Front cover model shown is Polo SEL with optional 17” ‘Pamplona’ alloy wheels, LED daytime and main beam headlights and metallic paint.

Model shown is Polo R-Line with optional panoramic sunroof and metallic paint.
Charismatic and confident, the Polo has arrived. With its advanced technology, efficient engines and sophisticated driver's and safety assistance systems, it’s one of the world’s most advanced compact cars, providing more interior space and boot volume than ever before. The sporty exterior is designed to turn heads, matched by an interior that’s totally at home in the digital age. No wonder it’s creating such a stir.

Model shown is Polo R-Line with optional 17” ‘Bonneville’ Black diamond-turned alloy wheels, LED dipped and main beam headlights, panoramic sunroof and metallic paint.
The Polo’s rear design is strong and distinctive. A prominent tornado line extends from the front side panels along the doors and around the rear, defining the bodylines and creating a sculpted, sporty appearance. Stylish rear lights with LED number plate lights complete the square-edged rear design, giving real visual presence.

The 17 inch ‘Pamplona’ Dark Adamantium alloy wheels with five double spokes add serious sports appeal and complement the exterior design perfectly. Optional on SEL models.

The front design is sporty and athletic, characterised by the long bonnet and horizontal lines, giving a broader, more muscular appearance, while optional LED headlights with LED daytime running lights enhance its sharp look. Model shown is Polo SEL with optional 17” ‘Pamplona’ alloy wheels, LED dipped and main beam headlights and metallic paint.
Great view. Great outlook.

The optional panoramic sunroof gives an impressive uninterrupted view of the sky above, adding an extra dimension of light and space and creating a relaxing interior ambience.
A new generation of technology with a design to match.

Sophisticated and advanced, the interior of the Polo is designed for today. Digital instruments are highly functional and easy to use, such as the innovative 10.3 inch Active Info Display and the latest generation infotainment systems, featuring glass, high-resolution touch-screen displays.

01 Adjustable lumbar support allows you to enjoy maximum comfort and maintain the optimum position for your spine ensuring maximum control even on the longest of trips. Interior shown is SEL with optional Art Velours upholstery.

02 The Start/Stop (Keyless entry) enables you to start the engine using a button in the centre console, without taking the key from your pocket. Standard on GTI+ and optional on SE models and above.

03 Style and comfort are second nature inside the Polo. Ambient lighting, standard on SEL models and above, provides real atmosphere, whilst a choice of optional Dashpad and Style packs as well as different upholstery options, allow you to add individuality and colour. Furthermore plenty of head and legroom helps keep you relaxed. Dashpad and Style packs are optional on SE and SEL models.
Your Polo.
Your design.
Your style.

It’s up to how your Polo looks. Optional style packs provide a choice of finishes, interior styling, interior and exterior colours and equipment, offering all the customisation options you need to create your own unique Polo. So you feel totally at home, the moment you sit behind the wheel.

01 The Black style pack is elegant and classic, comprising a range of black features to create a stylish and exclusive look. The ‘Gloss Black’ roof decal, ‘Gloss Black’ upper door mirror housings create a dynamic contrast with your chosen vehicle colour. Optional on SE and SEL models.

02 Also included in the Black style pack are the 16 inch ‘Sebring’ Black diamond-turned alloy wheels featuring a five double-spoke design. Their glossy black look provides a further contrast with the vehicle colour, while wide 195/55 R16 tyres enhance the exterior’s sporty appeal. Optional on SE and SEL models.

03 Not only does the Black style pack deliver a sporty and dynamic look, it also ensures exceptional comfort, thanks to the front sports seats equipped with lumbar support, ‘Sewn’ cloth seat centre section and ‘Carbon leather’ side bolsters. The look is completed by the Titanium ‘Black’ revolving and bus steering wheel, ‘Sewn’ seat covers and boot, creating an luxurious and inviting interior. Optional on SE and SEL models. Interior shown is Polo SEL with optional Black style pack, Dashpad pack, Active Info Display and metallic paint.

Also available as an option is the Style pack, which includes all the interior equipment of the Black style pack. Optional on SE and SEL models.

Model shown is Polo SEL with optional 17” ‘Pamplona’ Dark Adamantium alloy wheels, Black roof pack, ‘Energetic Orange’ Dashpad pack, LED dipped and main beam headlights and metallic paint.
The Dashpad pack allows you to introduce even more colour and individuality to the interior of your Polo, with a choice of ‘Energetic Orange’, ‘Reef Blue’ or ‘Silver Silk’ dashpad inserts. Optional on SE and SEL models. ‘Deep Iron’ dashpad is also available as an extra option on GTI and GTI+ models. Interiors shown are Polo SEL with optional ‘Energetic Orange’ and ‘Reef Blue’ Dashpad packs, Active Info Display, cruise control and metallic paint.

When choosing your Polo, why not make the most of the opportunity to express your individual style? Thanks to the extensive choice of finishes, there’s a wide selection of stylish body colours and you can further enhance the visual presence by selecting the Black roof pack, comprising of ‘Gloss Black’ roof decal, ‘Gloss Black’ upper door mirror housing and rear tinted glass from B-pillar backwards. Matched with a vibrant body colour such as ‘Energetic Orange’ or a classic colour such as ‘Pure White’, it ensures your Polo really stands out, while creating a truly individual look. Optional on SE, SEL, R-Line, GTI and GTI+ models.
Infotainment and connectivity.

The Polo is truly a car of the digital age, providing endless infotainment and connectivity possibilities, exceptional ease of use and amazing functionality. Take the Active Info Display, offering five different customisable screens and journey data, with either large or small dials depending on your preference, on the interactive 10.3 inch high resolution screen, enabling you to view information exactly as you wish, in the configuration of your choice.

It’s up to you in which configuration you display data. Thanks to the Active Info Display’s fully configurable screen*, you can view combinations of information, from a full screen navigation data such as journey time, speedometer display and fuel level, phone information or driver assistance systems. The choice is yours. Standard on GTI and optional on SE models and above. Images shown feature cruise control which is optional on S, SE, Beats, SEL, R-Line and GTI models.

* When the large navigation map is displayed on the full Active Info Display in conjunction with the optional Discover Navigation infotainment system, the navigation map cannot be displayed on the central 8.0 inch colour touch-screen.
Completely free. But well connected.

Whatever your plans, you’re totally flexible in the Polo. Car-Net online mobile services provide remote access via your smartphone, enabling you to stay connected with everything that’s important to you whilst still enjoying complete independence.

Model shown is Polo R-Line with optional panoramic sunroof and metallic paint.
Thanks to Car-Net ‘App-Connect’ 1, your smartphone, your music, your messages, the internet, and selected apps are available at your fingertips. Simply connect your smartphone via USB to the infotainment touch-screen and your phone integrates seamlessly into your infotainment system allowing you to listen to your favourite music, use your phone, view messages or check the latest news and journey information. It’s that simple to stay connected on every trip.

1 Only operable in conjunction with compatible smartphones including iPhone 5 and above. Please see www.volkswagen.co.uk to check smartphone compatibility.

2 Car-Net ‘Guide and Inform’ services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of ‘Guide and Inform’ services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net ‘Guide and Inform’ services.

3 When the large navigation map is displayed on the full Active Info Display in conjunction with the optional Discover Navigation infotainment system, the navigation map cannot be displayed on the central 8.0 inch colour touch-screen.

Depending on which smartphone you have, you can connect Car-Net ‘App-Connect’ via USB connection to one of three interfaces: Apple ‘CarPlay’, Google ‘Android Auto’ or ‘MirrorLink’™, allowing your smartphone display to be ‘mirrored’ on the infotainment touch-screen and giving access to your favourite smartphone functions, such as music, messages, phone and news. Volkswagen apps such as ‘Think Blue. Trainer.’, ‘Shared Audio’, ‘Drive & Track’ or ‘My Guide’ can help to make your journey more pleasant and interesting by providing useful tips on driving, parking opportunities and even where to find the closest café. Volkswagen apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Usage of certified apps only while driving. Standard on SE models and above, and optional on S models. Image shown features optional Discover Navigation infotainment system.

Car-Net ‘Guide and Inform’ 2 gives you online access to a wide range of useful information, such as weather, echoFM Clarkson or your surrounding area, or the next filling station. You can also receive the latest traffic information with recommendations for avoiding congestion or news and weather feeds from the internet. Car-Net’s ‘Guide and Inform’ is standard on the Discover Navigation infotainment system.

The Active Info Display is a fully configurable, interactive 10.3 inch TFT display which replaces the standard analogue instrument cluster, displaying vehicle data and information on your dashboard. Five different modes allow you to customise the screen, with large or small dials as you prefer, and a number of items displayed behind them. When used in navigation mode, in conjunction with the optional Discover Navigation infotainment system 3, you can move the speedometer and tachometer counter to the edge of the display, creating more space for the navigational map. In parking mode, navigation and selected functions within the graphics of the speedometer can be displayed. As the Active Info Display is linked to all other assistance systems in the vehicle, any data shown in the centre console of the infotainment system, such as phone numbers or your music’s compatible cover art, can also be displayed on the dash, conveniently placed directly within the driver’s optimum field of vision. Standard on GTI+ and optional on SE models and above.

Interior shown in Polo SE with optional ‘Energetic Orange’ Dashpad pack and metallic paint.
The Composition Media infotainment system is equipped with an 8.0 inch colour touch-screen, DAB digital radio receiver, Phone Dock interface (PDI), single CD player, SD card reader, Bluetooth, AUX and Apple CarPlay, front and rear USB connection, and Apple Music and Android Audio. It delivers music playback from MP3, WMA and AAC files, simultaneous pairing of two compatible mobile devices, SMS functionality (when stationary and on compatible Android smartphones only), Bluetooth telephony and audio functionality, and provides driver tips and journey analyses via the ‘Think Blue. Trainer.’ Six speakers, situated to the front and rear, deliver a 200 watt output. Standard on S, SE, SE L, SE GTI, and SE GTI R-Line.

The Discover Navigation touch-screen navigation/infotainment system adds navigational functionality to the ‘Composition Media’ system, providing dynamic navigation based on TMC+, branded points of interest, preloaded European navigation data, Speed Limit Display, and three routes (Fast, Short and Eco), and 2D/3D map view. It comes with 3-years’ Car Net ‘Guide and Inform’ providing online access to such information as traffic, fuel pricing, weather and news feeds; and includes online navigation software updates, enabling you to download the latest map data. The system also offers Volkswagen Media Control, which allows remote control of the infotainment system via a smartphone or tablet. Standard on SEL and optional on SE, SE L, SE GTI, SE GTI R-Line, and SE GTI R-Line+.

Want to combine your selected route with your favourite music? No problem. The infotainment systems in the Polo couldn’t be easier to use. Featuring high quality, touch-screen displays, they’re ergonomically designed for intuitive use with everything to hand, exactly where you’d expect it to be. Sit back, enjoy the journey and the entertainment.
Volkswagen Connect®.

All your car’s information. All in one place.

Volkswagen Connect is the easy way to connect your Polo to your smartphone. It relays everything you need to know, from service information and fuel consumption, parking location and helpful tips on driving more economically.

Welcome on board.
Getting started is easy. Follow these simple steps to find out how Volkswagen Connect® can provide you with help and information on every journey.

Step 1
Download the free Volkswagen Connect® App to your smartphone from the App Store for iOS, or Google Play Store for Android.

Step 2
Follow the instructions in the App.

Step 3
Put the DataPlug onto the diagnostic port that you’ll find below the steering wheel.

Step 4
Connect via Bluetooth.

Step 5
That’s it.

For a list of all compatible models and for more information visit www.vwconnect.com

My Volkswagen. The overview of key information about your car such as service and maintenance intervals, warning message displays, fuel level and mileage.

Fuel monitor. Everything you need to know about your vehicle’s fuel consumption and costs. It even tracks your fuel stops, especially useful if you use your car for business purposes.

Service partner. Wherever you are, you can see exactly where your nearby retailers are and be navigated to the nearest one. And if you need to call them, the app will put you straight through.

Assistance call. Just press and call Volkswagen’s 24-hour helpline where you’ll be put straight through to Customer Service. And if you’re not sure where you are, don’t worry, it transmits your location directly to them.

Challenges. This feature helps you meet efficiency and driving style targets. Collect points and trophies as you move through the tasks and discover hidden bonus challenges to help keep you improving your scores.

Parking space. The app automatically remembers where you’ve parked. And while you’re away from your car, it’ll show you how long you’ve been parked for.

Trips. This feature shows detailed map views, trip details, statistics, and the cost of each trip. You can categorise all trips into either business or private, and all of this can be downloaded to your desktop if required.

Driving style. This feature can help save you money, analysing and evaluating all the elements of the engine and braking performance, combined with your driving style to give you tips on how to be even more efficient when driving.

Volkswagen Connect is the easy way to connect your Polo to your smartphone. It relays everything you need to know, from service information and fuel consumption, parking location and helpful tips on driving more economically.
Safety is a team effort.

When it comes to safety, the Polo is well equipped, scoring a maximum Euro NCAP five-star rating. Which means it's well equipped to take good care of occupants and other road users. A wealth of on-board driver assistance systems help you travel safely and comfortably, arriving at your destination relaxed and stress free.
01 The Park Assist system not only makes parallel parking easier, but also helps you manoeuvre parallel parking at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a lookout, while the Polo steers itself into its chosen space. Optional on SE models and above.

02 The PreCrash preventive occupant protection recognises dangerous driving situations and automatically takes measures to help protect vehicle occupants, decreasing the final impact force, closing the electric windows, checking for the optional panoramic sunroof, if fitted, and deploying the brakes. Optional on all models.

03 The Front Assist monitoring system combines Predictive Pedestrian Protection with City Emergency Braking, alerting you if it detects vehicles or pedestrians at the edge of the road or in the carriageway, via acoustic and optical signals, as well as a gentle application of the brakes. The system now performs an emergency stop should the distance become critical, helping to protect other road users and possibly avert potential accidents. Standard on all models.

04 The Driver Alert system monitors driver behaviour. As soon as it detects unusual driving patterns, such as slow down or erratic steering movements, it recommends taking a break via acoustic and visual signals. Standard on all models.

05 Blind spot detection with rear traffic alert provides additional peace of mind by assisting when you want to change lanes. A radar sensor-controlled warning system monitors your blind spot and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirror housing. The rear traffic alert monitors the area to the rear and both sides when in reverse gear. If it detects a vehicle moving towards you, the system provides audible and visual warnings and will initiate braking if necessary. Optional on SE models and above.

06 The rear-view camera displays the area behind your vehicle on the screen of the vehicle’s infotainment system, helping you to manoeuvre into tight spaces quickly and easily. Auxiliary lines help you navigate safely into parking spaces, and thanks to the high-resolution display, even small obstacles such as kerbs are visible. Optional on SE models and above. Image shown features optional Discover Navigation infotainment system.

07 Adaptive Cruise Control (ACC) including Front Assist radar sensor-controlled distance monitoring system, City emergency braking system, cruise control and speed limiters, offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to reduce the severity of a collision or possibly prevent the collision entirely. Standard on GTI+ and optional on SE models and above.
01 The entry level Polo S is impressively equipped, with many stylish touches. Contemporary ‘Basket’ cloth upholstery contrasts with ‘Limestone Grey’ decorative inserts, ‘High Gloss Black’ front and rear bumpers, ‘Black’ gloss side mirrors and ‘Black’ gloss exterior door handles. The multifunction ‘Plus’ gives easy access to driving data, telephone operation, audio selection and driver assistant system’s information. The Composition Media infotainment system provides an 8.0 inch colour touch-screen, Bluetooth telephone connection and a wealth of entertainment and communication functions. Safety features and driver assistant systems provide additional peace of mind, for example, Front Assist and City emergency braking offers you intelligent control of your driving speed by automatically adjusting your speed according to the traffic situation and braking. Certain seats for front and rear passengers provide increased protection, helping to protect heads in an emergency.

02 The Polo SE offers a higher level of comfort and style, enhanced by ‘Millie’ cloth upholstery, a leather trimmed three-spoke multifunction steering wheel, audiophile audio system and front heated seats. The multifunction computer ‘Plus’ gives easy access to driving data, telephone operation, audio selection and driver assistant system’s information. The Composition Media infotainment system provides an 8.0 inch colour touch-screen, Bluetooth telephone connection and a wealth of entertainment and communication functions. Safety features and driver assistant systems provide additional peace of mind, for example, Front Assist and City emergency braking offers you intelligent control of your driving speed by automatically adjusting your speed according to the traffic situation and braking. Certain seats for front and rear passengers provide increased protection, helping to protect heads in an emergency.

*Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.*

Polo S and SE.
Enjoy near perfect sound in the Polo beats with the phenomenal beats audio™ sound system. The powerful eight channel amplifier, Digital Sound Processor, subwoofer and six speakers with 300 watt output ensures an acoustic experience that’s as good as it gets, giving you maximum enjoyment wherever you go. And you don’t just hear it, the distinctive ‘beats’ branding gives it a visual presence both inside and out.

Dynamic décor: the unique ‘beats’ decals *, slightly offset from centre, give your Polo beats a truly eye-catching look. The stylish decal, shown here in Flash Red, runs up the bonnet and continues across the length of the roof creating a striking exterior.

* The decorative decals shown in this flyer can show signs of usage or aging, especially in direct sunlight, after one to three years or in very hot climate zones. Leaving the decorative decals on the vehicle for some time can lead to optical differences between the area of the paintwork covered by the decorative decals and the unprotected area.

Model shown is Polo beats with optional LED dipped and main beam headlights and metallic paint.
The Polo beats’ interior is designed to be noticed. Door sill protectors proudly feature the beats audio logo on the backrest of the front sports seats and also on the speakers. The velor 'Tracks 2' fabric is hard-wearing and durable and the 'beats audio' logo is on the rear dual-seam on the stylish 'Tracks 2' seats.

Front sports seats provide exceptional comfort and excellent support, especially when cornering. Finished in hard-wearing 'Tracks 2' fabric in Titan Black with twin contrasting red stripes and leatherette 'Tracks 2' side bolsters, they're contemporary and stylish, displaying the 'beats audio' logo proudly on the backrest.

The Polo beats’ distinctive tornado line starts at the front side panels, extends across the doors and around the rear, emphasising its dynamic shape and bodyline. To the front, exterior door mirror housings are finished in Black, creating a highly visual detail, and to the rear, stylish rear lights and tinted glass from the B-pillar back complete the look.

All about that bass. The ‘beats’ logo refers to the Polo beats audio™ sound system, offering phenomenal acoustics, with a Digital Sound Processor and eight-channel amplifier controlling six tweeters, woofers and broadband speakers, delivering an overall 300 watt output. The integrated subwoofer ensures the right level of bass is supplied throughout the interior, creating the beats audio characteristic rich sound.

Interior shown is Polo beats with optional Discover Navigation infotainment system, climate control - 2Zone electronic air conditioning, Light & Sight pack, Adaptive Cruise Control (ACC) and metallic paint.

Model shown is Polo beats with optional metallic paint.
The Polo SEL ensures a luxurious and comfortable driving experience. Tracks 2’' cloth upholstery, Deep Iron decorative inserts, interior chrome-plated detailing and front and rear carpet mats create a stylish and refined interior; enhanced by ambient lighting in the front footwell and light strips below the trim in the front and rear doors and dashboard. Front sports seats feature height adjustment, while the Discover Navigation infotainment system provides a full range of in-car entertainment, navigation and communication functions, and a storage compartment in the front centre armrest provides a practical touch.

Climate control – 2Zone electronic air conditioning with automatic air recirculation features dual zone temperature control for the driver and front passenger, allowing each to select their individual preferred temperature. A sensor monitors the outside air quality and if necessary automatically activates the air recirculation function.

The stunning looking 16 inch ‘Las Minas’ alloy wheels characterise the design of the SEL and provide an elegant flair as well as a sporting look to the exterior.

Front and rear parking sensors assist parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way. The closer you are to an obstacle the faster the sound frequency, while an optical parking display indicates your position in relation to obstacles on the screen of the vehicle’s infotainment system.
The Polo R-Line.

Exciting, sporty and stylish, the Polo R-Line is no ordinary model. It has its own unique styling, providing a level of specification that is fitting for a car of this stature, adding to the excitement of driving this eye-catching car. Thanks to the ’R-Line’ exterior styling pack, it’s easy to recognise this distinctive model, with its specially designed front and rear bumpers, ‘C’ signature ‘Gloss Black’ front air intakes and radiator grille. The unique ‘R-Line’ badging and striking 16 inch ‘Sebring’ Galvano Grey alloy wheels add the finishing touch, creating a look that’s sleek, stylish and distinctively R-Line.

Model shown is Polo R-Line with optional 17” ‘Bonneville’ Black diamond-turned alloy wheels, panoramic sunroof, LED dipped and main beam headlights and metallic paint.
The Polo R-Line

Model shown is Polo R-Line with optional 17” ‘Bonneville’ Black diamond-turned alloy wheels and metallic paint.

The rear design is just as distinctive as the front, with chrome effect trapezoid fascia exhaust tailpipe surrounds, led tinted rear light clusters, rear diffuser and rear tinted glass from the B-pillar backwards and unique ‘R-Line’ badging on the front side panels.
The interior emphasises the sporty character of the Polo R-Line, demonstrated by the leather-trimmed three-spoke multifunction steering wheel with aluminium inserts and 'R-Line' logo, Titanium Black sunroof and sun visors, and stainless steel pedals. Bi-traction heated, adjustable and foldable door mirrors feature reverse-activated kerb-view adjustment on the passenger’s side, completing the impressive specification, reinforcing the quality and attention to detail.

Front sports seats feature the familiar ‘R-Line’ logo on the backrest and are finished in contemporary ‘Carbon Flag’ cloth upholstery.

The unique door sill protectors with ‘R-Line’ logo add an extra touch of sportiness to the dynamic appearance and are proudly seen as the door opens.

The interior shown is Polo R-Line with optional Active Info Display, climate control – 2-Zone electronic air conditioning, Driving Profile Selection and metallic paint.
Three letters that say it all. GTI.

The name GTI has always stood for exceptional performance and driving enjoyment. The Polo GTI continues this tradition with a truly striking exterior and dynamic appeal.

Sporty 17 inch ‘Parker’ alloy wheels with red brake callipers, sports suspension lowered by approximately 15mm and extended sill strips flared in black all bear testimony to its sporting heritage, continued on the rear by the chrome exhaust twin tailpipe, ‘Gloss Black’ rear spoiler and LED darkened rear light clusters.

01 The GTI is easily recognisable from a distance, thanks to its unique ‘GTI’ styling, with its uniquely shaped front and rear GTI bumpers and ‘Black’ honeycomb front air intake, familiar honeycomb radiator grille with traditional red stripe, fog lights and unique ‘GTI’ badging. Model shown is Polo GTI with optional LED dipped and main beam headlights.

Model shown is Polo GTI+ with optional 18” ‘Brescia’ Black diamond-turned alloy wheels.
Iconic design.

Ground-breaking technology.

Iconic GTI design meets ground-breaking technology in the GTI’s interior. The leather trimmed three-spoke multifunction steering wheel with ‘GTI’ logo and red stitching, ‘Velvet Red’ or ‘Deep Iron’ decorative inserts and stainless steel door sill protectors with ‘GTI’ logo pay homage to its sporting tradition, while a choice of driver profiles allows you to select Eco, Normal, Sport or Individual settings, depending on the driving style you prefer.

Sporty details such as black gloss instrument surround, black rooflining and sun visors, aluminium-look pedals and carpet mats front and rear finished with red stitching complete the dynamic interior, and the high resolution 10.3 inch Active Info Display, which is standard on GTI+ models, is a real highlight.

Front sports seats are stylishly finished in classic tartan ‘Jacara’ cloth upholstery, with height and lumbar adjustment to ensure the optimum driving position.
Wheels.

01 Steel wheels 6.5J x 15” with 185/70 R14 tyres and full-size wheel trim.

02 ‘Torsby’ Black diamond-turned 6.5J x 15” alloy wheels with 185/60 R14 tyres and anti-theft wheel bolts.

03 ‘Parker’ 7J x 17” alloy wheels with 215/45 R17 tyres and anti-theft wheel bolts.

04 ‘Sassari’ Smokey Aurora* 5.5J x 15” alloy wheels with 185/65 R15 low rolling resistance tyres and anti-theft wheel bolts.

05 ‘Seyne’ Black diamond-turned 5.5J x 15” alloy wheels with 185/65 R15 low rolling resistance tyres and anti-theft wheel bolts.

06 ‘Salou’ 5.5J x 15” alloy wheels with 185/65 R15 tyres and anti-theft wheel bolts.

07 ‘Las Minas’ Dark Adamantium 6.5J x 16” alloy wheels with 195/55 R16 tyres and anti-theft wheel bolts.

08 ‘Pamplona’ 7J x 17” alloy wheels with 215/45 R17 tyres and anti-theft wheel bolts.

09 ‘Bonneville’ Black diamond-turned 7J x 17” alloy wheels with 215/45 R17 tyres and anti-theft wheel bolts.

10 ‘Brescia’ Black diamond-turned 7.5J x 18” alloy wheels with 215/40 R18 tyres and anti-theft wheel bolts.

11 ‘Bonneville’ Black diamond-turned 7.5J x 18” alloy wheels with 215/40 R18 tyres and anti-theft wheel bolts.

12 ‘Brescia’ Black diamond-turned 7.5J x 18” alloy wheels with 215/40 R18 tyres and anti-theft wheel bolts.

13 ‘Bonneville’ Black diamond-turned 7.5J x 18” alloy wheels with 215/40 R18 tyres and anti-theft wheel bolts.

14 ‘Brescia’ Black diamond-turned 7.5J x 18” alloy wheels with 215/40 R18 tyres and anti-theft wheel bolts.

* This option will be open for order later in 2018. Please consult your Volkswagen retailer for full details.

Technology.

Transmission
- Electronic differential lock, combined with a hydraulically operated single-gate dry clutch with asbestos-free lining via a six or seven speed automatic DSG gearbox.
- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch mechanism.
- Five or six speed manual, six or seven speed automatic DSG gearbox with double joint half shafts. (For clutch see six speed DSG models)
- Electronically controlled anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD)
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear drum brakes.
- Rear disc brakes on 85 and 95 TSI GTI 110 PS engines, GTI and GTI+ models.
- Asbestos-free brake pad
- HBA (Hydraulic Brake Assist)

Brakes
- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Running gear
- ESC (Electronic Stability Control including ABS (Electronic Differential lock), ASR (Traction Control) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Twist beam rear axle (1.0 litre 65 PS, 1.0 litre 75 PS, 1.0 litre TSI 95 PS, 1.0 litre TSI 115 PS)
- Multilink rear axle (2.0 litre TSI 200 PS)
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- XDS electronic differential lock (2.0 litre TSI 200 PS)
