

ALL-NEW JEEP®

WRANGLER

ALL-NEW JEEP®

WRANGLER

THE NEXT GENERATION OF FREEDOM.

**FREE
DOM
IS THE
NATURAL
STATE
OF HUMAN
KIND**

A wide-angle photograph of a vast, flat, sandy landscape under a clear sky. The horizon is low and straight, with a few faint tracks or ruts visible in the sand. The overall tone is light and airy, suggesting a sense of openness and freedom.

A desire for freedom is innate in human beings. It emerges as a desire to explore, a passion for the natural world, a search for a defined identity. This has always been the authentic essence of Jeep®, perfectly embodied in Wrangler: an icon that has managed to remain loyal to its roots while adapting to the changing spirit of the times. Today its irrepressible inclination towards adventure leads it to explore new terrains, be it on- or off-road. New destinations, new sensations, new emotions. The journey starts again here.

YOUR SPIRIT REVEALED.

Free spirits recognise each other on sight: it's a natural affinity. From the very beginning, Wrangler has accompanied such pioneers, taking them away from the ordinary, heading towards amazing journeys and exciting adventures. Its nature has not changed at all over the years – quite the contrary. The most recognisable vehicle in the world stays true to the original: it has been further improved to deliver more rugged capability, with increased interior comfort for superior driving experiences.

SAME CHARACTER, NEW LIGHT.

The new Wrangler design is the natural evolution of a vehicle that remains loyal to the original. The legendary seven-slot grille with outer slats intersecting with the headlights pays homage to the Jeep® CJ. And the authentic spirit is immediately evident, clearly distinguishing the Wrangler's identity. Its wide stance and bold and rugged shape instantly evoke a sense of strength and sturdiness, a perception reinforced by the lowered beltline.

A BEACON IN THE STORM.

Iconic round headlamps provide the distinctive Wrangler character. The new Full LED system and fog lights complete the unique look, offering ultra-bright lighting to significantly increase road visibility. LED daytime running lights are located on the front of the trapezoidal wheel flares, and LEDs are also deployed in the square-shaped tail lights. To see, be seen and be recognised. Always.

AUTHENTIC OPEN-AIR EXPERIENCE.

The All-New Jeep® Wrangler, the only true open-air 4x4 on the market, has been designed and built for greater freedom.

FOLD DOWN WINDSHIELD*

Now it's easier than ever to have more fresh air in the face and a clearer view of the trail ahead.

REMOVABLE DOORS*

Made of lightweight aluminium. Take them off and freedom becomes closer than ever.

*Driving with doors off and windshield down is for off-road use only.

FREEDOM® TOP 3-PIECE MODULAR HARDTOP

An updated design for a lighter top which is easier to remove and brings more of the "outside in".

SKY ONE-TOUCH™ POWER TOP[^]

The first-ever power soft top on a Wrangler opens up a large panoramic centre section with removable rear-quarter window sections.

SUNRIDER® SOFT TOP[~]

Echoing the original version, this model's spring-assisted, zipperless design has a flip-back top and removable windows so sun-lovers can bask with ease.

[^]optional

[~]Available as part of dual top option on 4dr versions

ADVENTURE GOES URBAN.

A truly adventurous spirit knows no limits. The All-New Jeep® Wrangler comes with superior on-road dynamics, in order to optimise handling and comfort. The new five-link suspension system with specific shock tuning provides a pleasurable ride and an optimum balance between on-road steering and its legendary off-road capability. The two-speed transfer case with full-time 4WD actively contributes to exceptional control.

Safety is a priority, with over 65 available active and passive safety systems available such as blind spot monitoring and rear cross path detection, parkview rear backup camera with dynamic grid lines, electronic stability control (ESC) with electronic roll mitigation, front and rear parking sensors, and four standard air bags. Because safety is the only way to travel.

LOSE TRACK OF TIME, NOTHING ELSE.

Totally redefined interiors, now equipped with the latest technology. An authentic style, great versatility, improved comfort and intuitive features. Every detail reveals expert craftsmanship and top-quality materials. Metal-plated elements and fine upholstery now in leather with accent stitching – each and every feature is carefully planned. A push-button starter, featuring a weather-proof surround, is easily located within the driver's reach. And what is more, every Wrangler comes standard with durable and washable interiors, fitted with drain plugs for easy clean-up. The end product is a new interior where the concept of time can be easily forgotten.

BREAK THE SOUND BARRIER.

The All-New Jeep® Wrangler's interior combines rugged details and on-board pleasure to deliver superior driving experience. The perfect environment to fully enjoy the sound quality of the 552-Watt Alpine® All-Weather Premium Audio System with 8 speakers and a rear subwoofer. Nothing less for an unrivalled off-roader.

CUSTOMISED CONNECTION.

The new instrument cluster is equipped with a 7" thin-film transistor LED display. This allows information to be configured in more than 100 ways, including current media being played, tyre pressure or digital speed readout. The fourth-generation Uconnect™ 8.4" touchscreen system, located in the mid-centre console, features smartphone connectivity, pinch-to-zoom capability and Drag'n'Drop functionalities, allowing owners to customise the system with their own most commonly-used menu buttons.

Apple CarPlay™ enables iPhone users to access Apple Maps, messages, phone and Apple Music through Siri voice control or Uconnect™ touchscreen.

androidauto

Android Auto™ enables easy and safe access to hands-free voice control, Google Maps™ and Google Play Music™ via Uconnect™ touchscreen or steering-wheel controls.*

* Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Google, Google Play, Android Auto and other related marks are trademarks of Google LLC.

ALWAYS IN YOUR ELEMENT.

All destinations are within reach, because all terrains can be travelled. Two 4X4 systems - Command-Trac® on Sahara and Overland, and Rock-Trac® on Rubicon - offer full-time torque management, enabling optimal grip in slippery, low-traction conditions such as driving over sand, gravel, snow or ice. The available Trac-Lok® limited-slip rear differential provides extra torque and grip. Because adventure is great in any environment. Thanks to legendary 4x4 capabilities, every Wrangler model receives a Trail Rated badge, certifying that the vehicle has passed a series of gruelling tests in five categories: Traction, Water Fording, Manoeuvrability, Articulation and Ground Clearance.

Jeep

TURN ANY DIRECTION INTO A ROAD.

The 2018 Rubicon is the most capable Wrangler ever. True to its heritage, it has the traction to handle some of the harshest and most unpredictable driving conditions.

- Rock-Trac® 4x4 system with a “4LO” ratio of 4:1 with 77.2:1 crawl ratio.
- Selec-Trac® full-time two-speed transfer case.
- Heavy duty next-generation Dana axles.
- Tru-Lok® electric front- and rear-axle lockers, for optimal grip in every situation.
- 32-inch BF Goodrich Mud-Terrain tyres.
- Electronic front sway-bar disconnect, to provide additional wheel travel when the terrain calls for it.
- Approach/Departure/Breakover angles: 36.4°/30.8°/25.8°*.
- Maximum ground clearance: 252 mm.

Jeep®

THERE'S ONLY ONE

Official fuel consumption figures for the All-New Jeep, Wrangler diesel range MPG (Litres/100km): Combined 35.8 (7.9) – 38.2 (7.4). CO₂ emissions from 206 to 197g/km. The homologation values of CO₂ and fuel consumption are provided for comparative purposes and may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, as well as the condition, use and equipment of the vehicle and/or size of tyres selected. CO₂ and fuel consumption values are determined on the basis of the measurement/correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1153.
