The models and equipment versions illustrated and described in this brochure and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicle were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This brochure is printed on paper made from pulp bleached without the use of chlorine.

SQ5

Sportiness

Each challenge is also another opportunity to show what you're

The new Audi SQ5 4-9 | Interior 10-13 | Technology 14-19 | Equipment highlights

is calling.

made of. Make way for the new Audi SQ5.

20-23 | Equipment 24-31 | The fascination of Audi 32-33 | Technical data 34-35

START

Kitesurfing equipment in the back. Adrenalin at the front.

The power of a sprinter, the versatility of a decathlete, the elegance of an acrobat: the new Audi SQ5 will win you over with its powerful engine, impressive everyday suitability, progressive technology and sporty design. Clear contours coupled with S-specific air inlets in matt titanium black and sporty door trim strips make it a favourite. Even for shopping marathons.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

Some of the equipment listed is optional equipment for which an extra charge is made.

Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

Flexes its muscles. Even when stationary.

Every centimetre of its body is well-toned. From the imposing bumper and the S-specific radiator grille with S badge and twin blades in aluminium look, to the optional Audi Matrix LED headlights with Q light signature and the 21-inch wheels. A sight that leaves no doubt whatsoever that the new Audi SQ5 will cut a fine figure on every trip.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

**Exceptional athletes are recognised
on account of their physique.
And their badges of honour.**

The new Audi SQ5 impresses with performance. That's why it gets to sport special decoration. Such as the exterior mirrors in aluminium look. They separate it from the pack even at a distance. The optional red painted brake callipers are a clear sign that this top athlete also has superb stopping power.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

One piece of sporting equipment. Five training stations.

Welcome to the gym. As soon as you get in, you are impressed by the interior featuring front sport seats with S embossing and high-grade optional inlays in carbon Atlas. A second glance reveals the optional sport contour leather steering wheel plus in 3-spoke design, flattened at the bottom, with multifunction plus and shift paddles. The pedals in aluminium look radiate pure sportiness. And simply nudge the start button with S-specific red ring to experience it close up.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

These sporty items increase stamina and appreciation: on request, the sport seats, front, are available in fine Nappa leather and with S embossing as well as with a pneumatic massage function. The optional Audi virtual cockpit presents a multitude of driver-relevant information on a high-resolution display, such as the tachometer with integrated rev counter in the S-specific view. The illuminated door sill trims with S logo make it easier to get into the new Audi SQ5.

**Basketball training. Standup
paddleboarding. Cross-fit workout.
And a bit of sport in between.**

Turns every trip into a training session: the performance of the new Audi SQ5. The 8-speed tiptronic allows gear changes with virtually no break in propulsive power. The S-specific damper control guarantees sporty handling, less pitching and rolling and enhanced dynamics. And is further proof that this high-performance SUV has been designed specifically with sportiness in mind.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

Please visit www.audi.com or contact your Audi partner for more detailed information about standard and optional equipment.

The best thing about the meeting marathon: sprinting home afterwards.

On your marks, get set, go. The 3.0 litre V6 TFSI high-performance engine with 260 kW hits the 100 km/h mark after a mere 5.4 seconds. Accompanied by the striking sound of the S-specific exhaust system with dual-branch twin tailpipe look. Underpinned by the turbocharger for impressive driving dynamics. Thanks to the quattro drive with optional sport differential and S-specific adaptive air suspension, the SQ5 is in top form even on bends and uneven roads. Thus beating personal bests for pure enthusiasm and the sprint home at the end of the day.

The figures for fuel consumption and CO₂ emissions can be found on page 34.

Model	Audi SQ5 3.0 TFSI quattro (260 kW)
Engine type	6-cylinder inline petrol engine with direct fuel injection and Audi valvelift system
Displacement in cc (valves per cylinder)	2,995 (4)
Max. output ¹ in kW at rpm	260/5,400–6,400
Max. torque in Nm at rpm	500/1,370–4,500
Power transmission	
Drive type	Permanently available quattro all-wheel drive
Transmission type	8-speed tiptronic
Weights/capacities	
Unladen weight ² in kg	1,945
Gross vehicle weight in kg	2,500
Permissible roof load limit/nose weight in kg	75/100
Trailer load limit ³ in kg	
unbraked	750
12 % gradient	2,400
8 % gradient	2,400
Fuel tank capacity, approx. in l	70
Performance/consumption ⁴	
Top speed in km/h	250 ⁷
Acceleration 0–100 km/h in s	5.4
Fuel grade	Sulphur-free super RON 95 ⁸
Fuel consumption ^{5, 6} in l/100 km	
urban	11.0–10.8
extra-urban	7.1–6.8
combined	8.5–8.3
CO ₂ emissions ^{5, 6} in g/km	
combined	195–189
Emission standard	EU6

Explanatory notes

- ¹ The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
- ² Unladen vehicle weight includes driver (75 kg) and fuel tank 90 % full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- ³ The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- ⁴ Fuel consumption and CO₂ emission figures given in ranges depend on the tyre/wheel sets used.
- ⁵ The figures given were calculated using the specified measuring procedures. The figures do not refer to one individual vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.
- ⁶ A vehicle's fuel consumption and CO₂ emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming.
- ⁷ Regulated.
- ⁸ We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use sulphur-free regular unleaded RON 91 fuel complying with DIN EN 228; power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/EC.
- ⁹ Please note the special information relating to wheels on page 35.
- ¹⁰ Technical specifications refer to a basic vehicle without country-specific basic equipment and selected optional equipment.

Important note

Special information about the wheels: Wheels with gloss turned finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

Classifications of tyre parameters

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi SQ5.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	255/45 R 20	F–E	C–A	72–69 
	255/40 R 21	E	C–B	73–68 
Winter tyres	235/55 R 19	E	C	72–69 
	255/45 R 20	E–C	C–B	73–70 

It is not possible to order a specific tyre. Ask your Audi partner about the range of tyres available in your country.

Equipment of the Audi SQ5 illustrated (p. 1–9)

Paint finish: Azores green, metallic

Wheels: 5-twin-spoke V design (S design), contrasting grey, partly polished⁹

Seats/seat upholstery: S sport seats, front, in fine Nappa leather, rotor grey with diamond pattern in rotor grey

Inlays: carbon Atlas

Audi SQ5

dimensions in mm

Dimensions are for unladen vehicle weight. Height specifications apply only to the ECE variant. Luggage compartment volume:¹⁰ 550/610/1,550 l (second value with the optional movable rear seat bench and bench moved forward as far as possible; third value with the rear seat backrest folded down and vehicle loaded up to the parcel shelf). Turning circle approx. 11.7 m.

*Maximum headroom. ** Elbow room width. ***Shoulder room width.
