CAR OF THE YEAR 2017
Best estate car
less than £18,000

FABIA – SETTING THE STANDARD

To improve, enhance and refine at every opportunity has always been the ŠKODA way. The Fabia Hatch is the perfect example. The single most popular model in our range, it continues to push what's possible in terms of space, functionality and connectivity. It's not all change though, as the sharp exterior lines and dynamic styling throughout remains as compelling as ever, on both body styles.

Now in its third generation, the Fabia has also maintained its award-winning streak having picked up **'Best small car'** and **'Best estate car less than £18,000'** in the 2017 What Car? Car of the Year Awards. Additionally, new car drivers also voted Fabia as the Best Small Car winner in the Driver Power 2017 New Car Survey.

Models shown are not UK specification. Some of the equipment shown is optional.

STEAL ATTENTION ON THE ROAD

Confidence, power and balance. From the crystalline design of the headlights, the distinctive geometry of the grille to the powerfully contoured rear, the Fabia's exterior makes a first-class first impression from any angle.

SIDE INDICATORS

The electrically adjustable, heated side mirrors contain the side indicators and further enhance the clean and sharp side profile of the car. Included as standard across the range.

PRIVACY GLASS

Designed to provide additional sun protection for passengers in the back, the tinted rear windows also add a sporty look and feel.

REAR LIGHTS

The Fabia's rear lights feature the iconic illuminated C-shaped design, tinted with a black edge.

SIGNATURE DESIGN

With the iconic arrowhead badge, bold front grille and multi-faceted headlights all centre stage, the front of the Fabia is the perfect expression of ŠKODA's signature design language.

Fabia

**PANORAMIC
GLASS ROOF**

The eye-catching panoramic glass roof floods the cabin with natural sunlight.

A GREAT DEAL OF THOUGHT AND SPACE

The interior of the Fabia is as captivating as it is inviting, with an emphasis on striking horizontal lines and fine-tuned functionality. It's highly adjustable too, from the seats, mirrors and windows to the dashboard style and upholstery colour.

MULTIFUNCTION STEERING WHEEL

The attractive multifunction leather steering wheel isn't simply soft and tactile, it enables you to control the radio, trip computer and your connected smartphone.

CLIMATRONIC AIR CONDITIONING

Whether keeping you cool in the summer or cosy in the winter, this electronic system provides year-round comfort. It's also fitted with a humidity sensor to reduce windscreen misting.

HEIGHT ADJUSTABLE FRONT SEATS

We go to great lengths to put comfort firmly in the driving seat. Quite literally in this case, as the driver's seat can be easily adjusted to suit your height. An adjustable passenger seat is standard on SE and above.

REAR SEATS

With its generous leg-room and space, the Fabia ensures your precious passengers in the back always have plenty of room to play.

CONNECTIVITY TO GO WHEREVER YOU GO

While the infotainment system instantly impresses, it truly comes alive once connected to your smartphone. This enables you to be fully online on the move, keeping you connected wherever your journey takes you. It also opens up a world of personalisation thanks to features such as SmartLink+.

SMARTLINK+

From taking calls to switching between your favourite playlists, SmartLink+ enables you to safely use your smartphone through the infotainment system. It also includes SmartGate, which enables you to record and analyse your driving style.

BOLERO RADIO

Take your favourite tunes on the road with the Bolero radio, which includes a 6.5" touchscreen, DAB, AM and FM tuners, USB/Aux-in connection and SD card slot. Included as standard on SE models and above.

ŠKODA SURROUND

Open road. Favourite tunes. Pure bliss. The ŠKODA Surround sound system is perfectly tuned to suit the unique space of the Fabia and includes six onboard speakers, plus a further three virtual speakers.

STAY CONNECTED

Included as an option on SE models and above, the new ŠKODA Connect system turns the Fabia into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. With Proactive Services the car will contact your

ŠKODA Retailer to arrange a service. Finally, Emergency Call will contact the emergency services in the event of an accident to get you the help you need.

WATCH THIS SPACE

It may be our most successful hatchback, but like all our models you'll find the Fabia surprisingly big on space the moment you jump inside. We've also designed a host of clever features to further enhance the practicality of the luggage compartment.

FOLDING HOOKS

Ideal for hanging your shopping bags on, these handy hooks will keep breakages and spillages to a minimum.

SHELF

The two-position luggage compartment shelf, when fixed in the lower position, allows you to transport fragile objects with complete peace of mind.

NET PROGRAMME

An optional set of nets in varying sizes will help keep everything in place in your luggage compartment.

NO ROOM FOR COMPROMISE

Generous space and ŠKODA have always gone hand in hand. The Fabia's no different. With the rear seats folded, the Hatch offers an impressive 1,150 litres, while the Estate offers 1,395 litres. In other words, ample room for both practical essentials and playful extras.

THOUGHTFUL TOUCHES

At ŠKODA we love big ideas, but it's often the little thoughtful touches that make us smile the most. The ones that make life simpler. That's why we've packed the Fabia full of them.

FRONT ARMREST

Cleverly concealing an extra storage compartment for small items, the front armrest increases the comfort of both the driver and front passenger.

REAR-VIEW CAMERA

Located on the boot handle, the optional rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

UMBRELLA

A spot of rain will never dampen your spirits again thanks to the umbrella located under the passengers seat.

ICE SCRAPER

Mounted out of sight on the fuel cap, this handy ice scraper is ideal for frosty mornings.

GLOVE COMPARTMENT

The closed storage compartment in the dashboard has enough room to fit a 1-litre bottle inside.

LOOKING OUT FOR THOSE INSIDE

We're forever focused on customer safety and comfort. It's why in a car that can seat up to five passengers, six airbags are equipped as standard. You'll also find a host of active and passive driver assistance systems that help to provide extra protection at all times.

DRIVER FATIGUE SENSOR

This intelligent safety feature evaluates data from the power steering sensors to detect driver fatigue. The moment any tiredness is detected, the trip computer display warns the driver to take a break.

THIRD HEADREST

If full carloads are the rule rather than the exception, the option of a third headrest in the middle seat will be welcomed by all rear passengers.

SPEED LIMITER

Designed to stop you exceeding the speed limit, only a sharp thrust on the accelerator pedal to engage full throttle will deactivate the speed limiter (for safety reasons).

FRONT ASSIST

Using a radar in the front bumper this system provides an audio and visual signal to warn of an impending collision. If the driver fails to respond, the system initiates braking to minimise any possible impact.

FABIA S

Loaded with standard equipment and thoughtful touches, this entry-level trim impresses at every turn.

ELECTRICALLY ADJUSTABLE AND HEATED DOOR MIRRORS

HEIGHT AND REACH ADJUSTABLE THREE-SPOKE STEERING WHEEL

SWING RADIO WITH 5" TOUCHSCREEN DISPLAY

STANDARD EQUIPMENT

WHEELS
