EXPERIENCE AMAZING

THE LC 500

PERFECTION IN PERFORMANCE

The Lexus LC 500 does more than set new benchmarks of luxury, styling and performance; it pushes the boundaries of the driving experience as we know it.

The LC 500 goes beyond being a luxury sports model to being the flagship sports coupé. Complete with a 351kW and 540Nm, 5-litre V8 engine, and accentuated by Lexus's first 10-speed automatic transmission, this vehicle offers a lightning-quick response and seamless power. Experience enhanced driving dynamics with a rear-wheel drive platform for increased exhilaration and optimally positioned component weight, creating the feeling of the car pivoting around the driver's hips.

The Lexus LC 500 is more than the sum of its parts – it's the powerful realisation of a desire to create something visionary, something extraordinary.

AND IT'S YOUR INVITATION TO EXPERIENCE AMAZING

Model Shown LC 500

South African vehicle specifications may differ.

NEVER UNDERESTIMATE THE POWER OF AMAZING

The LC 500 is a next-generation vehicle with futuristic features. The GA-L (Global Architecture-Luxury) platform not only enhances the driving dynamics of the car but it also brings the unique design to life. The all-new AVS (Adaptive Variable Suspension) system with ACA (Active Cornering Assist) allows for improved handling on winding roads, as well as a

smoother driving experience. For more stability, especially during high-speed driving, VGRS (Variable Gear Ratio Steering) and DRS (Dynamic Rear Steering) have been integrated and optimised. The updated EPS (Electric Power Steering) allows drivers to take complete control. With a premium rear-wheel drive platform and a low centre of gravity, exhilaration is only

a touch of the pedal away. Our 10-speed automatic transmission still has the world's fastest shift time, which makes it easy for Lexus drivers to accelerate into new realms of excitement.

EXPERIENCE THE POWER OF **P R E S E N C E**

Beauty becomes far more seductive when paired with power, and the LC 500 has no shortage of either. The exterior features are impressive, combining distinct styling with alluring high technology.

The signature hourglass shape of the spindle grille is accentuated by the way the front and rear fenders flare out, while the rear subtly reinterprets and complements the front grille. The coupé's long wheelbase underlines a sweeping roofline that tapers from the central position of the occupants, for a uniquely human-centred silhouette.

“BEING IN THE CAR GIVES ME **ENERGY**”

THE EPICENTRE OF AMAZING

The LC 500 epitomises the philosophy of Takumi Craftsmanship, which is apparent in every detail throughout the interior, accentuating the elegant lines of the luxurious cabin. Meticulously crafted from the finest materials and offering a modern, driver-focused cockpit, the interior of the LC 500 reflects the exterior design theme of dynamic luxury. The driving position was re-examined with just the right amount of ergonomics for the pedal layout and steering wheel angle, ensuring a comfortable distance between the driver and the vehicle.

Special attention was put into the 3-spoke heated leather steering wheel design to accommodate all variations of wrist grip and twisting, while larger magnesium alloy paddle shifters have been shaped for easier reach.

The new 17mm high-resolution audio system now has a whole host of features including:

- USB audio
- DAB phase driver
- Miracast
- Smartphone linking
- Apple CarPlay
- Android Auto

“WE WANT TO MAKE CARS THAT ARE EXHILARATING IN EVERY WAY – INSIDE, OUTSIDE AND UNDER THE HOOD”

ATTENTION TO THE LAST DETAIL

The stitching of the leather-covered shift lever has been carefully crafted to conceal the thread in the seams, for even more driving comfort.

BEAUTIFULLY BLENDED DESIGN

Organic shapes are beautifully blended with metallic ones throughout the vehicle. The silver door handle is solid but lightweight, considered but simple.

5 DRIVING MODES

Twist the knob to the right of the steering wheel and experience the thrill of the naturally-aspirated V8. Eco, Normal, Comfort, Sport and Sport+ modes can be selected.

AUDIO SYSTEM

The Lexus LC 500 features a 13-speaker high-resolution Mark Levinson audio system.

AN OBSESSION WITH QUALITY

Enjoy luxurious, high-class finishes on the door panels, centre console and dash pad.

THE COMMAND CENTRE

The touchpad on the centre console, combined with the steering wheel and dash controls give a cockpit-like feel.

EFFORTLESS BUT IN CONTROL

The newly designed small diameter 3-spoke heated leather steering wheel is accentuated with dimpled leather to enhance the sporty but luxurious feel.

FINISHED TO PERFECTION

Takumi Craftsmanship is used to the last detail, incorporated in the carbon fibre components, leatherwork and hand finishes.

IT STARTED AS A **CONCEPT**

Inspired by the acclaimed LF-LC concept that debuted in 2012, the LC 500 goes beyond being a new luxury model to being the flagship sports coupé for the new Lexus. Lexus didn't envision turning the LF-LC into a production car, but after the overwhelmingly positive reaction to it, the Lexus team got to work. The LC 500 is the result of the combined passion of engineers and designers. It is now the most dynamic performance vehicle since the LFA Supercar.

**"THE LEXUS TEAM SPENT MORE THAN TRIPLE
THE USUAL AMOUNT OF TIME PERFECTING THE
LC 500'S ROAD FEEL"**

Koji Sato – Chief Engineer

LEXUS MAINTENANCE

INTRODUCTION

At Lexus, we take pride in the advanced engineering and craftsmanship of the vehicles we build. For that reason, our Warranty and Distance Plans are designed to provide Lexus owners with seamless vehicle maintenance and complete peace of mind. The Lexus Warranty and Distance Plans both enjoy full support by Lexus SA and offer customers access to specialised servicing, maintenance and repair at any Lexus dealer in South Africa, Namibia and Botswana.

WARRANTY AND DISTANCE PLANS

To complement its comprehensive Warranty, the LC 500 features a Distance Plan Complete that provides for service and maintenance costs. The option to extend the period of cover is available for both the Warranty and Distance Plan Complete. These options can be discussed with your Lexus dealer. To familiarise yourself with the cover provided by Warranty and Distance Plan on the LC 500, please consider the information below.

WARRANTY

- Duration: 7 years or 105 000km from original date of sale.
- Cover: Repair or replacement of components that fail or malfunction as a result of manufacturing or material defect.

DISTANCE PLAN

The LC 500 features a Distance Plan Complete that will incept with the vehicle's Warranty.

- Duration: 7 service intervals or up to 105 000km.
- Cover: All servicing as per manufacturer's schedule (at least every 12 months or 15 000km) as well as the replacement of components as a result of normal wear and tear.

Consult with your Lexus dealer for more information on the terms and conditions of the Warranty and Distance Plan Complete offered on the LC 500.

LEXUS LIFE

Our online magazine, Lexus Life celebrates innovative design, sustainable technologies and premium experiences around the globe.
