Made to meet life's challenges.

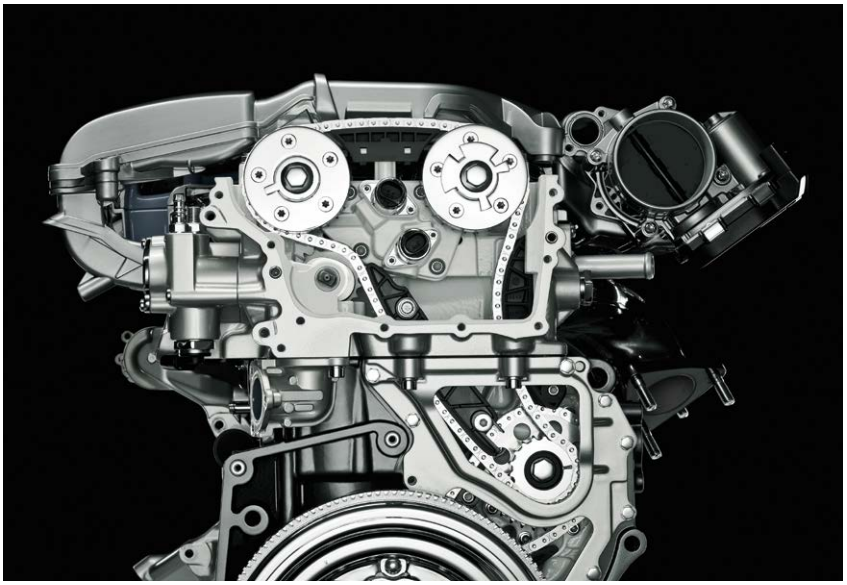
Sleek and sporty, practical and spacious, the Jetta is more stylish, more aerodynamic and more efficient than ever before. Newly designed front and rear styling reinforces its contemporary appeal, while enhanced features and trim levels provide new levels of elegance and luxury. Designed to take the challenges of the road in its stride, the Jetta combines responsive steering with refined handling to deliver maximum driving enjoyment, ensuring every journey is a relaxing, stress-free experience. Never has driving been so easy or effortless.

Sit back, relax and enjoy the drive.

Who doesn't occasionally long to sit back, relax and catch their breath? Thanks to the Jetta's comfortable interior and exciting new trim levels, you can do this while on the road. Take for example the Comfortline model, everything has been designed for your total comfort and relaxation, from the comfort seats to the revised dashboard instrumentation and new steering wheel design. Stylish, refined and practical, it all makes for a pleasant journey, ensuring you arrive at your destination refreshed, replenished and re-energised.

Think award-winning TSI engines.

The award-winning TSI engine range benefits from combining innovative direct injection technology and turbocharging. This combination works to produce power far more effectively than normally aspirated engines. It's a level of performance that will surprise you every time you take to the wheel. Precision-engineered, the new generation TSI engine range with BlueMotion Technology offers outstanding driving enjoyment with the benefit of reduced fuel consumption and CO_2 emissions, which results in less impact on the environment. It's no wonder Volkswagen's multi award-winning TSI engines have won respect all-round as they break new ground in the automotive world and set new standards for others to follow. Jetta TSI engines with Stop-Start Technology are fitted with a 6-speed manual gearbox or a 7-speed DSG® and whether it's the 1.2 77kW TSI or the 1.4 92kW TSI, you'll enjoy a spirited and refined performance that's also environmentally friendly.

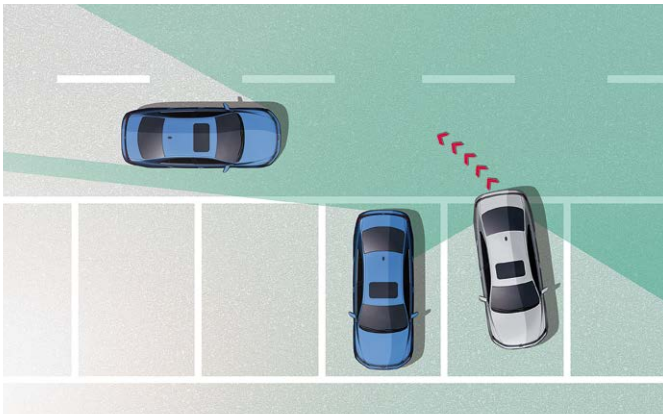


BLUEMOTION

The BlueMotion badge identifies the cleanest cars in the Volkswagen range, incorporating many different energy-saving features. The BlueMotion badge represents a Volkswagen that is kinder to the environment and better for your wallet.

Intelligent systems to help keep you safe.

The “Composition Colour” touchscreen radio has a 5” colour display, CD player, AM/FM radio, playback of MP3/WMA with indication of track titles, eight speakers, SD card slot, volume adjustment according to speed and multimedia AUX-IN. (Standard on Trendline and Comfortline).



The parking sensor pack comprises front and rear parking sensors and reverse activated kerb-view adjustment on the front passenger’s side door mirror. Combine with the optional Rear Assist which provides visual assistance for reverse parking with an ingenious overlay of display lines to indicate the ideal parallel parking angle.

Travel in style. Arrive in good time.

The audio system “Composition Media” has a larger 6.5" colour touchscreen on which you can also view photos in JPEG format. The “Composition Media” radio includes eight speakers, CD/MP3, USB AUX-IN, SD card reader and Bluetooth connection for mobile phone. (Standard on Highline).
