Driving Assistance Package Plus [P20]

£1,695

The Driving Assistance Package Plus contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency. The package consists of:

- Active Blind Spot Assist
- Active Braking Assist
- Active Distance Assist DISTRONIC
- Active Lane Change Assist
- Active Speed Limit Assist
- Active Steering Assist
- Evasive Steering Assist
- PRE-SAFE® PLUS
- Route-Based Speed Adaptation

Enjoy the benefits of partially automated driving. Assistance systems support you in the right situation, warn you if there is risk of a collision and intervene if necessary. The intelligently networked sensor system uses cameras, radar and ultrasound to register your vehicle's surroundings.

¹The indicated values were determined according to the prescribed measurement method -Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. These models require mains electricity for charging ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. ³The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

¹The indicated values were determined according to the prescribed measurement method -Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. These models require mains electricity for charging ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. ³The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

¹Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at www.mercedes-benz.co.uk/WLTP.
