FUSO SERVICE CONTRACTS FOR YOUR TRUCK.

More peace of mind, right from the start.

Your truck is what drives your success. If it's moving, then so is your business. To give you additional peace of mind on the road, you can purchase a Service Contract from your local Dealer: they offer varying levels of cover and are tailored specifically to your needs as a business customer.

Economic and efficient.

Avoid unnecessary downtime by passing the administrative burden on to us (invoice control, processing of service cases). This will allow you to focus on your core business and give you a more reliable basis for planning. The same applies when it comes to calculating your costs: you can expect transparent and fair conditions – without any deductibles.

Long-term value retention.

Your truck is maintained, serviced and if necessary, repaired. The work is done by experienced specialists and to FUSO quality standards, which means that your vehicle will retain its reliability, performance and value over the long term.

Individual care.

Your Mercedes-Benz Dealer will be happy to advise you on the attractive benefits and conditions of FUSO Service Contracts.
