

The Kia EV3

Take the lead. Drive electric.

Movement that inspires

Movement that inspires.

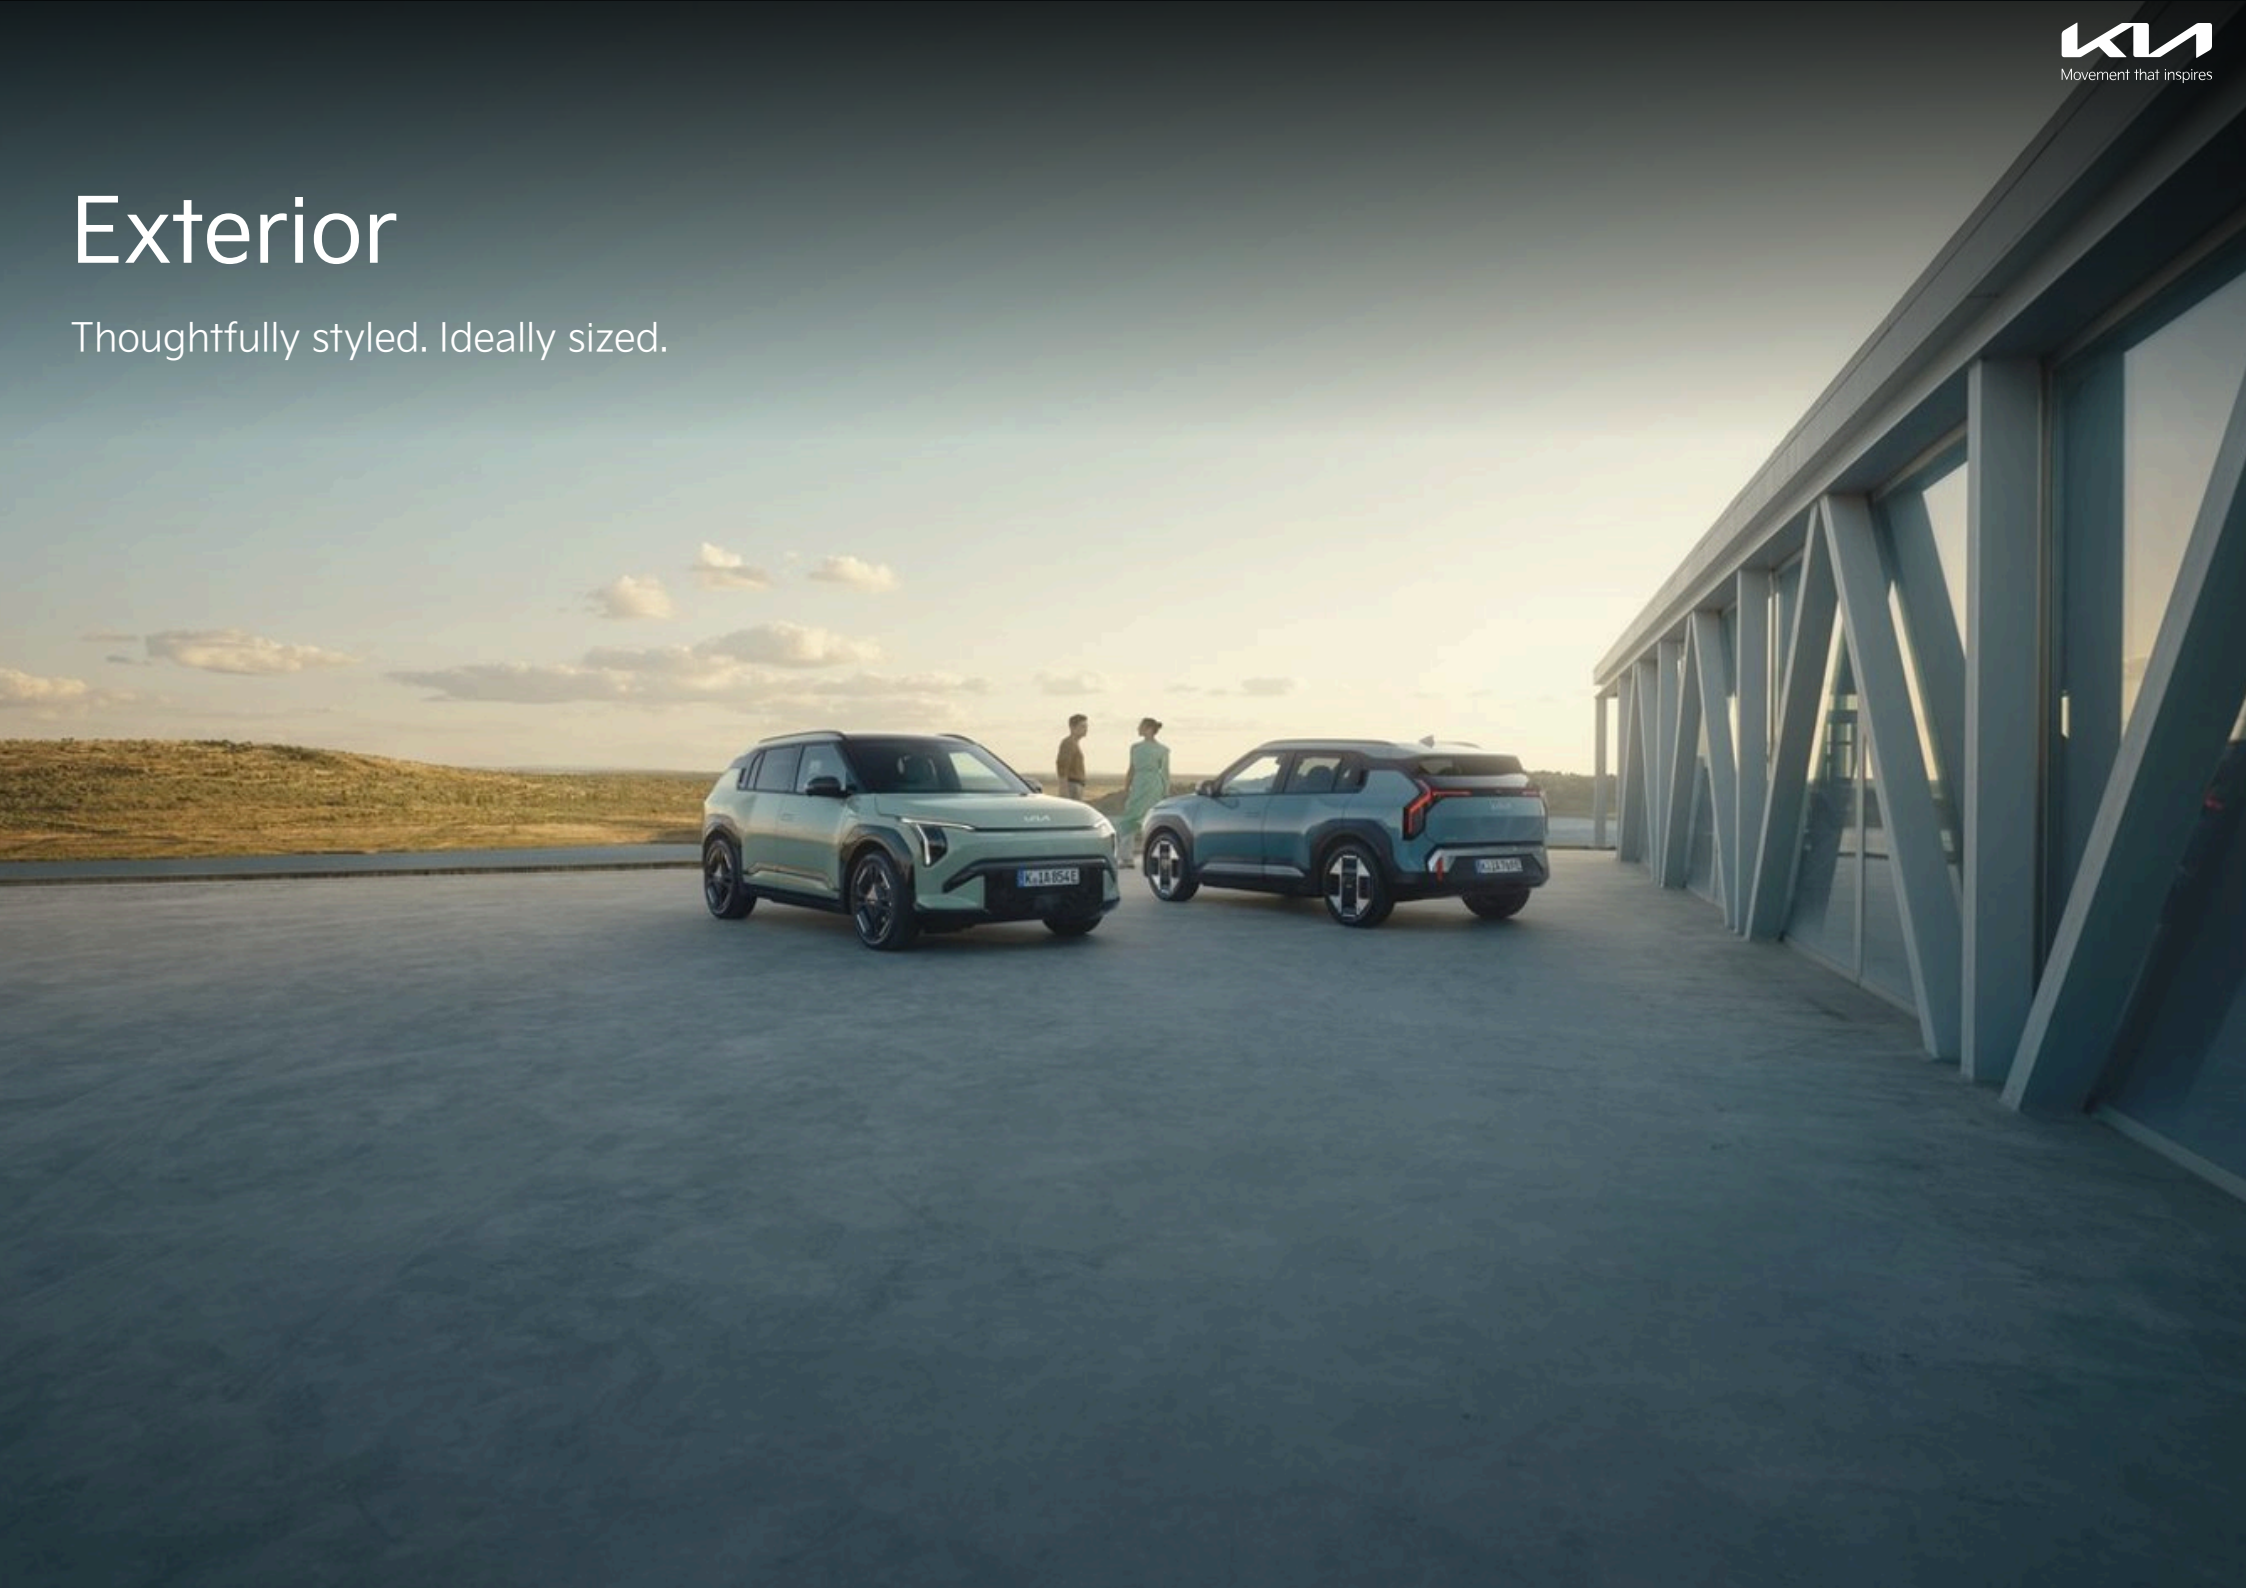

We believe in movement that inspires.

Design that makes a statement. Technology that changes the game. The pioneering EV3 is charged to bring all this to the compact EV SUV segment. Impactful flagship styling in an ideally sized package. Best-in-class all-electric range. Kia's most sustainable cabin yet. And a host of advanced tech to elevate every aspect of your drive.

Exterior

Thoughtfully styled. Ideally sized.

Robust & purposeful.

Muscular sophistication with a self-assured stance. Emphasised upfront by the wide presence of the clean-surface bonnet.

Signature lighting.

The confident LED Star Map light signature features the latest ultra-slim Daytime Running Lights (DRLs).

Dynamic silhouette.

The long, sloping roofline flows seamlessly into a hatchback-style tailgate. With strong muscular lines and bold wheel-arches.

Wide, futuristic tailgate.

Simplified, geometric rear lamps with Kia's latest Star Map design echo the overall high-tech, assertive look from behind.

Interior

An immersive journey for everyone.

“Living Space” cabin appeal.

Spacious, minimalist and nature inspired, the interior is filled with thoughtful design details to maximise your comfort.

Large interior displays.

In keeping with the serene ambiance, the triple panoramic display provides an intuitive, immersive experience.

Class-leading trunk space.

Enjoy generous cabin dimensions, 460 litres of luggage space and 25 litres of convenient trunk storage.

Nature-inspired “Living Space” appeal

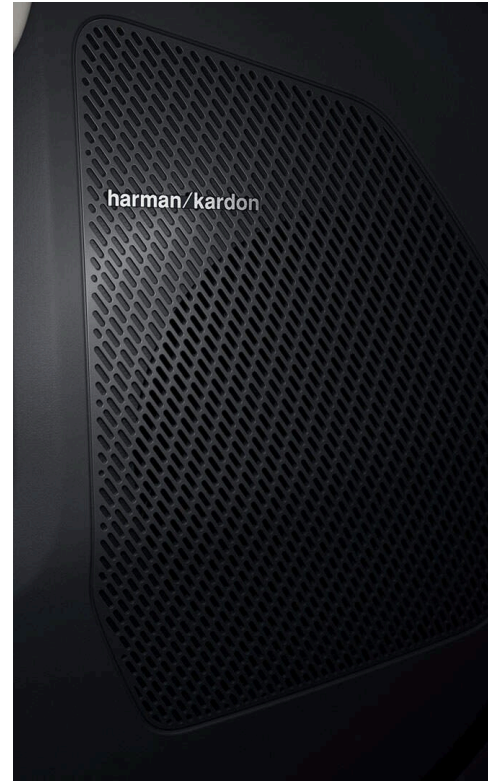

The EV3's spacious, minimalist cabin is filled with thoughtful design details to maximise your comfort. Like the sliding table console, comfortable and ergonomic seating, and clever storage solutions. Along with customisable ambient lighting that imbues a sense of calm.

Wireless smart phone charger. The EV3 makes sure everyone on board enjoys all-round convenience at all times. The wireless charger is located on the central console for front passengers.

Digital Key 2.0. Add even more convenience to your journeys with the Kia Digital Key. It allows you to access and start your EV3 using your smartphone. You can store the key in your digital wallet and share it with multiple drivers for easy access to the car - without having to reach into your pocket for your phone.

Superior Sound System. Thanks to the Harman Kardon Sound System, it is like having your own immersive in-car entertainment lounge.

USB-C fast charging ports. Convenience is important for everyone on board. You will find handy, fast-charging USB-C ports conveniently located for both front and back passengers.

Performance & Connectivity

Less searching and more discovering.

Power meets sophistication.

The EV3 is designed to take you further and go beyond your expectations in every way. The **Electric Global Modular Platform (E-GMP)** delivers a host of benefits that will elevate your driving experience. Like the generously sized cabin, athletic performance and best-in-class all-electric range.

Fourth-generation battery cells.

Thanks to the latest-generation battery cells, you can go as far as the road takes you, with superb all-electric range you can rely on. There is a long-range (81.4 kWh) and standard-range (58.3 kWh) battery pack to choose from. The EV3 boasts an outstanding range of up to 375 miles on a single charge.

Discover your perfect fit.

Powertrain & Trimlines. The EV3 features a state-of-the-art front-wheel drive electric powertrain and three trim variants, so you can choose the option that's just right for you and your lifestyle.

Images shown are for illustrative purposes only and not up to UK specifications.

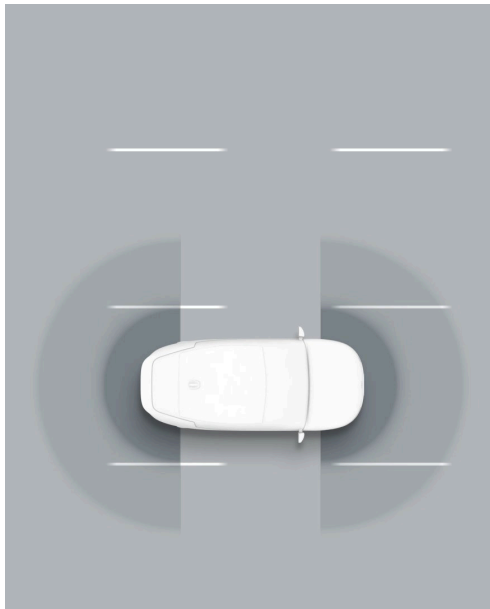

Connect to more. Benefit from cutting-edge infotainment and the advanced EV Route Planner while driving. Relax, work and be entertained while charging. All on the widescreen triple display.

Safety

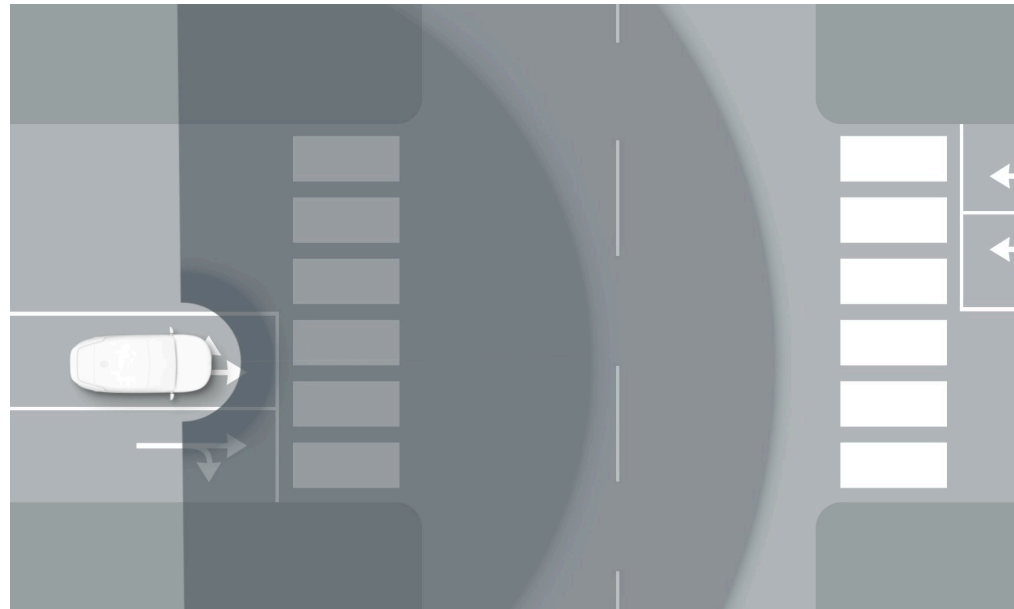

Less time for worry, more time
for inspiration.

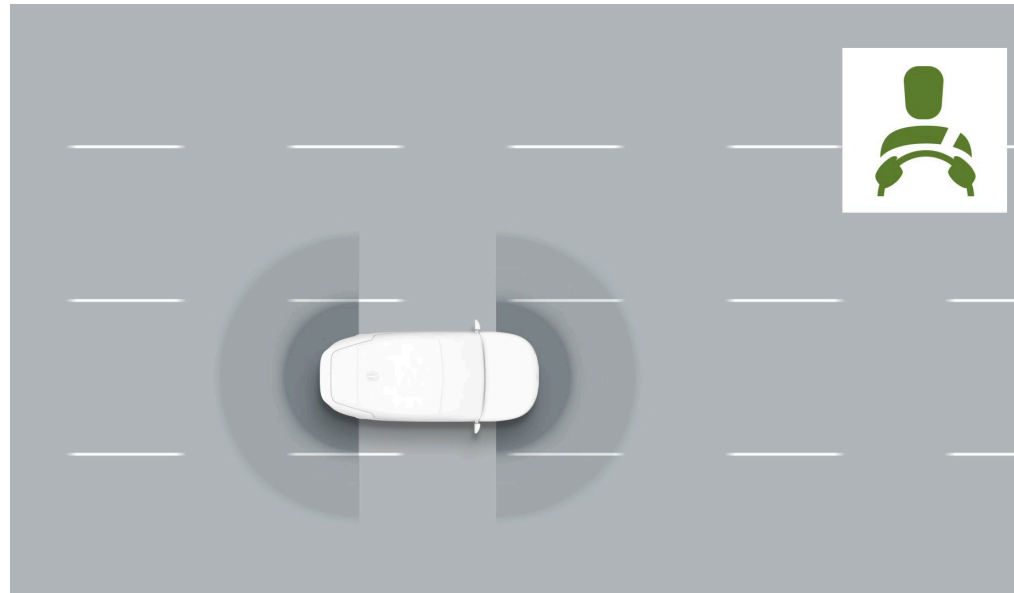

Blind-Spot Collision-Avoidance Assist.

When you signal a lane change, you are warned if a risk of collision is detected with a vehicle beside you or approaching from the rear. The system even interacts with your steering if the risk increases. Blind-Spot Collision-Avoidance Assist also watches out for you when pulling out of parallel parking spaces, warning you about oncoming traffic behind you.

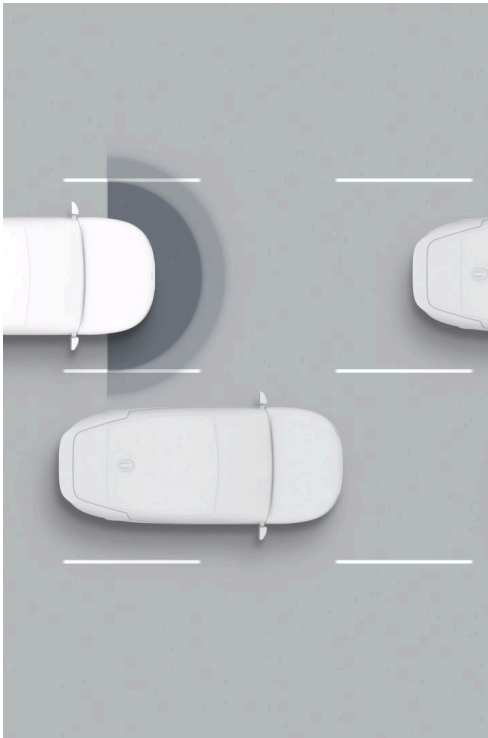

Forward Collision-Avoidance Assist 2.0.

FCA 2.0 gives you added peace of mind and helps you to avoid any potential collisions with pedestrians, cyclists and other cars on the road. If you are not applying the brakes hard enough to avoid collision, your EV3 will do it automatically. This technology also helps you avoid collisions with an oncoming vehicle while turning at an intersection or crossing it, as well as in other driving scenarios.

Smart Cruise Control 2.

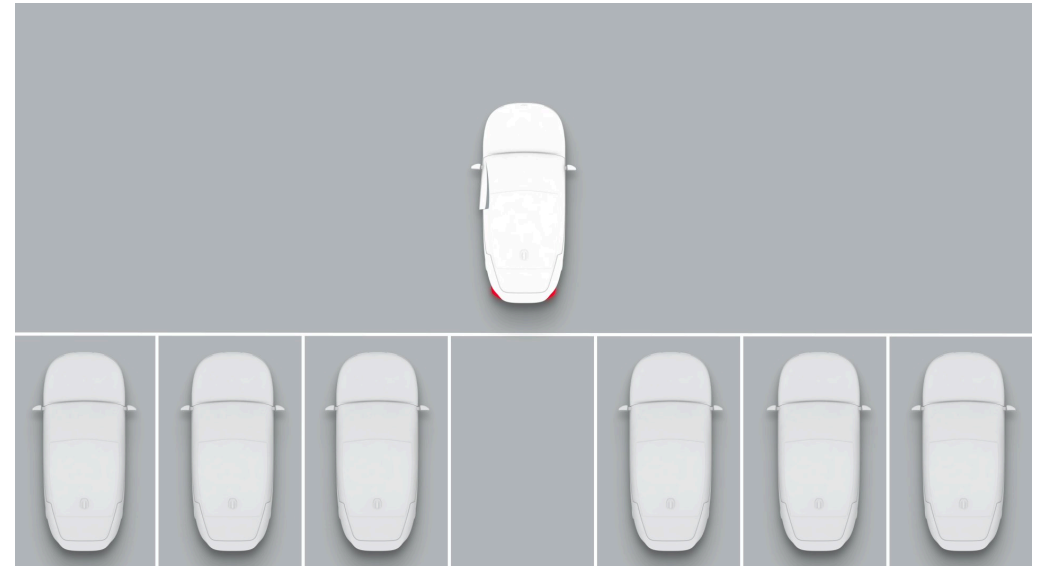

This technology helps to maintain a safe speed according to road conditions while driving on a motorway. It automatically reduces the speed in sections of motorways with tight curves, in order to keep the driver and passengers safe. And it resumes acceleration to pre-set levels thereafter.

Highway Driving Assist 2 with Hands-On Detection. HDA 2 with HoD automatically adapts your target speed to meet the limit, while keeping you at a safe distance from the vehicle ahead. The upgraded hands-on detection sensors on the steering wheel detect whether you are touching it, even without movement. HDA 2 is even capable of changing lane automatically when you use the side indicator.

Lane Following Assist monitors the lane markings and/or vehicles in front on the road, and assists your steering if necessary to help your EV3 centered in its lane. This also features Hands-On Detection (HoD) sensor, which detects if you let go of the steering wheel for several seconds and activates a warning signal to remind you to place your hands back on.

Parking Collision-Avoidance Assist, Forward/Side/Reverse (PCA). Parking or exiting a space is no hassle at all with the EV3. This will warn you of pedestrians or objects close to the vehicle. If the risk of collision increases after this warning, it automatically assists with emergency braking.

Remote Smart Parking Assist (RSPA) . Discover a new level of ease when navigating in and out of tight spots. The remote parking function does the hard work for you - letting you manoeuvre in a straight line in and out of spaces from outside your EV3 - all at the tap of a smart key.

Specification

The Kia EV3 'Air'

Sunset Orange (Standard)

Lithium Silver (Premium)

White Pearl (Premium)

Midnight Black (Premium)

Frost Blue (Premium)

Powertrain

*58.3kWh lithium-ion 201bhp

Accessories

Accessories

Make your EV3 unique.

Discover how easy it is to add personality to your EV3 and make it your own.

Choose from accessories that bring you style, comfort and convenience that match your taste.

**BROWSE
ACCESSORIES**

Load up your lifestyle.

You may already appreciate all the positive capabilities of the EV3, but did you know they can also be personalized to match your preferences? Whether you want to add more flexibility, convenience or personal styling touches, our extensive range of purpose-designed accessories give you the freedom to really make your Kia your own.

Aluminium cross bars. Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport everything you could possibly need for your next adventure.

Roof box. Enjoy the convenience of this sleek and durable roof box for more luggage space. Easy to install and with dual side openings for extra fast access, it provides a handy, space-efficient compartment.

GT-Line velour floor mats. The ECONYL® velour floor mats are manufactured from a material which has been recovered from maritime fishing nets. These high-quality mats are tailor-made to fit the footwells perfectly and are held in place by the standard fixing points and anti-slip backing.

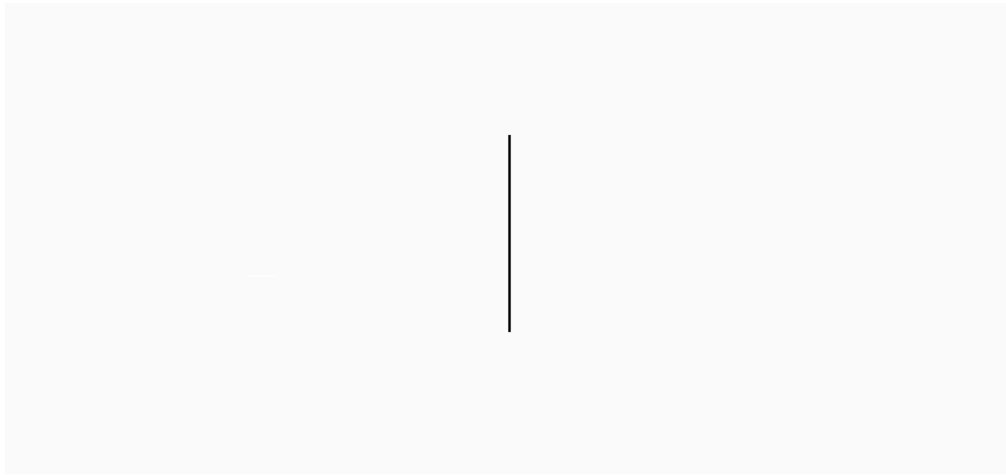

Bike carrier Pro. Reduce the effort of loading and unloading on your next cycle trip with this premium carrier (carries up to 20kg).

EV Battery life

Kia EV battery packs have been engineered to last the lifetime of the car.

EV Public Charging

EV Public charging

The UK's public charging network is growing.

Charging

In control of your charge status.

Two powerful models available. The EV3 Air Standard Range model is offered with a 58.3kWh battery, while Air, GT-Line and GT-Line S variants are fitted with an 81.4kWh battery. Both models utilise a 150kW/283Nm electric motor, which enables a best 0-62mph acceleration time of 7.5 seconds and a maximum speed of 105mph.

All specs may not be up to the UK specifications.

Charging port. The charging port flap opens and shuts manually. Inside the cover, a charging symbol displays the charging level.

Vehicle-to-load (V2L). Kia's engineers have set high standards in energy efficiency with the EV3. This turns your EV3 into a portable energy source wherever you are, giving you the freedom and flexibility to power external devices such as laptops, small fridges, coffee machines or hairdryers.

Kia App

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on Apple™ and Android™).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.
