Meet the new Audi Q2

**The looks of a coupé.
The agility of a hatchback.
The presence of an SUV.**

The new Audi Q2 is the first compact SUV from Audi. Suitable for the longest journey, or the shortest city drive, it's a car that's not so easily defined. Together with its customisable design and choice of technology, it's whatever you want it to be.

The Exterior

Distinctively Audi. Unmistakably yours.

The Audi Q2 makes an instant impression – with an eye-catching shoulder line, sloping roof and contrast bumpers, all combining to set this car apart.

Make it your own.

You can customise your Audi Q2 to be exactly the way you want it. Choose from 12 exterior colours, including vibrant new shades like Coral orange that give a striking look on the road. And with contrasting rear C-pillar blades, your Q2 becomes even more distinctive.

Performance

Precision. Agility. Control.

Every detail of the Audi Q2 is fine-tuned for driving pleasure. With progressive steering as standard, it adapts to the driving situation – reducing steering work while parking, yet maintaining directional stability and precision at high speeds. This results in enhanced driving dynamics and ride comfort. And with optional adaptive dampers, you can adjust the suspension set-up for a sportier or more comfortable experience.

A gripping drive.

Optional quattro all-wheel drive provides enhanced grip in all conditions. Add our S tronic transmission and you'll benefit from gear changes that are smooth, swift and automatic.

16 The new Audi Q2

17

The Interior

Ultimate comfort.

The expansive cabin and generous headroom give you and your passengers enhanced comfort on any journey. From the driver's seat, you'll notice premium materials and refined finishes, and you can also specify your upholstery in a selection of materials and colours.

Inner beauty.

Options include two different LED interior lighting packages, one of which comes with stunning illuminated inlays that light up in a choice of colours. And there's also up to 405 litres of room for your luggage in the rear, so you can take everything you need with you.

Technology

Innovations beyond the expected.

The new Audi Q2 has a generous level of technology as standard, including the Audi Smartphone Interface that connects to your phone and gives you access to apps on the move. And Satellite Navigation – standard on Sport, S line and Edition #1 trims – that shows detailed 3D maps on a colour 7" display.

Some of the smartest technologies available are the ones that react to the world around you. Optional driver assistant systems like Audi Side Assist and Cross-traffic assist rear help you to watch the road. Then there are options like the Audi Virtual Cockpit and Head-up display – state-of-the-art features that put the information you need right in front of you.

Vorsprung durch Technik

Not just a slogan. A philosophy.

Progress. It's behind everything we do at Audi. It's why, in the new Audi Q2, we've incorporated new technologies to help you on the road and engines to deliver impressive performance and fuel economy.

The new Audi Q2 is the embodiment of our forward-thinking approach.

quattro

**Driving confidence,
whatever the weather.**

Loose gravel. Icy patches. A tight bend in the rain. Conditions on the road are always changing, so quattro changes too. Optionally available, it analyses your grip – automatically distributing power between all four wheels to where it's needed most. It's made for the most challenging conditions of all – the ones you encounter every day. Whatever the road holds, you can be confident that quattro will react.

Sharp. Focused. Unmistakable.

Our striking LED lights come as standard on S line and Edition #1 trims, or as an option on SE and Sport. Not only do they have an unmistakable style, they emit a light that's remarkably similar to daylight – resulting in more natural illumination that puts minimal strain on your eyes.

Energy consumption is lower, as LEDs use just a fraction of the power of conventional halogen bulbs. And as they also last longer than our standard lights, the attraction goes far beyond their looks.

Illuminated Inlays

Set the tone.

It's a feature exclusive to the new Audi Q2: stunning, illuminated inlays that can change their appearance from day to night. Standard on Edition #1 and available as an option, as part of the LED Interior Lighting Pack Advanced, they can shift between two distinct looks. Selectable in the MMI system, you can choose from 10 different lighting colours to change the ambience inside your Q2.

Smartphone Interface

Bring your phone to the fore.

Imagine being able to use your smartphone applications safely while driving. The Audi Smartphone Interface, standard on the Audi Q2, lets you do just that.

Satellite navigation. Music streaming. Your contact list. Now you can access apps, approved for in-car use by Android and Apple, from the MMI controls on the Q2's centre console, from the multi-function steering wheel, Audi Voice Control, or even via your smartphone's assistant, like Siri.

Simply connect your compatible smartphone via USB* and approved apps appear in full colour on the central MMI screen.

Finding your way.

You can now use Apple and Google Maps™* as your navigation system. Turn-by-turn directions, traffic guidance and estimated arrival times are easy to see on your MMI screen without having to touch your phone – and addresses from your email, texts, contacts and calendar can be added as destinations. Don't forget, planning your journey at home reduces data usage while on the move.

Google Maps™*

Your own soundtrack.

You can play music stored on your phone as you drive, controlling it simply and intuitively through the interface. Streaming services are also available, including Spotify and Google Play Music.*

Spotify and Google Play Music*

Keeping in touch.

With Audi Smartphone Interface, any text messages you receive while driving can be read out to you – and if you need to respond, you can do so simply by dictating your message. But not only that. You can also use approved third-party apps* like WhatsApp to keep in touch while driving.

WhatsApp, Skype and Google Hangouts*

What's on your phone is now available on the road.

The Audi Smartphone Interface makes linking your smartphone† to your car quick, safe and easy.

With Android Auto and Apple CarPlay, you can access approved apps* from your phone safely via the Audi Q2's MMI system – both by voice and fingertip control. So you can make calls, receive and dictate messages, navigate, select music and podcasts and much more without taking your eyes off the road.

All imagery on these pages shows use of Apple CarPlay with Audi Smartphone Interface. †Audi Smartphone Interface uses Apple CarPlay, which is available with iPhone 5 and above, or Android Auto, which is available with phones using Android 5.0 Lollipop or above. *Availability of applications differs by operating system and is dependent on approval by Apple or Google. An up-to-date list of approved apps is available on the relevant systems' websites. Permanent availability cannot be guaranteed as this is the responsibility of Apple and Google. Use of certain apps with Audi Smartphone Interface will be subject to signal availability of the mobile network in your location and in-car usage may increase your mobile data usage. If using regularly, a mobile phone contract including an unlimited or high amount of data is recommended.

Audi Connect

Infotainment Services

**The world at
your fingertips.**

Audi Connect Infotainment Services is the link between your Audi and the internet, giving you access to entertainment, information and search functions via scrolling or tapping.

With high-speed 4G internet access in your car, via an embedded SIM card with no data charge, you can call up parking information, fuel prices and weather, as well as high-resolution aerial and satellite pictures from Google Earth™ and Google Street View™.

Sport, S line and Edition #1 come with a 3-month trial of Audi Connect Infotainment Services, or opt to benefit from a 36-month subscription by selecting the optional Technology Pack.

Image for illustrative purposes only.
Terms and conditions apply to certain Audi Connect Infotainment Services functions. Please see page 70 for additional information.

Audi Connect

Infotainment Services

Stay connected on the move.

The following Audi-supported services are currently available in the new Audi Q2 with Audi Connect Infotainment Services:

Infotainment.

Online media streaming* Pairing a smartphone with the MMI Connect app offers access to worldwide radio stations or simply access the music library stored on your smartphone

Weather information Gives you weather forecasts and maps for your chosen destination

News online (individual)^\dagger Text and images from your favourite news sources (RSS feeds) with text-to-speech function

Communication.

Twitter^\dagger Enables you to tweet and receive updates on the move, with text-to-speech and other convenient text functions

Text messages Messages are displayed or read out to you; you can also reply using the dictation function[†]

Mobility and navigation.

Points of interest Turns your journey into an interactive experience, enabling you to search for destinations using intuitive voice commands or free text. It gives you access to an extensive bank of online information, including photos, opening hours and visitor reviews. So you can keep planning your journey even when you're behind the wheel

Navigate with Google Earth™ and Google Street View™

Uses high-resolution aerial and satellite images to give you a realistic image of the destination. You can drive through streets virtually and view them from every point of view with Google Street View™

Destination entry via myAudi or Google Maps™

If required, navigation destinations can be conveniently planned on your PC or smartphone. myAudi and Google Maps™ allow individual navigation destinations to be sent to the vehicle. When you start your journey, these can be easily loaded as your destination. myAudi or Google account required

myAudi – special destinations**
Import individual points-of-interest (POI) lists to your Satellite Navigation system

Travel information With travel information from Audi Connect, you can find out more about your current surroundings, your destination or another location. A search engine provides information about points of interest, which can be loaded directly as the navigation destination

Fuel prices Information on filling stations with the cheapest prices in your selected search area

Parking information Helps you find car parks nearby and, where available, information on prices and currently vacant spaces

Traffic information online Complements the dynamic route guidance with real-time traffic flow information for individual stretches of road

Terms and conditions apply to certain Audi Connect functions. Please see page 70 for additional information.

*Only available when ordered in combination with the optional Technology Pack.

^\dagger myAudi account required

†For information about compatible phones and software versions please visit www.audi.com/bluetooth

Customisable control.

The information you need is always changing, so the Audi Virtual Cockpit changes too.

Available as part of the optional Technology Pack, it replaces the traditional dashboard with a high-resolution, 12.3" LCD screen, which you can customise just by pressing the 'view' button on the multi-function steering wheel. Choose the 'classic' view, with prominent speedometer and rev counter, or the 'infotainment' view, which brings functions such as the navigation map or media to the fore – with crisp 3D graphics and highly detailed effects.

Everything you need to know right in front of you: it's the embodiment of Vorsprung durch Technik.

Driver Assistance

All the help you need.

Imagine an extra pair of eyes, watching for traffic as you pull away, or looking over your shoulder as you reverse. Our driver assistance systems monitor the road around you, making your journeys both easier and safer. Some come as standard, while others shown overleaf are available as options.

Standard systems.

Audi Pre-sense Front with pedestrian recognition. The system uses radar sensors to detect vehicles and pedestrians in front. If an imminent collision is detected, the system warns the driver. The system may initiate emergency braking application (within system limits) and can also increase braking initiated by the driver (if this is inadequate) in order to reduce the severity of the collision, or if possible, prevent an accident.

Multi-collision brake assist. Operates after a primary collision has occurred, working intuitively to avoid further collisions if possible. The system automatically initiates a full braking application to reduce the risk of skidding and further collisions in an accident.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details. Some technologies only work within a certain speed range, please see the manual or download the pricelist from www.audi.co.uk/pricelist for more information.

Technology to help you on the road.

Below is a selection of the optional technologies available. Many have been packaged together and can be found in our optional Driver Assistance Packs. Some, however, can be ordered individually. For more information, please download the pricelist from www.audi.co.uk/pricelist

Parking aids.

Park assist. Searches for suitable parking spaces along the road by means of ultrasonic sensors, calculates the ideal parking path and performs the steering action virtually automatically. Excellent for trying to enter and exit tight parking spaces. Steering is done by the vehicle with the driver responsible for acceleration, gear changes and application of brakes

Rear-view camera. Assists the driver by providing an image of the area behind the vehicle, as well as highlighting the calculated steering path

Cross-traffic assist rear. System can provide the driver with a visual, acoustic and tactile (brake jolt) warning if crossing traffic is identified behind the vehicle when reversing out of a perpendicular parking space

Driver aids.

Adaptive Cruise Control with Stop&Go and Traffic-jam assist.

Automatic distance regulation, using radar sensors to maintain the required distance between your Audi Q2 and vehicles ahead by braking and accelerating. With Stop&Go function the system brakes the car to a stop. Traffic-jam assist detects vehicles ahead and on adjacent lanes to assist with the braking, acceleration and also steering to keep the vehicle in lane. Stop&Go and Traffic-jam assist are only available with S tronic transmissions

Audi Pre-sense Basic. Where necessary, actions are taken to help protect the driver and passengers if a potential collision is detected. These include seat belt tightening (front seats) and closing the windows and sunroof (if fitted)

Head-up display. Projects warning messages or driving-related information from assistance systems and navigation system (if ordered) in full colour onto the screen in the driver's direct field of vision, giving faster access to information

Emergency assist. If Audi Active Lane Assist and Adaptive Cruise Control are engaged and no activity is detected from the driver, Emergency assist is enabled. This warns the driver and, if no driver activity is detected, the system keeps the car in its lane and applies the brakes to gradually bring the vehicle to a standstill.

This system is only available with S tronic transmissions

Audi Active Lane Assist. Detects lane boundary markings and helps the driver to stay in lane with gentle steering intervention for greater safety and convenience, particularly on motorways

Audi Side Assist. Aids the driver when changing lane by informing the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details. Some technologies only work within a certain speed range, please see the manual or download the pricelist from www.audi.co.uk/pricelist for more information.

Build your Audi

**Express your individuality
with a choice of standard
and optional features.**

The following sections of this guide are designed to make it easy for you to understand the specification of your new Audi Q2 and select the options you want. So with just a few choices, you can begin to create the Audi you've always imagined. However, if you want more details, please download the pricelist from www.audi.co.uk/pricelist

Audi Q2 SE

The SE specification offers a high level of equipment as standard. Highlights include contrast bumpers and rear C-pillar blades in a distinctive Manhattan grey, as well as Audi Smartphone Interface, 7" colour MMI screen, Progressive steering and Audi Pre-sense Front with pedestrian recognition for improved safety.

Equipment highlights include*:

- ▶ 16" x 6.5] '5-spoke' design alloy wheels
- ▶ Progressive steering
- ▶ Dynamic suspension
- ▶ Halogen headlights – including headlight range adjustment
- ▶ Contrast bumpers in Manhattan grey paint finish
- ▶ C-pillar blades in Manhattan grey, metallic
- ▶ Door mirrors – electrically adjustable and heated with integrated LED side indicators
- ▶ Standard seats in Aspect cloth
- ▶ Inlays in a choice of White or Orange, anodised paint finish
- ▶ Front centre armrest
- ▶ 3-spoke leather-trimmed multi-function steering wheel (with paddles for automatic transmissions)
- ▶ MMI Radio Plus with 7" MMI screen and MMI controller
- ▶ Audi Smartphone Interface[†]
- ▶ Navigation preparation ('Ready 4 Nav')
- ▶ 4 passive loud speakers
- ▶ Audi Pre-sense Front with pedestrian recognition
- ▶ Bluetooth interface^{††}

Main images. Audi Q2 SE in optional Tango red, metallic. **1.** 3-spoke leather-trimmed multi-function steering wheel. **2.** Inlays in Orange, anodised paint finish. **3.** Standard seats in Black/Petrol grey Aspect cloth. **4.** Audi Smartphone Interface.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details.

Audi Q2 Sport

Specification in addition or replacement to SE.

The Sport trim builds on the standard SE equipment, adding larger alloy wheels, distinctive Ice silver rear C-pillar blades and interior inlays in a choice of Red or Yellow. You will benefit from technology including MMI Navigation and a 3-month trial of Audi Connect Infotainment Services. Front Sport seats, Audi Drive Select and cruise control also feature to enhance and bring comfort to your journey.

Equipment highlights include*:

- ▶ 17" x 7.0J '5-arm star' design alloy wheels
- ▶ Audi Drive Select
- ▶ C-pillar blades in Ice silver, metallic
- ▶ Contrast bumpers in Manhattan grey paint finish or choice of a full body colour paint finish
- ▶ Front Sport seats in Index cloth
- ▶ Inlays in a choice of Red or Yellow, anodised paint finish
- ▶ Aluminium interior elements
- ▶ MMI Navigation (SD card-based)
- ▶ Audi Connect Infotainment Services (3-month trial)[†]

Main images. Audi Q2 Sport in optional Nano grey, metallic. **1.** Front Sport seats in Black/Red Index cloth. **2.** Inlays in Red, anodised paint finish. **3.** Aluminium interior elements. **4.** MMI Navigation (SD card-based).

*For full equipment listing and information, please download the pricelist from www.audi.co.uk/pricelist

[†]For more information on Audi Connect Infotainment Services please see pages 34–35 and 70.

Audi Q2 S line

Specification in addition or replacement to Sport.

The S line specification includes an upgrade to 18" alloy wheels and S line exterior styling in full body colour. Features like LED headlights and rear lights with dynamic rear indicators make a powerful impression. And there are interior highlights that add a touch of luxury, including front Sport seats upholstered in cloth and leather, as well as Matt brushed aluminium inlays and an LED Interior Lighting Pack.

Equipment highlights include*:

- ▶ 18" x 7.0J '5-spoke Y' design alloy wheels
- ▶ Dynamic suspension. Option of Sport suspension is available at no additional cost
- ▶ LED headlights with LED rear lights and dynamic rear indicators
- ▶ S line design body styling
- ▶ S line badges on the front wings
- ▶ Bumpers in full body colour paint finish
- ▶ C-pillar blades in Titanium grey, matt
- ▶ Front Sport seats in Pulse cloth/leather with 'S' embossed logo
- ▶ Inlays in Matt brushed aluminium
- ▶ LED Interior Lighting Pack
- ▶ 3-spoke leather-trimmed multi-function Sport steering wheel featuring 'S' badging and grips in perforated leather with contrast stitching (with paddles for automatic transmissions)
- ▶ Illuminated door sill trims with 'S' logo
- ▶ Floor mats with contrast stitching
- ▶ Headlining in black cloth

Main image. Audi Q2 S line in optional Ara blue, crystal effect. 1. Front Sport seats in Pulse cloth/leather with 'S' embossed logo. 2. Inlays in Matt brushed aluminium. 3. Illuminated door sill trims with 'S' logo. 4. 3-spoke leather-trimmed multi-function Sport steering wheel featuring 'S' badging and grips in perforated leather with contrast stitching.

Audi Q2 Edition #1

Specification in addition or replacement to SE.

There are very few cars like this. Only available for a limited time, the Audi Q2 Edition #1 features an exclusive Quantum grey S line exterior, Manhattan grey contrast bumpers and C-pillar blades in Brilliant black with the Audi rings logo. Just as distinctive are 19" '5-arm rotor' Audi Sport alloy wheels and a Black styling pack. And once you step inside, Fine Nappa leather front Sport seats and illuminated inlays command your attention right away.

Equipment highlights include*:

- ▶ 19" x 8.0 '5-arm rotor' design Audi Sport alloy wheels in gloss anthracite black, diamond cut finish
- ▶ Exterior paint in Quantum grey, solid
- ▶ LED headlights with LED rear lights and dynamic rear indicators
- ▶ S line design body styling
- ▶ S line badges on the front wings
- ▶ Contrast bumpers in Manhattan grey, paint finish
- ▶ C-pillar blades in Brilliant black with Audi rings logo
- ▶ Black styling pack
- ▶ Front Sport seats in Granite grey Fine Nappa leather with Amaretto brown leatherette contrast stripes and stitching
- ▶ Illuminated inlays in 'Format' design – choice of 10 colours selectable via MMI
- ▶ LED Interior Lighting Pack Advanced
- ▶ Extended Interior Upholstery Pack
- ▶ Aluminium interior elements
- ▶ MMI Navigation (SD card-based)
- ▶ Audi Connect Infotainment Services (3-month trial)[†]
- ▶ 8 passive loudspeakers
- ▶ Cruise control system
- ▶ Light and rain sensors

Main images. Audi Q2 Edition #1 in Quantum grey, solid. **1.** Front Sport seats in Fine Nappa leather. **2.** Illuminated inlays in 'Format' design. **3.** Extended Interior Upholstery Pack. **4.** MMI Navigation (SD card-based)

Your design

Style your Audi Q2 with a choice of alloy wheels.

Whatever your taste, there's a set of alloy wheels that will enhance the look of your Audi Q2. This is just a selection – discover more online with the Audi configurator or by exploring the full pricelist.

Wheels shown may not be available on all trims. Options are subject to availability and may extend time taken for delivery. Please note that the size of your chosen Q2 wheel may affect the fuel consumption figures and the CO₂ emissions. This may result in a change in subsequent Vehicle Excise Duty payable. For more information please download the pricelist from www.audi.co.uk/pricelist

Your upholstery

Sporty or luxurious, you'll find the style and colour of upholstery that fits you perfectly.

There's a range of distinctive upholstery choices and seat options, including front Sport seats with distinctive contrast stripes. You can choose materials from stylish cloth to luxurious leather in a number of different colour options. Visit the Audi configurator or browse the pricelist to tailor your Audi Q2's seating to suit you perfectly.

Main image shows front Sport seats in optional Black/Red Milano leather. Upholsteries shown below may not be available on all trims. For more information please download the pricelist from www.audi.co.uk/pricelist. Options are subject to availability and may extend time taken for delivery.

Rotor grey/Black, Fine Nappa leather

Main image shows illuminated inlays in 'Format' design, available as part of LED Interior Lighting Pack Advanced. Inlays shown below may not be available on all trims. For more information please download the pricelist from www.audi.co.uk/pricelist. Options are subject to availability and may extend time taken for delivery.

Your detail

A choice of inlays to add highlights to your interior.

With fine detailing and specially chosen materials, inlays are the final touch that add a little extra flair to your Audi Q2. We've also developed optional illuminated inlays that can light up in a selection of colours, allowing you to personalise and change your interior look. Find your perfect combination in the pricelist or by using the online Audi configurator.

Your configurator

The easy way to build your Audi.

Our online configurator makes it simple to create your ideal Audi, using the options featured in this brochure or in the Audi Q2 Pricelist.

Visit www.audi.co.uk/configurator to create your perfect Audi Q2

Audi Genuine Accessories

Personalise your Audi today.

Make your Audi Q2 your own by adding some genuine accessories. They're all created by Audi and specially crafted for our models, so they'll deliver the high standards you expect. What you see here is just a selection. See the full collection at www.audi.co.uk/accessories or speak to your Audi Centre for pricing.

Protection Pack

Safeguard the interior of your Audi against daily wear and tear. We have accessories to protect your car against everything from muddy footprints to damage caused by loading and unloading luggage. Contains flexible luggage compartment load liner, rubber front mats and rear bumper protection film.

Touring Pack

Whether it's a weekend break with the family or a trip across Europe, our Touring Pack gives you more storage options – including a handy cool box to keep food fresh. Contains rear seat storage bag, waste bag and cool bag.

Business Pack

This range of accessories is designed to make business travel simple. With convenient storage for suits, laptops and more, it lets you have everything organised for your arrival. Contains laptop holder bag, seat-mounted coat hanger and waste bag.

Comfort Pack

This Pack provides useful ways to separate and organise the contents of your boot, as well as a convenient coat hanger to keep clothing free of creases. Contains coat hanger, boot box and boot tidy.

Your finance

Get your finance quote in seconds.

Simply go to www.audi.co.uk and enter a few details to see the monthly payments you could be making on a new Audi Q2. Below we've outlined some of the different options available – you just need to choose your annual mileage and length of term, then pay an initial deposit that could be as little as one monthly payment.

Solutions Personal Contract Plan

A flexible finance plan designed to give you a number of options, making it ideal if you want to change your car more regularly. At the end of the agreement, you have three choices:

1. Exchange the car for a new Audi.
2. Pay the option to purchase fee and optional final payment, then take full ownership of the car.
3. Simply return the car to Audi (fees may be payable).

Hire Purchase

If you know you'd like to keep your Audi, Hire Purchase could be right for you. And as you're making your payments with a view to owning the car, there's no restriction on how far you can drive each year.

Contract Hire

If you don't want to own your Audi, Contract Hire could be a great option. You can add a service, maintenance and tyres plan and, for VAT-registered businesses, an element of the VAT on rentals may be recoverable. You simply need to commit to a regular monthly payment and hand your car back at the end of your agreement (subject to our return standards).

Online Finance Calculator

Use our online Finance Calculator to get a personalised quote that suits you. Simply visit the Finance and Offers section on www.audi.co.uk and you can choose between our Solutions Personal Contract Plan and Contract Hire calculators to see what you can expect to pay for your new Audi.

Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance* is included as standard with all new Audi models. To activate it, simply call 0330 303 6900, give us a few details and you can drive it away as soon as you take delivery.

Telephone lines are open Monday to Friday 8am–8pm, and Saturday 9am–4pm. For details of our full range of insurance products, visit www.insurewithaudi.co.uk

*Subject to eligibility criteria. Audi Motor Insurance is sold and administered by Ageas Retail Limited. Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered in England and Wales No. 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Important information

Welcome to Audi.

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi customer care

Every new Audi includes these reassuring features as standard:

- 3-year Audi warranty (unlimited mileage in the first 2 years, with a full mechanical and electrical warranty up to 60,000 miles in the third year)

- A 3-year paint warranty

- A 12-year anti-corrosion warranty

- 3-year UK roadside assistance and recovery

- 3-year accessories warranty on any accessories purchased with your car (2-year warranty if purchased separately from your new Audi)*

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information.

Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Information in this guide

We've done all we can to make the prices, specifications, technical details and all other information you see in this brochure accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre.

We reserve the right to change prices or specification at any time. All prices shown in this guide include VAT which is currently charged at 20%.

Delivery charges and number plates are not included in the Total RRP inc VAT vehicle price.

Delivery charge	£504.99
-----------------	---------

Number plate	£20.00
--------------	--------

VAT	£105.01
-----	---------

Total	£630.00
-------	---------

Recommended On-The-Road (OTR) prices include the delivery and number plate charges above, Road Fund Licence (which may vary depending on model/transmission – see table for details) and first registration fee at £55.00.

The images featured in this brochure are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and diesel engines	First year	Annual rate (second year onwards)
A - up to 100g/km	£0	£0
B - 101 to 110g/km	£0	£20
C - 111 to 120g/km	£0	£30
D - 121 to 130g/km	£0	£110
E - 131 to 140g/km	£130	£130
F - 141 to 150g/km	£145	£145
G - 151 to 165g/km	£185	£185
H - 166 to 175g/km	£300	£210
I - 176 to 185g/km	£355	£230
J - 186 to 200g/km	£500	£270
K - 201 to 225g/km	£650	£295
L - 226 to 255g/km	£885	£500
M - over 255g/km	£1,120	£515

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details. Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Important information

Audi Connect Infotainment Services

Audi Connect Infotainment Services are provided via a SIM card embedded in the vehicle. The cost for data connection is free of charge during the standard 3-month free trial, or included within the cost of the optional Audi Connect Infotainment Services 36-month subscription. Data is unlimited (but you will not, for example, be able to use the embedded SIM to provide Wi-Fi hotspot services or tether any other device to the embedded SIM). There are no additional charges for data roaming within the EU (availability of services limited to certain countries).

Audi Connect Infotainment Services are available only within the range of the selected mobile phone network operated by Audi's chosen mobile phone provider. The content and scope of the online-based services offered may vary.

Audi Connect Infotainment Services enable access to certain search, social media and other online services provided by third parties. Permanent availability cannot be guaranteed, as this is the responsibility of the relevant third-party provider. Google and the Google logo are registered trademarks of Google Inc. All other trademarks are the property of their respective owners.

The availability of services supported by Audi Connect Infotainment Services varies from country to country and can be dependent on the capability of your mobile phone. For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.

Audi Connect Infotainment Services 3-month trial

The 3-month free use of Audi Connect Infotainment Services is activated from vehicle delivery. Should you wish to continue with the services after the 3 months, please consult your Audi Centre for details. Charges will apply upon renewal.

The Audi Connect Infotainment Services listed are correct at time of publication, please be aware that we cannot guarantee permanent availability to all these services throughout the 3-month trial.

Audi Connect Infotainment Services 36-month subscription

If purchased as part of the optional Technology Pack, a 36-month subscription for the use of Audi Connect Infotainment Services is activated from vehicle delivery. The Audi Connect Infotainment Services listed are correct at time of publication. Please be aware that we cannot guarantee permanent availability to all these services throughout your subscription. Should you wish to continue to use Audi Connect Infotainment Services after 36 months, please consult your Audi Centre for details. Charges will apply upon renewal.

Map updates for MMI Navigation Plus

The map version delivered with your vehicle can be updated with the first 5 updates after vehicle delivery. Updates are issued at intervals of 6 months. The current navigation data can be downloaded from the myAudi platform at www.audi.com/myaudi and installed in the vehicle via SD card.

Diamond cut finish alloy wheel

Diamond cut is a special finish on aluminium wheels. It is also sometimes referred to as 'polished' or 'partly polished'. Special aftercare should be taken when driving in extreme wintry road conditions.

For manufacturing reasons, these wheel surfaces do not have sufficient corrosion protection for such use and they can be permanently damaged by road salt or similar.

CO₂ and fuel consumption figures

Official fuel consumption figures for the Audi Q2 in mpg (l/100km) from: Urban 41.5 (6.8) – 57.6 (4.9), Extra Urban 55.4 (5.1) – 68.9 (4.1), Combined 48.7 (5.8) – 64.2 (4.4). CO₂ emissions 114 – 131g/km.*

For full technical data by engine, please see the pricelist on www.audi.co.uk/pricelist

*Fuel consumption and CO₂ emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. Optional wheels may also affect emissions and fuel consumption figures. More information is available at www.dft.gov.uk/vca
