

The Kia Picanto

Movement that inspires

Movement that inspires.

Open a world of possibilities.

We believe in movement that inspires. Design that makes a statement. Technology that changes the game. The new Kia Picanto fits in and stands out, all at the same time. With spirited design to match your style. And new tech throughout the cabin that is always in sync with you. For an effortless, upbeat driving experience on every trip around the city.

Design

Cool. Fresh. Modern.

Exterior Design

Striking new details.

The Picanto looks robust yet refined. From the expanded radiator grille conveying high performance, to the solid confidence of the black high-gloss bumper.

The wide, self-assured look features modern design cues and a striking LED Lightbar* connecting the LED headlights and Daytime Running Lights.

Disclaimer:

*Available with the Picanto GT-Line and GT-Line S only.

Confident alloy wheel line-up.

Choose from an impressive range - including new 14" and 16" alloy wheels, plus new dedicated GT-Line 16" alloy wheels.

Dynamic rear styling.

The wider rear design brings an agile sportiness, emphasised by the vertical rear combination lamps and LED tail centre lamp.

Interior

Interior Design

Modern and distinctive.

Adorned with the latest technology, the Picanto's interior offers style and comfort with all the practical features that make driving a simple joy.

8" Touchscreen Navigation.

Always have all the essentials, right where you need them. Like real-time updated navigation information, on an easy-to-see interface just in front of you. Powered by Kia Connect services free of charge for seven years, it takes live and predictive traffic data into account to recommend the best route.

4.2" Driver Display Screen.

Fitted as standard, this new display brings an extra-modern ambience to the cockpit, with high brightness for optimum visibility in all light conditions.

Luggage Compartment.

Benefitting from the wider rear design, the large cargo space provides room for your personal travel needs, with fold-down rear seats for added versatility.

Safety

Intuitive safety features.

Advanced safety technologies include anti-collision assistants, which detect collision risks before they occur. Highway assistants to keep you safe at higher speeds. And parking assistants to make light work of parking.

Technologies for safety and convenience.

Blind-spot Collision Avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist detects any vehicles in your blind spot and alerts you with a warning symbol in your door mirror. Should you start to change lane, the Picanto will automatically apply the brakes to avoid a collision, the side mirror warning symbols will flash and an audible alert will sound (GT-Line S).

Forward Collision-Avoidance Assist.

The system monitors other cars, pedestrians or cyclists ahead to avoid a potential collision. It also functions to prevent collisions with oncoming vehicles when making a right turn at a junction. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied ('Pure' and 'GT-Line' come with FCA 1.0 while 'GT-Line S' comes with FCA 1.5).

Lane Follow Assist 1.0.

LFA assists your steering to keep you in the middle of your lane. It takes the strain out of motorway driving.

Intelligent Speed Limit Assist.

The system uses a camera to read speed limit signs along the road, and displays them beside the speedometer and on the navigation screen.

Connectivity

Always in sync with you.

Connectivity

USB Type C charging.

Find handy, fast-charging USB-C ports conveniently located in both the front and back row.

Apple CarPlay™ & Android Auto™.

Always stay up to date and connected with your car and the outside world. Listen to your playlists and browse your favourite apps in smart, safe ways.

Powertrain

Powertrain

Discover your perfect fit.

The Picanto comes with the choice of a 1.0-litre petrol engine, with the following available powertrains:

- 1.0 GDI Manual
- 1.0 GDI AMT

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on Apple™ and Android™).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.
