## When it comes to GAP Insurance, the clue is in the name...

In the event of a total loss, even with a fully comprehensive motor insurance policy in place, your motor insurer is likely to pay the current market value only for your vehicle and not the price you originally paid or the amount you may have outstanding on your finance agreement.

This is where RAC Combined Return To Invoice & Financial Shortfall GAP Insurance could be beneficial to you. RAC Combined GAP Insurance could pay the difference between your motor insurance settlement in the event of a total loss and the amount you originally paid for your vehicle or the amount outstanding on your finance agreement, whichever is the greater (exclusions apply).

# What are the features of RAC GAP Insurance?

Original  
purchase price:  
£15,000

Insurance company payout:  
£9,000

GAP insurance amount:  
£6,000

**Shortfall = £0**

With Return To Invoice GAP, the difference between what your motor insurer pays and the price you originally paid for your vehicle is covered (exclusions apply).

## GAP Insurance is particularly helpful if you...

- 1 | Would like any depreciation covered in the event of a total loss to enable you to replace the vehicle to the original purchase price you paid.
- 2 | Need to settle any outstanding finance that may be more than the motor insurers' settlement at the time.
