The Big Difference

Just like the petrol grades, it's been totally re-engineered.

A new chassis combined with an independent suspension system, delivers a smooth ride and precision handling. Underneath the sleek bodywork, the power is delivered by a responsive and refined 120PS 1.6 i-DTEC diesel engine. This new sporty hatchback is not just a driver's car, but an economical car as well. It will take you further on each tank full, while giving you a real sense of connection with the road ahead.
