

The Kia EV2

Movement that inspires

Design

Compact by design.

We believe in movement that inspires. Design that makes a statement. Technology that redefines expectations. The Kia EV2 reimagines electric mobility for urban lifestyles. With compact SUV proportions, flexible space, and smart connected features, it brings everyday confidence and effortless enjoyment to EV drives.

Exterior Design.

Upright front profile.

The EV2 pairs upright details with a wide stance. Vertical Daytime Running Lights and Star Map lighting enhance its dynamic look, while larger EV design cues evoke a strong, contemporary presence.

A bold SUV silhouette.

Shaped for city driving, the EV2 is compact in length yet powerful in presence. Clean surfaces are paired with pronounced wheel-arch cladding and sharp, geometric window forms.

Exterior Design.

Clean rear design.

Precision and simplicity define the EV2's rear styling. Pronounced shoulders and the taillights highlight its compact proportions while reinforcing a confident, modern look.

Striking alloy wheel options.

The EV2 offers curated alloy wheel designs including distinctive 16" and 18" options, reinforcing its dynamic look and stance, while the GT-Line model features high-impact 19" alloys.

Interior Design.

Open cabin with room for everyone.

Compact outside yet spacious within, the EV2 features a roomy, flexible cabin. Adaptable storage and generous passenger space bring everyday comfort without compromise.

Ambient lighting.

Dual-colour ambient lighting accentuates cabin surfaces and forms while creating a relaxed, modern ambience for every journey.

Interior Design.

Responsible cabin materials.

The EV2 applies Kia's material solutions to support a considered design approach where materials are chosen with care to balance comfort, design.

Connectivity & Convenience

Seamless & smart technology.

Panoramic triple-screen infotainment.

Experience a seamless digital cockpit. Kia's latest ccNC system combines three displays across the dashboard, delivering intuitive infotainment, navigation and climate control.

Charging for everyone

Powering devices on the move is simple in the EV2. A wireless charging pad keeps your smartphone ready to go, while fast USB-C ports in the front and the rear mean passengers stay charged up too.

OTA updates & Kia Upgrades.

The EV2 evolves with you thanks to Over-the-Air (OTA) Updates that keep software current automatically. Kia Upgrades also let you unlock new functions whenever you choose.

Premium Sound System.

Enjoy refined in-car audio with the Harman/Kardon® system. Eight carefully tuned speakers deliver clear, wellbalanced sound throughout the cabin for everyone to enjoy.

Safety

Made for your protection.

Driving Assistants

Highway Driving Assist with Hands-on Detection (HDA 2.0)

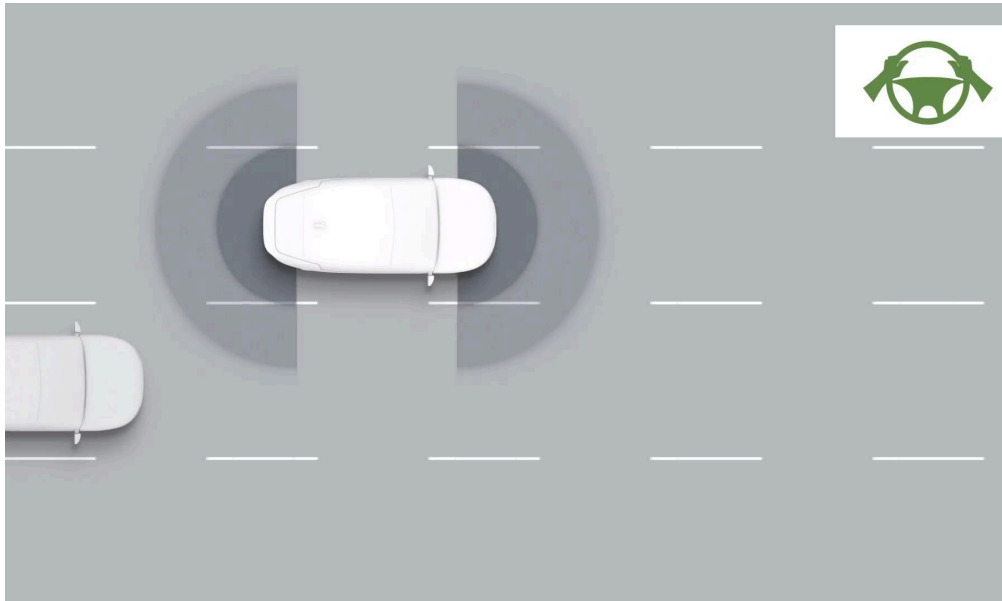

HDA 2.0 with HoD automatically adapts your target speed to meet the limit, while keeping you at a safe distance from the vehicle ahead. The upgraded hands-on detection sensors on the steering wheel detect whether you are touching it, even without movement, and adapt your speed accordingly. HDA 2.0 is even capable of changing lane automatically when you use the side indicator.

Smart Cruise Control 2 (SCC2) with Emergency Stop Function

With SCC 2.0 technology, the EV2 adjusts speed to traffic and road conditions, including reducing speed on curves to keep everyone secure. It smoothly returns to your preset speed once conditions allow. If it detects that you're unresponsive in the driver set, it safely stops the vehicle in its lane, alerting others and unlocking all the doors automatically.

Driving Assistants

Surround View Monitor (SVM)

With the Surround View Monitor, you get a full 360 visual of your immediate surroundings as you sit in your EV2. Helping you navigate tight parking spots and tricky manoeuvres with ease.

Anti-Collision Assistants

Blind-Spot Collision-Avoidance Assist (BCA)

BCA alerts you to any vehicles in your rear side blind spot when changing lanes. And if you're exiting a parallel parking space and a car is coming from behind, it can also activate automatic emergency braking to help avoid a collision.

Forward Collision-Avoidance Assist 2.0

FCA 2.0 gives you extra peace of mind by helping to prevent potential collisions with pedestrians, cyclists and other vehicles. If you don't brake hard enough in time, your EV2 can apply the brakes automatically. It also supports you in avoiding accidents when turning at or crossing intersections among other driving scenarios.

Parking Assistants

Blind-Spot View Monitor (BVM)

Enhancing visibility where you need it most: BVM utilises side cameras to display real-time footage of your blind spots on the instrument cluster. Signal left, and you'll see the rear view along your left side; signal right, and the right side view appears.

RSPA (Remote Smart Parking Assist)

You'll never need to worry about navigating your vehicle in and out of tight spots again. The remote parking function does the hard work for you, automatically steering you into place and even performing diagonal parking, even remotely at the tap of your smart key. (Available on First Edition & GT-Line S models only).

Powertrain & Trimlines

Powertrain & Trimlines

Find the EV2 that fits you.

Equipped with a Front Wheel Drive powertrain and 42.2 kWh or 61.0 kWh battery, the EV2 delivers dependable all-electric range and efficiency. With four trims to choose from- Air, First Edition and GT-Line & GT-Line S- you can find the ideal fit for your life and needs.

Accessories

Style up your EV2.

Accessories

Style up your EV2.

Shape your EV2 around your lifestyle, with Kia's wide range of accessories. Thoughtfully designed to increase comfort, add everyday versatility and give you the freedom to personalise your drive exactly the way you want.

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on Apple™ and Android™).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service. Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.

Kia Promise

7 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

With every new or Approved Used Kia you can get driveway insurance and a £250 Excess Return voucher free of charge. All Kia owners can use our Accident AfterCare service and with Kia Care Service Plans we offer great value fixed price servicing.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

At Kia we care about you as an individual and want to deliver service that fits your needs. When you visit one of our Dealers for a service your vehicle will benefit from a complimentary vehicle health check, a wash and vacuum and alternative transport if needed. We look forward to spending time getting to know you!

Kia Charge gives you access to the majority of public charging infrastructure in the UK and across Europe. It lets you locate stations, plan journeys, charge and pay, all with one solution.

Connectivity with Kia Connect & Over-the-Air Updates. Kia Connect is our range of connected services both in-car and through the Kia Connect mobile app. Over-the-Air Updates keep your infotainment system up to date using your Kia's mobile data connection.
