[REQUEST A TEST DRIVE](#)

Tough, agile and stylish, the new Nissan NAVARA 4x4 is the latest in a long line of Nissan pick-ups - we produced our first in 1935. Along the way we've pioneered the King Cab in 1977, the innovative C-channel lashing system in 2005, and now the first use on a one-ton pick-up of 5 link rear suspension. Our proud legacy, shared among **14 MILLION PICK-UP OWNERS** blazing trails in **180 COUNTRIES** continues today. As long as there's adventure on the horizon, Nissan will lead the way.

# 80 YEARS OF TOUGH

## TOUGH AND SMART

We've always built strong, dependable pick-ups and we've consistently innovated to deliver what you want. The 2.3L dCi engine, in 190PS twin turbo or 160PS single turbo forms and linked to a 2WD or 4WD transmission, delivers the rugged performance and best-in-class fuel economy you demand from a Nissan pick-up. With fuel economy of up to 46.3mpg, it takes you off and on road without missing a beat - and with a standard 5 Year / 100,000 mile warranty, that's a promise you can trust. Experience the versatility and efficiency of the next generation Nissan pick-up - tough as always, smarter than ever.

## THE PICK-UP YOU CAN TRUST, RIGHT DOWN TO ITS CORE.

The new Nissan NAVARA 4x4 pick-up has a fully boxed ladder chassis rather than the three-sided channel-section frame found on some other pick-ups. There's also a new 5 link coil spring rear suspension, unique in the one-tonne pick-up segment. This gives a better ride and more agile handling, without compromising load-carrying ability.

## FULLY BOXED. FULLY CAPABLE.

Pull up to 3,500kgs, carry over 1-tonne payload and experience enhanced performance on all terrains. The new Nissan NAVARA's fully boxed ladder frame is made with rugged high-tensile strength steel for improved structural rigidity and more torsional stiffness.

Hill Start Assist

Part-time four wheel drive\*

Electronic Limited Slip Differential (eLSD)

Rear Differential Lock\*

Hill Descent Control\*

## CLIMB, CRAWL AND POWER YOUR WAY THROUGH.

Whether it's the depths of the country or the concrete jungle, the new Nissan NAVARA is always in its element. There are three driving modes - 4WD High for light off-roading, 4WD Low for serious off-road driving in sand, snow or deep mud, or 2WD for when you're on tarmac. With features such as Hill Start Assist and Hill Descent Control, it's the pick-up that's ready for anything, giving great traction even in 2WD mode with thanks to its electronic Limited Slip Differential (eLSD).

\*Not available on all grades. Please consult the technical specification for full line-up details. Image for illustration purposes only. Please consult the technical specification for full line-up details.

**Hill Start Assist and Hill Descent Control\*** Tackling hilly terrain? Now you can do it with more confidence and control. On an incline, Hill Start Assist can help keep you from rolling backwards when you're accelerating from a stop. Hill Descent Control helps you maintain a steady and constant speed, so that you descend a steep gradient safely.

## DEVOURS ROADS.

Outside, it's a 4x4 pick-up. Inside, the new Nissan NAVARA is more like a premium Crossover. Check out the ergonomic design of the dashboard and the high quality trim materials used. Relax in the NASA designed spinal-support seats, set the dual-zone Automatic climate Control and revel in the comfort of multi-link coil spring rear suspension. More than a workhorse, this pick-up's a pleasurable daily ride.

### 2.3-LITRE DCI ENGINE

Generating more horsepower and torque and with fuel efficiency improvements over the outgoing model of 24%, the new 2.3-litre 190PS twin-turbo diesel engine with either a 6-speed manual or 7-speed automatic transmission delivers fantastic acceleration and performance. The 160PS single-turbo version offers leading fuel economy of up to 46.3mpg.

ENGINE DISPLACEMENT	2298 CC
FUEL TYPE	DIESEL
FUEL CONSUMPTION	UP TO 46.3mpg
EMISSIONS (CO <sub>2</sub> )	FROM 159 G/KM
POWER	160 PS (120 kW) 190 PS (140 kW)

MAXIMUM TOWING	3,500 KG
MAXIMUM PAYLOAD	1,156 KG

FUEL ECONOMY  
UP TO

**46.3** MPG

## PULLING POWER

Of course the boat can come along, because heavy duty towing is engineered right into the NAVARA, with a towing capacity of 3,500kg on all 4WD models. Heavy duty components such as the brakes, transmission and cooling system, plus plenty of power and low end torque mean you're ready to pull some serious weight.

**3,500KG**  
TOWING CAPACITY\*

\*2WD Towing capacity 3035kg.

## LOAD UP OUR MOST VERSATILE PICK-UP BED EVER.

The new Nissan NAVARA is engineered to handle tough jobs and heavy payloads of over 1 tonne. A lighter tailgate makes loading and unloading simple. Ensuring your cargo is secure is easy, too, thanks to Nissan's revolutionary C-channel tie-down system\*. Moveable cleats can be locked anywhere in special tracks and on the three sides of the pick-up bed, so you can secure your load.

[REQUEST A TEST DRIVE](#)

The King Cab has rear doors that are hinged from the rear and have no B pillar, giving passengers easy access to the two rear seats. These seats can also flip up out of the way to reveal a large open space. This, combined with the larger door opening, means that bulkier items can be transported inside the cabin.

Large pockets located in the driver and passenger doors offer ample, easy-to-access storage.

The high-capacity glove compartment is ideal for your documents and files, even the bulkier ones.

## STORE IT. HIDE IT. LOCK IT. LOVE IT.

A thoughtfully designed, flexible interior featuring lots of clever storage space is handy for work and play. There's a spot for your stuff underneath the rear passenger seats, in the side door pockets, in the generous glove compartment and in the large centre console too. Thirsty? You'll find cup-holders almost everywhere you look: next to the front seats and even designed into the front and rear door pockets.

The centre console includes large cupholders and a deep covered storage bin for items you want close at hand but out of sight.

Storage bins conveniently located under the rear seats are perfect for items you want to keep concealed.

## RIDE FIRST CLASS EVERY DAY.

In the new Nissan NAVARA, you'll find fantastic levels of comfort and space from every seat. Up front, NASA designed zero-gravity seats create neutral posture and improved blood flow to help make those long rides a lot more comfortable. Plus, automatic air conditioning with dual-zone climate control\* means you and your passengers can tailor the temperature individually, while circular air vents pinpoint exactly where you want the air to go.

\*Available from ACENTA+. Please consult the technical specification for full line-up details.

[REQUEST A TEST DRIVE](#)

## INNOVATION AT YOUR FINGERTIPS.

The new NAVARA cabin is packed full of the innovative technology seen on Nissan's market-leading Crossover range\*. Nissan Intelligent Key with start push button ignition allows you to lock and unlock the doors\*\* and start the engine without taking the key out of your pocket. The cruise control, speed limiter and AM/FM/CD audio system can all be operated through steering wheel mounted controls. The Bluetooth hands-free phone system lets you make and take calls with ease, while the USB port and the AUX socket allow you to play your favorite music from your phone or MP3 player.

\*Specification varies by grade. Please consult the technical specification for full line-up details.  
\*\*Excludes load-bed. Please consult the technical specification for full line-up details.

## NISSAN SAFETY SHIELD

# SURROUND YOURSELF WITH CONFIDENCE.

The Nissan Safety Shield is a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on the new Nissan NAVARA, helping to protect you by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe.

**Traction Control System (TCS).** TCS senses when a drive wheel starts to slip and reduces engine power or applies brake pressure to help restore traction.

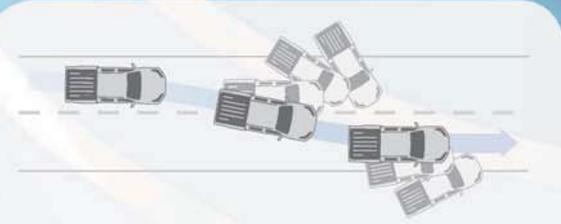

**Zone Body Concept.** Nissan's Zone Body Concept helps absorb the impact and protect the passenger compartment in the event of a collision. It features a high-intensity cabin structure with crossmembers and reinforcements, front and rear crumple zones, and an energy-absorbing steering column.

**7 Standard Air Bags.** Driver and passenger airbags in the front, two side-impact air bags mounted in the front seats, two side-impact curtain air bags mounted in the roof and an air bag for the driver's knee.

**Around View Monitor\*.** Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable splitscreen close-ups of the front, rear, and curbside views. You can check slow-speed manoeuvring on-road or off-road to avoid obstacles.

**Vehicle Dynamic Control (VDC).** VDC monitors your steering, braking and the vehicle's stability and, if needed, will reduce engine power and apply brake pressure to specific wheels in order to keep you on your intended path.

**Forward Emergency Braking (FEB)\*.** Radar mounted in the front bumper measures the gap to the car in front. If it recognises there is a risk of collision, it will give an audible and visual warning. If the driver doesn't brake enough, the vehicle will automatically brake to help to avoid an accident.

**Anti-lock Braking System (ABS).** ABS prevents the wheels from locking under hard braking, allowing you to stop quicker and at the same time steer around obstacles.

**Electronic Brake force Distribution (EBD).** EBD automatically sends extra force to the rear brakes when it detects there's additional weight in the back.

**Electronic Limited Slip Differential (eLSD)\*.** In low-traction conditions (snow, mud, dirt, bumps, slopes, etc.) the vehicle senses if one wheel is slipping and automatically slows that wheel using the brakes to regain traction and keep you moving. Works on all 4 wheels.

\*Items not available on all grades. Please consult the technical specification for full line-up details.

## WORK HARDER FOR LONGER

Engineered to give years of tough, reliable service, the new NAVARA is the pick-up of the pros. Heavy duty to the core and built to last, it's a highly dependable partner which will help your business thrive. Fully equipped with Nissan's latest technology suite, this workhorse has true pedigree.

## NISSAN LCV 5 YEAR / 100,000 MILE MANUFACTURER WARRANTY

Nissan now offers a standard 5 Year Pan-European Manufacturer Warranty on its whole LCV range\*. This is much more than just a warranty as it includes:

- 5 year or 100,000 Mile bumper-to-bumper protection
- 5 Year Paintwork Warranty – covering the body paint
- 5 Year Nissan Genuine Parts & Accessories Warranty
- 5 Year Roadside Assistance
- 12 Year Corrosion Warranty on NAVARA
- Fully transferable

And with service intervals at 24 months or 18,000 miles for new NAVARA, you'll not only have 5 years' peace of mind but also low running costs into the bargain.

### AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

\*5-Year / 100,000 miles (whichever comes first) Manufacturer Warranty for the LCV range (with the exception of e-NV200. The Basic Vehicle Warranty for e-NV200, according to 3.1 of the Warranty Booklet and Maintenance Record, is extended to 5 years (from the warranty start date) / 60,000 miles (whichever comes first). Only vehicles registered on or after 1st November 2016 are eligible for the Extended Warranty. Body parts and paint excluded during year four and year five. Terms and exclusions apply, for further information please see Extended Warranty Terms and Conditions. Apart from the afore-mentioned, all warranty conditions included in the Warranty Booklet and Maintenance Record remain unchanged. Issuer of this Extended Warranty is Nissan International Insurance Ltd. Unlimited mileage for Paintwork, Nissan Genuine Parts & Accessories, Roadside Assistance & Corrosion Warranties. For more details, please refer to Nissan Warranty Booklet.

## CUSTOMER SERVICES

### SPECIALISED NETWORK

NISSAN provides a specialised network of dealerships to support your specific vehicle requirements:

- Pan-European coverage
- Dedicated Sales & After Sales staff
- Competitive financing solutions
- Tailor made conversion offers
- Competitive extended warranty offers to go even beyond Nissan LCV Nissan 5 Year / 100,000 Mile Warranty.
- Test drive of your choice

### AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your pick-up breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your van isn't earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your van stays where it belongs – working for you, on the road.

### NISSAN SERVICE CONTRACTS AND EXTENDED WARRANTY

For total peace of mind and budget control, you can subscribe to a Nissan Service Contract which will cover your periodic maintenance and Wear & Tear parts for the mileage and period that suits your business best. This way, you can ensure that your new NAVARA is serviced by dedicated Nissan technicians. And for even more serenity, you can get an Extended Warranty to cover possible mechanical and electrical breakdown after the end of your new NAVARA warranty.

### 5 YEAR ROADSIDE ASSISTANCE

- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel...)
- 24/7, 365 days
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your pick-up is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised pick-up.

# ALL NEW NISSAN NAVARA

[REQUEST A TEST DRIVE](#)

# STANDARD EQUIPMENT

THE ALL NEW NISSAN NAVARA raises the bar for style and performance in the pick-up market, combining the best of Nissan's crossover leadership with over 80 years of experience in designing and manufacturing robust and dependable pick-ups. Welcome to the versatile and efficient next generation Nissan pick-up - tough as always, smarter than ever.

## ALL NISSAN NAVARAS COME WITH:

### COMFORT AND CONVENIENCE

- 5" High Definition full colour TFT screen combimeter
- 5 link rear suspension (Double Cab)
- Steering wheel mounted audio controls
- Power steering
- Front electric windows
- Rear electric windows (Double Cab)
- High mounted LED centre brake light
- Trip computer
- Electrically adjustable door mirrors
- Rear ventilation
- 4 way adjustable passenger seat
- Folding rear seats (King Cab)
- Leaf spring rear suspension (King Cab)
- External temperature sensor

### EXTERIOR STYLING

- Tailgate spoiler
- Load restraint hooks
- Mudguards (front and rear)

### AUDIO AND NAVIGATION

- Bluetooth® telephone integration
- 4 speakers (King Cab)
- 6 speakers (Double Cab)
- USB port
- AUX socket for MP3 player
- AM/FM/CD audio system

### INTERIOR STYLING

- 3x 12V power sockets
- Front armrest

### TECHNOLOGY

- Automatic headlights with Follow Me Home
- Electronic Limited-Slip Differential (eLSD) with cut-off
- Stop/Start technology (Manual only)
- Cruise control and speed limiter
- Selective Catalytic Reduction (SCR) system - uses AdBlue® to reduce NOx emissions

### SAFETY AND SECURITY

- ABS with EBD and Brake Assist
- Forward Emergency Braking (Double Cab)
- Vehicle Dynamic Control (VDC)
- Hill Start Assist
- Hill Descent Control (4WD only)
- Daytime Running Lights
- 2 x front (steering wheel + top of dash)
- 2 x curtain (passenger and driver)
- 2 x seat side (passenger and driver)
- 1 x knee (driver)
- Rear ISOFIX childseat anchorage points (Double Cab)
- 3 adjustable rear head restraints (Double Cab)
- Nissan approved alarm system
- Nissan Anti Theft System immobiliser
- Remote central door locking
- Locking wheel nuts
- Spare wheel lock
- 16" Steel spare wheel

## VISIA

### IN ADDITION TO STANDARD EQUIPMENT

#### EXTERIOR STYLING

- 16" Steel wheels
- Guard frame
- Black front bumper (King Cab)
- Body coloured front bumper (Double Cab)
- Black tube rear bumper
- Black front grille
- Black door handles
- Black door mirrors

#### INTERIOR STYLING

- Cloth seats
- #### COMFORT AND CONVENIENCE
- Manual air conditioning (4WD only)
  - 6 way adjustable drivers seat

#### TECHNOLOGY

- Rear differential lock
- Manual dimming rear view mirror

#### OPTIONS\*

- C-Channel moveable tiedown points

Image shown is NAVARA VISIA King Cab with optional C-Channel tiedown system fitted.  
\*Options available at additional cost.  
\*\*Also built as a chassis version without rear load bed. Built to order. Contact your local dealership for further information.

## ACENTA

### IN ADDITION TO VISIA

#### EXTERIOR STYLING

- 16" Alloy wheels
- C-Channel moveable tiedown points
- Chrome door mirrors
- Body coloured front bumper
- Chrome Daytime Running Light surrounds
- Chrome rear step bumper
- Chrome front grille

## DPF FILTER

### WHAT IS A DPF?

A **DIESEL PARTICULATE FILTER (DPF)** forms part of the vehicle's exhaust in order to limit the amount of soot particles contained within the exhaust gas passing into the atmosphere.

When the amount of soot in the filter reaches a specific level, this needs to be reduced in order to maintain the filter's function.

This reduction is called **'REGENERATION'** and is carried out by the vehicle's electronic control system which raises the exhaust gas temperatures during normal driving. If a vehicle requires frequent regeneration due to driving style, these high temperatures cause the engine oil to degrade more quickly.

However, from 2011 onwards Nissan vehicles were fitted with an **OIL CHANGE SUPERVISOR (OCS)** as well as a DPF to help monitor the condition of the oil and ensure the quality never falls below a minimum level.

### WHAT IF I ONLY DRIVE SHORT JOURNEYS?

If the vehicle is only driven for short journeys, or at low speed, then it may not be possible for regeneration to occur. In this situation, the below warning lights will be illuminated on your dashboard.

Please refer to your Owner's Manual for further information.

After seeing these warning lights you need to drive, as soon as possible, above 40mph until the light goes out. This can take up to 30 minutes depending on the amount of soot collected in the filter.

### WHAT IF I IGNORE THEM?

If you continue to drive at low speeds the exhaust gas temperatures cannot rise, so regeneration cannot occur. In this instance, a combination of the below warning lights will be illuminated on you dashboard.

In this case, and in order to protect the engine and DPF Filter, the vehicle will require **'SERVICE REGENERATION'** which can only be carried out by a workshop equipped with Nissan diagnostic equipment. You will need to go to your nearest Nissan dealer in case the oil and filter needs to be replaced.

As **'SERVICE REGENERATION'** is not a manufacturing fault, so the cost will **NOT** be covered under warranty.
