Meaningful Brake Roller Testing (MBT's)

£90+ VAT

Keep your fleet compliant, safe, and inspection ready. Our weight-simulated brake rollers deliver accurate, DVSA-aligned results.

- Available for all vehicle/trailer makes and configurations. Ideal for vehicles hard to load with test weights.
- In and out within 30 minutes.
- MBT's carried out up to 14 days before your safety inspection.
- No more weights put into your bodies - Eliminating the risk of damage.
