Discover a new electrical force

Experience a force of wonder. Enter the new era of 100% electric coupé crossover performance, design, and capability.

NISSAN INTELLIGENT MOBILITY

Feel super-intelligent, super-connected, super-human

Step into the world of ARIYA, and you'll never want to look back.
ARIYA is the ultimate expression of Nissan Intelligent Mobility.

Intelligent Power No matter which version of ARIYA you choose, the driving experience is smooth, serene, and immensely powerful, made possible by Nissan's proven, ever-evolving battery and EV powertrain technology.

Intelligent Integration ARIYA seamlessly connects to your world in multiple ways, working in harmony with your smart home and smart devices **, streamlining your drive, schedule, and life like never before.

Intelligent Driving With ProPILOT* technologies helping to guide the way, ARIYA ascends you to a higher driving consciousness. Whether monitoring and preparing for road conditions around the next bend, or letting you cruise on the motorway or park hands-free, ARIYA gives you a helping hand when needed.

* ProPILOT available from Advance grade, is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/Hands On" for motorways only (road separated by barriers). It is the driver's responsibility to stay alert, drive safely and be in control of the vehicle at all times. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms. You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.co.uk

**Connecting a mobile phone to NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the Highway Code. Users should be aware of the potential for hands-free technology to distract attention from the road which could impact on having full control of the vehicle. For compatible devices, visit <https://www.nissan.co.uk/ownership/nissaninfotainment-system/android-auto-apple-carplay.html>.

Power Sliding Centre Console & Flexible Centre Storage with Tray Table* ARIYA invites you to use the automotive interior in new ways. Reshape your space with the Power-Sliding Centre Console, which slides forward and back with the push of a button. Need to get some work done? Open the Flexible Centre Storage to reveal a Tray Table that works as a helpful perch for your laptop.

Horizon Lighting A band of glowing LED light spans across ARIYA's interior.

Flat Floor ARIYA's new EV platform allows for a completely flat floor – helping make its lounge-like cabin amazingly spacious and welcoming.

*Power Sliding Centre Console & Flexible Centre Storage with Tray Table available from Evolve grade.

INNOVATIVE INTERIOR DESIGN

Step into a lounge that does zero to 62 mph in 5.7 seconds*

With a flat floor and ambience of relaxing openness, this is a completely new type of car interior for Nissan. It's also a perfectly executed paradox — a spacious, relaxing interior that's as comfortable stationary as it is in motion. The Zero Gravity seats are supportive enough for spirited, high performance EV driving, yet comfortable enough to spend more than a few minutes of down-time. Welcome to an interior like no other. Welcome to ARIYA.

*Acceleration time is for 87kWh e-4ORCE Evolve, based on internal testing data. Figures remain subject to homologation and may change.

NEXT-GEN DRIVER INTERFACE

Technology that plugs into your senses

Chances are, you've never experienced anything quite like ARIYA. The controls light up when pressed, react with haptic feedback, then dim afterward, almost disappearing into ARIYA's serenely designed interior. The Integrated Display Interface features dual widescreens that are breathtaking to see and simple to use. Communication is seamless, thanks to next-generation voice control. And with the Intelligent Route Planner you'll always be on course and on schedule.

- Haptic Touch Controls
- Integrated Display Interface
- Voice Controls
- Intelligent Route Planner

To use the NissanConnect services you need a NissanConnect user account and have to register and log into NissanConnect Services app with your username and password. To use the free NissanConnect Services App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage.

e-4ORCE

e-4ORCE DUAL MOTOR ALL-WHEEL DRIVE Gravity has finally met its match

ARIYA's e-4ORCE dual-motor All-Wheel Drive technology offers more than just awe-inspiring thrust. e-4ORCE constantly finds an equilibrium of balanced motion for astonishing smoothness in traffic, and precision control on challenging roads.

ARIYA moves with effortless power and speed. e-4ORCE responds in near silence, propelling ARIYA up to speed with remarkable force and poise.

With 50/50 weight distribution and the ability to fine-tune braking and acceleration to each of ARIYA's four-wheels, e-4ORCE inspires confidence, in all-weather conditions.

DRIVING TECHNOLOGY

Driving doesn't have to be so hands on

Nissan ARIYA uses breakthrough Nissan technologies to help you with the more demanding parts of the drive so you can arrive feeling more at ease. Driver assist technologies give you different levels of control.

ProPILOT with Navi-link* follows the flow of traffic, helps to keep you centered in your lane, and uses the mapping system to anticipate curves.

Glide into a spot by pushing the ProPILOT Park button**. The Nissan ARIYA will take over steering, acceleration and braking.

**ProPILOT with Navi-Link available from Advance grade, is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/Hands On" for motorways only (road separated by barriers). It is the driver's responsibility to stay alert, drive safely and be in control of the vehicle at all times. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms. You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.co.uk*

***ProPILOT Park available as standard from Evolve grade*

CONVENIENCE TECHNOLOGY

Simplifying your life is our passion

ARIYA has simplified the modern driving experience, distilled it, and refined it to its purest form. Need information? A Head-up display* places driving data in your line of sight. Need a charge? Your compatible smartphone charges wirelessly. Missing your favourite apps? Don't worry, ARIYA is Apple CarPlay® and Android Auto™** ready.

**Head-up unit is a convenient feature that displays key information on the windscreen, so that you can have them in view while maintaining your full attention on the road. Features available as standard on Evolve grade.*

***Apple CarPlay® and Android Auto are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer or [phone number/e-mail address]. Apple CarPlay is trademark of Apple Inc., registered in the U.S. and other countries. Android Auto and the Android Auto logo are trademarks of Google LLC.*

PREMIUM EXTERIOR STYLING PACK

- A- Front Styling Plate**
- B- Rear Styling Plate**

Available in three colours: Satin Chrome, Dark Satin Chrome & Copper.

PREMIUM INTERIOR TOUCH PACK

- C- Exclusive mats**

Premium quality floor mats with a unique ARIYA motif and full width single piece design.

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (May 2022). This brochure has been produced featuring prototype vehicles exhibited at motor shows. In accordance with the company's policy of continuously improving its products, Nissan International reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Because of the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission of Nissan International is forbidden. Pricing is effective from 3rd May 2022.
