

The Kia Sorento

Bring on anything.

Movement that inspires

Exterior

Bold new front details

Upscaled LED headlights showcase a new vertical design and a strip of daytime running lights with Kia's next-generation Star-map graphics. Elevated by the restyled hood and radiator grille.

Progressive new rear design

Vertical taillights featuring diagonal-shaped LEDs convey a solid SUV presence from behind. Emphasized too by a wide and rugged rear skid plate. And rounded off by a low, boldly sculpted bumper and exhaust.

Stand-out Front bumper and skid plate

Notice the dynamic feel brought by the boldly proportioned wide bumper and skid plate. Especially combined with a new lower grille design and vertical air intakes positioned in-line below the headlights.

New alloy wheels line-up

Infuse even more boldness. Choose between new 17, 19 and 20-inch alloy wheels. Each with a solid and technical design that adds to the Sorento's impactful detail.

Interior

Savour your own delights.

No matter where you are or where you're going, inside the Sorento you'll find the latest technology and connectivity, ergonomically combined with luxurious space, style and comfort. Ease into the high-quality interior with ambient lighting and discover Nappa leather seats with black headlining.

The interior of the Sorento has been elevated to a more stylish and premium level with the addition of a 12.3" Touchscreen Navigation, a 12.3" Driver Display Screen, and a new crash pad design. It continues to stand out as one of the most well-equipped models in its segment, now boasting several new premium features including Digital Key, Fingerprint Recognition, and 12-Speaker Bose® Premium Sound System.

Images shown are for illustrative purposes only and not to UK specification.

12.3" Touchscreen Navigation. With its high-definition and large display, the system delivers precise navigation guidance. Powered by Kia Connect services free of charge for seven years, its route guidance takes live and predictive traffic data into account to recommend the best route and accurately assess your arrival time. Its destination and points-of-interest search is connected for maximum relevance and reliability, and you can connect the system to your phone's Kia app to access extra features.

12.3" Driver Display Screen. An intelligently designed, customisable supervision cluster provides temperature information, tyre pressure alerts, and other essential vehicle and trip information. It also displays the status of the hybrid charging system, including fuel and battery levels and use (grade dependent).

Images shown are for illustrative purposes only and not to UK specification.

Broaden your options.

When your head says let's push boundaries, the Sorento says let's do it in style. That's why you'll find the ultimate in comfort, space and flexibility wrapped inside its bold exterior design.

Smart power tailgate (height adjustable). Stand behind your Sorento and the tailgate opens automatically. You can also set your preferred opening height to suit situations with reduced headroom (grade dependent).

Flexible boot capacity with second-row one touch remote folding. The Sorento can be transformed quickly from five seats to seven seats, and folding all rear seats is as easy as can be.

Seat split options. Whatever you've got planned and whatever you want to carry, the Sorento comes well prepared.

3rd row partially folded

3rd row folded fully flat

3rd row folded fully flat and 2nd row partially folded

Technology

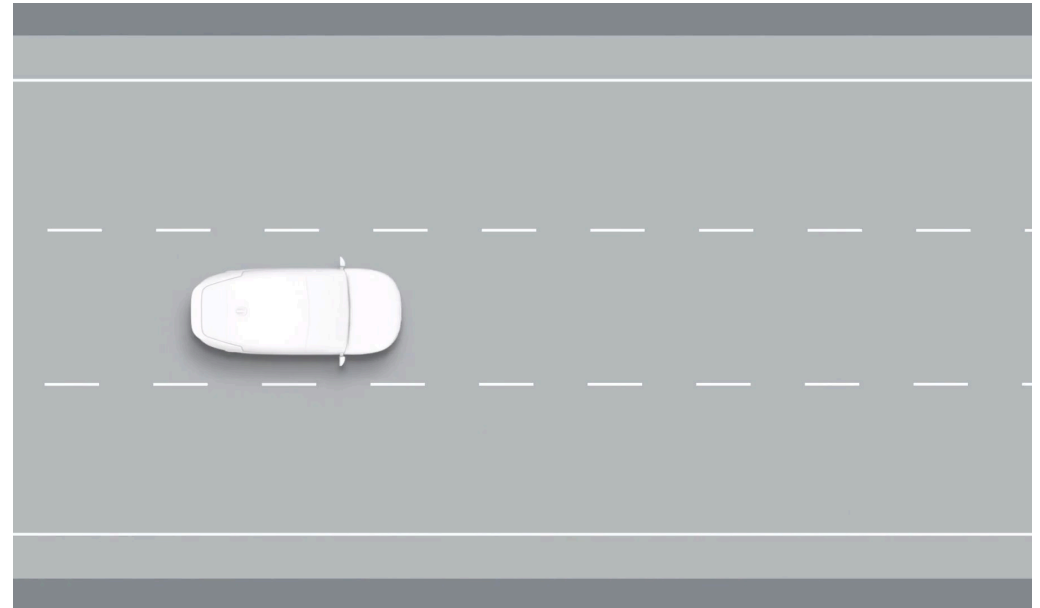

DriveWise technologies for safety and convenience.

No one knows what the road can throw at us, so the Sorento's DriveWise technologies help you remain safe and suitably relaxed.

Forward Collision-Avoidance Assist 2.0. FCA2 gives you added reassurance and helps you to avoid any potential collisions with pedestrians cyclists or other cars on the road. If you are not applying the brakes hard enough to avoid a collision, your Sorento will do it automatically.

Multi-Collision Braking System. If your airbag is fired in response to a collision, a signal is immediately sent to the Electronic Stability Control system to apply the brakes. This helps prevent or mitigate a subsequent collision.

Lane Follow Assist. It assists your steering to keep you in the middle of your lane. It takes the strain out of motorway driving when engaged together with Smart Cruise Control or Highway Driving Assist. Your car adapts its speed on both your set maximum speed and a set distance to the vehicle ahead, while maintaining its place at the centre of the lane.

Blind-spot Collision Avoidance Assist (BCA) with Rear-Cross Traffic Alert (RCTA). Should you start to change lane while a car is in your blind spot, the Sorento will automatically apply the brakes to avoid a collision, the side mirror and head-up warning symbols will flash and an audible alert will sound.

Remote Smart Parking Assist . Remote Smart Parking Assist lets move your Kia Sorento in and out of tight parking spots while standing outside and using controls on your key fob. Your vehicle still monitors surroundings and stops if it detects an obstacle nearby.

Smart Cruise Control with Stop & Go Functionality. It maintains your set speed, ensuring a safe distance between you and the vehicle ahead. It also controls acceleration and deceleration to ensure your vehicle stops when the vehicle ahead does and then moves off when the other vehicle moves again. The function uses navigation data to adapt speed to the curvature of the road; decelerating in bends when required.

Forward/Side/Reverse Distance Warning. The PDW system alerts the driver to any potential risks posed by nearby objects to avoid collisions while moving at low speeds.

Safe Exit Assist. The system sounds an alarm if a passenger tries to disembark while a car is approaching from the back in an adjacent lane.

Wireless Mobile Phone Charger. Forget cables, you can charge your mobile phone wirelessly and effortlessly by placing it on the charging pad at the front of the centre console.

Bose premium sound system. Enjoy the rich sound quality with 12 speakers that deliver a clear audio experience.

Build your Sorento

Kia Charge

Take charge of the possibilities.

EV/HEV Button. This button lets you prioritise between electric and hybrid mode. In EV mode, ideal for urban driving. The Sorento Plug-in Hybrid prioritises electric-only energy for emissions-free driving*. In HEV mode, it operates both energy sources, changing between using the petrol engine only, the electric engine only, or both simultaneously depending on the situation.

Charging port (with integrated charging indicator). The Sorento Plug-in Hybrid comes with a charging cables with Type 2 sockets. Simply plug-in and the LED light located near your charge port will indicate the charging status and battery level.

**There are certain situations in which the petrol engine will automatically activate even when the vehicle is in EV mode. Examples could include: when the hybrid battery state of charge is reduced to a certain level, when acceleration demand is high and/or when it is required*

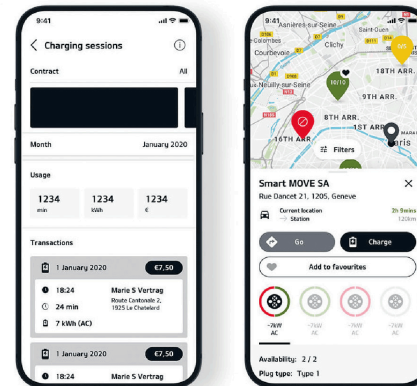

Public charging made easy...

Anxious about using multiple apps and accounts for charging across different public networks?

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Instavolt, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries*.

The only app you need

You can start charging using either the app or dedicated card. And you don't have to make any payment on site: Everything is handled as part of a monthly, itemised billing process.

Reliable, up-to-date information

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

Transparent pricing with monthly payment

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

Best value with a range of bolt-on subscriptions including IONITY

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit kiacharge.com or download the mobile application.

*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription.

Kia Charge and [KiaCharge.com/gb](https://kiacharge.com/gb) are offered by Digital Charging Solutions.

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on Apple™ and Android™).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.

Kia Promise.

Our promise to you.

7 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

With every new or Approved Used Kia you can get driveway insurance and a £250 Excess Return voucher free of charge. All Kia owners can use our Accident AfterCare service and with Kia Care Service Plans we offer great value fixed price servicing.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

At Kia we care about you as an individual and want to deliver service that fits your needs. When you visit one of our Dealers for a service your vehicle will benefit from a complimentary vehicle health check, a wash and vacuum and alternative transport if needed. We look forward to spending time getting to know you!

Kia Charge gives you access to the majority of public charging infrastructure in the UK and across Europe. It lets you locate stations, plan journeys, charge and pay, all with one solution.

Connectivity with Kia Connect & Over-the-Air Updates. Kia Connect is our range of connected services both in-car and through the Kia Connect mobile app. Over-the-Air Updates keep your infotainment system up to date using your Kia's mobile data connection.
