Passion for life

Renault SCENIC & GRAND SCENIC

SCENIC and GRAND SCENIC: the MPV reinvented

A world of opportunity. SCENIC and GRAND SCENIC are packed with innovation to help you make the most of every moment. Clever design has created beautiful proportions whilst maximising space to stay true to the "Multi-Purpose Vehicle" concept. Furthermore, innovations in modularity make SCENIC and GRAND SCENIC a flexible vehicle to live with every day. Top that with the latest safety and in-car technology and SCENIC and GRAND SCENIC are ready for what life will bring.

Beautiful & clever design

Beautiful design with clever innovations are at the heart of SCENIC and GRAND SCENIC. The unique 20" alloy wheels were inspired by the R-SPACE concept car and have been designed with a specific profile to provide low rolling resistance and promote fuel efficiency.

A striking two-tone paint finish[†] accentuates the sweeping roofline and windscreen of SCENIC and GRAND SCENIC. Full LED headlights with Pure Vision* technology combine with highly distinctive C-shaped LED daytime running lights (DRLs) to give the vehicle a bold on road presence. To finish, Edge Light technology gives the tail lights a 3D effect, all for a truly recognisable lighting signature.

[†]Optional on Play, Iconic and standard on Signature. *Optional on Iconic.

Family room

Created to maximise the well-being of passengers and driver alike, SCENIC and GRAND SCENIC take the monospace concept to new levels. The passenger compartments are bathed in light thanks to a huge panoramic glass sunroof† to form a natural living space. Clever innovations make daily life easier, including One-Touch Folding‡, which makes it possible to lower the rear seats to obtain a flat floor by simply pressing the Renault R-LINK 2* touch screen (or using the boot controls). The rear bench seat (60:40 split), with its supportive seats, slides for optimal use of the passenger compartment.

Image shown is with 8.7" touchscreen - standard on Signature.

†Standard on Signature.
*Standard from Iconic and above.

A world of freedom

Comfortable, spacious, and configurable to your needs, the GRAND SCENIC provides added flexible space. Its seven seats make it easy to travel as a family. The 60:40 split sliding bench seat in the second row and two seats in the third row are foldable using the One-Touch folding* control. With the second and third rows of seats folded flat, GRAND SCENIC transforms to offer a cavernous load space.

*Standard on Signature.

Shared space

A clever sliding centre console* makes it possible to choose your own interior configuration: in the forward position the driver sits in a cockpit-type setup, or positioned further back a shared space for the entire family is created. For the front passengers, the sliding centre console is used as an armrest, whilst for rear passengers, a storage bin, two USB ports and a 12-volt socket make powering tablets easy – great for longer journeys!

*Standard from Iconic and above.

Useful technology

Welcome to the cockpit of the SCENIC and GRAND SCENIC. The new multimedia R-LINK 2 system* is the centre point of the dashboard with its huge 8.7" screen**. Intuitive and responsive, it provides access to functions such as navigation, phone and MULTI-SENSE** (which offers a choice of five different driving modes and ambient lighting settings). A colour head-up display** completes the cockpit, updating the driver with key information such as speed and directions. And with your eyes on the road for longer, the colour head-up display promotes safer driving.

Take advantage of voice control commands accessed from the steering wheel* for greater ease of use whilst on the move.

And now, R-Link 2* is compatible with Apple CarPlay™ and Android Auto™. Access selected smartphone apps^ from the R-Link 2* touchscreen multimedia system - get connected!

*Standard from Iconic and above. **Standard from Signature. ^Compatibility: An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of the law. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle

On-board intelligence

True pleasure requires peace of mind. SCENIC and GRAND SCENIC offer the latest driver assistance technology because the safety of you and your family is paramount. Active Emergency Braking System (AEBS) with pedestrian detection, is a standard feature across the range. This system will apply the vehicle's brakes if a collision with a vehicle or pedestrian is detected (subject to certain parameters). The Fatigue Alert* monitors your driving inputs and notifies you when it is time to take a break. Lane-Keeping Assist (LKA)** corrects the steering if your vehicle makes an unplanned move out of lane.

*Standard from Iconic. **Optional as part of the Safety Pack and Safety Pack Premium.

Driver assistance

SCENIC and GRAND SCENIC feature useful technology as standard that can be enjoyed everyday. Hill Start Assist makes pulling away on an incline much easier. The Visio system packs in automatic high/low beam, traffic sign recognition plus lane departure warning. The technologies below are offered to further enhance your SCENIC and GRAND SCENIC.

Fatigue detection alert¹

With its trajectory analysis system, the Renault SCENIC detects any anomaly linked to fatigue and informs you so that you know when it is time to take a break.

Hands Free Parking²

Parallel, perpendicular, and angled parking will all be fun from now on! With its 360 degree sensors, the Hands Free Parking system measures the available space before providing steering guidance during manoeuvres.

Adaptive Cruise Control (ACC)³

Keep a safe distance from the vehicle in front of you. The adaptive cruise control automatically adjusts the set speed to maintain a safe distance.

Blind Spot Warning⁴

Sensors mounted in the front and rear bumpers help to detect vehicles in your blind spot. If a vehicle is detected, an orange light will appear in the door mirror.

1. Standard from Iconic and above. 2. Part of Parking Pack Premium, available as an option on Signature. 3. Available as part of the Safety Pack Premium. Optional on Signature. 4. Part of Parking Pack Premium, available as an option on Signature.

Storage space

SCENIC and GRAND SCENIC feature handy storage throughout the cabin - 56.9* litres to be exact!
With everything you need ready to hand, you'll always be prepared.

*Standard from Iconic and above.

Driving sensations

You want your car to match your mood, one day feeling sporty and the next hoping to be relaxed. With the MULTI-SENSE* ambient lighting and driving mode selector you can change the SCENIC's setup to match your mood. By pressing the MULTI-SENSE* button on the central console, access a choice of five different modes: Neutral, Sport, Comfort, Perso and Eco. MULTI-SENSE* modifies engine response, accelerator sensitivity, the speed of gear changes, steering weight, air conditioning power, engine sound, and ambient lighting! From sepia to red or blue through to purple, or green, the ambient lighting accents the doors, the instrument panel and the R-LINK 2* screen beautifully. And with the Perso mode choose a setup which you configure.

*Standard on Signature.

Bose® Surround sound*

Bose® and Renault engineers worked together to create custom surround sound for SCENIC and GRAND SCENIC. 11 high-performance speakers, ideally positioned in the passenger compartment, transform SCENIC and GRAND SCENIC into a huge theatre. Thanks to the front central speaker, voices and instruments are crisp and clear. The Bose® Surround technology gives the sound experience a totally unique and immersive dimension.

*Part of BOSE® Pack, optional on Signature.

Modular

True champions of smart storage, SCENIC and GRAND SCENIC offer many practical spaces. For example, the sliding centre console[^] and under-floor compartment let you discreetly store items out of sight. Then there's the One-Touch folding¹ that lets you fold the rear seats into a flat floor to make large loads easy.

[^]Standard from Iconic and above. ¹Standard on Signature.

A diverse selection

TCe 140 petrol engine

This latest generation petrol engine from Renault features technologies to help increase torque (up to 240Nm) and reduce CO₂*. As a result the TCe 140 delivers driver pleasure around town or on motorway routes. For even greater flexibility the TCe 140 is available with the Auto-EDC transmission.

dCi 120

Flexible, efficient and refined. The dCi 120 diesel engine is a great choice for fuel efficient everyday motoring.

*According to WLTP regulations

Standard features

PLAY

20" Silverstone alloy wheels

Dark Carbon cloth upholstery

SAFETY AND SECURITY

- ABS with EBD (Electronic Brake Distribution) and Emergency Brake Assist
- AEBS with pedestrian detection
- Airbag - front passenger deactivation facility
- Airbags - driver and front passenger
- Airbags - front and rear curtain
- Airbags - front lateral
- Child locks
- Cruise Control and Speed limiter
- Deadlocking and immobiliser
- ECO mode
- ESP (Electronic Stability Programme) with understeer control
- Headrests - Front - Two height and adjustable headrests
- Headrests - Rear - Three height adjustable headrests
- Hill Start Assist
- ISOFIX child seat anchorage points on rear outer seats and front passenger seat
- Protective rear brake disc

- R.A.I.D. (Renault Anti Intruder Device) - Automatic locking of the doors and boot over 6mph
- Rear parking sensors
- Seat belts - Front - Three-point seatbelts with double pretensioners and load limiters
- Seat belts - Rear - Three 3-point seatbelts with load limiters
- Seat belts - seat belts not fastened alert
- Tyre Inflation Kit
- Tyre Pressure Monitor
- Electronic parking brake
- LED indicators in door mirrors

EXTERIOR

- 20" SILVERSTONE alloy wheels
- Body side moulding with chrome insert
- Chrome detailing (side window line)
- Door handles - body coloured with chrome inserts
- Door mirrors - Body coloured
- Front fog lights
- LED DRLs - Daytime running lights
- LED tail lights

INTERIOR

- Synthetic leather steering wheel
- 2nd row seating - 60:40 split folding seats, ISOFIX on outer seats, 3 point seat belts with load limiters
- 3rd row seating (2 seats, foldable into boot floor) with 3 point seat belts, cupholders and reading lights (Grand Scénic only)
- Centre console - fixed
- Display - Digital speedometer (7" TFT screen)
- Driver - height and lumbar adjustable seat
- Driver and front passenger reading lights and central light
- Driver and front passenger seat with rear mounted storage pockets
- Driver and front passenger sunvisors with vanity mirror and light
- Gear knob - leather and satin chrome
- Passenger - height adjustable seat
- Reading lights for 2nd row passengers
- Rearview mirror - standard
- Seats - fold flat
- Tinted windows
- Upholstery - Dark Carbon Cloth

COMFORT AND CONVENIENCE

- Automatic Dual Zone climate control with Air Quality Sensor
- Automatic headlights and windscreen wipers
- Door mirrors - Electrically adjustable, heated and folding
- Electric front windows with one-touch function
- Electric rear windows
- Keycard - hands free with walkaway lock function
- Multi position boot floor
- Visio System (lane departure warning, traffic sign recognition, automatic high/low beam)

CONNECTIVITY AND SOUND SYSTEM

- 7" touchscreen, FM/AM/DAB tuner, Bluetooth^{®†} audio streaming and hands-free calls
- Compatible with Apple CarPlay™ & Android Auto™[^]

† For compatible devices, please refer to <https://www.renault.ie/services/multimedia/bluetooth-compatibility.html> ^ Compatibility: An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of the law. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle.

Standard features

ICONIC (additional equipment to Play)

20" Silverstone alloy wheels

Accessories*

1. Holiday Pack: Roof bars and Urban Loader roof box (extendable from 300 to 500 litres). **2. Retractable tow bar:** This tow bar system will be ready in a few seconds without tools or effort. Retractable in a single movement, it becomes invisible and preserves the look of your vehicle. **3. QuickFix Aluminium roof bars:** Quick and easy to install with the innovative QuickFix system. Allow for the attachment of a roof box, increasing your Scenic's loading capacity. **4. Standard boot liner:** Ideal for easily transporting even dirty items, it effectively protects the original carpet, and is perfectly adapted to the shape of your Renault's boot. **5. Boot sill protector:** Protect the boot sill from scrapes whilst enhancing the style of your Scenic.

ACCESSORY PACK / INDIVIDUAL ACCESSORIES

Holiday Pack
Retractable tow bar

QuickFix Aluminium roof bars**
Standard boot liner

Boot sill protector
Boot Mat

Luxe Pack (Illuminated door sills, Boot sill protector, Boot liner)

For prices, please refer to the Renault Car Price Guide available at your local dealer and on www.renault.co.uk.

*Accessories are fitted post-production, and may have an impact on real world fuel (actual) consumption and CO₂ figures **On Grand Scenic, only compatible with vehicles with longitudinal roof bars

1. Child seat (from 9 month to 4 year old child): Ensures optimum safety and protection for children aged 9 months to 4 years. Very comfortable, it can be adjusted to three positions including a sleeping position. ISOFIX attachment system. **2. Tablet holder:** Easily attached to the headrest, allowing your rear passengers to comfortably view video content on touchscreen tablets between seven and ten inches. **3. Illuminated door sills:** Double sided, the illuminated door sills add style and protection. **4. All-in-one boot liner:** Essential for protecting the boot of your Renault, it can be folded and unfolded with ease and adapts perfectly to the position of the rear seats while covering the full surface area of the boot and the back of the rear seats. Highly practical, both for daily use and for leisure activities.

INDIVIDUAL ACCESSORIES

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however for 2019 the vehicle tax calculation is still based on the outgoing (NEDC) test cycle. The NEDC back translated CO₂ figures are available at your local dealer. WLTP emissions and consumption values shown are for a standard vehicle with no options. Most Renault cars are fitted with an optional spare wheel at no extra cost, which will typically increase the WLTP CO₂ emissions by 1 g/km. Your dealer will be able to confirm the CO₂ emissions of your selected car with its specified options.

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however for 2019 the vehicle tax calculation is still based on the outgoing (NEDC) test cycle. The NEDC back translated CO₂ figures are available at your local dealer. WLTP emissions and consumption values shown are for a standard vehicle with no options. Most Renault cars are fitted with an optional spare wheel at no extra cost, which will typically increase the WLTP CO₂ emissions by 1 g/km. Your dealer will be able to confirm the CO₂ emissions of your selected car with its specified options.
