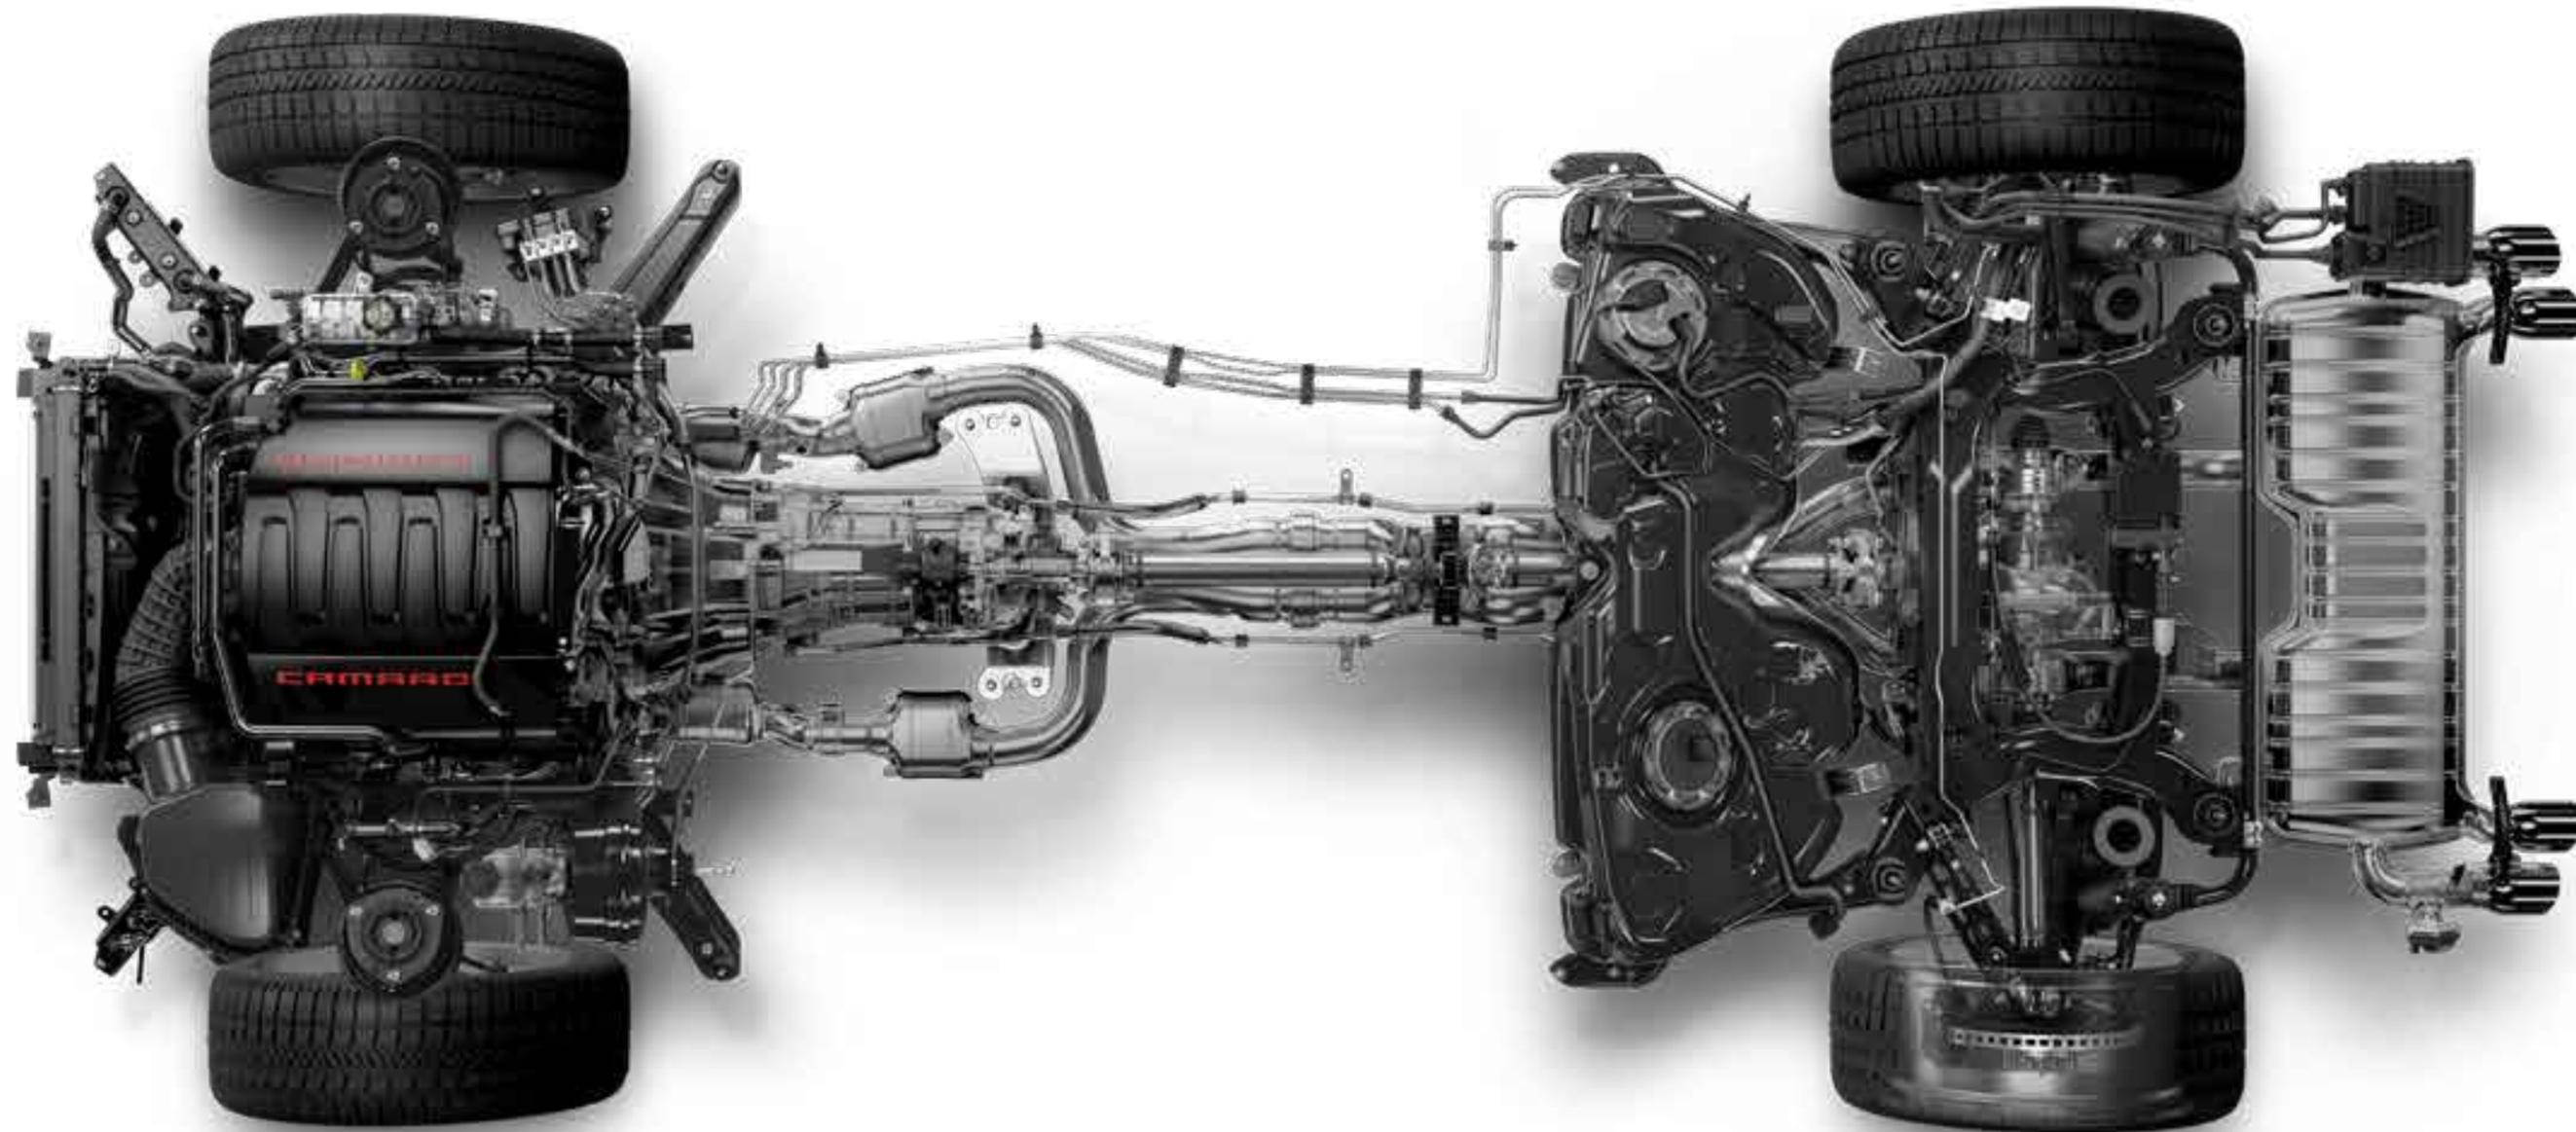

Track-tested 4-piston front and rear calipers are standard on SS models. ZL1 models offer 6-piston front and 4-piston rear calipers.

MAGNETIC RIDE CONTROL.

Standard on ZL1 and available on SS models, this system reads the road every millisecond. It then changes damping in just 10 to 15 milliseconds in shocks filled with a magnetorheological fluid containing minute iron particles.

PRECISE ELECTRIC POWER STEERING.

Elevate road feel and response with Electric Power Steering. You can select up to four drive modes. Quick steering ratios contribute to a nimble, controlled feeling with every turn of the wheel.

INDEPENDENT REAR SUSPENSION.

Tuned specifically for each Camaro model, the independent rear suspension provides a refined ride and responsive driving dynamics.

HEAVY-DUTY COOLING AND BRAKE PACKAGE. Make your Camaro more robust with this available package that includes an external engine oil cooler, an extra-capacity cooling system and 4-piston Brembo performance front brake calipers on LT models.

ELECTRONIC LIMITED-SLIP

DIFFERENTIAL. Available on SS Coupe models and standard on ZL1 Coupe, the Electronic Limited-Slip Differential continuously modulates torque split to improve traction and acceleration out of corners, enhancing stability and turn-in responsiveness. A non-electronic limited-slip differential is standard on LT and SS models.

DUAL-MODE EXHAUST. Standard on ZL1 and available on SS and LT models with the available 3.6L V6, the dual-mode exhaust changes sound with each of the four driver-selectable modes.

SELECT VEHICLE FEATURES

CAMARO 1LT
3.6L 335-hp V6 engine with Direct Injection and Variable Valve Timing
10-speed automatic transmission
Dual-outlet stainless steel exhaust with bright tips
Driver Mode Selector with 3 modes: Snow/Ice, Tour and Sport
StabiliTrak® Electronic Stability Control System with Traction Control
LED daytime running lamps
Power windows and programmable power door locks
HD rear vision camera
20" x 8.5" 5-spoke Silver-painted aluminum wheels
Keyless Open and Start
Chevrolet Infotainment 3 System with 7-inch diagonal color touchscreen display, featuring Apple CarPlay® compatibility
Auxiliary input jack and 2 USB ports ⁶
Bluetooth® wireless technology for select phones
Driver Information Center with color display
Leather-wrapped flat-bottom steering wheel with steering wheel-mounted controls for audio and cruise
Front sport buckets with 6-way power passenger-seat adjuster
Single-zone air conditioning
Front reading lamps and interior dome lamp with illuminated entry
Cloth Seat Trim
Wireless Phone Projection

CAMARO 3LT In addition to or replacing 1LT features, 3LT includes:

Bose® premium 9-speaker (Coupe) or 7-speaker (Convertible) audio system
Frameless, auto-dimming inside rearview mirror
Forward Collision Alert, Rear Park Assist,Rear Cross Traffic Alert ⁴ and Lane Change Alert with Side Blind Zone Alert
Illuminated doorsill plates
Head-Up Display with color digital readouts for vehicle speed, selected gear, g force, audio system information, high beam indicator, compass, outside air temperature, turn signals, tachometer, vehicle messages, turn-by-turn navigation information and phone information
Interior spectrum lighting with 24 different color selections
Memory Package: 2-position memory for 8-way power driver seat and outside mirrors
Dual-zone automatic climate control with individual climate settings for driver and front passenger, dedicated passenger controls and outside temperature display
Heated and Ventilated Leather-trimmed Seats for Driver and Front Passenger
Heated Steering Wheel
Aluminum Accents On Door Trim And Shifter Cap
Front Leather Trimmed Seats
RS Package
Rear Camera Mirror
Wireless charging

CAMARO 2SS In addition to or replacing 3LT features, 2SS includes:

6.2L 455-hp V8 engine with Direct Injection and Variable Valve Timing
6 speed Manual Transmission with Active Rev Matching
Chevrolet Infotainment 3 Premium System with Navigation and 8-inch diagonal HD color touchscreen display, featuring connected navigation and cloud-connected personalization for select infotainment and vehicle settings
Brembo performance 4-wheel disc brakes with ABS, 4-piston front and 4-piston rear

CAMARO ZL1 In addition to or replacing 2SS features, ZL1 includes:

6.2L 650-hp supercharged V8 engine with Direct Injection and Variable Valve Timing
Launch control
Electronic Limited-Slip Differential (Coupe only)
Magnetic Ride Control suspension
Dual-mode performance exhaust system
Brembo performance 4-wheel disc brakes with ABS, 6-piston front and 4-piston rear
20" 10-split-spoke Dark Graphite-painted forged-aluminum wheels (20" x 10" front, 20" x 11" rear)
RECARO® performance seats with Jet Black leather appointments and red accents and sueded microfiber inserts
Sueded microfiber-wrapped steering wheel and shifter
Sport alloy pedals

COMPLETE CARE

MAINTENANCE APPOINTMENT WITHIN TWO DAYS

ONE-HOUR MAINTENANCE

GUARANTEED PARTS AVAILABILITY ACROSS THE REGION

TRANSPARENT PRICING ON COST OF SERVICE

FOUR-YEAR REGIONAL ROADSIDE ASSISTANCE

When you buy a Chevrolet, you don't just take home a new car. You also enjoy the peace of mind that makes driving your Chevrolet a pleasant experience.

MIDDLE EAST VEHICLE TESTING

Every Chevrolet is tested in the region, so we know it can withstand the climate. Then, before launch, we check and double-check every inch of the vehicle for optimal performance. Chevrolet specifically develops many of its features – including its air conditioning, engine cooling systems and paint – to perform in tough conditions. The result is a car you can depend on.

COURTESY VEHICLE PROGRAM

Chevrolet strives for your convenience. In the unlikely event of a warranty repair involving extended repair times, you may be offered a suitable courtesy vehicle for your convenience.

CHEVROLET PARTS

Chevrolet's region-wide dealer network is supported by a well-stocked parts distribution center, ensuring constant availability of parts to keep your vehicle on the road. Chevrolet parts are priced to ensure low cost of maintenance and at the same time guarantee that you get genuine parts at competitive prices.

CHEVROLET CERTIFIED PRE-OWNED VEHICLES

All of our Certified Pre-Owned vehicles come with the confidence of:

- A 110+ point quality inspection
- A minimum 12-month warranty
- 24-hour roadside assistance
- A 7-day exchange option

Terms and conditions apply. Please contact your local Chevrolet dealer for more information.

COST OF MAINTENANCE

MINIMAL MAINTENANCE. MAXIMUM ENJOYMENT.

Camaro delivers affordability well beyond the showroom floor – it's been designed and engineered with minimal-maintenance features that keep you on the road for less.

The cam drive, cam phasing and valvetrain components require no scheduled maintenance.

The sophisticated cam-chain tensioner, high-quality cam phasing components and hydraulic lash adjusters are designed to ensure optimal valvetrain performance with no adjustment for the life of the engine.

Advanced control electronics and a wide range of sensors allow fail-safe systems, including ignition operation in the event of timing sensor failures.

Control software protects the engine from permanent damage in the event of complete coolant loss, allowing the engine to operate at reduced power for a prescribed distance sufficient for the driver to find service.

SCHEDULED MAINTENANCE

To complement Camaro's intelligent and protective engineering, regular scheduled maintenance will keep it running further and longer. To keep your vehicle in perfect condition, work should be carried out at regular intervals, according to the recommendations in your owner's manual.

MENU PRICING

As time and kilometers pass, certain wear-and-tear items will need replacing. Whether it's wiper blades, shock absorbers, or brake pads, it's all covered in Menu Pricing and our competitive prices will help you keep your Camaro on the road with minimal cost. Check with your dealer for details or log on to chevroletarabia.com
