IT'S MORE THAN A WORKHORSE.

A SINGLE CAB THAT DOUBLES UP ON FEATURES.

Introducing the all-new, all-conquering GWM P-Series. The bakkie reimagined. The P-Series Commercial Single Cab is a brand-new addition to the range of robust, reliable and "workaholic" GWM bakkies that are built for true versatility. This legendary bakkie is powerful, not just instinctively, but practically. To elevate your travels to even greater heights, the Commercial Single Cab features a 6MT gearbox, and available in 2WD or 4WD variants.

TAKE ON LIFE TOGETHER.

It's great to have a travelling partner who is with you all the way. You and the P-Series Commercial Single Cab will embark on many journeys together and when it comes to work, you can't beat this resilient workhorse.

When it comes to the interior, an appealing black interior with leather wrapped steering wheel, 3.5-inch colour instrument cluster and smart technology add to the comfort and convenience that your off-roading explorations need. With exceptional increased load capacity, now you can haul any equipment, the latest "toys" and your trailer to complete the task with absolute ease.

STANDARD SAFETY.

The GWM P-Series Commercial Single Cab comes with standard safety features such as a hydraulic brake assist system (HBA); traction control system (ASR/TCS); collision automatic unlock function and so much more.

SPACE TO SATISFY.

From interior spaciousness to a rugged exterior styling, the GWM P-Series Commercial Single cab is designed with a generous load capacity that is ready to haul it all.

DETAILS ARE EVERYTHING.

This bakkie is a must-have for enthusiasts who love the extra touches in a hardy companion. With an openable sunroof for enhanced lighting, air circulation and overall driving experience, this exceptional workhorse gives you all the tech you need with a savvy interface and intelligent networking system.
