

# The new Kia EV6

Take the lead. Drive  
electric.

Movement that inspires

Movement that inspires.

Inspired by a strong new vision for a sustainable future, this crossover is innovated for the electrified era in aesthetic terms too. With a modern sportiness that is as forward-thinking as it is head-turning.

# Exterior

Your style, with a future spin.

## Reimagined front design.

Daytime Running Lights with Star Map graphics complement the wide, dynamic character of the hood and bumper.

## Aerodynamic side details.

The expressive silhouette with its long wheelbase and sweeping roof profile features a redesigned side sill and garnish.

## New signature LED taillights.

A new rear light signature showcases modernised rear combi lamps that add a high-tech feel to the athletic bodywork.

## High-impact alloy wheels.

With a modern design, available in 19 and 20 inches, the new alloy wheels express a daring and dynamic stance.

# Interior

An immersive journey for everyone.

## Panoramic curved display.

Curved to face the driver, these dual 12.3" displays deliver high-definition navigation and incorporate streamlined controls.

## Completely redesigned steering wheel.

From bi-colour designs to a 3-spoke GT-line look, the new steering wheel comes in various styles to complement your EV6 interior.

## Fingerprint recognition.

Conveniently start your EV6, connect to your user profile, or de-activate valet mode. All with the touch of your fingertip. (grade dependent)

## Comfort you can configure.

Enjoy effortless comfort while you drive or charge your EV6, with premium relaxation seats in the front row. (grade dependent)

**Meridian Surround Sound System.** With 14 speakers, the Meridian premium sound system creates an immersive experience, no matter whether you're listening to a podcast, your favourite artist or navigation instructions (grade dependent).

**Wireless phone charger.** Charge your phone conveniently on the wireless charger while you're driving. (Grade dependent)

**Infotainment and navigation.** The cutting-edge infotainment system, dual-band GPS and new EV route planner makes driving less complicated and far more enjoyable. With dual-band GPS and the new EV Route Planner that suggests the best charging points on your route.

**USB-C fast charging.** Convenience is important for everyone on board. You will find handy, fast-charging USB-C ports conveniently located for both front and back passengers.

## Relaxation as a design objective.

With a flat floor and a broad-shouldered frame, the new Kia EV6 gave our designers more freedom to create the best design for you. The seats take up less space, but deliver more. The premium relaxation seats provide a wide range of settings so that your body is in its most comfortable position, minimizing the fatigue or discomfort you might have experienced with conventional seats, especially on long drives (grade dependent).

**Premium relaxation seats.** The front seats are slimmer, more comfortable and offer more adjustability than ever before. While you charge the new Kia EV6, the relaxation seats let you recline to optimise your posture and better distribute the pressure on your body (grade dependent).

**Heated and ventilated seats.** Ventilated front seats give the driver and front passenger a more comfortable ride in warm weather. With the centre console touch buttons, both fans and heating can be controlled and adjusted to meet the needs of passengers in the front and rear (grade dependent).

**Second-row seat comfort\*** The slim front seats, the unique E-GMP platform layout and the flat floor give rear passengers more legroom. There are headrests in every position, and a centre armrest incorporates a storage box with sliding cupholder. Air vents on the B-pillars offer refreshing airflow.

\*Imagery are used for illustration purposes only.

## Space innovation.

From soft, durable artificial suede leather and recycled materials: the new Kia EV6 is ergonomically designed for your body's comfort and your peace of mind. It's not just about style. This is a new way of being.

**Air** - Black Cloth & Artificial Leather

**GT-Line** - Black Artificial Leather with White Artificial Leather Bolsters

**GT-Line S** - Black Artificial Suede with White Artificial

# Performance

Less searching and more discovering.

## Enhanced Performance. Even more

The new EV6 is innovated for yet more driving pleasure. You can expect a smooth, balanced ride that's stable and quiet. The tyres are optimized to reduce noise, vibration, and improve handling, making the cabin beautifully calm, no matter the speed. And thanks to the E-GMP's flat floor design, you'll benefit from all the comfort and practicality of a crossover vehicle, with performance that impresses at every turn.

## Your hub of connectivity.

Let our technology handle the details. So you can stay more connected to the journey. By prioritising information, the fully electric Kia EV6 lets you take in more of the world outside, and spend less time scanning screens and dials. Information is presented on clean, compact digital displays, and can even be projected onto the windscreen (grade dependent).

**Infotainment and navigation.** Intuitive by design, this cutting-edge infotainment system helps make driving less complicated and more enjoyable. Featuring dual-band GPS for improved location accuracy, a new EV route planner that suggests the best charging points along your route and over-the-air updates that enable the latest maps and software enhancements.

Images shown are for illustrative purposes only and not up to UK specifications.

**Digital Key 2.0.** This allows you to access and start your EV6 using your smartphone. You can store the key in your digital wallet and share it with multiple drivers for easy access to the car - without having to reach into your pocket for your phone. (grade dependent)

## Cargo space as big as your ideas.

The EV6 is designed to take you further in every way. You can expect longer journeys, more space, and smooth, balanced driving pleasure. The long wheelbase and flat architecture of the Electric Global Modular Platform (E-GMP) provides a generous cabin with lounge-style comfort for everyone on board. The industry-transforming E-GMP also brings you athletic performance and impressive range, with a stable, quiet driving experience even at high speeds.

**Smart power tailgate.** The power tailgate can be set to open automatically to a desired height (grade dependent).

**Remote second-row seatback folding.** Pull the remote release lever on the wall of the cargo space to fold the rear seatback down, creating 1,290L of storage capacity. With the lever's convenient location, it's like having an extra pair of hands when you need to load long or bulky items.

**Console tray.** The center console includes an armrest, cup-holders, a wireless charging pad above, and an open tray below that can hold shoes, tablets, or handbags (grade dependent).

**Front storage trunk (20 L, 52 L).** Extra space is a useful benefit of the new Kia EV6 platform. Under the bonnet there is a convenient storage space that measures 20L on AWD models and 52 L on RWD models.

# Safety

Less time for worry, more time  
for inspiration.

**Blind-Spot Collision-Avoidance Assist.**

When you signal a lane change, you are warned if a risk of collision is detected with a vehicle beside you or approaching from the rear. The system even interacts with your steering if the risk increases. Blind-Spot Collision-Avoidance Assist also watches out for you when pulling out of parallel parking spaces, warning you about oncoming traffic behind you (grade dependent).

**Forward Collision-Avoidance Assist with Junction Turning and Crossing.** It uses a front-view camera and radar to detect any vehicles, pedestrians or cyclists ahead. By warning and braking automatically, it can help you avoid, or reduce the severity of an accident. The system also engages when you are crossing or turning at an intersection (grade dependent).

**Navigation-based Smart Cruise Control (NSCC)** This technology helps to maintain a safe speed according to road conditions while driving on an expressway or highway. It automatically reduces the speed in sections of highways with tight curves, in order to keep the driver and passengers safe. And it resumes acceleration to pre-set levels thereafter.

## Getting you out of tight situations.

You'll never need to worry about navigating your vehicle in and out of tight spots again. The remote parking function does the hard work for you - automatically steering you into place and even performing diagonal parking - even remotely at the tap of your smart key.

**Highway Driving Assist 2 makes motorway driving a breeze.** When engaged, it maintains you in your chosen lane and adapts your speed based on the limit in force, the vehicle ahead of you or the curvature of the road. Turn your signal on and it helps you change lane. It also steers you away from vehicles beside you if they are drifting too close (grade dependent).

**Lane Keep Assist helps prevent risks associated with sleepiness or inattention.** It warns you and steers you back within your lane if you show a risk of drifting unintentionally out of it.

**Parking Collision-Avoidance Assist.** Parking or exiting a space is no hassle at all with the new EV6. This will warn you of pedestrians or objects close to the vehicle. If the risk of collision increases after this warning, it automatically assists with emergency braking (grade

**Surround View Monitor.** Gone are the days when you need to exit the vehicle or ask others for help with tricky manoeuvres. Images from four cameras are synthesised to give you a 360° 3D view around the vehicle, so you can steer and park with confidence (grade dependent).

\*Imagery are used for illustration purposes only and may not be to UK specification.

# Specification

# The new Kia EV6 'Air'

**Runaway Red (Standard)**

**Midnight Black (Premium)**

**Glacier White (Premium)**

**Interstellar Grey (Premium)**

## Powertrain

*84.0kWh lithium-ion 166bhp  
RWD 1-speed auto*

*84.0kWh lithium-ion 225bhp  
AWD 1-speed auto*

- 19" Alloy wheels
- 12.3" Curved driver display screen
- 12.3" Curved touchscreen navigation
- Free 7-year Kia Connect services\*\*
- Ecall
- Body coloured exterior flush door handles
- Black cloth & artificial leather seat upholstery
- Gloss black door mirrors

- Electrically folding, adjustable & heated door mirrors with integrated LED indicator lights
- LED headlights, rear lights and daytime running lights
- Rear spoiler
- Chrome finish door garnish with black gloss wheel arches
- Heated front seats
- Heated steering wheel
- Rear parking sensors\*
- Dual automatic air conditioning
- All-round electric windows with auto up & down function
- Electronic parking brake (EPB) with auto hold function
- Rain sensing front wipers
- Manual adjustable front seats
- Electric adjustable lumbar support - drivers seat
- Metal painted interior door handles
- Engine start/stop button with smart entry system
- Navigation-based smart cruise control with stop & go functionality
- Forward collision avoidance assist (FCA) - city/pedestrian/cyclist/junction turning
- Highway driving assist (HDA)
- Drive mode select
- Auto-dimming rear-view mirror
- 60:40 split remote folding rear seats
- Ambient lighting
- Tyre mobility kit (TMK)

# The new Kia EV6 'GT-Line'

Runaway Red (Standard)

Wolf Grey (Premium)

Midnight Black (Premium)

White Pearl (Premium)

## Engine & Transmission

*84.0 kWh lithium-ion  
225bhp  
RWD 1-speed auto*

*84.0 kWh lithium-ion  
320bhp  
AWD 1-speed auto*

- Front passenger relaxation seats
- Electric Driver's Seat Adjustment with Memory Function
- Wireless mobile phone charger

**EV Battery Life**

**EV Battery life**

---

Kia EV battery packs have been engineered to last the lifetime of the car.

**EV Public Charging**

**EV Public charging**

---

The UK's public charging network is growing.

**EV Charging Time**

**EV Charging time**

---

Charging times for Kia EVs are getting faster.

# Kia Charge

In control of your charge status.

## Seamless, speedy charging.

Enjoy ultra-fast charging from 10% to 80% in 18 minutes. The high capacity battery pack delivers a range of up to 361 miles.

## Go further. Do more.

The new Kia EV6 multi-charging system operates with both 400 V and 800 V chargers without the need for an additional adapter. And unlike previous EVs, which only accept one-way charging, the Kia EV6 becomes your portable energy source wherever you are thanks to its Vehicle-to-Load functionality. So you can power any electric item you need for any inspirational journey.

**Electric Global Modular Platform (E-GMP).** The new long-wheelbase platform is a clean slate. It introduces a flat floor, facilitating new comfort and utility choices. Its modularisation gave our engineers more options to meet tough performance, maintenance and safety objectives. In terms of performance, their aim was to achieve greater power, driving range and control, as well as shorter charging times.

All specs may not be up to the UK specifications.

**Charging port.** The charging port flap opens and shuts electronically. Just press the flap itself, or the button on the right of the dashboard controls. What's more, you can also use your smartphone or voice command. Inside the cover, a bar graph displays the charging level.

**Vehicle-to-load (V2L).** Get 220 V of alternating current to power your devices, inside or outside the Kia EV6. Fully charged, its vehicle-to-load feature offers 3.6 kW of power, enough to run a large TV screen or a medium-sized air conditioner for 24 hours. Inside the Kia EV6, just select EV Ready or Utility mode and use the outlet at the base of the rear seat. Outside, simply attach the vehicle-to-load connector to the charging outlet (grade dependent).

## Public charging made easy...

### **Anxious about using multiple apps and accounts for charging across different public networks?**

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Instavolt, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries\*.

### **The only app you need**

You can start charging using either the app or dedicated card. And you don't have to make any payment on site: Everything is handled as part of a monthly, itemised billing process.

### **Reliable, up-to-date information**

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

### **Transparent pricing with monthly payment**

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

### **Best value with a range of bolt-on subscriptions including IONITY**

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit [kiacharge.com](https://kiacharge.com) or download the mobile application.

\*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription.

Kia Charge and [KiaCharge.com/gb](https://kiacharge.com/gb) are offered by Digital Charging Solutions.

## In control of your charge status.

Time, distance and charging: the Kia EV6 presents information in the most intuitive way. The user interface lays out all essential pieces of information in front of you in the digital instrument cluster. You are always clear about your range, forecast battery charge time and Vehicle-to-Load status so you can relax and enjoy the ride.

**Shift By Wire.** All you need to do to change gears between Reverse, Neutral and Drive is brake and turn the dial of the Shift by Wire system left or right. The P button puts the Kia EV6 in Park mode.

Imagery are used for illustration purposes only and may not be UK specification.

**Drive Mode Select.** The Kia EV6 can adjust to the way you like to drive. Choose Normal, Sport or Eco drive mode using the steering wheel or voice controls. Sport mode lets you accelerate more quickly, while Eco saves energy to extend your driving range. Each mode has a theme display on the cluster screen with unique visual effects that may also switch from white to black at night.

**Smart regenerative braking system.** This improves the vehicle's range and stability by optimising front and rear-wheel regenerative braking. It can be operated with the steering wheel paddle switches and adjusts the level of regenerative coasting based not only on navigation data, but on radar data as well.

# Kia App

## Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

### In-car services

---

**Your free seven-year Kia Connect**, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

#### **Real-time traffic information**

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

#### **Speed cameras and danger zones**

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

#### **Weather information**

With up to three days' weather forecast available, you can check weather conditions at your destination.

#### **Points of interest**

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

#### **Parking**

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

#### **Fuel station information**

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

**Charging station information (electric and plug-in hybrid vehicles only)** Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

## Mobile application services

---

**Once Kia Connect is activated in your Kia**, it gives you access to a wide range of useful functionalities through the Kia App (available on AppleTM and AndroidTM).

### **Find my car and first/last mile navigation**

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

### **Vehicle status**

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

### **Notifications and remote door control**

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

### **User-profile-linked vehicle settings**

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

### **Valet mode**

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS<sup>TM</sup> or Android<sup>TM</sup> operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.

# Accessories

Intriguing ideas. Inspired choices.

# Accessories

Let the Kia EV6 stimulate your imagination. Choose from our comprehensive range of high-quality accessories, all of which blend perfectly with its inspirational character. Whether you feel like adding an extra hint of distinction, or a touch of practicality, you can be assured that all our accessories are manufactured to the same meticulous standards as the EV6 itself.

**Door mirror trims.** Attention to detail can make all the difference. Raise the overall visual impact of your EV6 by complementing its exterior styling with these brushed aluminium optic mirror trims.

**Front boot liner.** A perfectly fitting protective liner for the front boot, located under the bonnet of 2WD models. Made from 90% bio-based sources.

**Velour carpet mats.** Keep your cabin unblemished for longer. These high quality tailored velour carpet mats will protect your car's interior from everyday dirt and enhance its look at the same time. They feature the EV6 logo in the front row and are held in place with fixing points and anti-slip backing.

**Boot liner.** However wet, muddy or grimy things get, this custom-made liner made from 80% bio-based sources will protect your boot area. It is durable, anti-slip and waterproof with raised edges.

**Boot liner extension.** Specially designed to keep the backs of your folded rear seats in top condition when carrying larger items. Easy fixation and made from 90% bio-based sources.

**Tow bar, detachable.** Whenever you have substantial cargo in tow, this top-quality, corrosion-resistant steel tow bar is ideal for efficient transportation.
