LEXUS
EXPERIENCE AMAZING

LX

OVERTRAIL

THIS IS THE OVERTRAIL

LX

WHERE LUXURY MEETS ADVENTURE

Take on every adventure, from the cityscapes to the mountainscapes and everything in between, in the all-new LX 700h Overtrail. Part of the Lexus Overtrail Project, this innovative and capable vehicle will excite all types of 4x4 enthusiasts.

Enjoy key features like a Petrol Hybrid or a Diesel engine, 18-inch wheels, a 7- or 5-seater, a new exterior colour, black grille and rear bumper, and more. Experience amazing no matter which trail you choose to explore.

Model shown LX 700h Overtrail.

THE LUXURY TO GO ANYWHERE

The first LX 450 arrived at retailers in 1995. Over two decades later, the latest LX has evolved to meet the requirements of today's luxury SUV market, inheriting the impressive off-road moxie of prior generations while offering a refined on-road driving experience.

The entirety of the all-new LX's mindful design and engineering aims to equip drivers with the confidence, comfort, and capability they require to accomplish their adventuring goals, giving them the ability to conquer anywhere in complete luxury.

Model shown LX 700h F SPORT.

RANGE

ANYWHERE'S an OPTION

The impressive all-new Lexus LX is now available in a 3.5-litre Petrol Hybrid engine or a 3.3-litre Diesel engine.

The class-leading range includes the LX 700h Urban, LX 700h F SPORT, LX 700h Overtrail, LX 500d F SPORT and LX 500d Overtrail.

The LX range is both impressive and luxurious with features like Push Start Fingerprint ID, Multi-link Suspension, Active Height Control, Active Traction Control and a Seat Massage Function.

The premium SUV options offer an urban feel for the city-goer, a sporty version for the performance-lover, and an Overtrail model for the hardcore adventurer who has a thrill for the outdoors.

South African vehicle specifications may differ.

CAPABILITY HAS NEVER BEEN THIS LUXURIOUS

LX 700h F SPORT |

LX 700h URBAN |

LX 500d F SPORT |

LX 500d OVERTRAIL |

LX 700h OVERTRAIL

Enjoy 341kW of power at 5 200rpm and 650Nm of torque at 2 000–3 600rpm in the LX700h Overtrail, LX 700h F SPORT and LX 700h Urban, which all have 3.5 V6 petrol engines.

The new diesel models, LX 500d F SPORT and LX 500d Overtrail, have a V6 3.3-litre engine that produces 225kW of power.

These powerhouses have a top speed of 210km/h and they each feature a 10-speed automatic transmission so that you can experience the luxury of seamless transitions.

LEXUS DRIVING SIGNATURE

EVERYWHERE'S IN REACH

The main focus of the Lexus Driving Signature (LDS) is to craft vehicles that carry a unique human-centredness. Following over three decades of refinement, LDS offers unrivalled craftsmanship and superior comfort.

The system works to enhance the drivers' on-road ease with the integration of a revised suspension layout, Adaptive Variable Suspension (AVS), Active Height Control (AHC), Electric Power Steering (EPS), and Electronically Controlled Brakes (ECB). All of these elements work together to make the driver feel more in control no matter where they choose to go.

DRIVING SIGNATURE

THE LUXURY TO GO EVER ONWARD

ACTIVE HEIGHT CONTROL

Active Height Control comes with four different height modes, including Low, Normal, High1 and High2. Drivers can choose their preference, or they can set it to automatic. With a newly developed hydraulic circuit and control, the height adjustment time has been shortened by half, giving drivers the ability to keep moving quickly and easily.

MOTOR ASSIST

Motor assist is utilised to deliver drive force with high-response and high-torque, providing linear responsiveness to accelerator operation and flexible grip controllability. It contributes to excellent off-road capability in situations such as escaping from a muddy road. This system allows EV driving when the ROCK*1, DIRT*2, and DEEP SNOW*2 MTS (Multi-terrain Select) modes are selected.

DRIVE MODE

Drivers can select from six damping force control modes: Standard-Eco, Normal, Sport, Sport S+, Comfort and Custom. The modes vary in dampening hardness, giving the optimum settings for every driving situation and road condition.

CRAWL CONTROL

This feature automatically adjusts engine output and hydraulic braking pressure to maintain low speeds and maximise traction on uneven or slippery road surfaces. With five vehicle speed settings and on-demand acceleration, you'll have more confidence to go anywhere.

Images shown for illustrative purposes.

RVAI (Rear Vehicle Approaching Indication)*

RVAI is available, which uses the rear side radar sensors to detect vehicles behind and indicate the possibility of blocking their path, prompting the driver to check the inner mirror. When a vehicle approaching from the rear is detected, it is indicated in the meter or the Heads-Up Display, enabling the driver to check the inner mirror and judge the need for evasion. It reduces the driving burden by allowing unhurried lane changes and contributes to preventing tailgating incidents.

MULTI-TERRAIN SELECT

With the option to select between six scenes – Auto, Dirt, Sand, Mud, Deep Snow, and Rock – your LX adapts to every road surface condition possible. With upgraded off-road performance in all modes, it's easier for you to take control of every adventure.

WHEREVER YOU GO, GO THERE IN STYLE

The new LX is designed for those who don't mind standing out. Spectacular from every angle, the LX boasts a dramatically sculpted hood, eye-catching triple-beam LED headlamps, a captivating full-width Blade Tail Lamp, 22-inch wheels*, a newly refined Lexus badge and a three-dimensional grille.

The design of the LX has always been bold yet clean, and the same styling holds true for its fourth generation, where our craftsmen have emphasised proportions to accentuate its form and gravitas. Whether it's on- or off-road, the LX captures everyone's attention.

*Available on selected models.

Model shown LX 700h F SPORT.
South African vehicle specifications may differ.

EXTERIOR FEATURES

FEATURES

BOLD SPINDLE GRILLE

The floating lateral bars subtly blend to create a fresh look that stimulates a greater visual impact. This design also optimises cooling performance for those long drives to anywhere.

TRIPLE-BEAM LED HEADLAMPS

The premium headlamps feature three-projector units plus L-shaped LED lamps. They aren't only striking, they also offer impeccable visibility for any and all adventures.

REAR L-SHAPED COMBINATION-LAMP LIGHT BAR

Combining L-shaped and straight-line light designs, the rear lamps draw the eye both on- and off-road. The daring design offers optimum visibility at all times.

MOONROOF

Enjoy an open-sky experience with the standard moonroof, seamlessly blending natural light and fresh air into every journey, whether you're cruising around the city or exploring along the unbeaten path.

WHEELS

The LX comes with magnificent 22-inch wheels*. The LX 700h Urban is aluminium with a gloss finish. The LX Overtrail has 18-inch wheels built for off-roading.

MAKE EVERY ROUTE LUXURIOUS

Ultra-modern yet ultra-functional. Urban yet intuitive. Each facet of the new LX is crafted to envelop users within a comfortable, multifaceted environment. For over 25 years, the LX has been an essential instrument in luxury adventuring.

This comprehensive evolution is guided by our commitment to *Omotenashi*, unyielding anticipatory hospitality, and is driven by our drivers, for our guests. Users can comfortably depend on this advanced SUV for every journey, wherever it may take them.

INTERIOR FEATURES

FEATURES

MULTI-SCREEN INTERFACE

The anchor of the LX's front cabin is a multi-screen interface, positioned along natural sight lines, with access to exterior camera views on the Multi-Terrain Monitor. The upper 12.3-inch, high-definition touch display puts various controls, such as navigation and the Mark Levinson® Surround Sound System, easily within reach. For enhanced theft prevention, a Lexus-first start switch with fingerprint verification is available.

SEAT HEATER, VENTILATION AND LUMBAR SUPPORT

For ultimate comfort round-trip, passengers* can enjoy lumbar support as well as internal seat heating and ventilation, giving users the ability to stay cool in summer and warm in winter.

REAR-SEAT ENTERTAINMENT SYSTEM*

The available dual-screen Rear-Seat Entertainment System enables two video sources to be viewed at the same time on the 11.4-inch LCD screens with headphones (wireless or wired), making every adventure more entertaining.

SEAT CONFIGURATION*

In the LX 700h rear passengers are enveloped in superbly cushioned seating. The second-row seat can fold up with the flip of a switch, allowing for quick and easy third-row seat accessibility. Power 50:50-split third-row seats can be reclined for added comfort when in use and folded flat into the floor when more space is needed.

DIGITAL INSIDE REAR-VIEW MIRROR

The digital rear-view mirror makes it quicker, safer and easier to manoeuvre. Drivers can drive, turn, switch lanes and reverse with complete confidence, knowing that what's behind them is always in view.

WIRELESS CHARGER

A wireless charger located on the centre console enables a portable device or smartphone to be charged by simply placing it on the charging pad, eliminating the need to connect a charging cable.

*Available on select models only.

SAFETY FROM **BUSH TO** BOULEVARD

Experience complete peace of mind on every journey in the new LX with the latest Lexus Safety System+. This system leverages the best technology to ensure the well-being of everyone who steps into the LX, whether you're scaling up mountains or driving in the city.

SAFETY

Model shown LX 700h Urban.
South African vehicle specifications may differ.

SAFETY FEATURES

FEATURES

FINGERPRINT VERIFICATION

For enhanced theft prevention, the start switch in the new LX now features fingerprint verification. This advancement in safety is part of the human-centred essence of the LX line and a first in the Lexus vehicle range.

BLIND SPOT MONITOR WITH REAR CROSS TRAFFIC ALERT

Blind spots are vertically non-existent in the LX. Featuring a Blind Spot Monitor with Rear Cross Traffic Alert, it detects vehicles in adjacent lanes that are not visible on the door mirrors. If the driver is indicating to change lanes and a vehicle enters the blind spot.

PRE-CRASH SYSTEM

The Lexus Safety System+ features an updated Pre-Crash System with an extended range single-lens camera and millimetre-wave radar. It's designed to detect daytime bicyclists and pedestrians in low-light conditions and to detect oncoming vehicles from all directions.

ADAPTIVE ALL-SPEED CRUISE CONTROL

The new LX features an advanced millimetre-wave radar sensor that detects vehicles in front of the vehicle, providing control and altering the LX's speed to maintain an appropriate following distance. If the car in front of the LX comes to a halt, the system will stop the vehicle. When the car moves off again, the LX will follow on at a safe distance, allowing you and your passengers to continue enjoying the journey.

LANE TRACE ASSIST

Technology has been applied to expand the range of support provided by the lane-recognition functions of Lane Tracing Assist (LTA), which is an advanced driving support function that supports steering to keep the vehicle in the centre of the lane. Smoother and less disruptive steering makes the journey more enjoyable.

BLADESCAN™ ADAPTIVE HIGH-BEAM SYSTEM (AHS)

BladeScan™ AHS broadens the range of high-beam illumination, switching the LED lights on and off and enabling the driver to recognise pedestrians and road signs without impeding the visibility of the proceeding driver or drivers approaching from the opposite direction.

Images shown for illustrative purposes.

ABILITY

LIKE YOU'VE NEVER SEEN IT

Experience next-generation technology so intuitive and personal it feels like an extension of you. Designed to thrill the senses, the LX offers the pinnacle of thoughtful convenience and impeccable refinement. Ground-breaking technology is an intrinsic part of the new generation LX, making every trip more entertaining and easier to navigate.

Model shown LX 700h Overtrail.
South African vehicle specifications may differ.

TECHNOLOGY

A 25-SPEAKER MARK LEVINSON® SURROUND SOUND SYSTEM

Unlock a deeper appreciation of sound and experience music in its highest fidelity with the new Mark Levinson® Reference Surround Sound system. Boasting 2 400 watts and 25 speakers meticulously positioned throughout the cabin, this bespoke system offers a three-dimensional soundscape that rivals at-home audio systems.

B APPLE CARPLAY & ANDROID AUTO

The all-new Lexus interface integrates with Android Auto and wirelessly with Apple CarPlay. This allows users to personalise their multimedia experience easily, whether it's a short drive or a long trip.

C MYLEXUS APP

The MyLexus App gives drivers the luxury of control and opens up a new level of personalisation. With in-car Wi-Fi, roadside assistance and more, drivers can customise every outing all from their phone.

D MULTI-TERRAIN MONITOR

When driving off-road, the 12.3-inch screen Multi-Terrain Monitor utilises four cameras – at the front, rear, and both sides – to help guide drivers. The cameras allow for the detailed checking of blind spots and path conditions. When reversing, the monitor displays the area beneath the rear of the vehicle. Called the Back Underfloor View, it's world-first technology that assists you when road surfaces get tricky.

F SPORT

THE LAP OF LUXURY

THE LX F SPORT
PAIRS PROVOCATIVE
STYLE WITH
EXHILARATING
HANDLING.

Inside, bolstered F SPORT seats and race-inspired details can be found throughout. Outside, striking front and rear fascia designs are punctuated by exclusive head-turning 22-inch forged F SPORT wheels.

With the new Petrol Hybrid powertrain variant and new diesel variant, you can take a lap on any terrain in complete luxury.

Model shown LX 700h F SPORT.
South African vehicle specifications may differ.

EXCLUSIVE BLACK MESH GRILLE

An exclusive black mesh grille takes the signature F SPORT grille design even further by enhancing cooling performance and making a bold statement wherever you go.

FEATURES

F SPORT EMBOSSED ELEMENTS

The seats, steering wheel and scuff plates of the LX F SPORT are embossed with the exclusive F SPORT logo. Sink into the luxurious seats which are made of genuine dimpled leather, while you take on any adventure.

F SPORT ORNAMENTATION

The ornamentation and pedals of the LX F SPORT feature *Hadori* aluminium trim. The *Hadori* aluminium is inspired by a Japanese sword's temper pattern, evoking sportiness and honed craftsmanship.

F SPORT UNIQUE METERS

Ahead of the driver, the meter display is finished with satin-plated pieces and all-red illumination. These meters give an opulent edge to an already luxurious cabin.

Model shown LX 700h F SPORT.
Images shown for illustrative purposes.

MAKE THE CITY DRIVES A LUXURY

URBAN GRADE

The LX 700h Urban gives world-class luxury a new meaning amongst the cityscapes. This hybrid vehicle makes a statement at every turn with its chrome grille and gloss finish wheels.

As you step into the luxe cabin, you're greeted by wood trim,

third row fold-down seats and premium Rear Seat Entertainment. And for those tight parking bays, the Intelligent Park Assist has got you covered, making SUV driving in the city truly amazing.

Model shown LX 700h Urban.
South African vehicle specifications may differ.

- A 22-INCH ALUMINIUM AND GLOSS WHEELS**
No matter if you're cruising in the city or mounting up rocky hills, the super sturdy 22-inch forged wheels have got you covered.
- B CHROME FRONT GRILLE**
Make an entrance everywhere you go with the signature Lexus spindle grille, expressing a sense of unity with the vehicle's bold silhouette.
- C CENTRAL DIFFERENTIAL LOCK**
The SUV of luxury is crafted with a Central Differential Lock to allow for selection to suit the driving landscape, enabling excellent vehicle stability during acceleration, high-speed driving, cornering, and on rough terrains.
- D 7-SEATER**
Sit back and relax in the premium 7 seats of the luxury 4x4, seating the driver and passengers comfortably and safely.

LEXUS MAINTENANCE

INTRODUCTION

At Lexus, we take pride in the advanced engineering and craftsmanship of the vehicles we build. For that reason, our Warranty and Distance Plans are designed to provide Lexus owners with seamless vehicle maintenance and complete peace of mind. The Lexus Warranty and Distance Plans both enjoy full support by Lexus SA and offer customers access to specialised servicing, maintenance and repair at any Lexus dealer in South Africa, Namibia and Botswana.

WARRANTY AND DISTANCE PLANS

To complement its comprehensive Warranty, the LX features a Distance Plan Complete that provides for service and maintenance costs. The option to extend the period of cover is available for both the Warranty and Distance Plan Complete. These options can be discussed with your Lexus dealer. To familiarise yourself with the cover provided by Warranty and Distance Plan on the LX, please consider the information below.

WARRANTY

- Duration: 7 Years or 100 000km from original date of sale.
- Cover: Repair or replacement of components that fail or malfunction as a result of manufacturing or material defect.

DISTANCE PLAN

The LX features a Distance Plan Complete that will incept with the vehicle's Warranty.

- Duration: 7 service intervals or up to 100 000km.

Consult with your Lexus dealer for more information on the terms and conditions of the Warranty and Distance Plan Complete offered on the LX.

MY LEXUS

MANAGE YOUR LEXUS EXPERIENCE FROM YOUR MOBILE DEVICE

With the innovative MyLexus mobile application, Lexus owners can enjoy unparalleled convenience by creating a personalised profile. MyLexus provides Lexus owners access to:

- Real-time service bookings with immediate confirmation
- Lexus Financial Services information
- Customised communication and dealer preference
- Monitoring of sales and service transactions
- Location based roadside assistance

The MyLexus application is available for Apple and Android devices. Register at www.lexus.co.za
