(1) Prices shown are recommended retail prices by Volkswagen Ireland and include delivery and, where stated, an optional Service Plan. The Service Plan can be removed on request. Vehicle Registration Tax (VRT) and annual road tax are based on official World Harmonised Light Vehicle Test (WLTP) values and the rates applicable at the time of publication. The final VRT payable may change depending on vehicle specification. Please confirm final pricing and taxes with your authorised Volkswagen retailer.

(2) Fuel consumption, CO₂ emissions and electric range figures shown are official WLTP values for standard production vehicles. Optional equipment and accessories may affect these values. Real world performance will vary depending on driving style, speed, weather, passengers, load and use of vehicle systems. For exact vehicle values, please configure your vehicle at [volkswagen.ie](#).

(3) Govt (Government) incentives refer to VRT relief and applicable SEAI Grant for Private Customers, Business/Commercial Buyer State subsidy comprises of VRT relief, all of which are subject to approval. SEAI Grant is not applicable on vehicles with a list price of over €50,000 from August 1st 2026.

Discover 'Life' at [Volkswagen.ie](https://www.volkswagen.ie)

Discover 'Life' at [Volkswagen.ie](https://www.volkswagen.ie)

Get in and enjoy the comfort.

From the very outset, the ID.3 Neo feels familiar, but different. The newly designed **steering wheel with physical buttons** is ergonomic to hold, while enabling a perfect view of the new **10.2" IQ. Cockpit driver display**. New physical buttons and switches on the doors and in the center console provide ultra-convenient operation of auxiliary controls, from windows and mirrors to volume and the **2-zone climatronic**, respectively.

Finely textured trims and softly padded surfaces on doors and instruments create a pleasant feel in the interior. A centre armrest with plenty of storage space within delivers additional comfort.

Clearly designed. Re-imagined.

All proportions of the new ID.3 Neo are precisely coordinated: front, side, and rear blend seamlessly into each other, lending the ID.3 Neo its assured presence. Life models sit on **18" 'Edinburgh' diamond-turned alloy wheels** as standard (dependent on battery size). The newly-designed front bumpers with integrated **LED headlights** shape its modern style.

Specifications, standard equipment and options shown are for information only and are correct at the time of publication. Volkswagen Ireland reserves the right to change specifications, prices or withdraw products without notice. Availability of features and options may vary. If a specific feature is important to you, please confirm it with your authorised Volkswagen retailer before ordering.

Discover 'Style' at [Volkswagen.ie](https://www.volkswagen.ie)

Discover 'Style' at [Volkswagen.ie](https://www.volkswagen.ie)

Note: The above images show ID.3 Neo Style with optional panoramic sunroof and 20" 'Zwickau' diamond-turned alloy wheels

Taking comfort to the next level

A comfortable cabin awaits in the new ID.3 Neo Style. **Heated sports seats with integrated head restraints** finished in fabric and **ArtVelours Eco upholstery** are a real highlight. The 12.9" 'Innovision Pro' infotainment system incl. **navigation display**, combined with **30-colour ambient lighting** and **ID. Light** both heightens customization and ease of travel. And with **Keyless Access**, it's even easier to get in, get comfortable, and go.

A familiar design. Refined.

Alongside its premium interior, ID.3 Neo Style also has some striking exterior enhancements, improving on the ID.3's existing design. The redesigned front-end is made ever-more attractive with upgraded **IQ. LIGHT LED matrix headlights**, connected via an illuminated light strip and **illuminated logo**. ID.3 Neo's gloss black mirror housings are heightened by Style's **tinted windows** at the rear, providing an excellent contrast against the vehicle's body colour. The exterior design is rounded off with **19" 'Wellington' diamond-turned alloy wheels** as standard.

Specifications, standard equipment and options shown are for information only and are correct at the time of publication. Volkswagen Ireland reserves the right to change specifications, prices or withdraw products without notice. Availability of features and options may vary. ¹ 19" 'Wellington' diamond-turned alloy wheels are fitted as standard on 79kWh ID.3 Neo Life. 18" 'Edinburgh' diamond-turned alloy wheels are unavailable on this derivative.

² Feature activation also available post-delivery via Functions-on-Demand, accessible via vehicle's infotainment system (WeConnect account required).

³ Vehicles equipped with AI based or voice assistant features provide information and responses generated automatically. These features are for general assistance only and may be incomplete, inaccurate or out of date. AI features do not replace driver judgement, navigation systems, road signage or safe driving practices. The driver remains fully responsible for always operating the vehicle safely. Availability and functionality may depend on software version, data connection and market availability and may change over time.

⁴ Tyre information is provided in accordance with EU Regulation 2020/740 and is available in the Volkswagen online configurator. Three year tyre insurance covers tyres damaged by an insured event. Exclusions and terms apply. Full details are available at [volkswagen.ie](https://www.volkswagen.ie).

Lane Assist

Car2X

Area View

Emergency Assist

Travel Assist

IQ.DRIVE Assistance Package

Lane Assist

From 65 km/h, Lane Assist can recognise if your vehicle leaves its lane unintentionally. With corrective steering intervention, it focuses your attention back on the driving situation and keeps your vehicle in its lane. If you nevertheless go over the lane limit, it will also warn you with a vibration in the steering wheel.

Emergency Assist

If, during a journey, you are unable to steer the vehicle due to an impairment or emergency situation, the Emergency Assist system can recognise this situation. The system will first attempt to reestablish its connection to you. If this is not successful, it will bring your vehicle to a standstill to prevent potential accidents or reduce their severity.

Travel Assist

Travel Assist actively helps the driver to stay in lane while maintaining a previously set maximum speed and minimum distance to the vehicle in front. Travel Assist can also actively support the driver when changing lanes on the motorway.

Car2X (only in combination with Style)

Car2X Traffic Hazard Alert can warn you, for example, of construction sites or approaching emergency vehicles. In addition, vehicles equipped with the traffic hazard alert system can also communicate with each other and thus draw attention to themselves in the event of a breakdown or accident. The communication uses Car2X technology via Wi-Fi.

Area View & Park Assist Pro (only in combination with Style)

Area View makes parking and maneuvering easier: 4 cameras show you curbs, parking markings and obstacles in a 360° view around your vehicle – clearly arranged on the infotainment display. Area View also shows you areas that are outside of your direct field of vision making it much easier to park within parking space lines, even enabling trained parking, and vehicle maneuvering via your smartphone.
