

The all-new Sorento

Movement that inspires

Go your own way. with the all-new Kia Sorento

Without compromises, the all-new Kia Sorento seven-seater SUV range with electrified powertrain is the only way to go, offering sleek and powerful design combined with outstanding space, comfort and luxury.

Not to UK spec. All features described are Grade dependent.

Savour your own delights

No matter where you are or you're going, inside the all-new Kia Sorento you'll find the latest technology and connectivity, ergonomically combined with luxurious space, style and comfort.

Ease into the high-quality interior with ambient lighting and discover the Black Quilting Nappa leather seats with black roof liner.

Then there's the satin-effect dash garnish featuring 3D embossing and semi-chrome decor as well as glossy black accents to match the sporty exterior.

Sit back and marvel at a 10.25" frameless navigation system with Kia's UVO Connect as well as a 12.3" fully digital supervision display.

Then hit the road and enjoy the Bose® premium sound system with 12 speakers and a rotary gear shift dial (all specs are grade dependent).

Imagery shown throughout this brochure is for illustrative purposes only and not to UK specification.

Take charge of
the possibilities

Charging cable & control box

The Kia Sorento Plug-in Hybrid comes with a bespoke charging cable for charging at home from a normal household socket, as well as an in-cable control box to help moderate the amperage, to ensure complete safety.

Charging port (with integrated charging indicator)

Enjoy the convenience of easy charging via a household socket or at public charging stations. With the Sorento's integrated Type 2 charging socket you can use the standard 3-pin cable supplied with your vehicle, Type 2 to Type 2 cable or the charging point's own cable. Whichever you choose, simply plug-in and the LED light located near your charge port will tell you the charging status and battery level, making it ideal for knowing the status of your battery at a glance.

EV/HEV button

At the touch of the Hybrid/Electric (HEV/EV) button located on the centre console, you can prioritise between electric and hybrid mode. In EV mode - ideal for urban driving - the Sorento Plug-in Hybrid prioritises using only electric energy for zero-fuel, emissions-free driving. In HEV mode, when there is insufficient battery charge, it operates both energy sources, using the petrol engine and the electric motor simultaneously.

Relish every moment

Settle inside the new Sorento Plug-in Hybrid and discover a world dedicated to the latest advances in driver information and connectivity. Take a look at the 10.25" frameless navigation system, featuring Kia Live information including charging stations nearby or on your route. Marvel at the 12.3" full digital supervision cluster, displaying key driving information with updates showing energy flow,

battery status, distance to next charge and more. Then tune in to the Bose® Premium Sound system with 12 speakers. Savour it all, then relax and enjoy the very best in luxurious comfort and sumptuous style, including leather seating, satin effect dash, semi chrome décor and discreet ambient lighting. Ready to go your way - when you are.

Imagery shown throughout this brochure is for illustrative purposes only and not to UK specification.

Maximize your options

The all-new Kia Sorento pushes the boundaries in style. That's why you'll find comfort, space and flexibility wrapped inside its bold exterior design.

Effortless loading is simple, with different tailgate height options that can be stored to suit different drivers' heights using the memory button under the tailgate. Simply press and hold the button for three seconds - it's as easy as that.

Comfort/Flexibility

Economical boot capacity with second-row one-touch remote folding

The all-new Kia Sorento can be transformed quickly from five seats to seven seats as well as easily reconfigured to create a generous luggage space up to 821 litres.

For easy folding of the second-row backrests straight from the tailgate area, you'll find two one-touch remote-folding buttons, one for the left and one for the right, to make it quick and simple.

Seat split options

Whatever you've got planned and whatever you want to carry, the Sorento comes well prepared.

3rd row partially folded

3rd row folded fully flat

3rd row folded fully flat and 2nd row partially folded

All features described are Grade dependent

Share the experience

Share the experience of the ergonomically designed, spacious and comfortable cabin with your loved ones.

Head-up display (HUD)

Stay safe and sound: to ensure you keep your eyes on the road, the HUD projects graphics and other driving-related information onto the windscreen, directly in your line of sight.

360° Surround view monitor

Assurance all round: this intuitive system combines four wide-angle images from cameras on the front, rear and sides of the vehicle to give you a comprehensive bird's-eye view of the space around the Sorento while parking or moving at speeds below 12 mp/h.

Power memory seats

Up to two different drivers can set their mirror and seat preferences using the integrated memory system. For added comfort and convenience both the driver and front passenger seats come with lumbar support. What's more, the driver seat has a cushion that is extendable and integrates the far-side airbag, which prevents the driver's and passenger's heads coming into contact in the event of a collision.

Heated and ventilated seats

Whatever the weather, when it's cold outside, the first and second-row seat cushions and backrests can be heated. On warm days, the driver and front passenger can enjoy seats with ventilated cushions and backrests.

Mood lighting

For the perfect atmosphere, you'll find mood lighting in the doors and under the dash, with a choice of seven core colours and up to 64 other colours to suit your mood and make every trip as peaceful or exciting as you want to make it.

7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique program ensures your navigation system is always up-to-date.

Stay constantly connected

From the moment you sit inside the all-new Kia Sorento you'll discover an array of the latest information and entertainment technology, designed to put you in complete control for whatever adventures lie ahead

10.25" Navigation system

Select your destination via the highly visible frameless 10.25" touch screen premium navigation system, featuring the exclusive UVO Connect digital system called Kia Live, which delivers live navigation updates. What's more, it comes with a seven-year map update and is compatible with Android Auto and Apple Car Play.

Bose® premium surround sound system

Experience the very best in-car entertainment with 12 speakers, an external amplifier and cutting-edge technology. Transform any stereo or multichannel audio source into an astounding surround sound experience.

USB ports and power for all

Both the first-row seatbacks have integrated USB charging ports for the use of first and second-row passengers. Additionally, the cargo area features USB charging ports on each side for the third-row passengers. What's more, the rear centre console has a USB charge port and 12 V socket as well - perfect for playing games and charging.

Wireless smartphone charger

Forget cables. you can charge your mobile phone wirelessly and effortlessly by placing it on the charging pad at the front of the centre console.

All features described are Grade dependent

Make smarter moves

Created exclusively by Kia, UVO CONNECT brings driving into the digital era in two distinct ways. Once activated, Kia Live makes use of the SIM card included in the infotainment system to retrieve and update live data for its services, so you have access to seamless information displayed directly on the navigation screen. And our new UVO app offers a range of data and information about your car through your Android or Apple smartphone. What's more, this exciting new technology has been developed to comply with the latest EU Data Protection Directive, ensuring the highest levels of data privacy, transparency and protection.

Kia Live Services

Live traffic information
The navigation system delivers highly accurate live traffic information from TomTom that is constantly updated, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Camera/danger zones
Be alerted to a whole range of fixed and stationary speed cameras as well as restricted access zones. The system also alerts you to areas where accidents are particularly common.

Weather forecast
With an up to three-day forecast available, you can simply type in your destination to view a complete summary, including minimum and maximum temperatures, wind speed and chances of sun or rain.

On-board Services

Kia's Online Navigation system uses cloud-based servers to collect real-time and historical traffic information to predict the traffic ahead. That means that with Kia's Online Navigation you receive far more accurate navigation information and guidance instructions, and a much truer Estimated Time of Arrival (ETA).

The **Online Voice Recognition**, supported by server technologies, enables hands-free applications to use your voice commands to search for nearby Points of Interest (POIs), addresses or weather or simply to send text messages.

Points of interest
Looking for a place to eat, a local business or somewhere special to visit? All this information and more is easily accessible with the live, regularly updated POI directory.

Parking
Kia Live shows available parking locations before you arrive at your destination. It will show potential on-street parking and off-street parking, including locations, details, prices and availability.

Fuel info
When you're running low on fuel, the system will show you the nearest petrol stations and prices using an online database, so you can plan your refuelling stops accordingly.

All features described are Grade dependent

Vehicle Information

Find my car
tells you the last known location of your vehicle - ideal if you are parked in a large car park.

Vehicle status
offers an overview of your car's status including fuel level, battery charge level and ignition, and the status of seats, windows, lights and doors.

My trips
gives a summary of your previous journeys including average speed, distance driven and time in transit.

Notifications

Notifications can share **Diagnostic Notifications** with you about the current status of your car, supply you with a **Monthly Vehicle Report** giving an overview of your car usage. You can also be notified whenever your car alarm is triggered, if any open car windows or doors are detected, or if the rear seat alert system detects any movement in the back of the car through its rear seat alert system.

Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on kia.com. Smartphone with iOS or Android operating system and mobile phone contract with data option necessary incurring additional cost.

UVO App

Designed for both Android and Apple smartphones, the UVO app offers complete peace of mind with a whole range of features dedicated to providing diagnostic data about the status of your car and the trips you take. The app can also activate a range of remote functions and features when you are away from the car.

Remote Services

Send to car
allows you to pre-plan and set your journey through the app for seamless use in the navigation system.

Last-mile navigation
to guide you right up to the door. Once you have parked your car, you can continue to use the navigation system remotely on your smartphone.

Door control
offers remote locking and opening of the car doors without a key or fob.

User profile transfer
lets you remotely check and change a whole range of vehicle settings - like sound and radio - on your smartphone. You can then store the changed settings in your UVO App, send them to your vehicle and apply them again with ease.

Where? When? How? The answer is here.

Our new navigation system with Kia's Connected Services powered by TomTom Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a Wi-Fi unit that enables the Sorento navigation system to connect to the Internet through your smartphone.*

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone - while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music - all while staying focused on the road.

LOCAL SEARCH

If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 places to ensure you find what you need.

WEATHER FORECAST

Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun.

LIVE TRAFFIC**

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

SPEED CAMERAS**

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

PARKING INFORMATION

To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour-coded availability.

CHARGING STATIONS

The online directory displays the locations of charging stations as well as other details such as payment methods, plug availability and compatible connector types.

Expect the unexpected

No one knows what the road or journey ahead can throw at us and that's why the new Sorento comes with highly refined solutions for a safer journey.

Blind-spot collision-avoidance assist (BCA)

When you want to change lane, the Blind-Spot Collision-Avoidance Assist system detects any vehicle(s) in your blind spot and alerts you with a warning symbol in your side mirror and on the head-up display inside the car. Should you start to change lane while a car is in your blind spot, the Sorento will automatically apply the brakes to avoid a collision, the side mirror and head-up warning symbols will flash and an audible alert will sound.

Forward collision-avoidance assist (FCA)

Evaluating both camera and radar data from your vehicle, the FCA system analyses information about other cars, pedestrians or cyclists crossing the road, to avoid a potential collision with them. FCA also functions to prevent collisions with vehicles when making a right turn at a junction. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

Blind-spot view monitor (BVM)

Designed to improve visibility for blind spots, the BVM uses side cameras so that when you indicate left or right, your instrument cluster will show the view of the road in your blind spot. Indicate left and it will show you the rear view down your left-hand side; indicate right and it will show the right-side view.

Multi-collision brake assist (MCBA)

If your airbag is fired in response to a primary collision, a signal is immediately sent to the Electronic Stability Control system to brake your vehicle. MCBA applies your brakes to prevent a subsequent collision or mitigate its impact.

All features described are Grade dependent

* Smartphone with data plan required to activate services.

** Legal restrictions to these services may apply depending on country usage.

Protection at your fingertips

No one knows what the road or journey ahead can throw at us and that’s why the all-new Kia Sorento comes with highly refined solutions for a safer journey.

Rear cross traffic collision avoidance assist (RCCA)

To help make reversing safer - especially when you’re reversing out of a parking space with limited visibility - RCCA gives audio/visual warnings and assists with braking if the rear corner radar detects a vehicle approaching from the left or right. (If the driver selects Warning Only in the menu, the system will only provide audio and visual warnings without the assisted braking.)

Intelligent speed limit assist (ISLA)

When you choose to use ISLA, the system uses a camera to read speed limit signs along the road, and displays them beside the speedometer and on the navigation screen. You can then decide to set your speed to the road speed limit or override it.

Parking collision-avoidance assist (PCA)

Using its rear-view camera and rear ultrasonic sensors, PCA prevents the vehicle from colliding with pedestrians or nearby obstacles behind you when you park in or exit a parking spot, as well as when travelling at low speeds. If it anticipates a collision with an obstacle, the system warns the driver with visual and audible alerts while engaging the vehicle’s brakes to prevent a collision.

Highway drive assist (HDA)

HDA maintains the speed set by the driver or the speed limit of the motorway. At the same time, it controls steering, acceleration and deceleration in your lane, while keeping a safe distance from the vehicle ahead. Designed to automatically adjust your speed based on the speed limit of the road detected through the navigation system.

Putting you in control

The all-new Kia Sorento helps you stay aware of what is happening around you and of other vehicles, enhancing your comfort and safety on both short and longer journeys

Driver attention warning (DAW)

DAW monitors your steering wheel, indicator and acceleration patterns and warns you if you’re losing concentration. For example, when in traffic, if the car in front of you drives away and you don’t move it will alert you; or if you’re showing signs of drowsiness, DAW will encourage you to take a break.

Smart cruise control with stop & go (SCC w/S&G) and NSCC

Using camera and radar, SCC maintains your set speed, ensuring a safe distance between you and the vehicle ahead. It also controls acceleration and deceleration to ensure your vehicle stops when the vehicle ahead does and then moves off when the other vehicle moves again. What’s more, SCC is navigation-assisted and uses ADAS map information, allowing it to auto-decelerate your speed on any bends for added safety and to keep within the speed limit.

Lane keeping assist (LKA)

At your side to keep you focused: a camera at the front of the car monitors lane markings, and if the driver moves out of the lane unintentionally, LKA alerts you and even steers you back to your lane.

High beam assist (HBA)

When conditions allow, the Sorento will turn on its high beams automatically. When the camera in the windscreen detects the headlights of an oncoming vehicle at night, the High Beam Assist system automatically switches to low beam to avoid dazzling other drivers.

Lane following assist (LFA)

In collaboration with Smart Cruise Control, LFA controls acceleration, braking and steering depending on the vehicles in front. This makes driving in traffic jams easier and safer. The system uses camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane. LFA works between 0 and 81mph.

Knowledge is power

Launch

When starting out from a stop, the hybrid system relies entirely on power from the electric motor. This helps reduce fuel use in stop-and-go traffic.

Gentle acceleration

During mild acceleration, the system also uses power exclusively from the electric motor. It has ample pickup to help you increase your speed.

Full acceleration

When accelerating harder, the petrol engine works together with the electric motor to get the car to the desired speed.

Gentle acceleration

When cruising at relatively constant speeds, the system goes into power-assist mode, where the petrol engine is the main source of drive power.

Deceleration

The system's regenerative braking takes advantage of every decrease in vehicle speed, capturing energy and storing it in the battery for future use.

12.3" Fully digital TFT instrument cluster

An intelligently designed, customizable supervision cluster provides temperature information, tyre pressure alerts and other essential vehicle and trip information. It also displays the status of the hybrid charging system, including fuel and battery levels and use. Its high-resolution screen makes it easy to read a wealth of information at a glance.

10.25" Navigation display

Easy to read and use, the colour touch screen shows routes, shortest path options and other vital information. It's also linked to the rear-view camera and displays dynamic parking guidelines. The screen can be split in two for easy access to different apps, vehicle information and multimedia content, and also allows you to control the 12-speaker BOSE® premium surround sound system, which is compatible with Android Auto™ and Apple CarPlay™.

Embrace your future

Full Self Charging Hybrid, or Plug-in Hybrid? It can be confusing, but Kia makes it simple with innovation and technology to match. Put simply they both use a combination of lower emission combustion engine and zero emission battery power. Featuring our most advanced powertrain, the new Sorento Plug-in Hybrid perfectly balances efficiency with dynamic driving, delivering a fast and smooth transition from electric to hybrid (petrol/electricity) operation. Plus, with a full charged battery, offering a range of more than 31 miles* on zero emission battery power alone - more than enough for the average daily commute or trips around town - but it can also call on the petrol engine for longer journeys.

*in WLTP cycle (reference figure, subject to change based on final homologation)

Picture shown for illustration purpose only. Powertrain and electric systems may differ.

All-wheel drive for all-round adventure

The new Sorento’s all-wheel drive technology is designed to make every drive and adventure more comfortable. Innovative, continuously active all-wheel drive ensures the vehicle maintains excellent traction on rough, loose or slippery surfaces and helps improve lateral stability when cornering. And with the new Terrain Mode Select function, you can easily stay in control by switching between Drive mode and Terrain mode.

All features described are Grade dependent

Drive with passion

Go your own way with a range of the latest dynamic engine options. The all-new seven-seat Sorento models feature a 1.6 T-GDi Self-Charging Hybrid and Plug-In Hybrid electrified petrol engine with 4WD. There is also a 2.2 CRDi combustion diesel engine with 4WD.

Drive mode select (DMS)

The new automatic transmission offers a choice of drive modes that allow you to customize the powertrain’s responses to driver inputs, enhancing your fuel economy or acceleration. The Sorento combustion diesel model offers four drive modes, Eco, Comfort, Sport and Smart, while the Sorento Self-Charging Hybrid and Plug-In Hybrid offers Eco, Sport and Smart modes. The Drive Mode Select system also adapts the weight of the rack-mounted power steering system, for more relaxed or more immediate, engaging steering responses.

Paddle shifters

Refined, chrome-finished paddle shifters coordinate with the rest of the cabin’s design, and allow you to change gears swiftly without taking your hands off the steering wheel. They also boost driving dynamics, making it effortless to increase torque faster, while staying in control.

Dual-clutch transmission (DCT)

The Sorento 2.2 CRDi comes with eight-speed dual-clutch transmission, which results in lightning-quick and incredibly smooth gear changes to give a more dynamic driving performance.

Automatic transmission (AT)

The all-new Sorento 1.6 T-GDi Self-Charging Hybrid and Plug-In Hybrid comes with six-speed automatic transmission, ensuring a smooth transition between gear changes

Terrain mode select (TMS)

The Terrain Mode Select system puts excitement at your fingertips, offering a smooth transition between Drive modes (Eco, Comfort, Sport, Smart) and Terrain modes (Snow, Mud, Sand). Choose Snow mode and it limits wheel slip on icy or snowy roads to ensure stability, while Mud mode allows for more aggressive torque application while limiting transmission upshift, helping wheels to spin to maintain momentum in mud. Sand mode prevents wheels from digging into sand by distributing optimal levels of torque to each wheel.

Rotary gear shift dial

Located centrally and within easy reach, the rotary dial operates using shift-by-wire technology, enabling effortless gear shifting. Just as importantly from a safety perspective, it will automatically shift to the parking gear P if the driver forgets to do so.

Make your mark

When going your own way is seizing new challenges, seeking new adventures or sizing up what the day will bring, then the new Sorento is ready, able and always willing with a whole range of Kia Genuine Accessories to match. From time away, to time in the city, to time for some fun, our selection of high-quality accessories offers clever solutions and special features to personalize your Sorento and make your driving experience a real pleasure.

Cross bars, aluminium & bike carrier pro

Transport all you can possibly need with these light but strong cross bars and be ensured to load and unload your bike with ease.

Tow bar, retractable

Conveniently deploy and retract this fully electric, high quality tow bar via a switch in the trunk.

Dog guard, upper and lower frame

Easy to install and a perfect fit, this robust grid makes sure everything stays securely where it should.

Door mirror caps, chrome optic

Raise the overall visual impact of your Sorento with these high-gloss stainless steel caps.

Side steps

These robust side steps ensure easier access to the cabin while underlining the unique look of your Sorento.

Boot liner

Made from 90% bio-based material, this custom-made, anti-slip liner will protect your trunk from wet, muddy or grimy things.

Boot sill trim line

Effective protection and exclusive styling: ideal for guarding the inner sill of your Sorento's load area from damage.

Style from the inside

Your Kia Sorento says as much about you inside as it does out. That's why we have a whole range of interior options to choose from, including fabric and all-leather nappa.

For that stylish finishing touch, all leather seats come with brushed TOM film garnish and 3D embossing, while black cloth seats come with a metal-effect paint garnish with 3D embossing. In addition, there are black leather seats featuring a black one-tone detail colour. Black nappa seats are also complemented by a black interior headlining.

7 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

Our complimentary driveaway insurance, with up to 5 days of optional cover if required, will get you on the road right away and comes complete with one year's free Excess Return worth up to £250, protecting your excess whoever your insurer is. You can also upgrade to a great value, annual insurance policy. Our policies cover you for genuine Kia approved repairs, parts and labour, meaning you never have to compromise when keeping your Kia 100% Kia.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.

Kia Care Service Plan

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Sorento which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply. Log onto www.kia.com/uk for details.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details

Fully unlock these benefits when you register at **MyKia**
