

The Kia K4

Movement that inspires

Design

Modern, elevated design.

We believe in movement that inspires. Design that makes a statement. Technology that exceeds expectations. The Kia K4 redefines its class with confident, stand-out design and generous proportions. Discover a spacious, sophisticated cabin with cutting-edge tech for a premium driving experience. With a range of powertrains to suit every kind of driver as well, including mild hybrid options.

Exterior Design.

Bold, assertive front profile.

Sharp horizontal lines contrast with vertical elements, while the Star Map light signature and LED cube headlights add a modern, sporty edge.

Striking silhouette.

With a low roofline, unique C-pillar element and hidden rear door handles, the K4's streamlined shape is both sporty and effortlessly refined.

Exterior Design.

Signature LED taillights.

From L-shaped LEDs to a sculpted roof spoiler, the K4's rear blends modern style with sporty details for a striking, lasting impression.

A range of wheels to suit you.

Choose from 16, 17 or 18" alloy wheels, each with unique finishes and sporty designs that elevate the K4's look.

Interior Design.

Comfortably spacious.

With roomy seating, clever storage and up to 438 litres of luggage space, the K4 delivers more space and comfort to enjoy on every drive.

Modern ambiance throughout.

A wide dashboard, flowing lines and light from the wide sunroof give the K4's cabin a bright, modern elegance.

Interior Design.

Sporty cabin details.

A three-spoke steering wheel in bio artificial leather, paddle shifters and a new gear selector bring sporty style to the K4 cabin.

Heated and ventilated seats.

The K4 adapts to your personal needs with soft touch artificial leather seats, heated front/rear, and ventilated front seats.

Convenience & Connectivity

Comfort in every detail.

Adaptive ambient lighting.

Set the perfect cabin mood for every drive, from subtle glows to dynamic lighting sequences.

Panoramic triple display.

Settle into the driver's seat and take control, with a 12.3" driver cluster, a 5.3" climate touch screen and a 12.3" navigation system (ccNC).

OTA updates & Kia Upgrades.

Always have the latest maps and infotainment with Over-the-Air (OTA) updates, and unlock new in car services with Kia Upgrades.

Safety

Safer, smarter driving.

Driving Assistants

Highway Driving Assist with Hands-on Detection (HDA2)

HDA2 with HoD* automatically adapts your target speed to meet the limit, while keeping you at safe distance from the vehicle ahead. The upgraded heads-on detection sensors on the steering wheel detect whether you are touching it, even without movement, and adapt your speed accordingly.

*HoD is only available in K4 GT line.

Smart Cruise Control 2 (SCC2)

SCC 2 helps you maintain a safe distance and steady speed on highways, adapting to traffic flow and slowing down for tight curves when needed. It automatically resumes your set speed once the road straightens. If you become unresponsive, the system will bring your EV4 to a controlled stop, activating warnings and unlocking the doors for safety.

Driving Assistants

Blind-Spot View Monitor (BVM)

Enjoy the benefits of an extra set of eyes- right where you need them. The BVM shows a live video feed of your blind spots in your instrument cluster whenever you need to signal your changes or change lanes.

Anti-Collision Assistants

Blind-Spot Collision-Avoidance Assist (BCA)

Take the worry out of your blind spots. With **BCA**, you will receive alerts whenever there are vehicles approaching to overtake you, or in our blind spot. If the system detects there is any risk of collision, it will smartly assist with braking your car to avoid it and lead you back into your lane.

Forward Collision-avoidance Assist 2.0

Forward Collision-Avoidance Assist 2.0 gives you added peace of mind and helps you to avoid any potential collisions with pedestrians, cyclists and other cars on the road. If you are not applying the brakes hard enough to avoid a collision, your EV9 GT will do it automatically.

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on Apple™ and Android™).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.
