⁰ The CO₂ emissions test figures shown in the table do not express or imply any guarantee of the emissions or fuel economy of the car in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres. Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO₂ and fuel performance please refer to our Fuel and Performance section.

† Recommended 'On the road' price includes first year road fund licence, DVLA first registration fee and an estimated £25 for number plates.

* Not applicable to retail or private car buyers. Benefit in Kind (BIK) values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2018/19 tax year. P11D value is the sum of Recommended price + VAT & Number plate charge (£25).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED rate (currently £310) for five years after the end of the first registration (in addition to the standard £140 VED charge per year).

² Kit includes: First Aid Kit, Warning Triangle, Hi-Visibility Vest and Gloves

FUEL AND PERFORMANCE

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey, number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age; mileage, condition and standard of maintenance; use of vehicle features such as air conditioning and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel figures (below) in day-to-day driving although the vehicle is technically capable of doing so.

Engine	Euro Stage	Trans	Maximum Power PS (kW)	Torque Nm (Nm with overboost)	Wheel Size	CO ₂ Emissions (g/km) #	Fuel Consumption - MPG (Litres/100km) #			Max Speed (mph)	0-62 mph (secs)	31-62 mph (secs)

*In 4th gear Ø The declared fuel/energy consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk/>.

From 1 September 2017, certain new vehicles will be type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP), which is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions. From 1 September 2018 the WLTP will fully replace the New European Drive Cycle (NEDC), which is the current test procedure. During NEDC Phase-out, WLTP fuel consumption and CO₂ emissions are being correlated back to NEDC and will be shown as CO₂mPas figures. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered i.e., same car might have different reported fuel consumption and CO₂ emissions. To learn more about the new testing procedures please visit www.dft.gov.uk/vca/fcb/wltp.asp. The figures in the table above are CO₂mPas figures

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are from officially approved tests under the Passenger Car (Fuel Consumption and CO₂ Emissions Information) Regulations 2001 and in accordance with European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended.

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2018 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £310) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £140).

FORD PROTECT

Every new Ford car is protected by a 3 year/60,000 mile Ford Warranty. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in the UK and throughout Europe.

Ford Protect Classic 4th/5th Year Extended Warranties

If you plan on keeping your car for longer than 3 years or are a high mileage driver you can extend your 3 year/60,000 mile warranty to either 4 years/80,000 miles or 5 years/100,000 miles.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Protection against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect Classic extended warranty plans can be purchased any time up until the vehicle's first date of registration

Ford Protect Service Plan

You can also upgrade to a Ford Protect Service Plan giving you the option of scheduled services and extended Ford Assistance.

Features:

- Scheduled Servicing; covers scheduled servicing recommended by Ford, including associated parts and labour, for the number of services applicable to your plan; replacement brakefluid (every other year); bodywork and paint check (every other year); air conditioning check (at third year only where applicable)
- Extended Ford Assistance; roadside assistance in the UK and throughout Europe
- Vehicle Hire; for up to 7 days
- The Ford Protect Service Plan can be purchased any time before the first service is due

Ford Protect Service Plan Plus (High Mileage Users Only)

You may choose to upgrade to a Ford Protect Service Plan Plus giving you the benefits of the Service Plan and also includes a Wear and Tear Plan.

Features:

- All items covered within the Service Plan and in addition:
Brake Pads/shoes/discs; Clutch friction plate; Shock absorbers; Silencers; Wiper Blades; Bulbs
- **Exclusions:** Tyres; Interior trims; glass, seat covers; pads; frames; springs; headrests, seat belts; sheet metals, water ingress; body seals and aerial
- Ford Protect Service Plan Plus can be purchased any time up until the vehicle's first date of registration

Notes and Conditions

- The length of your plan (and number of services on Service Plan and Service Plan Plus) applies from your new vehicle warranty commencement date, usually the date of first registration
- Time and mileage limits apply to all Ford Protect Plans
- Service intervals for the C-MAX is 1 year or 12,500 miles, whichever is the soonest
- It is a condition of Ford Protect Service Plan and Ford Protect Service Plan Plus that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio
- In addition your Ford Service History Log must be kept up-to-date
- Subject to the terms and conditions of the Ford Protect Plans
- These Ford Protect Plans are transferable so it is an added benefit to the new owner if you decide to sell your vehicle
- Ask your Ford Dealer for full details of the Ford Protect Extended Warranty, Service Plan or Service Plan Plus and their associated Terms and Conditions or alternatively call Ford Protect on 03702 416726, Option 2, Option 2, or visit www.ford.co.uk

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within six months, and in any event, as soon as your vehicle is available. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road (OTR) prices and Recommended Retail Prices (RRP), please contact your Ford dealer for final sale prices.

This price list is effective from 1st April 2018 and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
