EXTERIOR DESIGN.

Dependable. Capable. Advanced. The Silverado lineup pairs brains with brawn to build upon its enduring legacy as the most dependable, longest-lasting full-size pickup on the road.

That legacy is elevated by a new muscular front end with a sculpted hood and signature LED lighting accents. Three EcoTec engines that deliver power and efficiency raise the bar even higher. Tough, proven high-strength steel provides high-strength dependability.
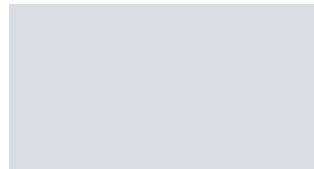

TECHNOLOGY.

With available Phone Integration Technology, you can interact with select smartphone apps. These systems take some of your phone's features and put them on the available Chevrolet MyLink® display in a smart, simple manner. You can access your phone, text messages and music as well as some of your favorite audio apps.
