CHEVROLET

Certain colors and features are subject to market availability.

Malibu LTZ in Abalone White Tricoat (extra-cost color) with available features.

THE CAR YOU NEVER EXPECTED.

Presenting Malibu, the newest expression of Chevrolet.

Nowhere is that expression more apparent than in the sleek, sculpted exterior and refined interior, which offer exceptional comfort. It can also be found in the available Advanced Safety Technology that helps to both prevent and protect you from potential collisions; as well as in the available Apple CarPlay™ compatibility that makes your smartphone connections so much smarter, and so much simpler.

The most luxurious, connected and technologically advanced Malibu ever. It's anything but ordinary.

FIND NEW ROADS™

Vehicle user interface is a product of Apple and Apple's terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. Chevrolet MyLink™ functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone as well as USB connectivity for some devices.

Malibu LTZ in White Tricoat (extra-cost color) with available features.

Certain colors and features are subject to market availability.

MADE YOU LOOK.
The Malibu has a presence about it, with an exterior appearance that is agile and dynamic, yet refined. The combination of expressive, bold shapes and sculpted surfaces commands attention from all who see it.

AERODYNAMIC DESIGN.
To achieve strong aerodynamic efficiency, our design team paid special attention to the mirrors, headlamps and deck lid — all providing Malibu with beautifully sculpted lines that give the wind little to hold on to.

A BODY IN MOTION.
Low, elongated proportions give Malibu a windswept look and the impression of constant motion. Nearly 100mm (4-inch) were added to the wheelbase, resulting in a dramatic profile as well as increased interior space.

DESIGN YOU NEVER EXPECTED.
Every inch, every contour and every detail has been completely redesigned to create a sedan unlike anything you've ever seen before.

THE DRAMA IS IN THE DETAILS.

1. The stunningly slim headlamps provide a contemporary visual statement while offering outstanding visibility. LT and LTZ feature LED daytime running lamps.

2. Badging on each front door announces to the world that Malibu has arrived.

3. Chrome accented door handles make getting into the Malibu an absolute pleasure.

Malibu LTZ interior in Dark Atmosphere/Loft Brown with available features.

MAKE YOURSELF COMFORTABLE.
Whether your drive takes you across town or across the country, the seats in the Malibu were designed to keep you travelling in comfort. The power 8-way driver seat, available on LT and standard on LTZ, puts you in complete control of positioning.

STAY COOL.
There are also ventilated front seats on LTZ to raise your comfort level during the warmest weather.

EXCELLENCE ELEVATED.
Satin chrome is generously displayed throughout the all-new Malibu cabin to enhance sophistication and virtually eliminate glare. Soft touch components exude an uncommon level of quality.

WE THOUGHT OF EVERYONE.
Rear-seat passengers were in the front of our minds. Our designers created generous rear-seat legroom and rear doors that open wide to make entry and exit easier.

QUIET, PLEASE.
An acoustic-laminated windshield, a custom dash panel with strategic applications of laminated steel and triple-sealed doors are just a few of the features that keep the noises of the outside world at bay.

SAFETY TECHNOLOGY.
Side Blind Zone Alert, Rear Cross Traffic Alert and Front Park Assist are among the many active safety features available on the Malibu that use radar and camera based technologies to help you stay ever vigilant of your surroundings.

MYLINK™. YOUR WAY.
The available Chevrolet MyLink™ radio lets you arrange icons and features on the 8-inch (203mm) (LTZ) or 7-inch (178mm) (LS and LT) diagonal color touchscreen, much like you would with a smartphone or tablet. The tablet-like screen is tilted up to aid visibility and prevent screen glare.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.
Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.
Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner's Manual for more air bag information.

YOUR ENTERTAINMENT. YOUR WAY.
The addition of Apple CarPlay™ support allows you to access select apps from your compatible iPhone® device, creating a truly customizable experience.

THE COMFORTS OF HOME, BROUGHT TO THE ROAD.

1. *Apple CarPlay™ compatibility is available to enhance the connected experience. Simply connect to select iPhone® features, including Music, Messages and Phone right on your Chevrolet MyLink™ display.*
2. *The available BOSE® premium 9-speaker system surrounds you with lush sound and makes any morning commute fly by. Available on LTZ.*
3. *Available features in Malibu include a dedicated storage slot for your mobile phone.*
4. *The dual rear-seat USB ports on long drives offers a place for your passengers to charge their mobile devices. Available on select trims.*

Malibu LTZ interior in Dark Atmosphere/Medium Ash Grey with available features.

EASY ACCESS TO YOUR SMARTPHONE.
With available Apple CarPlay™, you can connect with some of your most used iPhone® features, including Music, Messages and Phone, mirroring your phone right on the available Chevrolet MyLink™ display. You can even interact with some of your favorite audio apps.

Vehicle user interface is a product of Apple and Apple's terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. Chevrolet MyLink™ functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone as well as USB connectivity for some devices.

ADAPTIVE CRUISE CONTROL.
Using front-mounted radar, this available feature on LTZ maintains your selected cruise speed and following-gap distance, automatically braking when necessary in stop-and-go traffic.

AVAILABLE FRONT PEDESTRIAN BRAKING.
At speeds up to 80km/h (50 mph), a forward-looking camera surveys the road ahead, flashing a warning signal and a series of eight beeps when the vehicle is approaching a pedestrian ahead too fast. If necessary, the available system will even automatically apply last-second braking.

FRONT AUTOMATIC BRAKING.
Using the same radar sensors as Adaptive Cruise Control and available on LTZ, Front Automatic Braking helps prevent or mitigate collisions at low speeds. The system alerts the driver if the lead vehicle slows unexpectedly.

LOW SPEED FRONT AUTOMATIC BRAKING.
Available on LT and LTZ, Low Speed Front Automatic Braking helps prevent or mitigate collisions at speeds below 80km/h.

FORWARD COLLISION ALERT.
This available feature identifies vehicles ahead and warns the driver of possible front-end collision threats, helping provide time to stop and/or change course. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Malibu is following a detected vehicle much too closely.

LANE KEEP ASSIST.
At speeds above 60KM/H, this available camera-based system monitors road lines and will gently turn the steering wheel if the vehicle begins changing lanes without the use of a turn signal.

SIDE BLIND ZONE ALERT.
This available feature uses radar sensors on both sides of the vehicle to help “look” for other vehicles in your side blind zone areas and indicates their presence with LED-lit symbols in the exterior rear-view mirrors.

LANE CHANGE ALERT.
Working with Side Blind Zone Alert, available Lane Change Alert employs radar sensors in the rear corners to help detect and warn the driver of fast approaching vehicles in the adjacent lane from up to 25m away, not just in the side view mirror blind zones.

REAR CROSS TRAFFIC ALERT.
Using the same radar sensors as Side Blind Zone Alert, this available feature alerts you to crossing traffic behind your Malibu when backing up. Audible warnings, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

REAR VISION CAMERA.
Available on Malibu LT and LTZ, the rear- vision camera displays a view of the area immediately behind the vehicle on the touchscreen — making it easier to see what’s behind you while backing up.

AVAILABLE FRONT AND REAR PARK ASSIST.
Ideal when pulling into a parking spot at low speeds, the available system senses stationary objects and warns you if an object is too close. The rear-vision camera automatically displays a live image of the area behind the vehicle on the available Chevrolet MyLink™ screen after you shift into reverse.

SEMI-AUTOMATIC PARKING ASSIST.
This ingenious available system enables Malibu LTZ to detect viable parking spaces, determine approach angles and take over the steering to neatly maneuver into an available space. Throttle, brake and transmission (or gear selection) input is still required by the driver, but the vehicle steers itself into any suitably sized reverse parallel or reverse right-angle (90-degree) parking spot.

INTELLIBEAM HEADLAMPS.
When oncoming headlamps are sensed or when tail lamps are detected in front of you, the available IntelliBeam™ headlamps intuitively adjust between low and high beams.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner’s Manual for more important safety information.
Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat.
Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner’s Manual and the child safety seat instructions for more safety information.
Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner’s Manual for more air bag information.

ALL-NEW 2.5L ENGINE.
The perfect way to describe our newest engine is powerfully efficient. Paired with a smooth-shifting 6-speed automatic transmission, the 2.5L engine produces 186 horsepower, delivering performance you may not expect and with a fuel consumption rating of 14.3km/l, this is bound to get your attention.

SUPERIOR SUSPENSION.
While performance has been enhanced, comfort is also key in the all-new Malibu. The MacPherson strut front suspension delivers a feeling of control while cornering, and the independently tuned 4-link rear suspension provides all the ride and handling benefits at any speed.

HANDLED WITH CARE.
Variable-effort Electric Power Steering (EPS) helps save fuel by using energy only when steering effort is applied. Balancing responsiveness and comfort, EPS feels light but agile, with greater assistance at low speeds and tighter control on the highway.

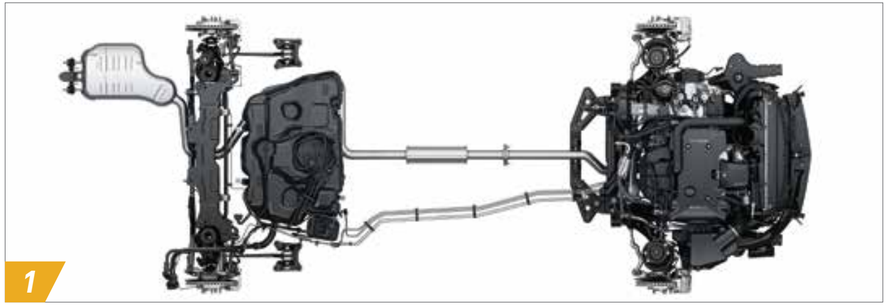

Malibu LTZ in Abalone White Tricoat (extra-cost color) with available features.

Certain colors and features are subject to market availability.

EVERY GRAM ACCOUNTED FOR.
Malibu features a light, highly optimized body structure that enables enhanced acceleration as well as more nimble handling.

STRENGTH FROM WITHIN.
Press-hardened steel was used in the B-pillars and roof rails due to its ability to achieve ultra-high-strength status in complex shapes. Ultra-high-strength steel was added to the upper and lower structures to reduce weight.

SILENCE STARTS HERE.
The quiet nature of Malibu begins with a honed exterior shape. It continues with sound-deadening acoustic materials that help reduce, block and absorb road noise. The bottom line for you: The commotion of the outside world is kept where it belongs.

READY FOR THE DRIVE.
From the exceptional performance of the drivetrain, to the stopping power of the ABS brakes, the Malibu was made for those who love to drive.

IN PURSUIT OF THE PERFECT RIDE, WE CONSIDERED EVERYTHING.

1. *The MacPherson strut front suspension design features internal rebound springs that enable a more refined calibration of the struts, resulting in enhanced body-roll control during acceleration or turning.*
2. *Every Malibu has 4-wheel disc brakes with Duralife™ brake rotors — which increase the service life — and 4-channel ABS for more controlled braking.*
3. *More than 150 hours of wind tunnel testing resulted in a number of enhancements, including sculpted exterior mirrors that help bring you an unexpectedly quiet ride.*

SELECT VEHICLE FEATURES

MALIBU LS enhances features with:

- 16" Steel wheels
- Chevrolet MyLink™ radio infotainment system with 7-inch color touchscreen display
- USB port and Bluetooth® wireless audio streaming
- LED daylight running lamps
- Passive entry
- Passive start
- 2 Air bags

MALIBU LT enhances LS features with:

- 18" Aluminum wheels
- Power exterior mirrors with integrated turn signals, body-color
- 4 Air bags
- Remote start
- Rear vision camera
- Chevrolet MyLink™ with Navigation
- 2 USB charge ports

MALIBU LT TURBO enhances LT features with:

- 2.0T 250 HP
- Sporty dual exhaust
- Auto dimming inside rear view mirror

MALIBU LTZ enhances LT features with:

- HID headlapms
- Chrome door handles
- Bright sill plates
- Dual-zone automatic climate control
- Auto-dimming interior rear-view mirror
- Driver Information Centre with color display
- Leather-wrapped and heated steering wheel with leather-wrapped shift knob
- Perforated leather-appointed seating with ventilated front bucket seats
- Chevrolet MyLink™ Radio (8-inch) color touchscreen display
- BOSE® 9 speaker system with amplifier
- Two charge-only USB ports in rear of centre console
- Front and rear park assist
- 6 Air bags
- Sunroof

MALIBU LTZ TURBO enhances LTZ features with:

- 2.0T 250 HP
- Sporty dual exhaust
- Auto dimming inside rear view mirror

COMPLETE CARE

- MAINTENANCE APPOINTMENT WITHIN TWO DAYS
- ONE-HOUR MAINTENANCE WHEN BOOKED IN ADVANCE
- GUARANTEED MAINTENANCE PARTS AVAILABILITY ACROSS THE REGION
- TRANSPARENT PRICING ON COST OF SERVICE
- 24/7 FOUR-YEAR REGIONAL ROADSIDE ASSISTANCE

When you buy a Chevrolet, you don't just take home a new car. You also enjoy the peace of mind that makes driving your Chevrolet a pleasant experience.

MIDDLE EAST VEHICLE TESTING

Every Chevrolet is tested in the region, so we know it can withstand the climate. Then, before launch, we check and double-check every inch of the vehicle for optimal performance. Chevrolet specifically develops many of its features - including its air conditioning, engine cooling systems and paint - to perform in tough conditions. The result is a car you can depend on.

COURTESY VEHICLE PROGRAM

Chevrolet strives for your convenience. In the unlikely event of a warranty repair involving extended repair times, you may be offered a suitable courtesy vehicle for your convenience.

CHEVROLET PARTS

Chevrolet's region-wide dealer network is supported by a well-stocked parts distribution center, ensuring constant availability of parts to keep your vehicle on the road.
Chevrolet parts are priced to ensure low cost of maintenance and at the same time guarantee that you get genuine parts at competitive prices.

CHEVROLET CERTIFIED PRE-OWNED VEHICLES

All of our Certified Pre-Owned vehicles come with the confidence of:

- A 110+ point quality inspection
- A minimum 12-month warranty
- 24-Hour roadside assistance
- A 7-day exchange option

Terms and conditions apply. Please contact your local Chevrolet dealer for more information.

COST OF MAINTENANCE

MINIMAL MAINTENANCE. MAXIMUM ENJOYMENT.

The Malibu delivers affordability well beyond the showroom floor – it's been designed and engineered with minimal maintenance features that keep you on the road for less.

The cam drive, cam phasing and valvetrain components require no scheduled maintenance.

The sophisticated cam-chain tensioner, high-quality cam phasing components and hydraulic lash adjusters are designed to ensure optimal valvetrain performance with no adjustment for the life of the engine.

Advanced control electronics and a wide range of sensors allow fail-safe systems, including ignition operation in the event of timing sensor failures.

Control software protects the engine from permanent damage in the event of complete coolant loss, allowing the engine to operate at reduced power for a prescribed distance sufficient for the driver to find service.

SCHEDULED MAINTENANCE

To complement Malibu's intelligent and protective engineering, regular scheduled maintenance will keep it running further and longer. To keep your vehicle in perfect condition, work should be carried out at regular intervals, according to the recommendations in your owner's manual.

MENU PRICING

As time and kilometers pass, certain wear-and-tear items will need replacing. Whether it's wiper blades, shock absorbers, or brake pads, it's all covered in Menu Pricing and our competitive prices will help you keep your Malibu on the road with minimal cost. Check with your dealer for details or log on to chevroletarabia.com

FULL MENU PRICING SCHEDULE AVAILABLE.

PLEASE SPEAK TO YOUR LOCAL DEALER FOR MORE INFORMATION.
