**WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. CO₂ figures shown are based on the standard specification. From 1st April 2021 WLTP CO₂ figures will be used to calculate Vehicle Excise Duty. When vehicles are modified from the standard condition, a unique CO₂ value will be applied to the vehicle to calculate applicable VED. Please contact your Retailer for further information.

Please refer to the accompanying Technical Specification for full details on driveline, engine performance and fuel economy.
