

ALL NEW

*YARiS*

# WHY STOP INNOVATING?

Twenty years of innovation, stylish design and world-leading technology have culminated in the All New Yaris.

It's ready whenever you are with limitless energy to take you from work to play and back again.

With its roots in fast-paced city streets. The All New Yaris is ready to go – thanks to its compact and agile design. The All New Yaris. Why stop?

# PERFORMANCE

Developed by experts and driven by passion, the All New Yaris comes with an advanced self-charging hybrid powertrain, offering outstanding fuel economy and engaging performance. There is also a choice of petrol powertrains which are a classic combination of Toyota quality, reliability and driving pleasure.

Built on more than 20 years of experience, the fourth generation Toyota self-charging hybrid system uses cutting-edge lithium ion battery technology that supplies you with instant power for a smooth and engaging drive; whilst the all-new TNGA platform delivers a highly rigid body and lower centre of gravity for agile, sporty handling that delights the senses and feeds your passion. When you want to go with the flow, the All New Yaris is with you all the way.

Take the lead, let others follow

# COMFORT

The All New Yaris redefines what's possible, with an open and spacious interior that defies its compact exterior dimensions. Modern, inviting and stylish, the soft touch materials and quality finishes together with ambient lighting create a rich sensory environment that is as inviting as it is relaxing.

Once you're behind the wheel, you'll notice the subtle changes which make an unmistakable difference. The seating position is a merge of comfort and total engagement which imparts a feeling of confidence and control. The lower instrument panel and steering wheel that's slightly smaller in diameter gives you more space but, more importantly, better visibility. All this adds up to an interior that's a joy to be in – and ultimately a car that's a joy to drive.

# TECHNOLOGY

The All New Yaris delivers a driving environment that puts you at the heart of technology. With seamless design and intuitive integration, you'll enjoy smartphone connectivity via Apple CarPlay™ and Android Auto™. The bespoke JBL sound system lets you enjoy flawless audio with a clarity you have only experienced live.

A full colour 10" Head Up Display is positioned so that you keep your eyes on the road and your hands on the wheel, while the new-look binocular-style instruments sit thoughtfully within the driver's eyeline. Alongside this, the 8" multimedia screen and Toyota Touch system deliver the information you actually need.

10" Head Up Display

# SAFETY

Toyota takes safety very seriously – which is why the All New Yaris is engineered to be our safest Yaris ever. The innovative Toyota Safety Sense package is fitted as standard throughout the range with features including an advanced Pre-Collision System with Pedestrian Detection in all light conditions, cyclist detection during the day, Road Sign Assist, Intelligent Adaptive Cruise Control and Lane Trace Assist. You can be sure that you and your passengers are safer than ever before.

Road Sign Assist

Pre-Collision System with Night-time Pedestrian Detection

Pre-Collision System with Cyclist Detection

Intelligent Adaptive Cruise Control

Lane Trace Assist

**ALL ACTIVE SAFETY TECHNOLOGIES** are intended to be back-up systems only and are not a substitute for safe and attentive driving. The functionality of these systems may be impacted by driving conditions. Further information is available from your local Toyota Centre.
