Personal Contract Purchase (PCP)

PCP has been designed to enable you to drive a new Mitsubishi every two or three years. You pay an initial deposit, followed by regular repayments over the period of your choice, subject to a maximum period of 43 months. The interest rate is fixed, so your repayments remain the same for the full term of the agreement. However, by opting to secure a Guaranteed Future Value (GFV*) based upon your anticipated annual mileage, your regular repayments are noticeably reduced. At the end of the agreement, you retain total flexibility to decide what to do next.

1. Renew. part exchange your vehicle for a new one via your Mitsubishi dealer, subject to settlement of your existing finance agreement; new finance agreements are subject to status..
2. Retain. Pay the final lump sum payment to own the vehicle
3. Return*. Return the vehicle to Shogun Financial Services under the Goods Return Option*, instead of paying the final lump sum payment. If the vehicle is in good condition and has not exceeded the allowed mileage, you will have nothing further to pay. If the vehicle has exceeded the agreed mileage, a charge for excess mileage will apply.

*GFV and Return options are subject to the car being returned on time, in good condition (fair wear and tear accepted) and within the permitted maximum mileage.

Contract Hire

Your vehicle is hired to you for a fixed period of up to 5 years. Monthly rentals are based upon the difference between the price of the vehicle at the start of the contract and its projected residual value at the end, plus finance charges. Therefore, only a proportion of the vehicle's value is being repaid, thus avoiding any large initial outlay whilst reducing the monthly rental. At the end of the hire period, the vehicle is simply returned, freeing you from any further obligations. Shogun Vehicle Leasing carries the full disposal risk.

[EXPLORE CONTRACT HIRE](#)

Hire Purchase

With Hire Purchase, you pay an initial deposit, followed by equal regular repayments over a fixed period of up to 5 years. The interest rate is fixed, so your repayments remain the same for the full term of the agreement. At the end of the agreement once you have paid all the repayments, the vehicle will be yours.
