The new BMW X1.**

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

■ Standard equipment □ Optional equipment

AERODYNAMICS.

■ Targeted aerodynamic changes to the vehicle body, such as air vent control, Air Curtain and Air Blades, improve its air resistance. The airflow-optimised components contribute not only to reduced fuel consumption but also reduce the level of noise in the interior.

BMW EFFICIENT DYNAMICS.

■ Get more out of every litre of fuel with BMW EfficientDynamics: better performance, greater efficiency and a heightened driving pleasure. Technical innovations that lower fuel consumption while simultaneously increasing driving pleasure mean that pure dynamics come standard in every BMW.

AUTOMATIC TRANSMISSION.

□ The eight-speed Sport automatic transmission offers sporty gear changes and an expert function for race track operation.

DRIVE PERFORMANCE CONTROL INCLUDING ECO PRO MODE.

■ Drive Performance Control lets the driver choose between the standard Comfort mode, ECO PRO mode, which is geared towards efficiency, and Sport mode which enables even more dynamic driving. ECO PRO mode adjusts the characteristics of the accelerator, automatic transmission and the heating/air conditioning settings to make the drive as fuel-efficient as possible.

BRAKE ENERGY REGENERATION.

■ With Brake Energy Regeneration, the alternator generates electricity primarily when you brake or take your foot off the accelerator. Previously unused kinetic energy is thereby transformed into electrical energy and fed into the battery.

OPTIMUM SHIFT INDICATOR.

■ The Optimum Shift Indicator shows the most efficient gear for any given driving situation. In all BMW models, the display informs you of the current gear and gives shifting recommendations. This noticeably lowers fuel consumption through perfectly timed gearshifts, particularly in urban environments and over long distances.

□ **Adaptive suspension** makes it possible to adjust the damper characteristics to suit the driving situation and optimises ride comfort and driving dynamics. Only available for M Sport models.

□ The **M Sport steering** creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. The vehicle can be directed more precisely, offering highly athletic handling characteristics, particularly on winding roads. Part of the M Sport Plus pack.

■ The **M Sport suspension** is set 10mm lower and provides a firmer ride.

■ The **seven-speed Sport automatic transmission** with dual-clutch technology offers even sportier gear changes. Exclusively available for sDrive20i.

□ The **M Sport brake** with multi-piston brake calipers in Blue and M lettering delivers exceptional braking performance. Adapted to the vehicle's extremely high dynamic potential, it also allows for a more athletic driving style and excellent braking on wet surfaces. Part of the M Sport Plus Pack.

□ For maximum traction, driving dynamics and safety, the **BMW xDrive all-wheel drive system** provides variable drive power distribution to the front and rear axles.

DRIVER ASSISTANCE.

□ **Driving Assistant Plus** includes Lane Departure Warning, Front collision warning with brake intervention, High-beam Assistant, Speed Limit Info, Active Cruise Control with Stop&Go function and Traffic jam Assist. Lane Departure Warning detects lane markings and helps prevent inadvertent departure from the lane by transmitting perceptible vibrations via the steering wheel. Front Collision Warning with brake intervention consists of approach control/person warning with city braking function and enables warning and braking within a certain speed range for vehicles and persons. Also reacts to stationary target objects. High-beam Assistant features automatic switching on and off of the high-beam headlights depending on the traffic situation. If the Speed Limit Info detects a speed restriction, this can only be automatically transferred to the manual speed limiter by pressing the rocker switch on the steering wheel including no-overtaking indicator. Active Cruise Control with Stop&Go function maintains the selected speed and distance from the vehicle ahead at speeds between approximately 0-85mph. Traffic jam Assist supports the driver in keeping in the middle of the lane by means of corrective steering interventions. Only available with Automatic transmission.

■ In xDrive models, the **Hill Descent Control** equipment supports the driver on steep downhill routes. The system keeps the vehicle's speed constant without the driver having to brake, so that they can focus their attention entirely on steering.

■ The **Park Assist** makes parallel parking easier. The system works by measuring potential spaces while driving past at a low speed. When a suitable space has been found, the Parking assistant takes over the steering, while the driver is responsible for selecting the correct gear, as well as pressing the accelerator and brakes.

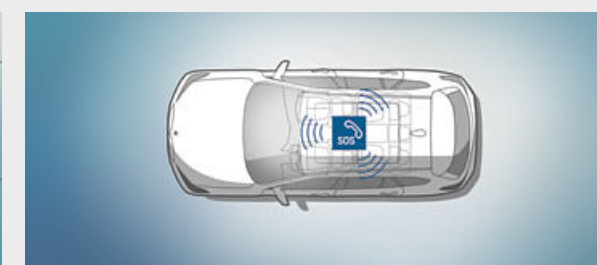

□ The **Reversing Assist** camera provides assistance for reverse parking and manoeuvring. It shows the area behind the vehicle on the Control Display. The camera is located in the rear tailgate trim above the number plate.

SAFETY.

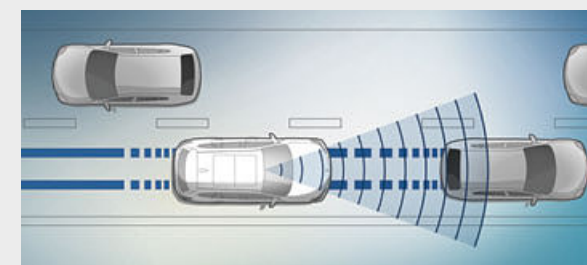

■ Standard equipment □ Optional equipment

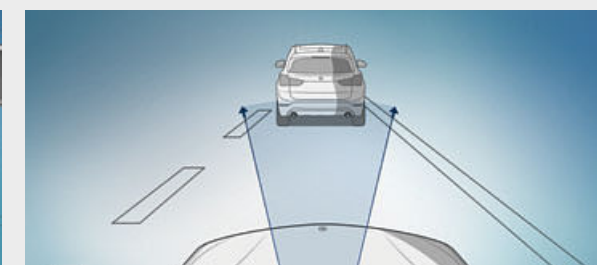

□ The **Adaptive LED headlights** feature full LED front lights, BMW Icon design light module, adaptive LED light distribution, striking LED position/daytime driving lights from icons, High-beam Assistant and automatic beam-throw control.

■ Intelligent **Emergency Call** reacts automatically if an accident occurs, quickly getting help for you and your passengers.

□ **Active Cruise Control with Stop&Go** function maintains your pre-selected speed, as well as the distance to the vehicle ahead. The vehicle takes over accelerating and braking and keeps the predetermined distance to the vehicle ahead even in slow-moving traffic and down to a stand-still in traffic jams.

■ **Active Guard** is an automatic emergency braking system to help prevent forward collisions at high and low speeds. The Forward collision warning issues an audible and visual warning to the driver.

CONNECTIVITY AND INFOTAINMENT.

BMW ConnectedDrive Connected to be free.

NAVIGATION PLUS.

□ BMW Navigation Plus features a 10.25" Touch Display and instrument cluster with 5.7" TFT display. Operation is via the iDrive Controller, direct selection buttons, six or eight programmable favourites buttons, Voice Control or via the Touch function on the Control Display. Only available as part of the Tech Pack II.

DISPLAY, OPERATING CONCEPT.

■ In line with the state-of-the-art driver orientation in a BMW, all displays and controls are neatly arranged and within easy reach. They are clearly grouped into the four major categories of driving, comfort, display and operation. This means that new drivers can quickly find their bearings and the amount of time their eyes are diverted from the road is kept to a minimum.

HEAD-UP DISPLAY.

□ The Head-up Display projects information relevant to the journey onto the windscreen directly into the driver's field of vision. The display includes information such as the current speed, navigation directions, driver assistance and entertainment lists. Only available as part of the Tech Pack II.

ENHANCED BLUETOOTH WITH WIRELESS CHARGING.

□ Enhanced Bluetooth with wireless charging enables a Bluetooth connectivity and includes a wireless charging dock and additional USB ports. Two mobile telephones and an audio player can be connected simultaneously. Also included is the technical capacity for a wifi hotspot. Part of the Tech Pack I.²

APPLE CAR PLAY® PREPARATION.

□ Apple CarPlay® preparation enables wireless and comfortable usage of your iPhone® in your vehicle via Apple CarPlay®. It is operated seamlessly via the vehicle's user interface.¹

BMW CONNECTED / BMW CONNECTED+.

■ The BMW Connected App provides a seamless connection between your mobile phone and car and acts as your personal mobility assistant. It enables access to your car using your smartphone or smartwatch, can send destinations to the navigation system or receive reminders for meetings to make sure you arrive there on time.

¹ Functions using a data connection will use data from the SIM card in the iPhone®. Additional data charges may be applied by the mobile network provider. Compatibility and functions may vary due to the model year of the iPhone® and the version of software installed on it.

² Data subscription costs apply and may be purchased separately.

COMFORT AND FUNCTIONALITY.

■ Standard equipment □ Optional equipment

■ The **electrically-opening tailgate** has a button on the driver's side door panel and one in the tailgate for closing and opening. Closing can also be done via a keyfob.

□ **Comfort Access** enables keyless access to the vehicle. Includes a smart opener for contactless opening of the tailgate. Also includes handle-area lighting in the outside door handles (front and rear) and Comfort Go (keyless starting the engine). Available as part of the Comfort Pack II.

□ The **Panoramic glass sunroof** has an automatic integral wind deflector, heat-reflecting glass for sun protection and an independently-sliding headlining panel (colour matched to headlining).

■ **Extended storage** offers additional storage options in the interior and luggage compartment. It includes a centre armrest containing two cupholders for the rear seats, nets on the front-seat backrests, two USB sockets in the rear centre console together with a 12V socket and storage net in the luggage compartment.

■ The **automatic air conditioning** with two-zone control includes temperature controls for the driver and front passenger, Automatic Air Recirculation (AAR) and an active carbon microfilter. Also features temperature and fan controls with Max cool button and windscreen demist.

□ **Extended lighting** includes various LED light sources, both interior and exterior, for extra convenience and interior ambience. The colour of lights on certain parts of the interior of the vehicle can be changed. Available as part of the Comfort Pack I for SE and Sport models. Standard for xLine and M Sport models.

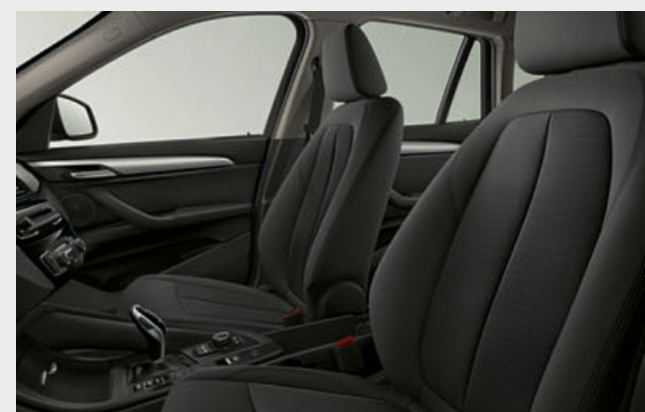

■ Standard equipment □ Optional equipment

Selected SE model equipment features:

- 17" light alloy V-spoke style 560 wheels
- Standard seat for driver and front passenger in Anthracite Grid cloth upholstery
- Interior trim, Oxide Silver with Black, High-gloss finisher
- LED headlights
- Sport multi-function leather steering wheel, three-spoke
- Drive Performance Control including ECO PRO
- Performance Control
- Air conditioning, automatic with two-zone control
- Rain sensor, with automatic headlights
- BMW Navigation System with 8.8" touch display
- Park Distance Control (PDC), front and rear
- Park Assist
- LED front foglights

■ BMW Navigation features the latest generation of BMW navigation system with iDrive 6 (ID6) software for the 8.8" Touch Display. The system is operated intuitively using either the iDrive Controller, the direct selection buttons and six or eight functional bookmarks, Voice control or the touchscreen with interactive tiles.

■ The seat height and backrest angle of the standard seats for the driver and front passenger, along with the fore-and-aft position and headrest height, can be manually adjusted.

■ 17" light alloy V-spoke style 560 wheels, 7.5 J x 17 with 225/55 R17 tyres. Standard on SE models.

□ 17" light alloy Double-spoke style 564 wheels, 7.5 J x 17 with 225/55 R17 tyres. Optionally available on SE models.

■ Standard equipment □ Optional equipment

□ The Panoramic glass sunroof has an automatic integral wind deflector, heat-reflecting glass for sun protection and an independently-sliding headlining panel (colour matched to headlining).

■ Shown here, the Sport seats for driver and front passenger include manual adjustment for seat height, backrest, fore and aft position, tilt and thigh support. Head restraint height remains manually adjustable. Exclusively available for Sport models, the Nivala cloth/Sensatec upholstery in Anthracite with Orange highlight provides an athletic ambience throughout the cabin.

Sport model exterior equipment:

- Chrome Kidney grille with 14 Black vertical slats
- Front bumper with underbody protection in the body colour
- Rear bumper underbody protection in the body colour with High-gloss Black insert
- 18" light alloy Double-spoke style 568 wheels
- High-gloss Shadowline exterior trim
- Front air inlets with High-gloss Black finisher
- Roof rails in High-gloss Shadowline

Sport interior equipment:

- Door sill finishers with BMW designation, front
- Sport seats, front, in a Nivala Cloth/Sensatec combination in Anthracite with an Orange or Grey highlight
- Contrast stitching on the instrument panel and centre console to match the seat upholstery highlight stitching
- High-gloss Black interior trim with a Pearl Chrome finisher
- LED ambient lighting in the door trim
- Sill cover finished in the body colour and Matt Black
- Stainless steel insert on the loading edge in the luggage compartment

■ 18" light alloy Double-spoke style 568 wheels, 7.5 J x 18 with 225/50 R18 tyres. Standard on Sport models.

□ 19" light alloy Y-spoke style 511 wheels, 8 J x 19 with 225/45 R19 run-flat tyres. Optionally available on Sport models.

■ Standard equipment □ Optional equipment

□ BMW Navigation Plus features a 10.25" Touch Display and instrument cluster with 5.7" TFT display. Operation is via the iDrive Controller, direct selection buttons, six or eight programmable favourites buttons, Voice Control or via the Touch function on the Control Display. Only available as part of the Tech Pack II.

■ Creating a fresh feel throughout the interior, the standard seat with perforated Dakota leather in Oyster is perfectly complemented by the Grey highlight and stitching. The seat height and backrest angle of the standard seats for the driver and front passenger, along with the fore-and-aft position and headrest height, can be manually adjusted.

xLine model exterior equipment:

- Kidney grille with grille frame in High-gloss Chrome and 14 matt Aluminium fronted, with matt sides, vertical slats
- Front bumper with underbody protection in Silver matt
- Rear bumper underbody protection in Black Silver and Silver matt insert
- 18" light alloy Y-spoke style 579 M wheels, Bicolour
- Roof rails in Satin Aluminium
- Satin Aluminium exterior trim
- Exterior mirrors - electrically folding with anti-dazzle
- Front air inlets in Black matt with Silver matt finisher

xLine model interior equipment:

- Door sill finishers with BMW designation, front
- Standard seats for the driver and front passenger; Sport seats optionally available
- Seat heating for driver and front passenger
- Dakota leather upholstery with perforation and contrast stitching
- High-gloss Black interior trim with Pearl Chrome finisher
- Sill cover in Black matt with Silver matt insert
- Extended lighting with X logo projection

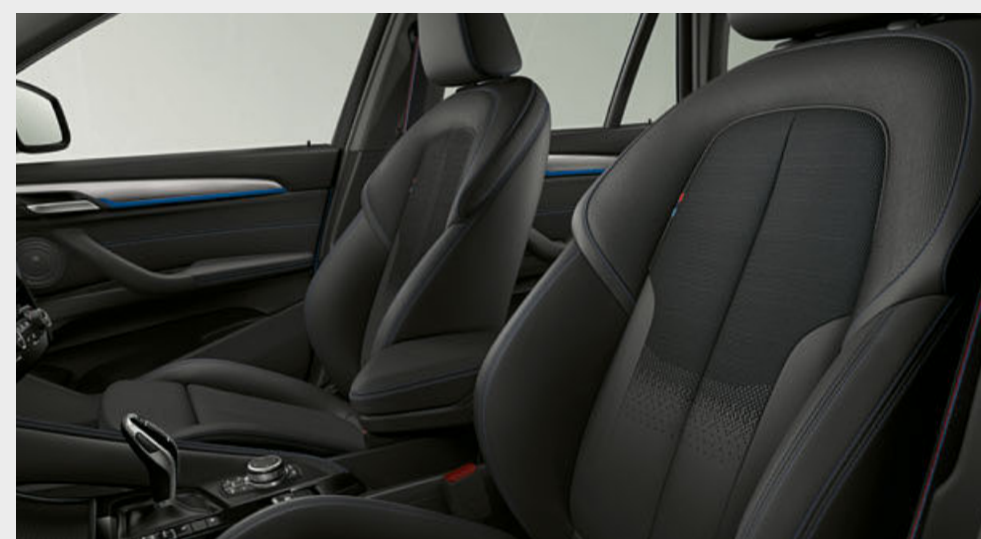

■ 18" light alloy Y-spoke style 579 wheels, Bicolour, 7.5 J x 18 with 225/50 R18 tyres. Standard on xLine models.

■ Standard equipment □ Optional equipment

■ The M Sport steering wheel in Nappa leather is a three-spoke design and features shaped thumb rests, a Pearl Chrome highlight and M badge.

■ With a range of Dakota leathers available for M Sport models, there are plenty of options to customise the interior. Shown on the left, the standard Sport seats are upholstered in Black Dakota leather with Blue stitching and perfectly complemented by the Aluminium Hexagon interior trim with Estoril Blue finisher.

M Sport model exterior equipment:

- 18" M light alloy Double-spoke style 570 M wheels
- High-gloss Shadowline exterior trim
- Kidney grille with 14 Black vertical slats and grille frame in Chrome
- Exterior mirrors – electrically folding with anti-dazzle
- M aerodynamic bodystyling:
 - side sills and wheel arch trims in body colour
 - front bumper with enlarged air intakes with Dark Shadow finisher
 - rear bumper with Dark Shadow effect and underbody protection in body colour
- M logo on the sides in Chrome
- M Sport suspension
- Roof rails in High-gloss Shadowline
- Remote control with integrated key and M-specific highlight

M Sport model interior equipment:

- Gearshift lever with M designation, short shift (manual transmission only)
- Headlining in Anthracite
- Aluminium Hexagon interior trim with Estoril Blue finisher
- Seat heating for driver and front passenger
- Dakota leather upholstery with perforation and contrast stitching
- M Sport multi-function leather steering wheel
- Sport seats (front)
- Extended lighting with X logo projection

■ 18" M light alloy Double-spoke style 570 M wheels, Bicolour, 7.5 J x 18 with 225/50 R18 tyres. Standard on M Sport models.

□ 19" light alloy M Double-spoke style 816 M wheels, Bicolour, 8 J x 19 with 225/45 R19 run-flat tyres. Optionally available on M Sport models.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

■ The three-spoke, Sport leather steering wheel has contoured thumb rests and a Pearl Chrome finisher.

■ The Send my routes to car function of BMW Connected allows you to plan your intelligent routes and transmit them to your BMW before getting in yourself. Once you are in the car, and it has established a Bluetooth connection with your smartphone, you can launch route guidance with a single tap.

□ The exterior mirrors are electrically folding, with the mirror on the driver's side also featuring an automatic anti-dazzle function. The front passenger's exterior mirror features an automatic dipping parking function when reverse gear is engaged. Mirror heating, mirror memory. Also available as part of the Comfort Pack I for SE and Sport models. Standard for xLine and M Sport models.

□ The Head-up Display projects information relevant to the journey onto the windscreen directly into the driver's field of vision. The display includes information such as the current speed, navigation directions, driver assistance and entertainment lists. Only available as part of the Tech Pack II.

■ The seven-speed Sport automatic transmission with dual-clutch technology offers even sportier gear changes. Exclusively available for sDrive20i.

□ The Panoramic glass sunroof has an automatic integral wind deflector, heat-reflecting glass for sun protection and an independently-sliding headlining panel (colour matched to headlining).

■ The LED headlights include full LED front lights, BMW Icon design light module, turn indicators in the eyebrow and LED BMW Icon Design daytime running lights, manual beam-throw control and welcome light.

■ The two-part rear lights with LED technology in characteristic L design consist of one lighting segment in the body of the vehicle and one in the tailgate. Thanks to the dynamic brake light function, the drivers of vehicles behind are warned by flashing brake lights should the vehicle brake hard in a hazardous situation.

■ The Rain sensor with automatic headlight activation automatically activates the windscreen wipers and low-beam headlights.

■ The Child seat ISOFIX attachment is for mounting an ISOFIX child seat to the front passenger seat and outer two rear seats. The attachment latch is concealed in the seating frame.

□ The detachable towbar can also be concealed. It has a 13-pin European-style trailer socket and converter/adaptor to 7-pin. Includes Trailer Stability Control.

■ Standard equipment □ Optional equipment

□ The harman/kardon loudspeaker system has a 360W amplifier and multi-channel capability. With 12 speakers optimally designed to suit the interior's sound characteristics, it guarantees an exceptional music experience. Tweeters and subwoofers deliver a brilliant, powerful range of sound.

□ BMW Navigation Plus features a 10.25" Touch Display and instrument cluster with 5.7" TFT display. Operation is via the iDrive Controller, direct selection buttons, six or eight programmable favourites buttons, Voice Control or via the Touch function on the Control Display. Only available as part of the Tech Pack II.

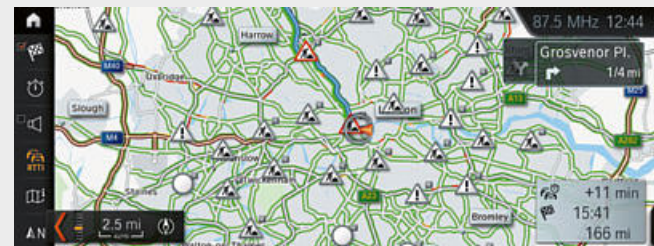

□ Comfort Access enables keyless access to the vehicle. Includes a smart opener for contactless opening of the tailgate. Also includes handle-area lighting in the outside door handles (front and rear) and Comfort Go (keyless starting the engine). Available as part of the Comfort Pack II.

□ Extended lighting includes various LED light sources, both interior and exterior, for extra convenience and interior ambience. The colour of lights on certain parts of the interior of the vehicle can be changed. Available as part of the Comfort Pack I for SE and Sport models. Standard for xLine and M Sport models.

■ The Multi-function controls for the steering wheel can be used to operate the telephone and audio functions. Includes a speed limiting function.

■ Real Time Traffic Information (RTTI) collects current traffic information about motorways, main and country roads as well as the most important urban routes. It relays information about delays and dangers almost instantly. The best alternative routes are suggested accordingly.

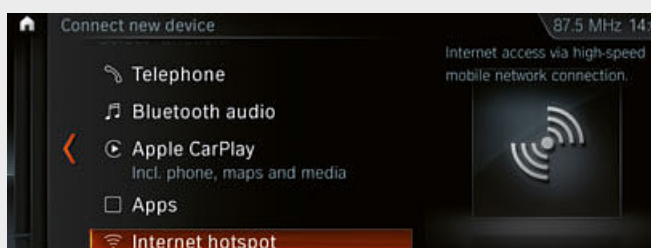

□ At the touch of a button, the Steering-wheel heating quickly warms up the rim to a pleasant temperature, at the push of a button. Part of the Comfort Pack II.

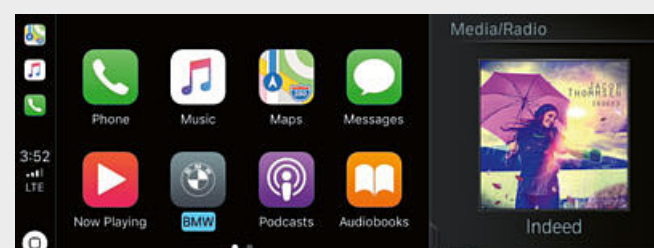

□ The electric adjustment of the seat height, backrest, fore/aft position and tilt is available for both front seats. There is also a memory function for the driver's side with two memory positions. The head restraint remains manually adjustable. Part of the Comfort Pack II.

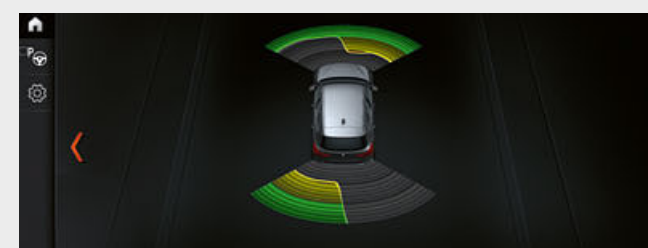

□ Driving Assistant Plus includes Lane Departure Warning, Front collision warning with brake intervention, High-beam Assistant, Speed Limit Info, Active Cruise Control with Stop&Go function and Traffic jam Assist.⁴

□ Wifi hotspot preparation enables the connection of mobile devices to the internet via the SIM card installed in the vehicle. Depending on the local LTE availability, up to ten devices can surf the internet. Part of the Tech Pack I.¹

□ Apple CarPlay[®] preparation enables wireless and comfortable usage of your iPhone[®] in your vehicle via Apple CarPlay[®]. It is operated seamlessly via the vehicle's user interface.^{2,3}

■ Park Distance Control (PDC), front and rear, makes parking and manoeuvring into spaces much easier, giving an audio warning signal for proximity of surroundings together with a visual warning on the Control Display.

□ The Reversing Assist camera provides assistance for reverse parking and manoeuvring. It shows the area behind the vehicle on the Control Display. The camera is located in the rear tailgate trim above the number plate. Part of the Tech Pack I.

¹ Data subscription costs apply and may be purchased separately.

² Functions using a data connection will use data from the SIM card in the iPhone[®]. Additional data charges may be applied by the mobile network provider. Compatibility and functions may vary due to the model year of the iPhone[®] and the version of software installed on it.

³ Please note, purchases of Apple CarPlay[®] via the ConnectedDrive store are not available after production on BMW X1 models.

⁴ Function may be limited in darkness, fog or bright glare.

WHEELS AND TYRES.

□ 17" light alloy Double-spoke style 564 wheels, 7.5 J x 17 with 225/55 R17 tyres. Optionally available on SE models.

■ 18" light alloy Double-spoke style 568 wheels, 7.5 J x 18 with 225/50 R18 tyres. Standard on Sport models.

□ 18" light alloy Double-spoke style 578 wheels, 7.5 J x 18 with 225/50 R18 tyres. Optionally available on Sport models.

■ 18" M light alloy Double-spoke style 570 M wheels, Bicolour, 7.5 J x 18 with 225/50 R18 tyres. Standard on M Sport models.

□ 19" light alloy Y-spoke style 511 wheels, 8 J x 19 with 225/45 R19 tyres. Optionally available on Sport models.

□ 19" light alloy Y-spoke style 580 wheels, Bicolour, 8 J x 19 with 225/45 R19 tyres. Optionally available on xLine models.

□ 19" light alloy M Double-spoke style 816 M wheels, Bicolour, 8 J x 19 with 225/45 R19 run-flat tyres. Optionally available on M Sport models.

GENUINE BMW ACCESSORIES.

Equipment 40 | 41

■ Standard equipment □ Optional equipment ○ Genuine BMW Accessories

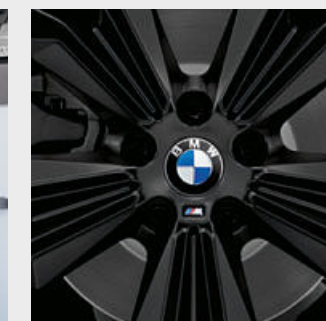

○ This contemporary roof box in Black with titanium silver side trims has a 520-litre capacity and fits all BMW roof rack systems. It can be opened from both sides and features triple central locking on each side which makes it easy to load and provides anti-theft locking. Roof boxes in other sizes are also available. Roof rails required for use.

○ The universal holder is adjustable in terms of size and it is snapped into position into the basic carrier of the Travel & Comfort System that is available separately. It provides a secure hold for a wide range of Apple and Samsung tablets from 7" to 11" with Travel & Comfort tablet safety case. It can be rotated through 360°, tilted and fixed in the desired position.

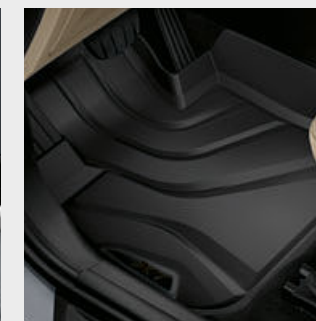

○ This innovative vehicle interior mirror incorporates an adaptive universal remote control for up to three garage doors and property gates.

○ The Floating Hub Cap consists of the BMW logo that does not turn with the wheel but instead remains level.

○ The high-quality 20" M light alloy Double-spoke 717 M wheels are designed in matt Jet Black, weight-optimised with flow forming and with M logo. TPMS summer complete wheel set with run-flat tyres, wheel size 8J x 20 with tyre size 225/40 R20 94Y RSC.

○ Precisely fitting protection against moisture and dirt in the front footwell. Featuring a black design, they perfectly complement the interior.

○ Anti-slip, water-resistant mat for protecting the luggage compartment from dirt and moisture. In black with stainless steel inlay matching the interior.

■ Standard equipment □ Optional equipment

BMW packages in the new BMW X1 are designed to create greater convenience, functionality and comfort on any drive. With options ranging from a selection of visually enhancing design cues to the comfort of driving assistance technologies at your fingertips, this generous selection of combinations will enhance any journey in your new BMW X1.

M SPORT PLUS PACK..
Enhance your new BMW X1 M Sport with the M Sport Plus pack. With this package you receive a generous selection of visual and performance upgrades to deliver the ultimate BMW experience.

- The **Sun protection glass** is dark tinted glass for the rear side windows and rear windows.
- With its 360W amplifier, twelve speakers and multi-channel capability, the **harman/kardon loudspeaker system** ensures a phenomenal sound experience.
- The **M seat belts** in Black are finished with a coloured M seam and are fitted to all five seats.
- The high-performance **M Sport braking system** is distinguished by exclusive dark Blue brake callipers with M lettering and outstanding braking performance. Also shown here, **19" M Double-spoke style 816 M wheels**.
- The **M Sport steering** creates a direct and agile steering response with less physical effort required to turn the wheel.

COMFORT PACK I.

Exclusively available for SE and Sport models, the Comfort pack I combines innovative functionality with pure convenience. Offering a range of practical, as well as comfortable, interior solutions, such as seat heating for the front seats, the new BMW X1 is equipped for any drive.

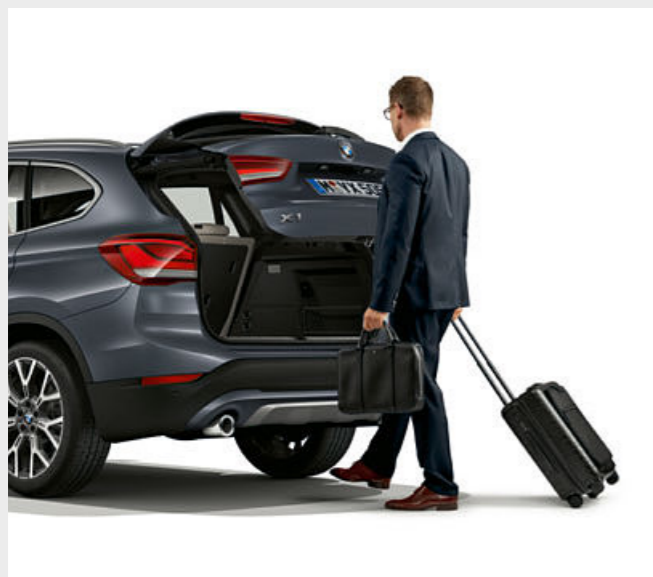

- For greater convenience on any journey, the **Exterior mirrors with automatic anti-dazzle** feature electric fold-in functions.
- The **Seat heating for the driver and front passenger** allows for three-stage heating of the seat base and backrest.
- For increased convenience and a stylish look, the **Extended lighting** features numerous LED lights, both inside and outside the vehicle.

TECH PACK I.

Offering the latest innovations, the Tech pack I is the perfect companion on any journey. From the ability to charge your phone wirelessly to the convenience of parking and manoeuvring with the aid of the Reversing Assist camera.

- The **Reversing Assist camera** provides assistance for reverse parking and manoeuvring.
- **Enhanced Bluetooth with wireless charging** enables a Bluetooth connectivity and the technical capacity for a **WiFi hotspot**.
- The **Adaptive LED headlights** feature full LED front lights, adaptive LED light distribution, High-beam Assistant and automatic beam-throw control.

COMFORT PACK II.

Available for all models, the Comfort pack II provides greater ease of access as well as convenient and practical solutions for any journey. Comfort can be found at your fingertips thanks to the Steering wheel heating, while pure convenience is available with Comfort Access.

- **Comfort Access** makes it possible to access the vehicle (including the tailgate using the smart opener) without removing the key from a pocket or bag. Includes handle-area lighting in the outside door handles, front and rear.
- The **Electric seat adjustment with driver memory** makes it particularly convenient and easy to adjust the driver and front passenger seats.
- Quickly warming up the rim of the steering wheel at the push of a button, the **Steering wheel heating** is especially welcome in winter.

TECH PACK II.

The Tech pack II offers the convenient and innovative driver assistance systems that are sure to complement every drive. With all-relevant driving information projected onto the windscreen and the 10.25" Touch Display, the new BMW X1 ensures you are well equipped.

- The **Head-up Display** projects information relevant to the journey onto the windscreen directly into the driver's field of vision.
- **BMW Navigation Plus** features a 10.25" Touch Display and instrument cluster with 5.7" TFT display.

BMW X1 xDrive20i xLine:

BMW TwinPower Turbo four-cylinder petrol engine, 192hp (141kW), 19" light alloy Y-spoke style 580 wheels in Bicolour with run-flat tyres, Storm Bay metallic paint, Sport seats, Dakota leather in Oyster with Grey highlight, Fine Oak matt wood interior trim with Pearl Chrome finisher.

The models illustrated in this brochure show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations, as described in this brochure, may differ at the time of printing, or according to the specific requirements of other markets. Your local BMW Retailer is available to provide further details. Subject to alteration in design and equipment. Part number 01 29 2 466 883 V1. July 2019.
