

Dacia Sandero Stepway

The supermini with **SUV style**

Easy **on the eye**

– easy on the wallet

The best of **both worlds**

Looking for a practical, good value car that's not dull as dishwater? Well, you're in the right place. The New Dacia Sandero Stepway is proof that affordable can also mean stylish. Not to mention comfortable and fun.

Combining the practicality of a family hatchback with the rugged good looks of an SUV, you really can have it all.

Start with our multi-award-winning New Dacia Sandero (six **WhatCar awards*** if you're counting). Add some rugged, dynamic off-roader style. Throw in some classy interior touches, like new upholstery and a new steering wheel. We think you'll agree the result is a bit of a winner.

Auto Express thought so, praising the Sandero Stepway's "Low purchase price, spacious interior, and punchy diesel engine"******. So why compromise? **Enjoy the best of both worlds now.**

Stand out from the crowd

If you're tired of the same old family cars, then the Sandero Stepway is a breath of fresh air. Whether you're on the school run or the open road, it's not short on style either.

For starters there's the raised ride height. It really puts you in the driving seat with a clearer view of whatever's ahead. Then there are the **16" wheels**, skid plates, and black wheelarch extensions and side sill. Everything you need for some rugged SUV style.

Look the business with satin chrome roof bars, stunning metallic colours, a restyled front grill and LED day-time running lights.

Throw in a choice of impressively reliable engines, ABS, **Emergency Brake Assist (EBA)** and **Electronic Stability Control (ESC)**. It's quite the performer.

Good looking inside and out

Looks will only get you so far. So we made sure the Sandero Stepway's interior punches above its price bracket too. After all, you spend most of your time driving the car, not gazing at it lovingly (although we won't judge if you do.)

Satin chrome air vent, central console and door handle surrounds? Fancy upholstery and **DAB radio** as standard? Air conditioning to make sure you keep your cool? They're all there and ready to roll.

Five proper seats mean there's plenty of room for the whole family too. And they'll all stay extra safe, thanks to the reinforced body structure, **front and side airbags**, and **height-adjustable headrests**.

The engine room

Reliable performance under the bonnet

Just because your car's affordable, doesn't mean you have to compromise on engine quality. All our engines are rigorously tested, over 800,000 kilometres of test driving in fact. So you can relax every time you turn the key.

Pick the engine for your lifestyle:

The turbocharging TCe engine offers more performance.

- Produces 90 hp from its 3-cylinder, 898cc engine, yet still achieves 55.4 mpg combined and CO2 emissions of 115g/km*.

For ultimate fuel efficiency, try the dCi 90 diesel engine.

- An impressive 74.3 mpg and CO2 emissions of only 98g/km*.

*Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment, for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. The Dacia way

Ten years isn't long. But in that time we've grown from unknown to worldwide warriors. We've sold 4.5 million Dacias globally since 2004. And since we launched in the UK in 2013, 100,000 smart folk have bought themselves Dacias.

It takes something different to make an impact like that. And we've got different by the shed-load.

See, we think practicality should always come first. No silly frills, just exactly the kit and quality you need. So that's what our simple range of smart, reliable cars give you. Our prices are always clear, whether you buy online or at our dealerships across the country. Plus, they're shockingly affordable.

Maybe that's why we've been the **fastest growing car brand** in Europe since 2004. Or maybe it's the awards we keep winning. Who knows? Don't just take our word for it – we've been left loads of genuine customer reviews on **Dacia.co.uk**, and we're pretty popular on car forums too.

Did you know we're part of the **Renault Nissan Alliance**, and share our head office with Renault? That means we also share their **nationwide dealer network**. So if you want to pop in for a look, chat or test drive, chances are we're pretty close by.

Drop in; it's easy to find your local dealer at **dacia.co.uk/find-a-dealer**.
