# FAQS.

## ISN'T BEING PART OF THE SCHEME FAR MORE COMPLEX THAN RUNNING MY OWN CAR?

No. Signing up to the Scheme is simple and we handle the whole process for you. It also takes the hassle out of owning a car as insurance as well as servicing and maintenance are all covered and once you've had the car for three years we will replace it with a new one.

## CAN I INSURE MY PARTNER/CARER/OTHER FAMILY MEMBER TO DRIVE THE VEHICLE?

You can have up to two other named drivers on the car under the Motability Scheme, so you don't have to be the sole driver. You, plus one other person can be the named driver, or in instances where the person eligible is unable to drive, you can have two others (such as a parent and a carer) as the named drivers on the vehicle.

## WHAT ARE THE RUNNING COSTS OF A NEW BMW?

Aside from the cost of fuel, your Motability Scheme lease covers everything you need to keep your car running smoothly, including maintenance and servicing, so that you can enjoy worry-free motoring without the hassle of unexpected bills or repairs and enjoy the unique BMW driving experience.

Fuel economy and CO<sub>2</sub> results for the BMW range on the Motability Scheme excluding the BMW i3: 34.4 mpg (8.2 l/100km) – 49.6 mpg (5.7 l/100km) Combined. CO<sub>2</sub> emissions 148-114g/km.

\*Fuel economy and CO<sub>2</sub> results for the BMW i3 range on the Motability Scheme:

Mpg N/A. CO<sub>2</sub> emissions: 0 g/km. Electric range: 193 miles. Electric energy consumption: 16.5-11.1 kWh/100km.

Figures are for comparison purposes and may not reflect real life driving results which depend on a number of factors including the starting charge of the battery, accessories fitted (post registration), variations in weather, driving styles and vehicle load. For battery electric vehicles they were obtained after the battery had been fully charged. Battery electric vehicles require mains electricity for charging. All figures were determined according to a new test (WLTP). The CO<sub>2</sub> figures were translated back to the outgoing test (NEDC) and will be used to calculate vehicle tax on first registration. Only compare fuel consumption, CO<sub>2</sub> and electric range figures with other cars tested to the same technical procedure.

Prices are correct at publication for orders placed and accepted between 1 July – 30 September 2019. Prices subject to change without notice and availability. All models on the Motability Scheme include optional metallic paint at no extra cost. Models featured may include options at an additional cost. The facilities offered are for the hire (bailment) of goods. The Motability Scheme is administered by Motability Operations Limited (Registered Company No. 1373876), City Gate House, 22 Southwark Bridge Road, London SE1 9HB. To qualify you must be in receipt of either the Higher Rate Mobility Component of Disability Living Allowance (DLA), the Enhanced Rate of the Mobility Component of Personal Independence Payment (PIP), the War Pensioners' Mobility Supplement (WPMS) or the Armed Forces Independence Payment (AFIP), which will be taken in lieu of the four weekly rental.
