

# LEVC PROTECT

Keeping your TX in showroom condition.

Technology by  
*Supagard*<sup>®</sup>

# THE PROFESSIONAL'S CHOICE

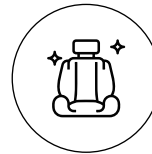

LEVC exterior and interior protection products offer real value to both new and used vehicles to insure they look as good as the day you bought it. All professionally-applied LEVC Protect products are guaranteed.

## BENEFITS OF TREATMENT

### Exterior

All LEVC Protect products have been developed to withstand the harshest environmental and climatic conditions and our Paint Sealant is the most technologically advanced treatment available. The extremely durable hydrophobic coating, bonds to the paintwork leaving a long-lasting high gloss finish. It seals the surface against harmful acid rain and atmospheric pollutants and eliminates the need to wax and polish. The paint sealant is professionally applied by trained technicians and all you have to do is wash the vehicle. What could be simpler?

### Interior

When your vehicle's interior has been professionally treated, there's no need to cry over spilt milk, or chocolate, or mud. Depending on your interior finish, our technicians coat the upholstery with vinyl/cloth preserver. This advanced product eases the removal of dirt and spills and prevents staining while preserving the texture and appearance of the interior. Dirt and spills can be vacuumed or wiped off with a gentle cleaning solution. LEVC interior protection products are guaranteed to maintain your vehicle's appearance - insuring the same superb look it had when you bought it.

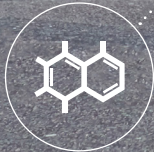

UV RAYS

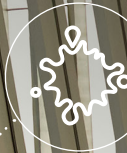

ACID RAIN

MUD & DIRT

ROAD SALTS

BIRD & BUG PROTECTION

## EXTERIOR PROTECTION

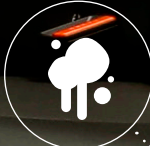

LEVC advanced paint sealant protects your vehicle's paintwork from the harsh environment that surrounds it – acid rain, Ultra Violet rays, atmospheric pollutants, road salt and many other causes of fading and damage, plus protection from tree sap and bird lime for up to 7 days.

- Your TX is treated with a highly durable hydrophobic coating that bonds to the paint and forms a tough protective barrier with a high gloss finish.
- This keeps your vehicle cleaner for longer and protects your paint from the worst that the elements can do.
- Wash less frequently, no need to wax or polish meaning less down time and more time on the road.
- Once applied, it gives guaranteed protection for new and used vehicles.

DRINKS & SPILLS

DIRT & GRIME

MUCKY FEET

## VINYL/CLOTH UPHOLSTERY PROTECTION

Nothing complements your interior more than our quality vinyl/cloth upholstery preservers. These specially formulated products prevent surface soiling and makes the clean up of spills much quicker and easier. The professionally applied, cutting edge formula is designed to protect against both oil and water based stains and will help to keep your interior clean and protected. It penetrates into the surface of the material, leaving a supple, natural feeling.

- Guaranteed protection for new and used vehicles.
- Prevents oil and water based surface soiling.
- Spills clean up quickly and easily.
- Dye transfer from denim and other clothing simply wipes off.
- Carpets and upholstery stay looking factory-fresh.

# AFTERCARE KIT

After our trained technicians have carried out the professional application to your vehicle, we provide you with a comprehensive range of Aftercare products to keep your vehicle gleaming. With so many forms of wax and polishing products on the market, it makes sense to use Aftercare products designed to protect and enhance your vehicle's showroom finish.

# INSIDE THE AFTERCARE KIT

Our comprehensive Aftercare range has been specifically designed to give you all the cleaning and detailing products you'll require. The kit can be easily stored inside the spare wheel, ensuring you can top-up your TX whether on the road or at home. You can wash and clean your vehicle as often as required, safe in the knowledge that our Aftercare products are fully compatible with the paint and interior protection applied to your vehicle.
