MOT Test – Cover provided by Volkswagen Financial Services

To make life easier and to ensure the safety of your vehicle All-in includes **2 MOT Tests.***

The MOT is an annual test of the vehicle's safety, roadworthiness and exhaust emissions. It is a legal requirement for which you receive a certificate once passed that you need to keep safe.

During the MOT, important parts of your vehicle will be checked to make sure they meet the legal standards. If it doesn't pass, the required repairs will be highlighted to you but are not covered by the MOT itself.

For customers in Northern Ireland 2 MOT pre-checks are also included, as well as drop-off & collection to and from the local government MOT test centre.

Top tips to keep everything in order:

- ✓ If the timings work for your Volkswagen, it is possible to carry out your service and MOT at the same time.
- ✓ Be aware of your date of registration so that you can book your MOT on time.

Warranty – Provided by Volkswagen UK and administered by Volkswagen Financial Services

To help avoid unexpected repair costs, and to prevent you from worrying about what might happen in the months ahead. All-in from Volkswagen includes a 2-year mechanical and electrical component warranty at no additional cost†.

This warranty policy covers the costs* of repairing or replacing the covered components that have suffered a sudden electrical or mechanical failure during the period of cover. This includes cover for electrical or mechanical failure due to water ingress and consequential failure (up to £5,000 per claim inclusive of VAT for the latter).

The warranty is valid in the United Kingdom and for up to sixty days during the period of cover in Continental Europe.

The key exclusions are:

- All bodywork, glass and seals
- Certain wear and perishable items
- Wear and tear where it occurs over 100,000 miles from first registration

- Any defects that are likely to have existed before the period of cover
- Faulty repairs, incorrect servicing or failure to have the vehicle serviced in accordance with the manufacturer's recommendations
- Losses or damage due in any way to any type of accident, misuse or any act or omission which is wilful, unlawful or negligent
- Vehicles modified in any way from the original manufacturer's specification
- Any vehicle which is owned by a business formed for the purpose of selling or servicing motor vehicles or for hire or reward or by a driving school
- Any vehicles used for competitions of any kind, racing, pacemaking, rallies, off-road use including track days

Always make sure your service record is kept up to date, this can help to prevent any discrepancies later. If you fail to have the covered vehicle serviced correctly in accordance with the manufacturer's specifications during the period of cover, or you are unable to produce proof of such servicing if we request it, then this may invalidate your cover or we may not pay all or any part of a claim you make.

Please ensure you read the terms and conditions relating to your Warranty cover, which you can find [here](#). This will give you information about your warranty policy, including all exclusions and inclusions, as well as how to make a claim.
