

MG ZS EV

7
YEAR
WARRANTY

A famous reputation built on sporty and distinctive cars, MGs are both affordable and a joy to drive.

Built to the highest standards in our state-of-the-art manufacturing plants, we are so confident of the quality and reliability of the new MG ZS EV that we give it a 7 year manufacturer's warranty, which includes the lithium-ion battery as well.

FEEL THE ENERGY

THE NEW MG ZS EV IS THE FAMILY FRIENDLY ELECTRIC CAR, DESIGNED FOR THOSE WHO WANT ALL THE ADVANTAGES OF A ZERO EMISSIONS VEHICLE WITHOUT COMPROMISING ON PRACTICALITY OR STYLE.

Benefitting from our extensive experience in the manufacture of electric cars and batteries, the ZS EV pairs beautiful design with outstanding technology.

Powered by a 44.5kWh, water-cooled lithium-ion battery, you can enjoy a driving range of up to 163 miles from a single charge* on the WLTP combined cycle.

Managed by MG's Intelligent Battery Temperature Control system, the battery pack is insulated from external temperature variations, delivering the optimum power and range whatever the weather.

Designed to achieve dynamic handling and chassis feel, the ZS EV's powertrain has been intelligently packaged to achieve a low centre of gravity.

Housed underneath the passenger compartment as part of the ZS EV's flat-floor architecture, the balanced distribution of weight keeps the ZS EV planted to the road through the corners.

The ZS EV delivers 353Nm of instant torque and with 105kW of power, the equivalent of 143PS.

*From a single charge on the WLTP combined cycle: Combined Range: 163 miles (263 km); City Range: 231 miles (372 km); Combined Driving Efficiency: 18.6 kWh/100km.

UNPLUG AND PLAY

At home, the new MG ZS EV can recharge on a standard 7kW home charger in seven hours, allowing you to simply and easily charge your ZS EV overnight – or if you ever find yourself out and about in need of a boost, the UK has plenty of rapid charging points compatible with the MG ZS EV.

Charging the new MG ZS EV could not be simpler thanks to its CCS and Type 2 ports, mounted within the front grill for easy access from either side of the car.

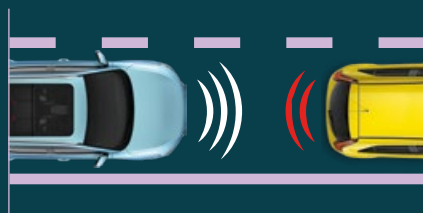

40 MINS
<80%

**FEATURING RAPID CHARGING CAPABILITY,
THE ZS EV CAN CHARGE TO 80% IN JUST 40
MINUTES FROM A 50KW CHARGING POINT.**

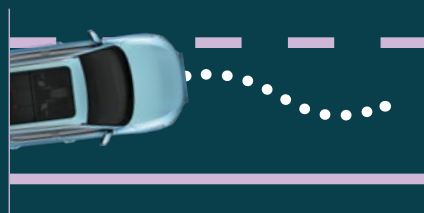

MG PILOT: HIGH TECH AND SAFE

ZS EV IS THE FIRST MG TO FEATURE THE MG PILOT SUITE OF DRIVER ASSISTANCE TECHNOLOGY TO LEND A HELPING HAND AND GIVE YOU ADDED CONFIDENCE ON THE ROAD. A SELECTION OF WARNING AND ALERT FEATURES ASSIST THE DRIVER, MAINTAINING SAFETY AND SIMPLIFYING EVERYDAY DRIVING.

ACTIVE EMERGENCY BRAKING (AEB)

At speeds below 12 mph, the car will automatically apply its brakes to avoid a collision with a vehicle, bicycle or pedestrian. At speeds above 12 mph, AEB will reduce the likelihood or mitigate the severity of an accident.

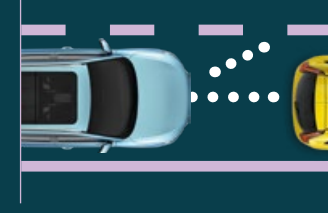

LANE KEEP ASSIST (LKA)

Lane Keep Assist uses a camera to detect lane markings ahead and monitors the vehicle's position in its lane. When the function detects the vehicle is about to unintentionally move out of its lane, it warns the driver by means of a visual, audible and steering wheel vibration. The car will also control the steering to keep within its lane.

ADAPTIVE CRUISE CONTROL (ACC)

Adaptive Cruise Control (ACC) monitors the road ahead. As long as the road ahead is clear, ACC maintains the speed set by the driver. If the system spots a slower vehicle within its detection range, it gently reduces speed by releasing the accelerator or actively engaging the brake control system. If the vehicle ahead speeds up or changes lanes, ACC automatically accelerates back to the driver's desired speed.

TRAFFIC JAM ASSIST (TJA)

When Adaptive Cruise Control is turned on, Traffic Jam Assist continuously analyses the speed of the surrounding vehicles and compares it with its own driving speed. If the system detects dense traffic or a traffic jam at speeds below 35 mph, the driver can activate TJA. The car will automatically follow the vehicle in front, controlling its acceleration, braking and steering within the same lane.

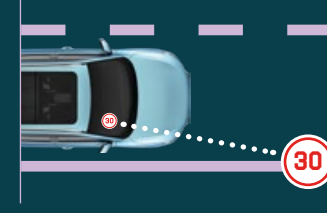

BLIND SPOT DETECTION (BSD)

This system keeps a lookout to help you change lanes safely. A radar sensor serves as BSD's electronic eye, registering objects in hard-to-see areas. Whenever there is a vehicle in the driver's blind spot, a visual signal will show in the door mirror.

INTELLIGENT HIGH BEAM ASSIST

When the headlight high beam is set to the AUTO position, the system automatically switches to low beam when it detects a vehicle ahead. This enables drivers to maximise the use of high beam, making night-time driving safer, without the risk of dazzling on-coming traffic.

INTELLIGENT SPEED LIMIT ASSIST

The car will actively detect speed limit signs and alert the driver of the current speed limit by way of a symbol on the driver's instrument cluster. The symbol acts as a reminder to the driver, reducing the risk of exceeding the speed limit.

MG ZS EV HAS ACHIEVED THE MAXIMUM FIVE STAR RATING FROM EURO NCAP, THE WORLD'S LEADING ROAD SAFETY AGENCY.

DESIGNED AND ENGINEERED WITH A RANGE OF ACTIVE AND PASSIVE SAFETY SYSTEMS AS STANDARD, MG ZS EV EXCELLED IN EURO NCAP'S LATEST COLLISION PROTECTION AND AVOIDANCE TESTS WHICH ARE THE MOST STRINGENT TESTS EVER CONDUCTED.

COMFORT AND CONVENIENCE

SO YOU GET THE MOST OUT OF THE NEW MG ZS EV, WE'VE THOUGHT VERY CAREFULLY ABOUT EVERYTHING WE PUT INTO IT. EVERY INCH OF THE STYLISH, SPACIOUS INTERIOR HAS BEEN DESIGNED TO MAKE SURE THE DRIVER, THE PASSENGERS AND EVEN THE FAMILY DOG WANT FOR NOTHING.

Inside, there are beautifully soft materials, and stitched leather effects for that extra luxury. There's also an 8" colour touchscreen with Apple CarPlay™ and Android Auto™ allowing for seamless integration with your own technology. DAB Radio, keyless entry and satellite navigation further enhance the level of technology found within this family friendly electric SUV.

The ZS EV comes as standard with a simple to use automatic transmission, controlled by a rotary gear selector in the centre console. Engineered to provide ultimate refinement in all driving conditions, owners benefit from a stress-free driving experience over long distances, and in stop-start city traffic.

As the most technologically advanced MG ever, driver personalisation has been taken to a new level, and can be configured in multiple ways... Firstly, the ZS EV is equipped with three levels of regenerative braking, which extends your driving range, improves the braking efficiency and energy conservation.

There are also three driving modes on the new MG ZS EV — **ECO**, **NORMAL** and **SPORT**, allowing the car to fully adapt to your everyday driving needs.

THE EV LIFE

The new MG ZS EV comes with a 44.5 kWh lithium-ion battery. It's water-cooled which optimises charging capability and range whatever the weather.

Charging is best done overnight at home on a 7kW domestic charger, with a full charge taking 6.5 hours.

On the go, the MG ZS EV can be rapid charged to 80% in just 40 minutes. It can be charged using most Type 2 or CCS charging points installed across the UK.

AFTERCARE

MG SERVICE PLANS

Look after your car and your car will look after you... with an MG Service Plan, you can continue the care-free driving without the worry of unforeseen service costs. Your MG will be covered for up to seven years with flexible mileage choices. MG's authorised repairer network offers genuine parts, factory trained staff and the peace of mind that your MG is in a safe pair of hands. From software updates to the batteries in your key fob, the MG Service Plan will keep your new car covered and you on the road.

7 YEAR WARRANTY

Like all MGs, the MG ZS EV has a full 7-year / 80,000 mile warranty, which includes the lithium-ion battery, giving you complete peace of mind throughout your ownership and guaranteeing that fully trained MG technicians will always be on hand to help. Both the vehicle and battery warranty are transferable to future owners.

**SPEAK TO YOUR MG DEALER OR VISIT
MG.CO.UK FOR MORE INFORMATION**

WELCOME TO THE FAMILY

The new MG ZS EV joins our model line-up alongside our petrol MG HS, MG ZS, and our MG3 which is fun on the outside, and fun on the inside; pop open the door and the MG3 gives you must-have tech, a ride big enough for five, and a sporty driving position.

BOOK YOUR TEST DRIVE

Get your hands on the wheel, your feet on the pedals and a smile on your face — book your test drive at your MG dealer today or online at:
