

The new Kia Stonic

Movement that inspires

Design

Exciting, fresh looks.

We believe in movement that inspires. Design that makes a statement. Technology that redefines expectations. The new Kia Stonic lets you move your own way. Infused with confident design details, seamless tech features and petrol or mild-hybrid options, this urban crossover is built to keep you confident and connected on every drive.

Exterior Design.

Refreshed front design.

With stand-out Star Map lighting, a redesigned grille and bold bumpers, the new Stonic's reimagined front design radiates sporty confidence.

Clean, assertive rear stance.

At the back, the new Stonic makes just as strong an impression. Distinctive LED taillights, a new skid plate and sculpted bumper lines add a touch of rugged confidence.

Test Drive New Stonic

Exterior Design.

A range of striking wheels.

From 16" to 17" options, the new Stonic's range of wheels brings an extra-confident edge to the new Stonic design, including sporty GT-Line alloy wheels for added road presence.

Interior Design.

Dual-screen digital cockpit.

Stay focused on the road with dual 12.3" display that shows everything you need in one seamless viewing experience.

Ambient lighting.

Soft glows and vivid accents create an ambient lighting mood that adapts to you and brings energy to every drive.

Interior Design.

Crafted for driver enjoyment.

A cabin built for you: supportive seating, refined steering wheel designs and sporty details are all crafted for enhanced driving pleasure.

Refined cabin finishes.

From cloth to two-tone GT-Line finishes, the new Stonic's seats offer support and style in harmony with its bold, stylish interior.

Connectivity & Convenience

Connected to what matters.

Convenient cabin charging.

With wireless charging and fast charging USB-C ports, the new Stonic always keeps your devices powered up quickly and seamlessly.

Multimode Touch Display.

Intuitive multimode controls let you move between settings instantly with just one tap, so you can keep your focus where it belongs.

The Kia App.

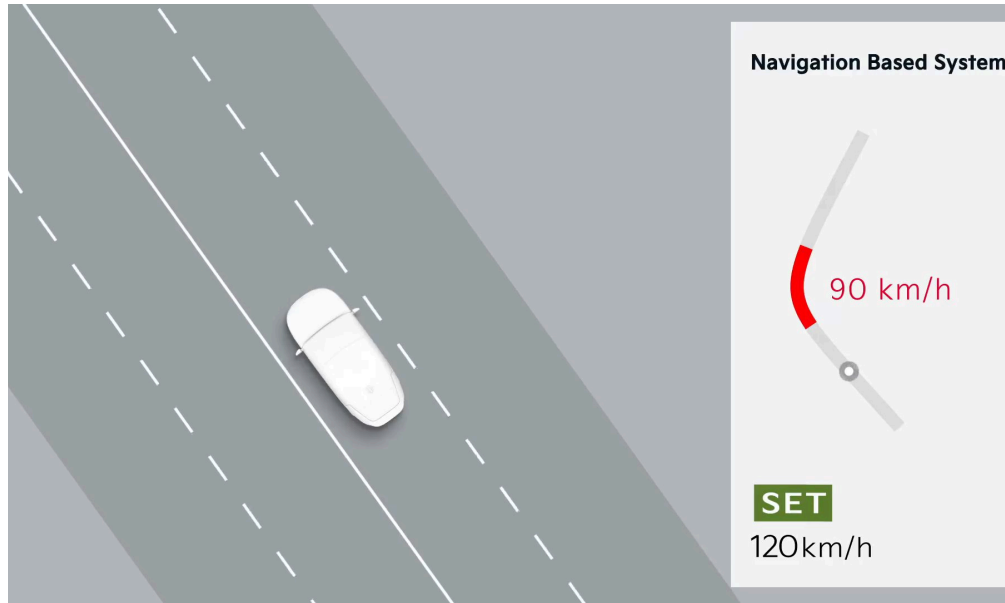

Control your new Stonic remotely with one single app: lock or unlock, manage lights, and much more.

Safety

Safer, smarter driving.

Driving Assistants

Smart Cruise Control (SCC)

SCC automatically maintains your set speed while keeping a safe distance from the vehicle ahead. By adjusting acceleration and braking to match traffic flow, it makes long drives more comfortable and reduces the effort needed for constant manual speed adjustments.

Blind-Spot Collision-Avoidance Assist (BCA)

BCA helps keep you safe during lane changes by warning you of vehicles in your blind spot. When pulling forward out of a parallel parking space, it can automatically apply emergency braking if it detects a vehicle approaching from the rear.

Driving Assistants

Highway Driving Assist (HDA)

The HDA system automatically adapts to your target speed to meet the limit, while keeping you at a safe distance from the vehicles ahead. Bringing enhanced comfort, confidence and safety on your longer motorway journeys.

Lane Keeping Assist (LKA)

The LKA helps keep you centered in your lane by detecting lane markings and the position of vehicles ahead. Using steering inputs, it supports you in maintaining a steady course, even on curves or in traffic.

Test Drive New Stonic

Driving Assistants

Forward Collision-Avoidance Assist 1.5 (FCA 1.5)

FCA 1.5 adds confidence to every drive by helping detect potential collisions with vehicles, pedestrians and cyclists ahead. If you don't break hard enough in time, for example if a risk of collision arises while turning at a junction, your new Kia Stonic can apply the brakes automatically supporting you in reducing impact or avoiding accidents altogether.

Intelligent Speed Limit Assist (ISLA)

ISLA gives you all the necessary information to help you stay within the speed limits. Using the camera on the windscreen, it reads speed limits and overtaking restrictions, and displays the information clearly on the navigation screen and instrument cluster.

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on AppleTM and AndroidTM).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOSTM or AndroidTM operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.
