Tax risks are considered at frequent intervals by both the finance department and the Board. This includes looking at both existing risks and any new risks.

The oversight from the finance department and Board includes the following aims from a tax perspective:

- submit all UK tax returns on a timely basis.

- maintain accounting arrangements that are robust.
- ensure tax processes are appropriately resourced.
- make fair, accurate disclosure in correspondence, returns and respond to queries and information requests in a timely fashion.

4. Tax planning our approach

Vantage Motor Group Limited aims to maintain a conservative approach to tax and will not engage in artificial transactions to reduce this amount of tax payable.

- The Group engage professional advisors to provide expert guidance on all tax matters including the completion of the annual corporation tax returns.
- We will not engage in tax efficiencies if the underlying commercial objectives do not support the position.
- Where there is uncertainty as to the application or interpretation of tax law, appropriate written advice evidencing the facts and conclusions will be taken from third party advisors to support the decision making process.

5. Working with HM Revenue and Customs

Vantage Motor Group Limited deal with HMRC in an open, honest and transparent manner.

The company aims to be proactive by making pre-transaction clearances from HMRC where appropriate to interpret the tax events of a transaction or in the interpretation of the law and tax legislation.
