All figures are based on a standard specification. The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence. The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in Ireland. Figures shown are for comparability purposes; only compare with other vans tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <https://www.mercedes-benz.ie/vans/en/WLTP>

Keeping Businesses Moving.

Once you've driven away in your new Vito, the support we provide doesn't stop there. Did you know we offer a number of ways to keep your business moving long into the future? It's perhaps one of our best kept secrets...

> ServiceCare

Because you don't stop, we don't either. We offer a range of servicing options to suit every business and to keep your vehicles on the road and running at their peak performance.

- All new Mercedes-Benz Vans purchased from 1st July 2020 now come with a free Service Plan. This Service Plan will cover an A+B service and depending on mileage may extend your service intervals for up to 2 years.
- As part of this Service Plan, you will also receive a complementary Mercedes Me connect activation. This activation will allow you to stay connected with your vehicle by phone, tablet or desktop device.
